**WOODBURY COUNTY
HUMAN RESOURCES DEPARTMENT**

MEMORANDUM

TO: Board of Supervisors

FROM: Ed Gilliland, Director of Human Resources
Gloria Mollet, Assistant Director of Human Resources
gmmollet

RE: Courthouse Safety and Security Cameras

DATE: August 14, 2014

Woodbury County Human Resources wants to go for presentation of bids for Courthouse Safety and Security cameras for awarding of the bid. Human Resources requests discussion and action on the Courthouse Safety and Security cameras.

Thank you.

MERCY BUSINESS HEALTH SERVICES

Woodbury County Jail Nurses

Issues we would like to address with Board members

Lack of adequate hours- currently contracted to provide 104 hours per week with 2.5 nurses doing the work. This has not changed for over 10 years and the acuity of the inmates has doubled.

Our nurses put in over 40 hours of overtime last two weeks. This is not good nursing practice and jeopardizes both inmate care and the wellbeing of the nurse. - Many days are without meal breaks. The overtime continues to mount. They have to set up medications for over 70 plus inmates at one time. The diagnosis for some of these inmates can range from uncontrolled diabetes, suicidal ideation, mental disorders, heart disease- dialysis, infections, broken bones, inmates going through detox, MRSA(infectious disease requiring isolation and medications) All of these various medications and treatments require a physician's order. This means the nurses have to get releases signed and then call the last provider to make sure there is an order documented and current. This takes many phone calls and waiting since most providers cannot be reached in one phone call. With Federal prisoners the nurse has to call out of the area jails or physicians that are out of town. Many of the medications are outdated and either have to be renewed or discontinued. A very long tedious task. Keep in mind for the majority of the time only one nurse is on at a time so the medication orders on one inmate can take a whole shift to get resolved. The inmates on medications need vitals taken and documented- we have to follow nursing practice as all of the nurses are RNs per the Iowa licensing Board. Any lesser licenses is not allowed to practice alone in a Jail in Iowa such as -LPN, CNA or EMT. There is no time for medical assessments on all inmates coming in to the Jail- only those who have medications. All medications coming in to the Jail in paper bags and other containers have to be checked and evaluated for authenticity.

Our nurses, as employees of Mercy Medical Center and our Medical Director, Dr Rodney Cassens are all concerned about liability issues with this type of high acuity work being expected out of the current nurses. We were hopeful more hours would be approved earlier this year but the Board denied additional hours. This leaves us with little choice but to discontinue our contract if we do not have a better contractual arrangement for additional hours. We do not believe another hospital or private provider would do this type of work either with so few staff and few hours allotted for this type of care. As far as liability goes, we cannot afford to continue putting in so many hours of overtime with the same nurses. They all have license to uphold and have worked very hard to maintain them. I would invite anyone to follow the nurses around for one shift to better understand the work load. Our nurses love

their work at the Jail and appreciate the support they have received from the Jail staff. There is only so much the officers can do as many of these things require nursing licenses in order to provide the appropriate level of care.

We do have a provider that also visits one time per week to see inmates in person and also there is a provider from Siouxland Mental Health that comes each Friday. Many additional orders are given at that time- all new medication orders need to be ordered from Drilling and then a med card created and then the medications have to be set up appropriately with regard to allergies and medication reactions. It is not simply giving a pill and walking away. A lot of observation and follow-up is required per inmate safety regulations and nursing practice. Our nurse's work under approved Medical policies and procedures signed off by our provider. Our Mercy Lab has to approve all laboratory procedures being done at the Jail and are annually checked by Mercy Lab personnel visiting the Jail . Since there are Lab procedures being performed by the nurses at the Jail there has to be a State approved CLIA certificate applied for and kept up- your Jail was inspected by the State a couple of years ago and received high marks. Without the nurses this would not have been possible- everything medical is maintained through your contract with Mercy. We have assumed this liability for years but in the last year the acuity has risen and the inmates being taken in are on numerous medications. It simply cannot go on the way it is now without further consideration for additional nursing hours.

Mercy is now and has always has provided top notch care when the nurse is there but we are leaving many hours uncovered and creating undo stress and unsafe working conditions when the nurse puts in so much overtime.

In the past year they have been asked to give meds through IV lines, maintain the health of inmates requiring dialysis, having severe heart disease and risk of heart failure, inmates that are paraplegic, inmates going through detox and many other difficult medical conditions requiring their expertise and careful documentation on each inmate receiving any type of nursing care. Many inmates have not taken their medications for years, have abused drugs and alcohol and now they expect and laws require we give their medications. Side effects need to be watched for closely. Vitals need to be taken regularly and documentation has to be accurate and regular. The officers are put in to an unsafe situation as well. When the nurses leave they then become responsible for the inmates health and possible complications. It is just not a good situation all round.

