00300 PROPOSAL FORM - INSTALLER

Woodbury County Board of Supervisors  
Courthouse Building  
Sioux City, IA

Proposals to be filed not later than 2:00 p.m. November 2<sup>nd</sup>, 2015.

Having carefully examined the drawings, specifications, and premises Woodbury County LED Lighting Retrofit, Woodbury County, Iowa, as prepared by West Plains Engineering, the undersigned proposes to furnish all materials (other than lighting package), and labor and comply with all requirements for the Work in accordance with said Documents.

This Project provides for liquidated delay damages. For the owner to obtain MidAmerican Rebates, the Light fixtures, and lamps shall be invoiced by the Supplier by December 31, 2015. The contractor shall install all fixtures and lamps within 6 months of invoice of the materials for the rebate to be valid. Entire project shall be completed by May 1, 2016. Liquidated delay damages in the amount of the dollar difference in the 2015 & the 2016 rebates that the owner would have received from MidAmerican Energy for the Contractor's delay in completion of the work.

EXPERIMENT NO. \_\_\_\_\_

OBJECTIVE: To determine the molar mass of a volatile liquid by measuring the mass and volume of the vapor.

PROCEDURE: A small amount of the liquid was placed in a flask of known volume. The flask was heated in a boiling water bath until the liquid had completely vaporized and the flask was filled with vapor.

The flask was then cooled, and the condensed liquid was weighed. The mass of the vapor was determined by subtracting the mass of the empty flask from the mass of the flask containing the condensed liquid.

RESULTS: The mass of the condensed liquid was 0.820 g. The volume of the flask was 125 mL.

DISCUSSION: The molar mass of the liquid was calculated to be 106 g/mol.

CONCLUSION: The molar mass of the liquid is 106 g/mol.

QUESTIONS: None.

REFERENCES: None.

## **EXPLANATION OF ALTERNATES**

**Alternate #1: Install a Line Voltage tube, as specified on the Drawings, in lieu of direct replacement tubes and a ballast (or driver) combination. Consideration will be given to the MidAmerican rebate, and final pricing of each of these items in making the final decision on this alternate.**
