You are hereby notified a meeting of the Woodbury County Board of Supervisors will be held April 7, 2015 at **4:30 p.m.** in the Basement of the Courthouse, 620 Douglas Street, Sioux City, Iowa for the purpose of taking official action on the agenda items shown hereinafter and for such other business that may properly come before the Board.

This is a formal meeting during which the Board may take official action on various items of business. If you wish to speak on an item, please follow the seven participation guidelines adopted by the Board for speakers.

1. Anyone may address the Board on any agenda item after initial discussion by the Board.
2. Speakers will approach the microphone one at a time and be recognized by the Chair.
3. Speakers will give their name, spell their name, and give their address and then their statement.
4. Everyone will have an opportunity to speak. Therefore, please limit your remarks to **three minutes on any one item.**
5. At the beginning of the discussion on any item, the Chair may request statements in favor of an action be heard first followed by statements in opposition to the action.
6. Any concerns or questions you may have which do not relate directly to a scheduled item on the agenda will also be heard under the final agenda item "Citizen Concerns."
7. For the benefit of all in attendance, please turn off all cell phones and other devices while in the Board Chambers.

WOODBURY COUNTY, IOWA
TEMPORARY ROAD EMBARGO – 260TH STREET
RESOLUTION #12,156

WHEREAS, the Woodbury County Board of Supervisors believe certain secondary roads in Woodbury County, Iowa which are paved or unpaved, will be seriously damaged or destroyed unless the use of vehicles thereon is prohibited or permissible weight thereon reduced, and

WHEREAS, Chapter 321, Section 471 of the Code of Iowa, gives said Board the power to prohibit the operations of said vehicles on such roads, and to impose restrictions as to the weight of vehicles on said roads.

NOW THEREFORE BE IT RESOLVED by the Woodbury County Board of Supervisors, that, where signs are erected on a highway, operations of vehicles weighing in excess of said weight limit are prohibited on said highway.

BE IT RESOLVED, that the said secondary roads subject to this resolution are more particularly described as:

1. 260th Street from Highway 31 east to the intersection of County Routes D51 and L27. The effective of this resolution is April 1, 2015 through and including June 15, 2015. The County Engineer is instructed to remove said embargo earlier if road conditions allow.
2. 220th Street from County Route K29 east one and one half miles to the end of the seal coat segment. The effective of this resolution is April 1, 2015 through and including June 15, 2015.

SO RESOLVED this 31st day of March, 2015.

RE: Dogwood Trail South Bypass Road
Request for Matching Funds

Honorable Board of Supervisors of Woodbury County,

The City of Sergeant Bluff has been actively pursuing development south of town as well as searching for ways to accommodate for the increased traffic created by the growth of the Southbridge and Port Neal Landing developments. Enclosed is a map of our Dogwood Trail bypass road which will connect Port Neal Road, just east of the I-29 Bridge, east to 220th Street at South Lewis Boulevard/Old Highway 75. This letter is a formal request for matching funds utilizing the new Liberty Park Urban Renewal Area funds generated by the CF Industries and surrounding development projects.

Our City, namely the southern residential and School District traffic corridors, has seen an increasing volume of vehicle traffic along the Port Neal Road and Warrior Road corridors, which we believe is largely due to the growing Southbridge and Port Neal Landing developments. We see a high volume of truck traffic carrying construction materials as well as hazardous materials right through our School District corridor. The City is also aware that this area of Woodbury County is prepared for continued economic development. The City Council has entered into an agreement with a local farmer to purchase ground for road right-of-way and to annex land for future light manufacturing development. We believe this development will help to support the larger industries in the area.

We most recently were awarded an Iowa Department of Transportation RISE grant for the construction of a south bypass road, which is to be named Dogwood Trail. The County played an instrumental part in supporting the project by providing a letter of support, allowing David Gleiser, County Rural Economic Development Director, to participate in our grant hearing process, and supporting Mark Nahra, County Engineer, in his efforts to designate the new project as a Farm to Market roadway.

The City of Sergeant Bluff has been actively participating in the Envision 2050 Master Plan and our Council is excited for the regional growth potential that will benefit the entire Woodbury County community. Our Dogwood Trail bypass road has been identified as a priority one project which we understand will provide a certain amount of TIF dollars to support the design and construction of the bypass road. Additionally, at the request of the County Engineer we have added to our plans rehabilitating the existing Port Neal Road pavement from the I-29 Bridge at Port Neal east to our project.

An initial project cost estimate, which included an at-grade Railroad Crossing near 220th Street, was provided to the RISE Committee and we received \$815,235 of the total project costs. RISE did not cover right-of-way purchase or costs to connect to Port Neal Road. Secondly, in order to meet the challenges of the anticipated industrial traffic volume and turning movements at South Lewis Boulevard and 220th Street, there will be an additional turn lane constructed along South Lewis Boulevard at the east end of the project. Lastly, in order to make the development an immediate attraction to developers the Council has added water and sewer extensions to the project. The total opinion of estimated project costs, with engineering, land purchase, water and sewer utilities, and additional construction costs outside of the RISE grant project limits, is \$2,998,738.