We would appreciate the Board's questions and a tour we feel, is essential for at least two shifts- evening and day for better understanding. The nurse's station is small and many would believe, inadequate for providing good nursing care. We hope this will help us all as we become more transparent in our needs and your needs for the Jail inmate population.

RESOLUTION

NOTICE OF PROPERTY SALE

Parcel #004755

WHEREAS Woodbury County, Iowa was the owner under a tax deed of a certain parcel of real estate described as:

The Westerly 49 feet of the Easterly 116 feet of Lot 17 in Block 18 Sioux City Addition in the County of Woodbury and State of Iowa (117 Sioux Street Unit A)

RESOLUTION

NOTICE OF PROPERTY SALE

Parcel #624945

WHEREAS Woodbury County, Iowa was the owner under a tax deed of a certain parcel of real estate described as:

**Aud 1st Plat N ½ of S ½ of Lot 17, City of Oto, Woodbury County, Iowa
(see legal description)**

NOW THEREFORE,

BE IT RESOLVED by the Board of Supervisors of Woodbury County, Iowa as follows:

1. That a public hearing on the aforesaid proposal shall be held on the **2nd Day of September, 2014 at 10:17 o'clock a.m.** in the meeting room of the Board of Supervisors on the first floor of the Woodbury County Courthouse.
2. That said Board proposes to sell the said parcel of real estate at a public auction to be held on the **2nd Day of September, 2014**, immediately following the closing of the public hearing.
3. That said Board proposes to sell the said real estate to the highest bidder at or above a **total minimum bid of \$187.00** plus recording fees.
4. That this resolution, preceded by the caption "Notice of Property Sale" and except for this subparagraph 4 be published as notice of the aforesaid proposal, hearing and sale.

Dated this 19th Day of August, 2014.

**Re: Board of Supervisors Meeting
of Tuesday August 19, 2014**

Date: August 14, 2014

Planning and Zoning – John Pylelo, Director

Resolution Accepting and Approving the Final Platting for a Re-plat of Lot 2 of Koch Addition (a Minor Subdivision) and Authorizing Chairman's signature; GIS Parcel #874704200003.

Vonda M. Anfinson has filed a subdivision application and final platting to subdivide 5.00 acres into 2 lots for residential development. The applicant currently resides on Lot 2 of Koch's Addition and wishes to subdivide the lot to allow a family member to construct a single family dwelling within close proximity.

The parent parcel lies in rural Woodbury County approximately 1.5 miles east of Sergeant Bluff on the south side of 220th St. in the NE ¼ of Section 04 of Liberty Township. The city of Sergeant Bluff has the right to extraterritorial review and approved the subdivision.

The parent parcel is zoned AE (Agricultural Estates); not within a special flood hazard area; lies within the Farmer's Drainage District and is serviced by a drive addressed 1488 220th Street, Sergeant Bluff.

As the use of the parent parcel is residential development no CSR value for the parcel is available. CSR values in the area average 59-67. The areas range is slightly outside of policies allowing subdivision but as the proposed location is already within a subdivision and not currently in agricultural production the policy does not apply.

The existing AE (Agricultural Estates) zoning district designation permits the potential residential density.

Plot is in the Board office for review.

Zoning Commission Recommendation:

On July 28, 2014 the Zoning Commission held a public hearing accepted testimony on the proposed subdivision. The Commission has voted to recommend plat approval subject to:

1. Certain additions and changes on the platting; and
2. The recording of a Paving Agreement.

All recommended plat changes are reflected on the final platting provided. A Paving Agreement meeting County Paving Policy has been executed.

Staff Recommendation:

The Office of Planning and Zoning staff concur with the Zoning Commission recommendation including the conditions above stated.

Provided find:

- Location Information
- Parent Parcel Information
- Site pictures
- Final Platting
- Topographical Platting

Your Board is asked to Approve the Final Platting for a Re-plat of Lot 2 of Koch Addition (a Minor Subdivision) and Authorize your Chairman's signature.

Referral of Final Platting to Zoning Commission for Public Hearing and Recommendation for Fauth Addition, A Minor Subdivision; GIS Parcel #894534400006.

