The Center detained 19.7 residents per day during the 6:00 a.m. head count and 19.1 during the 6:00 p.m. check for a weekly average of 19.4 residents per day during the above week. Of the fourteen shifts, we were forced to hold one juvenile up front to avoid over-crowding.

Of the twenty one residents detained as of October 20, 2014, twelve or fifty seven percent are identified gang members. Of the twelve, five or forty two percent are considered highly active members recently involved in serious crimes against fellow gang members.

We are currently detaining four juveniles from Dakota County, one juvenile from the BIA and one juvenile from Buena Vista County,