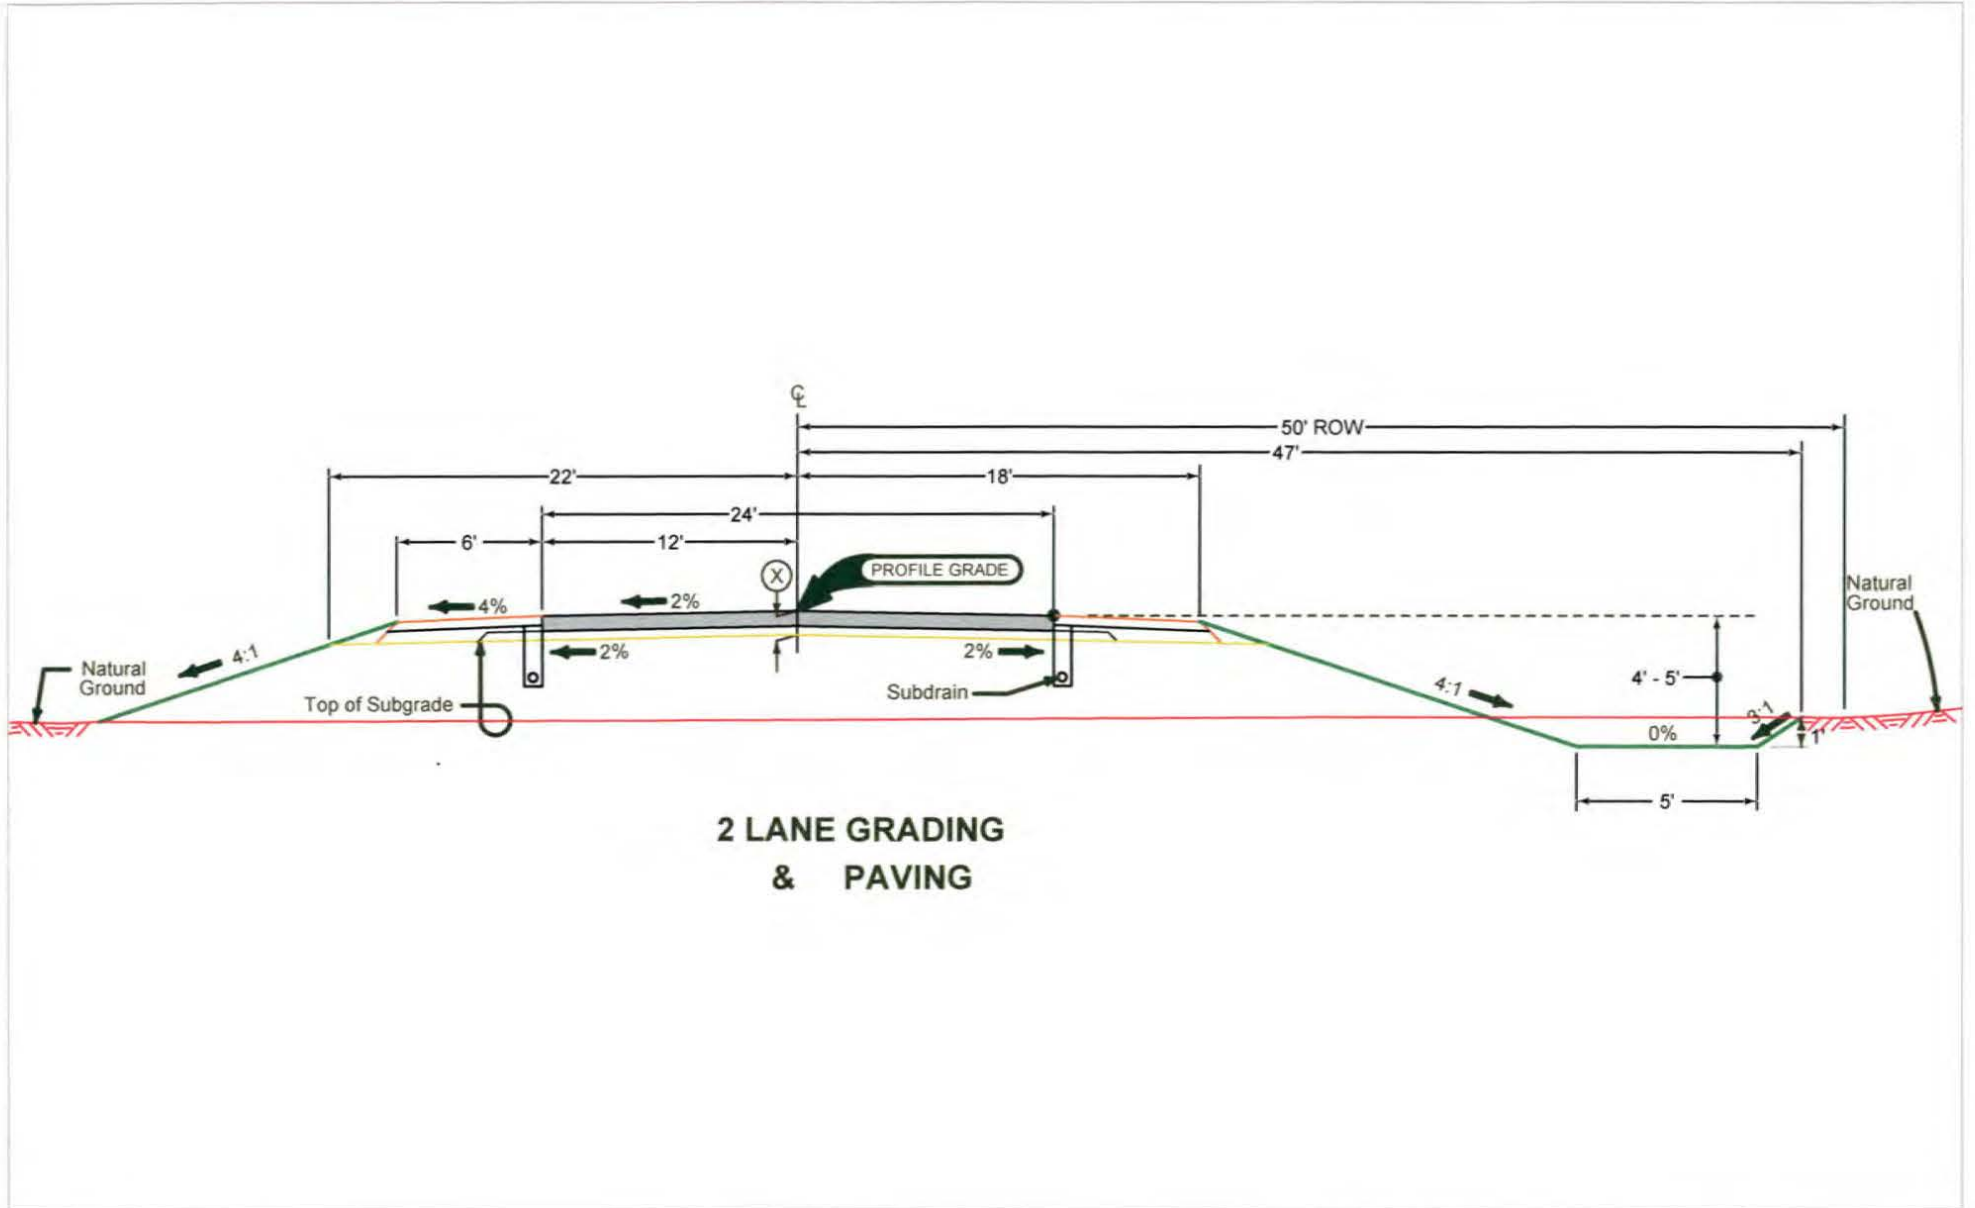

Based on the model presented by the McClure Engineering 2050 study the County would consider a cost share of 25% for infrastructure improvements and 50% of land purchase. The study further suggests that the Liberty Park Urban Renewal Area be amended to include the development area, and as the area develops the local share contribution of the County gets reimbursed back through TIF proceeds until the County contribution is paid in full. The summary of costs are attached with this letter that show a City cost of \$1,381,826, County funds of \$801,677, and the RISE grant in the amount of \$815,235. We request the County consider providing associated costs not to exceed \$801,677.