Lorne Fauth has filed an application and final platting to subdivide 7.19 acres into 2 lots. The applicant currently resides on the parcel within the existing single family dwelling. The applicant operates an over the road trucking business and wishes to construct an accessory structure allowing him to meet the home occupation rules within Woodbury County zoning ordinances. Placement of the proposed structure results in the applicant's request for an additional drive from the west side of Franklin Avenue. Woodbury County's Secondary Roads Department policy only one drive service a parcel or lot.

The parent parcel lies in rural Woodbury County approximately 2.0 miles east of Lawton at the northwest corner of Hwy 20 and Franklin Avenue. The parcel lies within a portion of the SE ¼ of Section 34 in Banner Township. The town of Lawton has the right to extraterritorial review Preliminary notification from the town of Lawton indicates the town will waive its review right.

The parent parcel is zoned AP (Agricultural Preservation); not within a special flood hazard area; does not lie within any drainage district and is serviced by a drive addressed 2387 Hwy 20, Lawton.

As the use of the parent parcel is solely residential no CSR value history for the parcel exists. The average CSR values in the area range from 46.8 to 59.2. This range is within County policy allowing subdivision approval. The existing AP (Agricultural Preservation) zoning district designation permits the potential residential density.

It is of note that any subdivision approval will require a Paving Agreement be recorded applicable to Franklin Avenue lot frontage.

Provided find:

- Location Information
- Parent Parcel Information
- Site pictures
- Final Platting
- Topographical Platting