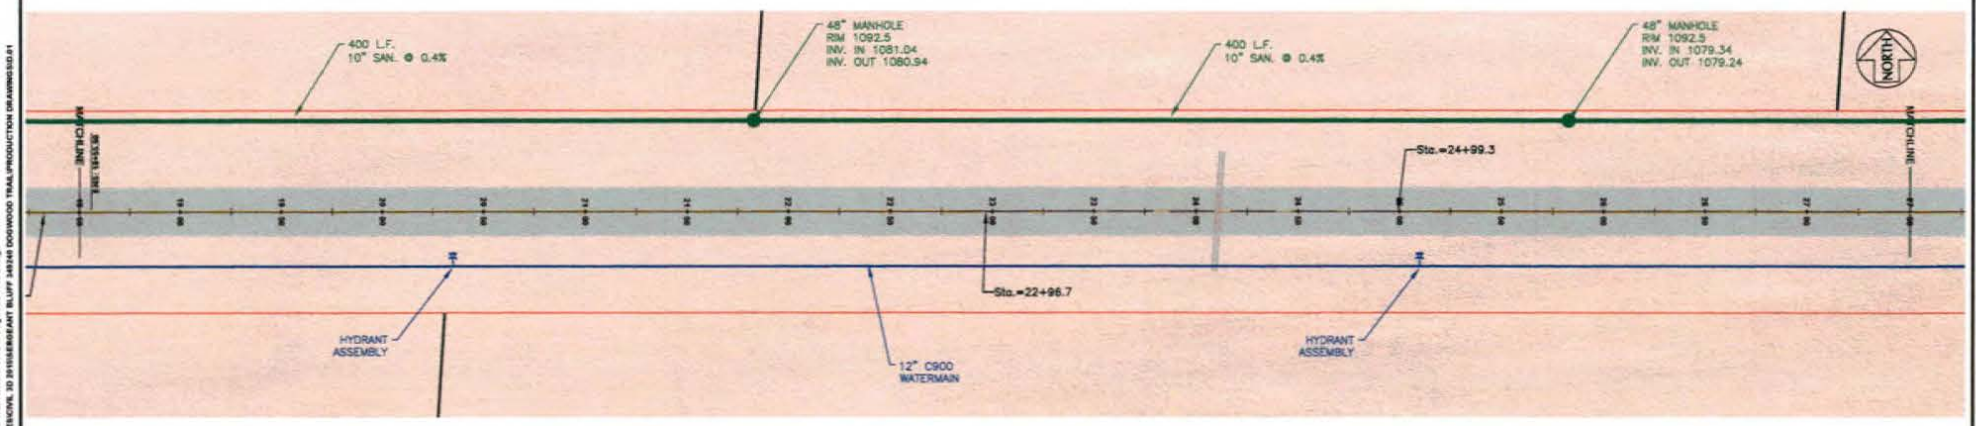

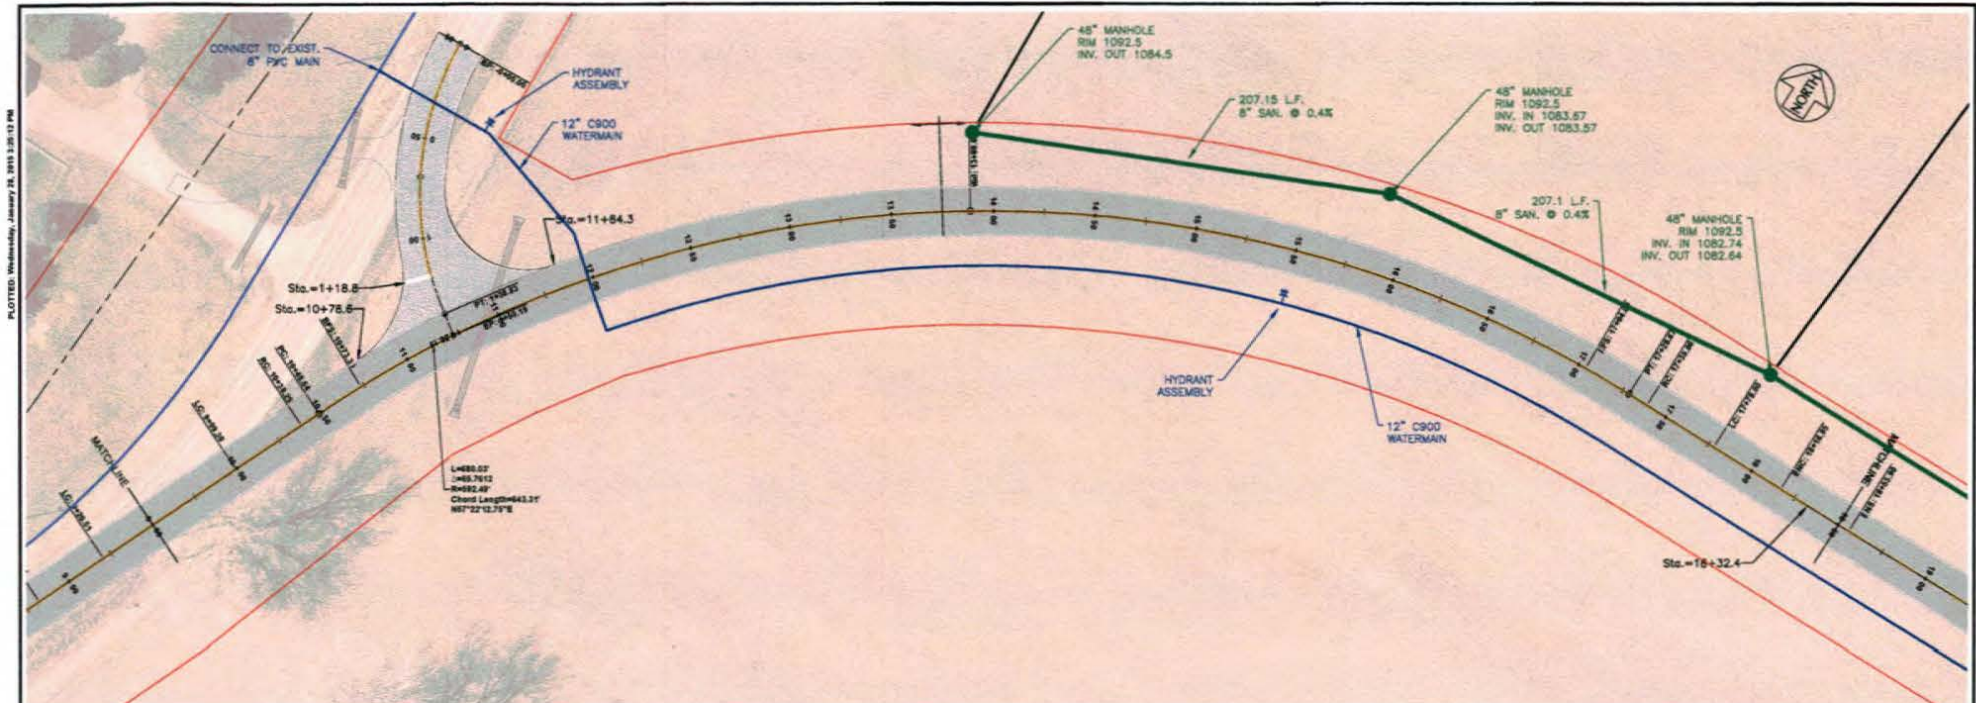

Sincerely,

Aaron Lincoln
City Administrator

AGREEMENT BETWEEN WOODBURY COUNTY AND THE CITY OF
SERGEANT BLUFF, IOWA

This Agreement is entered into on this _____ day of _____, 2015 by and between Woodbury County, Iowa, hereafter referred to as "County", and the City of Sergeant Bluff, Iowa, hereafter referred to as "City", pursuant to Section 331.429(2) of the Code of Iowa.

The parties to this Agreement hereby agree as follows:

1. The City will let bids for a project designated as Dogwood Trail, with a date to be set in February, 2015, hereafter referred to as the "Project". The Project involves the construction of a new 24 feet wide PCC pavement section, approximately 3,600 feet long, known as "Segment 1". Segment 1 will connect the intersection of South Lewis Boulevard/K45 and 220 Street west to Port Neal Road at a point 850 feet easterly of I-29. Segment 1 is being partially funded with an Iowa DOT RISE grant. The Project also includes a County Secondary Roads funded 850 feet of PCC overlay between the west end of Dogwood Trail and the east end of the I-29 bridge approach, known as "Segment 2". The Project has been assigned the new Farm to Market connection through Sergeant Bluff and will replace the former route along Port Neal Road.
2. The City will be the administrating and contracting authority for this Project. All rights of the County under the construction contract within the corporate limits of the City shall inure to the benefit of the County as if it was also the contracting authority, except for any penalty that may be assessed the Contractor due to late performance of the contract work.
3. The City's Consultant Engineer, VEENSTRA & KIMM, INC., shall be responsible for all office and field engineering services in connection with Project. The Project shall be constructed in accordance with the standards of the Iowa Department of Transportation and Iowa SUDAS. The City's Consultant Engineer shall inspect for compliance of said standards and requirements. The County shall enter into a separate agreement with the City's Consultant Engineer for design services of Segment 2.
4. Each party is responsible for liability occurring as a result of its own acts or omissions in performing its obligations under this agreement. The City shall protect, indemnify, defend, and hold harmless the County for acts or omissions of the City, its officers, employees, and agents with respect to the obligations of the City under this agreement. The County shall protect, indemnify, defend, and hold harmless the City for acts or omissions of the County, its officers, employees, and agents with respect to the obligations of the County under this agreement.
5. The City shall be responsible for procuring all permits and approvals that are necessary to construct this project.
6. The City shall be responsible for signing within the limits of this Project and shall properly place all necessary advance warning signs.

7. At the time that construction of the Project is completed and upon written notice of completion by the City, the County shall conduct its own inspection and report any perceived problems to the Sergeant Bluff City Administrator within ten (10) days of receiving notice.
8. Upon final acceptance of the Project, continuing maintenance on the road within the corporate limits will be in compliance with the Chapter 28E agreement, dated July 6, 2004 and signed by the City and County.
9. The County agrees to make financial contribution to Segment 1, based on the proposed cost share percentages listed in the table below, up to a maximum cost of \$801,677. Payment structure shall be made based on an amendment to this agreement or separate agreement addressing the Urban Renewal Area financing from the County. Payment from the County will not be due until after such amendment or separate agreement has been executed by both parties.

Item	Project	County Share %	County Share	City Share
Planning	\$18,800	0	\$0	\$18,800
Street Work	\$2,128,168	25	\$532,042	\$1,596,126
Water & Sewer	\$625,000	25	\$156,250	\$468,750
Land Purchase	\$226,770	50	\$113,385	\$113,385
PROJECT TOTAL	\$2,998,738		\$801,677	\$2,197,061

10. The County agrees to reimburse the City for 100% of the costs for Segment 2. Reimbursement to the City for the County share of the cost of the Segment 1 and Segment 2 shall be issued by the County within 45 days of receipt an itemized project progress payment to the contractor by the City. Said requests for reimbursement shall be submitted to the Woodbury County Engineer for review.
11. The terms of this agreement shall be in perpetuity or until such time as the obligations contained in this Agreement are fully complied with.
12. The City does not waive any right or remedy which may be available to recover money due under this agreement. Upon material breach of the terms of this Agreement by the County and after giving the County reasonable notice and opportunity to cure the breach, the City may initiate any action or procedure to protect its interests.
13. The Agreement may be amended from time to time by written agreement of both parties.

WOODBURY COUNTY BOARD OF SUPERVISORS AGENDA ITEM(S) RECOMMENDATION

Date: April 2, 2015

Weekly Agenda Date: April 7, 2015

DEPARTMENT HEAD / CITIZEN: Jered Jepsen, County Weed Commissioner

SUBJECT: **Consideration of Annual Weed Destruction Order**

ACTION REQUIRED:

Approve Ordinance

Approve Resolution

Approve Motion

Give Direction

Other: Informational

Attachments

Consideration X

WORDING FOR AGENDA ITEM: Consideration of annual weed destruction order.

EXECUTIVE SUMMARY: The board of supervisors of each county may each year, upon recommendation of the county weed commissioner by resolution prescribe and order a program of weed control for purposes of complying with all sections of chapter 317 of the Code of Iowa. The program for weed control ordered or adopted by the county board of supervisors shall provide that spraying for control of weeds shall be limited to those circumstances when it is not practical to mow or otherwise control the weeds.

BACKGROUND: Resolution is passed annually by the Board of Supervisors.

FINANCIAL IMPACT: Weed eradication and county weed commissioner services are budgeted items.

RECOMMENDATION: Recommend approval of the weed destruction order.

ACTION REQUIRED: Motion to approve the annual weed destruction order.

Approved by Board of Supervisors March 3, 2015.

WOODBURY COUNTY, IOWA
RESOLUTION NO. _____
WEED DESTRUCTION ORDER

WHEREAS, it is the responsibility of each of Iowa County's Board of Supervisors to enforce the provisions of Chapter 317 of the Code of Iowa as amended with regard to the destruction of weeds, and

WHEREAS, under Chapter 317 of the Code of Iowa as amended each county Board of Supervisors must prescribe and order a program of weed destruction to be followed by landowners, tenants, and other persons in possession or control of land, and

WHEREAS, it has been determined by the Woodbury County Board of Supervisors that a program of weed destruction for the year 2015 is necessary,

NOW THEREFORE,

BE IT RESOLVED by the Board of Supervisors of Woodbury County, Iowa that each landowner, tenant or other person in possession or control of private land shall on or before the dates stated below, destroy the below-listed noxious weeds on their land by spraying them with a suitable herbicide in a strength sufficient to kill such weeds.

1. May 18, 2015 - for musk, thistle, sow thistle, bull thistle, leafy spurge, perennial pepper grass, sour dock perennial, smooth dock perennial, and sheep sorrel perennial.
2. June 1, 2015 - for Canada thistle, Russian knapweed, buckhorn perennial, wild mustard annual, horse nettle, and teasel biennial.
3. June 8, 2015 - for field bindweed, wild carrot biennial, and quack grass.
4. June 15, 2015 - for butterprint annual, puncture vine annual, and cocklebur annual.
5. July 6, 2015 - for wild sunflower annual and poison hemlock.
6. October 5, 2015 - all thistles in the rosette stage.

BE IT FURTHER RESOLVED AND ORDERED that any person using county road Right-of-Way for haying or grazing are responsible for following the labeled restrictions listed on the following products used by Woodbury County Weed Commissioner: Grazon P&D, Streamline, and Perspective.

BE IT FURTHER RESOLVED AND ORDERED that all weeds on county trunk and local roads and between the fence lines of such roads, whether they be noxious weeds or other weeds, shall be cut or otherwise destroyed, to prevent seed production, by the owner of the land adjoining the road on or before June 19, 2015.

BE IT FURTHER RESOLVED that weeds that are not destroyed in compliance with the above order may be destroyed by the Weed Commissioner, and the costs of destruction by the Weed Commissioner, including the cost of serving notice, plus a penalty of twenty-five percent of total costs shall be assessed against the property upon which the weeds were destroyed, in the case of private lands, or against the adjoining land, in the case of weeds on county roads. Landowners are to contact Weed Commissioner and notify him if there are areas that should not be sprayed with herbicides.

SO RESOLVED this _____ day of April, 2015

WOODBURY COUNTY SECONDARY ROAD DEPARTMENT

PERMIT & AGREEMENT TO PERFORM WORK WITHIN WOODBURY COUNTY RIGHT OF WAY

Name of Permittee: Kevin Heck Phone No.: 712-490-3079

Mailing Address: 2120 Pearl Street Onawa IA 51040

Township: Willow Section: 20

Woodbury County, State of Iowa, and Kevin Heck (hereinafter referred to as property owner, organization or authorized representative) do hereby enter into the following permit and agreement:

1. Woodbury County hereby consents to and grants permission to the property owner, organization or authorized representative, to conduct the following described construction or activities within the right-of-way:

Clean out of roadway ditch on the south side of 310th Street, IN THE NE 1/4 NW 1/4 of Section 20-86-45. Cleanout will be from a point 2600' west of K64 TO A POINT 5100' west of K-64.

2. In consideration of Woodbury County granting said permission and consent, the property owner, organization or authorized representative hereby promises and agrees to the following:

A. The applicant shall carry on the construction, repair and maintenance with serious regard to the safety of the traveling public and adjacent property owners.

B. The property owner, organization or authorized representative, at his/her own expense, shall provide all safety measures and warning devices necessary to protect the traveling public such as but not limited to, signs, lights, and barricades during the day and at night if the roadway will be obstructed. Traffic protection shall be in accordance with Part VI of the current Manual on Uniform Traffic Control Devices for Streets and Highways. The Department will loan the required signs to the applicant who shall be responsible for placing the signs and covering or removing when not in use, removal after the work has been completed, and return of the Department owned signs to the Department maintenance facility from which obtained. The applicant shall be responsible for correctly using signs as needed while work is in progress. Flagging operations are the responsibility of the applicant.

C. In placing any drainage structure, no natural drainage course will be altered or blocked.

D. The finished project shall be left in a satisfactory condition subject to the approval of the County Engineer. The traveled portion of the roadway shall not be damaged or disturbed. The property owner, organization or authorized representative assumes all liability and agrees to reimburse Woodbury County for any damage to the roadway or ditch caused by placement of this structure. Permittee is to call County Engineer for upon completion for final inspection.

E. The property owner, organization or authorized representative shall notify all appropriate telephone and utility companies in advance of any excavation and shall check for underground electric or telephone lines.

F. Woodbury County will not assume any of the cost of the construction of the said improvement or structure nor will Woodbury County assume any future costs for maintenance or replacement of said improvement or structure. If in the best interest of Woodbury County, the said improvement or structure may be removed by the County, or may be caused to be removed, without any obligation by Woodbury County to pay damages or cost of replacement.

G. Property owner, organization or authorized representative will reseed and mulch the disturbed areas. Property owner, organization or authorized representative will be responsible for seed, mulch, and labor unless otherwise provided in section L.

H. The property owner, organization, or authorized representative hereby agrees to hold Woodbury County and the Woodbury County Secondary Road Department, its employees and agents harmless against any and all claims for damages and personal injury arising out of work performed or actions taken by the applicant related to the construction or maintenance of the facility. The applicant further agrees to reimburse the County or the Department for any expenditures that the County or Department may have to make on said highway rights of way on account of said applicant's construction or maintenance activity or other activities or lack thereof. The applicant shall also save Woodbury County and the Woodbury County Secondary Road Department harmless of any damage or losses that may be sustained by the traveling public on account of such construction, repair or maintenance operations, or other activities.

I. FAILURE TO CONFORM TO OR TO ACQUIRE A PERMIT IS A VIOLATION OF SECTION 318.8, 2009 CODE OF IOWA. This permit is subject to any laws now in effect or any laws that may be hereafter enacted and all applicable rules and regulations of local, state and federal agencies. This permit is subject to all the rules and regulations of Woodbury County and the Woodbury County Secondary Road Department.

J. This permit is subject to revocation by the Department at any time and at no cost to the Department, when in the judgment of the Department it is necessary in the improvement or maintenance of the highway or for other reasonable cause.

K. All proposed work covered by this permit shall be at the applicant's expense. The applicant shall reimburse the Woodbury County Secondary Road Department for any materials removed from the highway right of way described as follows:

N/A

L. Woodbury County agrees to provide the following contribution toward completion of this project:

Woodbury County will supply cuts ditches when requested.

M. All work done by property owner, organization or authorized representative pursuant to this agreement shall be completed prior to the 30th day of September, 2015.

Entered into this 7th day of April, 2015

WORDING FOR AGENDA ITEM: Consideration of approval of construction plans for project number L-B(P260)—73-97 on Grundy Avenue in section 29, township 87 north, range 45 west.

EXECUTIVE SUMMARY: The county engineer and the board of supervisors are required by section 309.40 of the Code of Iowa to advertise and let all projects at a public letting when the engineer's estimated cost of the project exceeds \$50,000. The existing bridge is functionally obsolete and structurally deficient and its design does not allow economical repair. The county engineer has prepared plans and specifications for construction of a replacement structure.

BACKGROUND: The existing bridge was built in 1920 and has been posted for reduced loads. Our bridge inspection consultant has estimated its remaining life at 4 years. This project is a part of the approved FY 2015-2019 five year construction program and is scheduled for a FY 2015 construction. The project replaces an existing 27' long x 18' wide concrete slab bridge with a twin 12' x 10' Reinforced Concrete Box Culvert.

FINANCIAL IMPACT: This is a budgeted secondary road construction project.

RECOMMENDATION: Recommend approval of the project plans for letting.

ACTION REQUIRED: Motion to approve the approve plans for project number L-B(P260)—73-97.

Approved by Board of Supervisors March 3, 2015.

Consideration

WORDING FOR AGENDA ITEM: Consideration of the Secondary Road FY 2016 to FY 2020 Construction Program for Iowa Department of Transportation.