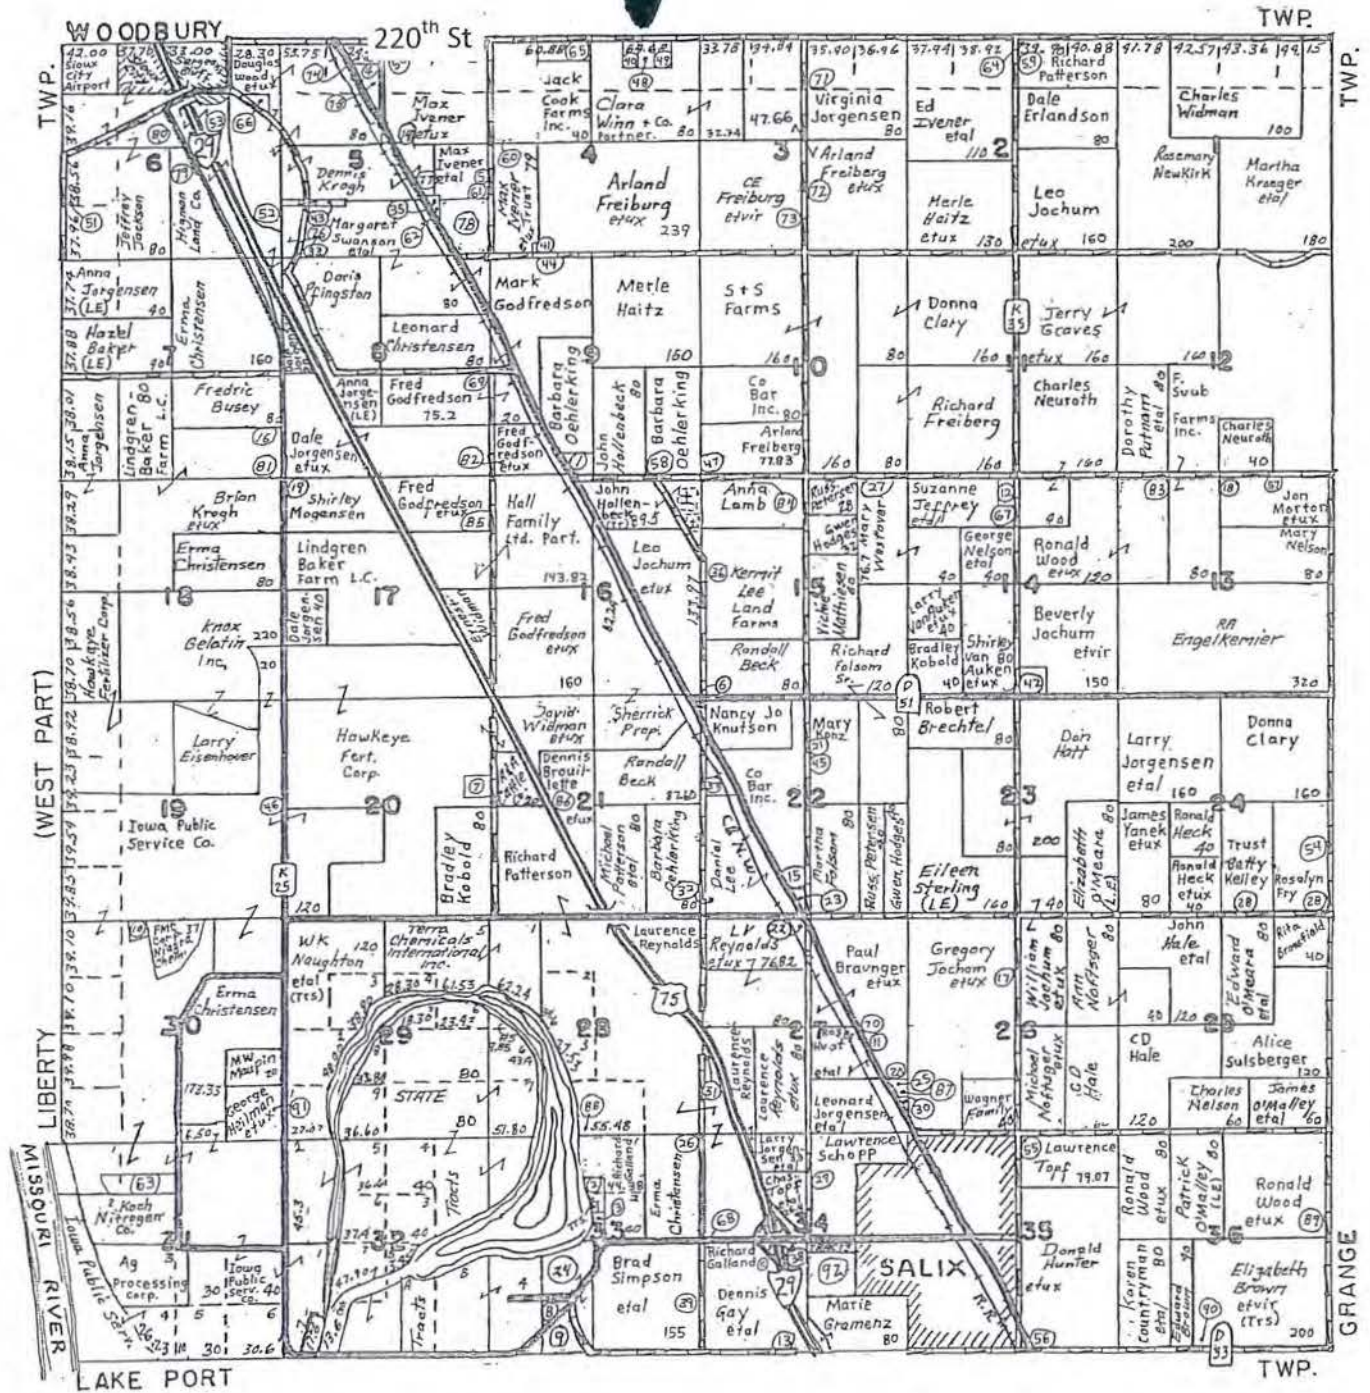

Your Board is asked to Refer Final Platting to the Zoning Commission for Public Hearing and Recommendation.

By (Signature of Woodbury County Board Chairman) Title
Date

By (Signature of Woodbury County Engineer) Title
Date

Other Special Provisions:

Permit Provisions and Conditions of Issuance

- 1. The County and/or the County Board of Supervisors will not be charged with any responsibility for damages to the Applicant's property occasioned by any construction or maintenance operations on said county roads, including new or additional right-of-way acquired in connection therewith, subsequent to the building of the Applicant's facilities. The Board will endeavor to give the Applicant sufficient notice of any proposed construction or maintenance work, on either existing or newly acquired right-of-way that is likely to expose, cover up, or disturb any facilities belonging to the Applicant, in order that the Applicant may arrange to protect the facilities. The Board will inform contractors, and others working on the job of the location of the facilities so that reasonable care may be taken to avoid damaging the facilities, however the County and the Board of Supervisors will assume no responsibility for failure to give such notice.