EXECUTIVE SUMMARY: On or before the fifteenth day of April of each year the board of supervisors, with the assistance of the county engineer, shall, subject to the approval of the department, adopt a secondary road construction program which shall include a project accomplishment list for the next fiscal year, and a project priority list for the succeeding four fiscal years based upon the construction funds, local secondary and farm-to-market, estimated to be available for the period. Subject to departmental approval, any project on the approved priority list may be advanced to and constructed in the accomplishment year and the project accomplishment list may be revised due to unforeseen conditions.

BACKGROUND: The program has some new projects advanced because of need or programmed for the fifth year of the program. Most projects have been working their way through the program toward letting and construction. The project selection reflects the county engineer's recommendation of work necessary to maintain the county secondary road system as required by sections 309.27 and 309.28 of the Code of Iowa.

FINANCIAL IMPACT: Annual five year program approval. The FY 2016 projects are within the accomplishment year and are budgeted for construction in FY 2016, barring unforeseen circumstances that may lead to project delay. Subsequent years provide guidance for programming and budgeting future projects and are based on anticipated revenue levels in out years.

RECOMMENDATION: Information only this week. Approval will be requested at the April 14, 2015 meeting.

ACTION REQUIRED: Information only.

Approved by Board of Supervisors March 3, 2015.

WOODBURY COUNTY BOARD OF SUPERVISORS AGENDA ITEM(S) R

WORDING FOR AGENDA ITEM: Information on Long-Term Facilities Planning

EXECUTIVE SUMMARY: A proposal for a long-term facilities plan. Given the nature of the request for two elevator repairs estimated at +\$150,000, a request by one supervisor for a "space study," 5 Nexant-driven "Facility Energy Assessments" (2012), issues with the Law Enforcement steps and potential redesign, the CIP request of Siouxland District Health for Proposed Building Modifications, Jail Issues, and the long-term question of Prairie Hills, Woodbury County is in need for a long-term facilities plan that can be helped by a project developer. This would be akin to a 2050 Vision in terms of prioritization and a "roadmap" in conversations with the Board.

BACKGROUND: The Baker Group can minimize upfront financial risk to owners while developing the project scope, reduce overall project costs, work as the county's advocate, help realize energy efficiency potentials, maintain professional continuity from concept through completion, and beyond the warranty period, comply with all public procurement laws, and offer in-house expertise on all HVAC, Electrical, Building Automation, Fire and Security, and Professional Engineering and Construction Management. The Facility Improvement Master Plan is a time tested Comprehensive Turnkey Approach in project implementation.

FINANCIAL IMPACT: There is no upfront cost or obligation for Phase 1, the initial assessment. Costs are deliverable later on based on the initial estimate and a more detailed audit based on the prioritization of the Board. Professional Services under the Iowa Procurement Codes are not required to go out for bid or RFP and that includes engineering, architecture, and construction management. The Baker Group is unique in that they are the only company that has a State Master Contract with the State of Iowa.

RECOMMENDATION: The major recommendation is simply an initial step. Today's meeting would simply be the delivery of materials to allow fellow Supervisors time to read and digest over more than 10 days' time. I have invited and requested that the Chair put on the agenda a presentation by the Baker Group on April 14.

ACTION REQUIRED: None

Today's Agenda

1. Program Development
State of Iowa Master Contract with Energy Bank
2. Company Introduction
3. Building Systems Included
4. Focus and Objectives
5. Concept to Completion
6. Project Pictures
7. Questions & Answers

Facility Improvement Master Plan

Program Development

- The program developed because of the lack of Design Build and/or Performance Contracting legislation in Iowa.
- Only State in the USA without either one.
- We developed our program to include the best of both worlds: **Concept to Completion** involvement and **Competitive Bid** for best pricing.
- Encourages Local Contractor Participation
- Proven Legal Process:
 - Procurement Laws with Transparent Bid Day
 - Design Laws

Program Development

- Implemented over **\$25,000,000** of projects over past few years.
- All OSHA inspections have been passed.
- State of Iowa Master Agreement to provide our services to any Public Entity
- Iowa Economic Development Authority
 - Energy Bank project developer and manager

Company Introduction

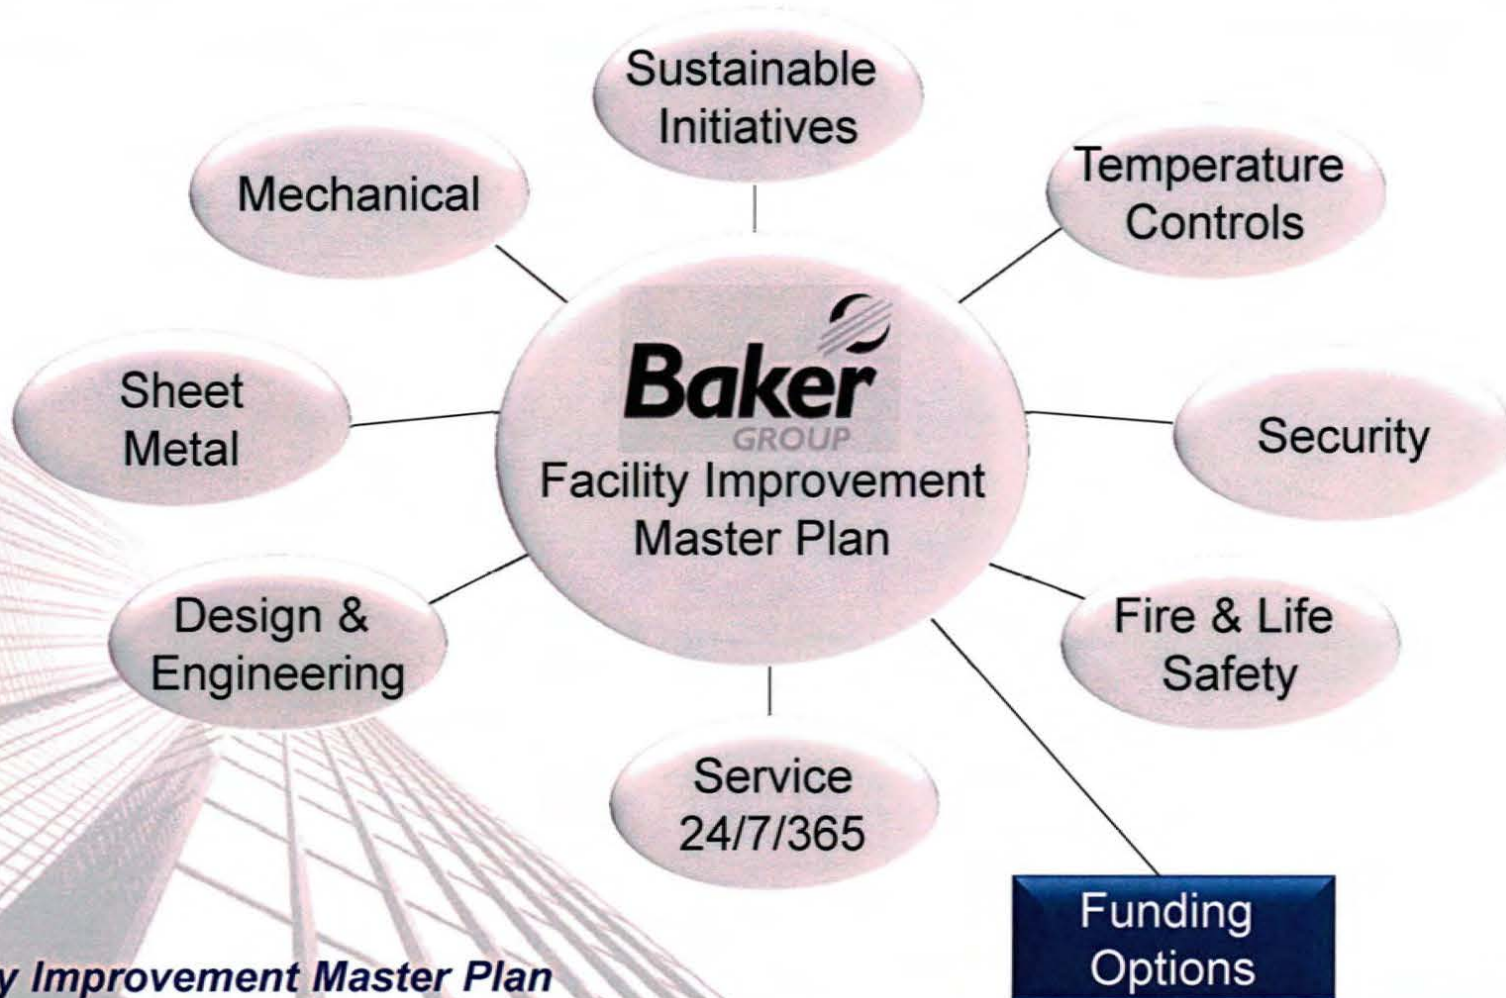

- Full-Service Specialty Contractor
 - Mechanical, Sheet Metal, Automation, Security, Fire Alarm Systems, Service
- Established in 1963
- Iowa Based – 4 offices across the state
- Over 550 Employees in Iowa
- 12 Professional Design Engineers
- 1 Architect on staff

Core Values

Maximize Value – Long Term Relationships – Nurture People – Honesty & Integrity – Innovative & Adaptable – Work Safely – Expect the Best

Facility Improvement Master Plan

Facility Improvement Master Plan

Funding
Options

Building Systems Included

- HVAC
 - Heating
 - Ventilation
 - Cooling
 - Central Plants
 - Automation
- Electrical Systems
 - Lighting
 - Power Distribution
 - Metering
- Renewable Energy
- Security
 - Card Access
 - Closed Circuit TV
 - Fire Alarm
 - Parking Gate Control
- Building Envelope
 - Windows & Doors
 - Roofs
 - Thermal Barrier

Focus and Objectives

- Energy and Operational Efficiency
- Indoor Air Quality
 - Enhanced Learning/Working Environment
- Capital Equipment Replacement Needs
 - Managing Deferred Maintenance
- Re-commissioning
- Sustainability
- Budget Neutral Project Cost

Facility Improvement Master Plan

Step 1

Preliminary Building & Equipment Survey

- **Information and Support Needed**
 - Present and Intended Use of Building/s
 - Building Floor Plans
 - Energy Expenditure Latest 36 Months
 - Operating and Maintenance Budget/Costs
 - Existing Capital Improvement Plan
 - Square Footage of Each Building
 - Tour Guide from Building Operations
 - Contact List by Building
 - Visitor Badges as Needed

Preliminary Report to Customer Team

- Itemized List of Improvement Needs
 - Current Conditions
 - Suggested Improvement
 - Priority Level
- Energy Cost Benchmarking
- Specific Building Environment Complaints
- No Cost to Customer for this Phase
- Customer Team Suggestions:
 - Building Committee
 - Board of Supervisors
 - Auditors Office
 - Director of Facilities
 - Maintenance Supervisors
 - Administration Team if Appropriate

Facility Improvement Master Plan

Summary of Energy and Cost Performance Building Name

Annual Percentages

It is important to know what you are spending on utilities at your facility. The graphics below help you visualize how much you have spent and used on utilities in the past year. This is beneficial so that you can know where you are spending money so that you can make informed decisions in the future. If electric costs are higher than gas or water costs, there may be more potential savings by reducing the amount of electricity used than by reducing the amount of gas. Similarly, if water costs are high, it may be a better investment to change out water fixtures than spend money to reduce energy levels. In your case, your electrical costs are the highest percentage of your total cost.

Concept to Completion

Total Cost Summary

Rolling 12-month Sum of Weather Adjusted Energy Usage per Square Foot

Concept to Completion

Step 1

- Preliminary Building and Equipment Survey
- Preliminary Report to Customer Team

Step 2

- Detailed Facility Audit
- Project Evaluation and Scope Selection

Step 3

- Final Design and Pricing for Agreed Scope
- Project Funding

Step 4

- Project Implementation

Facility Improvement Master Plan

Step 2

Detailed Facility Audit

- Approval to Proceed is Required
- Cost to Customer varies depending on project scope
 - Will Quote Based on Preliminary Evaluation and Board direction
 - Can Roll into Final Project Costs
- Baker Group Team Members
 - Account Manager
 - Project Manager(s)
 - Design/Engineering
 - System/Equipment Specialists
 - Sub-Contractors as Needed
- Audit Will Include:
 - Detailed Analysis of all Buildings/Systems as Directed
 - Pre-Engineering to assist the budget process

- Budget Numbers, by Individual Project, for the Following:
 - Installation Costs – “Turn Key”
 - Energy Savings Projections
 - Operational Savings Projections
 - Expected Remaining Life of Existing Equipment
- Statement of “Priority Level” for Each Project

Project Evaluation

- Team Review of Audit
 - Baker Group
 - Customer Team
- Prioritize Projects
- Establish Financial Parameters
- Develop Implementation Plan
 - Phased Approach – Multi-Year
 - Comprehensive Approach

Concept to Completion

Step 1

- Preliminary Building and Equipment Survey
- Preliminary Report to Customer Team

Step 2

- Detailed Facility Audit
- Project Evaluation and Scope Selection

Step 3

- Final Design and Pricing for Agreed Scope
- Project Funding

Step 4

- Project Implementation

Facility Improvement Master Plan

Step 3

Final Pricing and Design

- Construction Management as your Agent
- Engineering Designs Completed
- Bid Date Established
 - Contractor Bids Obtained (owner input)
 - Equipment Bids Obtained (owner input)
- Construction Schedule Planned
- Contracts Approved

Project Funding

- Customer's Capital Funds "or"
- Outside Financing Options:
- Baker Group has resources to secure up to 100% funding for your project through:
 - Iowa Energy Bank when available
 - Municipal Lease (Public entities & 501-C-3 only)
 - Capital or Operating Leases
 - Flexible Terms for Payments Schedule and Residuals
- Grant Identification & Analysis
- Utility Rebates will be Aggressively Pursued

Concept to Completion

Step 1

- Preliminary Building and Equipment Survey
- Preliminary Report to Customer Team

Step 2

- Detailed Facility Audit
- Project Evaluation and Scope Selection

Step 3

- Final Design and Pricing for Agreed Scope
- Project Funding

Step 4

- Project Implementation

Facility Improvement Master Plan

Step 4

Project Implementation Phase

- Baker Group Assigns a Project Manager
- Baker Group Assigns a Site Forman
- Baker Group Provides an on-site job office trailer
- One Source of Responsibility – As Construction Manager, Baker Group

Takes Care of:

- On Site Job Foreman
- Equipment Procurement
- Contractor Agreements
- Permits and Approvals as Needed
- Coordinating Construction Schedule
- Periodic Construction Meetings
- Proper Insurance and Bonding documents
- Safety Monitoring and Management

- Job Commissioning and Start-Ups
- Operation & Maintenance Manuals

Post Project Services

- Customer Staff Training
 - Equipment Operation
 - Preventive Maintenance
- Warranty Management
- Operational Support
 - Planned Service Options
 - Monitoring Options

Baker Group

Facility Improvement Master Plan

Providing Project Implementation Solutions

Project Management and Development

As an alternative project delivery method, Iowa Public Entities now have access to professional services competitively bid and available through a Department of Administrative Services Master Agreement for project development and implementation with Baker Group.

Baker Group's Facility Improvement Master Plan is proven to:

- **Minimize** upfront financial risk to owners while developing the project scope
- **Reduce** overall project costs
- **Work** as your advocate
- **Leader** in Energy Efficiency Improvements
- **Maintain Professional Continuity** from Concept through Completion, and beyond the Warranty period.
- **Improve** facility environments while reducing energy costs
- **Comply** with all Iowa Public Procurement Laws
- **In-House Expertise** in HVAC, Electrical, Building Automation, Fire and Security, Professional Engineering and Construction Management

The Facility Improvement Master Plan is a time tested **Comprehensive Turnkey Approach** in project implementation. Baker Group has over 50 years of specialty construction experience to draw from in providing a fiduciary responsibility to protect the client's best interest.

State of Iowa Professional Project Management Services

Overview

Since our beginning in 1963, Baker Group's primary focus has always been building strong customer relationships. Growth for Baker has come organically by identifying systems and services that their clients need, and striving to deliver the best services possible. Earning a reputation for providing unparalleled service and the highest quality craftsmanship has resulted in the tag-line with Baker Group; you can always **Expect the Best**.

Our Facility Improvement Master Plan Program represents the convergence of sustainability, workplace optimization, and efficient processes that help you leverage your facilities infrastructure to achieve a competitive advantage in your marketplace. Our mission is to move our customers facilities ahead another generation and to make it as efficient as possible with a healthy productive environment for people to learn, work or recover from medical needs. This is a flexible suite of services designed to support the business needs of our clients, through improved comfort, a pleasant environment, and reduced interruptions, leading to a more productive environment.

You will find below our response to your RFQ Questions. These are the specific answers to your specific questions, exactly as you asked them. We have tried to be thorough in our answers; however, if you have any further questions, we are happy to provide additional information.

RFP Response: Answers to your questions...