2. The Applicant shall take all reasonable precaution during the construction of said facilities to protect and safeguard the lives and property of the adjacent property owners and the traveling public and shall save the County and the Board of Supervisors harmless of any damages or losses that may be sustained by adjacent property owners and the traveling public on account of such construction operations.
3. Operations in the construction and maintenance of said facilities shall be carried on in such a way as to not interfere with, or interrupt traffic on said roads. However, should the performance of work called for in this permit in any way interfere with or obstruct traffic on said roads, the Applicant shall provide the necessary flagmen as required by the Statutes when one-way traffic is involved and/or otherwise mark said work so as to protect the traveling public.
4. The Applicant shall hold the County and the Board of Supervisors harmless from any damages that may result to said highway because of the construction or maintenance of said facilities and shall reimburse the County or the Board of Supervisors for any expenditures that the County or the Board of Supervisors may have to make on said roads on account of replacement of surfacing gravel and bridge and culvert repairs.
5. Applicant shall lay, construct, operate and maintain said facilities so as not to interfere with natural drainage of the road and so as not to interfere with the construction or maintenance of said roads. When buried cable or wire lines are to be placed lengthwise with the roadway, they shall be placed in the County road shoulder or ditch near the toe of the fore-slope and parallel to centerline of roadbed at a depth of three (3) to four (4) feet by using specially designed plows or by trenching, whichever is appropriate. Plow slots and trenches shall be repacked as necessary to restore the disturbed area to its original condition. For buried line crossings of roadways not paved, an open trench may be dug and the lines placed therein, and the trench back-filled over the lines. Buried line crossings on paved roadways, lines may be placed through the sub-grade by jacking, or by boring a hole just large enough to take the lines; or if the County Engineer approves, a tunnel may be dug through and the cable or wire lines placed therein. All backfill of tunnels and trenches shall be thoroughly compacted in layers of 6" or less in depth. Back-filling of trenches within the right-of-way by not under the traveled roadway shall be tamped sufficiently to avoid settlement. When crossing an existing roadway, all buried facilities shall be placed a minimum of three (3) to four (4) below the bottom of the existing adjacent ditches. Overhead lines, where practical, shall be placed adjacent to and with two (2) feet of the Road/Highway Right-of-Way Line.
6. The Applicant will at any time subsequent to placing the facilities, and at the Applicant's expense, relay, replace, alter, change, reconstruct, or relocate its overhead and/or buried facilities and appurtenances thereto as may become necessary to conform to new grades, alignment, or widening right-of-way, resulting from maintenance or construction operations by the County Board of Supervisors irrespective of whether or not additional right-of-way is acquired in connection with such road improvements. The Applicant agrees to do this within ninety (90) days written notice from the Board of Supervisors, and without cost to the County. If the Applicant is unable to comply within said ninety (90) days, the Board of Supervisors may cause the work to be done and the Applicant will pay the cost thereof upon receipt of statement.
7. All work shall be done in a workmanlike manner; the surrounding ground, slopes, and ditch bottoms shall be reshaped to conform to the area and left in a neat condition satisfactory to the County Engineer. All areas where sod has been damaged or destroyed shall be re-seeded.
8. The Applicant shall notify the County Board of Supervisors at least forty-eight (48) hours in advance of the Applicant's intention of starting work covered by this permit on the road right-of-way. Said notice shall be in writing to the County Engineer.
9. Applicant, its' successors, grantees and assigns shall and hereby agrees to assume all responsibility, risks and liabilities for all accidents and damages that may occur to persons and/or property on account of the work done under this permit, and to this end, indemnify and hold the County and all authorized representatives thereof harmless from any and all claims, damages, losses, and expense including judgements, costs and including attorney's fees, for personal injuries (including death) or property damage arising or resulting from the activities of the Applicant in connection herewith, now and at all times in the future.
10. It is understood that this permit is issued only insofar as Woodbury County has jurisdiction and does not presume to release the Applicant from fulfilling any existing statutes relating to the installation, construction and operation of said facilities.
11. It is further understood that the facilities covered by this permit shall be constructed or installed within one (1) year after the date of approval of this permit, unless otherwise extended in writing by Woodbury County.
12. Engagement in the operations as herein applied for by the Applicant shall be considered and constitute an acceptance of all the terms and conditions herein set forth.

Salvation Army of Siouxland - Celebrating 125 Years

[View this email in your browser](#)

Dear Friends

My wife, Linda, and I are humbled and privileged to be part of a long-line of Salvation Army officers that have served in Siouxland over the past 125 years. To mark this important anniversary in our history, we invite you to join us as we give thanks to God for all that he has provided, and ask Him to continue to bless our community and the work of The Salvation Army.

We look forward to you joining us on September 11 at the Marina Inn in South Sioux City.

God bless you.

Major Von R Vandiver

The Center averaged 19 youths per day during the 6:00 a.m. head count and 18.9 during the 6:00 p.m. check for a weekly average of 19 youths per day during the above week.

Of the nineteen youth detained on August 11, 2014, eight or forty two percent were identified gang members. Of the eight, three or thirty eight percent were identified gang members.

We are currently detaining five juveniles from the BIA and three from Dakota County.