4.2.4 Service Requirements

The vendor shall address each service requirement in Section 3 of the RFP and explain how it plans to approach each requirement and how pricing will be determined for the services identified. Merely repeating the requirements will be considered non-responsive and may disqualify the vendor. Proposals must identify any deviations from the requirements of this RFP or requirements the vendor cannot satisfy. Any deviations from the requirements of the RFP or any requirement of the RFP that the vendor cannot satisfy may disqualify the vendor. In addition, vendors shall include information that demonstrates:

1. Knowledge of public sector building energy management technical and financial requirements

Baker Group has implemented over \$20 million of facility improvement and energy conservation projects in public sector buildings over the past few years. Our industry experience as a Mechanical Contractor, Sheet Metal Contractor and

State of Iowa

Professional Project Management Services

Building Automation, Fire and Security contractor provides us with a highly experienced staff of professionals who have the ability to analyze existing systems and identify improvement needs as well as energy and operational saving opportunities.

2. Experience working with similar programs and customer groups for similar outcomes, including demonstrated ability to communicate technical requirements to a wide variety of audiences

We have worked with K-12 Public School Boards and Administration, County Commission/Supervisor Boards and Public Hospital Administrators and Boards. Part of our job is to analyze existing systems and their condition. When improvements are needed or equipment failure is eminent, it is our responsibility to educate and inform the governing body regarding what they are facing and the risks of not making changes. The Board members typically come from various backgrounds and have a deep commitment to the people they serve. Presenting our findings and recommendation in a format understood by the board members is critical in helping them make the right decisions for their public.

3. Ability to meet the requirements in the scope of work within the required timeframe and at a reasonable cost

Monitoring the preparation of all plans and specifications to make sure they are as complete as possible before they are published and released to the construction world is what controls unwanted cost surprises and minimizes change orders. On site pre-bid project meetings help educate potential bidders and clarify most questions in a set of plans. The scope of work and equipment submittals/delivery must be monitored by our Project Managers and Site Foreman daily to assure compliance. Time of completion is very important to most owners, particularly in the school market. We build in liquidated damage clauses into each contract with a specific "Substantial completion date" that helps inspire contractors to finish on time. However, holding mandatory weekly progress meetings on site with all the contractors has been very successful and provides an avenue to discuss deliverables and potential risks of missing them. Constant monitoring of job progress against the construction schedule allows all the contractors to identify risks and formulate a recovery plan if needed.

4. Ability to provide schedule flexibility necessary to meet program demands as requested

In the implementation process, changes in building use can disrupt the construction progress. However, working together as a team has proven to be very beneficial in finding flexibility in the contractors' schedules and reasonable changes can normally be worked out.

5. Experience and/or education necessary to provide the appropriate level of technical quality assurance

All of our Project Managers and Site Foreman have a high level of quality expectations in what is being delivered from each contractor. We try to position ourselves as not only the construction manager but also a source of assistance in working through installation problems. Our company slogan is "Expect the Best" and we hold ourselves as well as the various contractors to that.

6. Experience in providing project management services outlined in this RFP.

State of Iowa

Professional Project Management Services

We have learned a lot over the past few years from delivering projects such as outlined in this RFP. Every project is a source of new information and experiences and sharing those experiences with our entire team helps make us better for the next project. One thing we can guarantee it that there will be challenges in every project. It's our commitment to stick with those challenges until they are resolved for the customer.

7. Ability to meet contract expectations while remaining free of conflicts of interest
By positioning ourselves as the Construction Manager we are in fact an agent for the customer, we work directly for them and have a fiduciary responsibility to watch over their best interests. We do not have a financial interest in the contractors awarded the lowest bid. Even though state law does not forbid construction managers from bidding parts of the job, we believe it is usually in the owner's best interest to have us independent of actual installation contractors for the project.

4.2.5 Background Information

The vendor shall provide the following general background information:

- 4.2.5.1 Name, address, telephone number, fax number and e-mail address of the vendor including all d/b/a's or assumed names or other operating names of the vendor.

4.2.5.11 Federal Employer Identification Number.
42-0890441

4.2.5.12 The successful vendor will be required to register to do business in Iowa. If already registered, provide the date of the vendor's registration to do business in Iowa and the name of the vendor's registered agent.

Contractor Registration:
C095706 Date Issued: 1/24/12
Date Expires 1/24/13

4.2.6 Experience

Submitting vendors are requested to briefly describe projects in which the vendor has provided similar energy services to those identified in this RFP during the last three (3) years. Information provided should include:

- ◆ Name of organization
- ◆ Project name and location
- ◆ Project description
- ◆ Start and end dates for the design, construction, and monitoring/maintenance phases
- ◆ Contract type (guaranteed savings, shared savings, etc.)
- ◆ Contract term
- ◆ Financing type (capital lease, tax-exempt municipal lease, capital notes, etc.)
- ◆ Contract amount
- ◆ Annual savings
- ◆ Equipment installed
- ◆ Measurement and Verification methodology used, if any
- ◆ Maintenance and operations services provided
- ◆ Names and telephone numbers of organization's representative
- ◆ Notes or comments

If the submitting vendor is a branch office or a division of a parent company, please provide information on projects managed directly by the submitting vendors Iowa office location. Also, specifically identify information on projects managed by the individuals who will be assigned to the DAS/Iowa Energy Bank's projects. Projects performed in other states or by offices not located in Iowa should be clearly identified.

State of Iowa

Professional Project Management Services

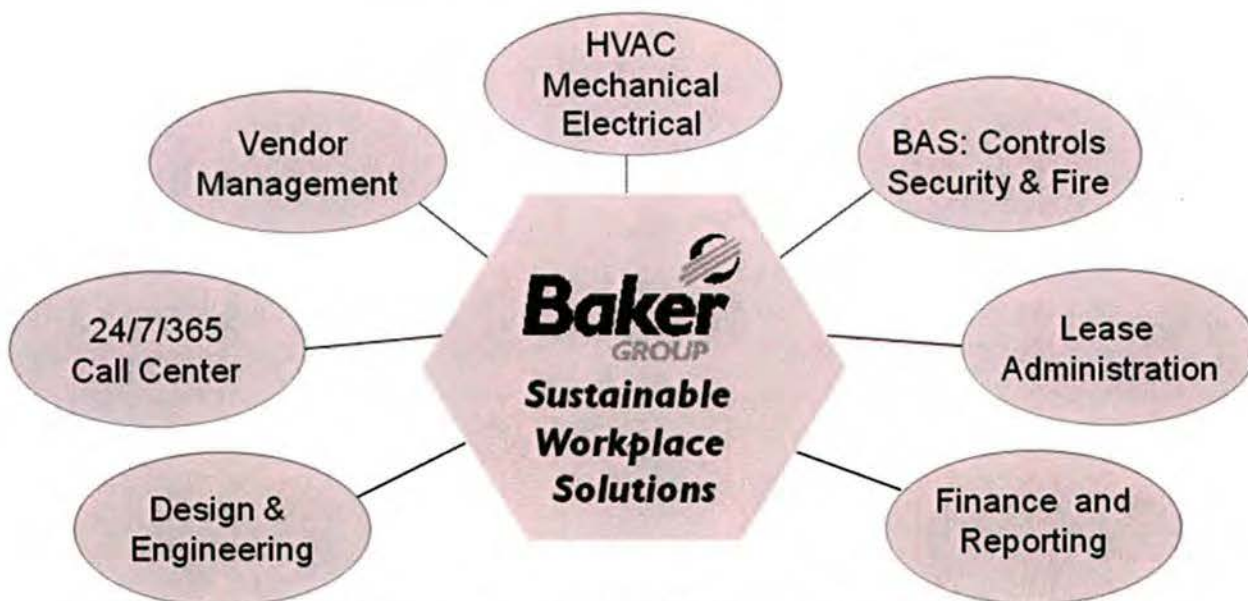

- 4.2.6.1** Number of years in business.
2013 marks Baker Group's 50th year doing business.
- 4.2.6.2** Number of years of experience with providing the types of services sought by the RFP.
Company Experience with specific program: 4 years
Management Experience: 22 years
- 4.2.6.3** Describe the level of technical experience in providing the types of services sought by the RFP.
Baker Group has in-house capability to provide all services requested. We have a four step process that guides a customer through the development and implementation of the project. Our dedicated staff for this process has both building system technical expertise and financial expertise. We have a staff of 12 professional engineers that work with us on pre-design for budgeting purposes but because of a state law that does not allow the Professional Design Team and the Construction Management Team to be from the same company, we always work with a third party Professional Engineering team for finalizing project plans and specifications..
- 4.2.6.4** List all services similar to those sought by this RFP that the vendor has provided to other businesses or governmental entities.
Baker Group offers many services to all types of commercial, institutional and industrial clients. Here are the services we self-perform:
- Facility Operational Audits
 - Facility Energy Audits
 - Budgeting of Multi-million Dollar Operational Spend
 - Staffing Plans for Facility Operations
 - Budget Forecasting for Facility Operations
 - Create Systems to Benchmark Costs Compared to Peer Facilities
 - 24/7/365 Call Center
 - On-Site Building Operations
 - Predictive/Preventive Maintenance
 - Truck Based Emergency Repair Services
 - Construction Management
 - Heating, Ventilating & Air conditioning
 - Plumbing and piping
 - Sheet Metal Ductwork
 - Specialty Stainless Steel Metal Fabrication
 - Integrated Building Automation Systems
 - Electrical Systems Services
 - Structured IT Cabling
 - Security Access Control
 - Security CCTV and IP based Camera Systems
 - Digital Network Video Recording

State of Iowa Professional Project Management Services

- Parking Revenue Management
- Fire Alarm Systems
- Facility Improvement Master Planning
- Energy Conservation
- LEED NC
- LEED EB O&M
- ENERGY STAR Certification

In addition to the services we offer with our own employees, we will bring in subcontract team members to offer additional high value services to fit the specific needs of our clients. Our team members will be specially chosen to fit the special expectations of our clients.

4.2.6.5 Letters of reference from three (3) previous clients knowledgeable of the vendor's performance in providing services similar to the services described in this RFP and a contact person and telephone number for each reference.

Having an "On Site Foreman" is a big key in managing a successful project. Our commitment to the Owner is that when contractors are on site performing work we will have a Site Forman present. There are some occasions where this isn't necessary such as in project mobilization by the contractors or coming back to the job site to finish miscellaneous items or deal with warranty issues. The people listed above have had first-hand experience for the Facility Improvement Master Plan projects and we also have about 35 other people from our pool of Field Superintendents and Foreman who have the skill sets necessary to manage the job site on a daily basis.

4.2.7.1 Full name.

4.2.7.2 Education.

Please refer to Tab ?????? for resumes and Capital Complex Operations Management organization chart.

4.2.7.3 Years of experience and employment history particularly as it relates to the scope of services specified herein.

Please refer to Tab ?????? for resumes and Capital Complex Operations Management organization chart.

4.2.8 Contract Experience

Vendor must explain its contracting process and how this process addresses the unique aspects of Iowa Code requirements associated with energy project implementation. Vendor should indicate whether this process has been reviewed by legal counsel and is it compliant with Iowa Code.

Baker Group has developed a multi-step process for developing and implementing Energy Conservations/Facility Improvement projects. Each step of the process requires various levels of agreements with the owners as follows:

Step 1: Preliminary Building and Equipment Survey – A very simple non-binding "Letter Of Intent" is requested of the Owner. There is no cost to the owner for this step of the process. The letter basically gives Baker Group access to and permission to obtain the required information at the customer site. It also describes what the customer will be given at this phase and a time line for completing this step. Even if the Customer chooses to not move forward with a project, they have no obligations because of this service. It Baker Groups way of getting to know the Customer and the facilities and gives the customer a chance to get to know us before we all move forward.

State of Iowa

Professional Project Management Services

Step 2: Detailed Facility Audit -- Based on the customer's input and direction from the Preliminary phase, the next step is far more detailed and will involve pre-engineering and budgeting from both equipment providers and various construction trades. A "Project Development Agreement" is used as an agreement between Customer and Baker Group for this phase and is priced based on our estimated raw cost of completing this phase. The Customer is carefully instructed that they will be responsible for paying this cost even if they choose not to move forward with a project after receiving the report.

Step 3: Final Pricing and Design

Step 4: Project Implementation Phase

3 and 4 are both covered under various AIA documents. Since State laws vary it is not always possible to use standard documents. All of the documents we use have been revised to comply with Iowa design and procurement codes. Our legal council and management staff have invested a lot of time and effort to not only make sure our documents comply with all Iowa laws but also compliment and conform to each other. The documents have also been highly reviewed and revised by Customer's legal council. We have found, particularly in the Public Education markets, one law firm does the majority of all School contracts. That firm has worked closely with our attorneys to revise the documents to their expectations. While there is never one contract to fit all, we believe we have a set of base contracts that will work for most projects and can be easily customized if needed. The documents will be supplied at the State's option if we are the chosen provider and will include the following:

AIA Document C132 – 2009 Standard Form of Agreement Between Owner and Construction Manager as Adviser

AIA Document B132 – 2009 Standard Form of Agreement Between Owner and Architect, Construction Manager as Adviser Edition. (This form has been revised in content to reflect Professional Engineer instead of Architect)

AIA Document A 132 – 2009 Standard Form of Agreement Between Owner and Contractor, Construction Manager as Adviser Edition.

AIA Document A232 – 2009 General Conditions of the Contract for Construction, Construction Manager as Adviser Edition

There are some unique aspects of Iowa Code that need to be taken into consideration and are complied with within these documents:

Professional Design work and **Construction Management** cannot be provided by the same company. While Baker Group has both services available in-house, to comply with this requirement we have chosen to provide the Construction Management services and not the final Professional Design work. We have Modus Engineering included under section 4.2.5.10 as a subcontractor. While they are part of our team, the Professional Design work is actually contracted directly to the Owners and the design team works closely with our Project Management team in both developing the plans and specification

State of Iowa

Professional Project Management Services

but also in assuring a very competitive and transparent bid day for an Owner Direct Multiple Prime Contractor bid process.

Construction Management as Adviser is the only allowable process in Iowa that allows an Owner to select a Construction Service company that can be involved in a project from **Concept to Completion**. All actual installation contracts and equipment are still put out for bid per Iowa Procurement Codes. Other common alternative construction methods such as Design Build, Construction Management at Risk and Performance Contracting have not been supported by Iowa approved legislation.

4.2.9 Terminations, Litigation, Debarment

The vendor must provide the following information:

- 4.2.9.1** During the last five (5) years, has the vendor had a contract for services terminated for any reason? If so, provide full details related to the termination.
Yes. Client closed Des Moines branch of operations before full term of contract was up and no longer needed services. Coordinated with client to ensure smooth transition and accommodated their needs.
- 4.2.9.2** During the last five (5) years, describe any damages or penalties of anything of value traded or given up by the vendor under any of its existing or past contracts as it relates to services performed that are similar to the services contemplated by this RFP and the resulting Contract. If so, indicate the reason for the penalty or exchange of property or services and the estimated account of the cost of that incident to the vendor.
None.
- 4.2.9.3** During the last five (5) years, describe any damages or penalties or anything of value traded or given up by vendor under any of its existing or past contracts as it relates to services performed that are similar to the services contemplated by this RFP. If so, indicate the reason for the penalty or exchange of property or services and the estimated amount of the cost of that incident to the vendor.
None
- 4.2.9.4** During the last five (5) years, describe any order, judgment or decree of any Federal or State authority barring, suspending or otherwise limiting the right of the vendor to engage in any business, practice or activity.
None
- 4.2.9.5** During the last five (5) years, list and summarize pending or threatened litigation, administrative or regulatory proceedings, or similar matters that could affect the ability of the vendor to perform the required services. The vendor must also state whether it or any owners, officers, or primary partners

State of Iowa

Professional Project Management Services

have ever been convicted of a felony. Failure to disclose these matters may result in rejection of the proposal or in termination of any subsequent contract. This is a continuing disclosure requirement. Any such matter commencing after submission of a proposal, and with respect to the successful vendor after the execution of a contract, must be disclosed in a timely manner in a written statement to the Agency.

No pending or threatened litigation, administrative or regulatory proceedings.
No convicted felons in our ownership, officers of the company or primary partners.

4.2.10 Proposal Certification

The vendor shall sign and submit with the proposal the document included as Attachment B in which the vendor shall certify that the contents of the proposal are true and accurate.

4.2.11 Acceptance of Terms and Conditions

The vendor shall specifically agree that the proposal is predicated upon the acceptance of all terms and conditions stated in the RFP. If the vendor objects to any term or condition, the vendor must specifically refer to the RFP page, and section. Objections or responses that materially alter the RFP may be deemed non-responsive and disqualify the vendor. By submitting this proposal, Baker Group accepts the terms and conditions stated in this RFP as they are written.

4.2.12 Certification Letter

The vendor shall sign and submit with the proposal the document included as Attachment B in which the vendor shall make the certifications included in Attachment B. Please refer to Tab ?????? Attachment #1 for signed copy of Certification Letter.

4.2.13 Authorization to Release Information

The vendor shall sign and submit with the proposal the document included as Attachment C in which the vendor authorizes the release of information to the Agency. Please refer to Tab ?????? Attachment #2 for signed Authorization to Release Information Letter.

4.2.14 Firm Proposal Terms

The vendor shall guarantee in writing the availability of the services offered and that all proposal terms, including price, will remain firm a minimum of 90 days following the deadline for submitting proposals.

Baker Group guarantees the above. The goods and services offered in the response to this RFP will remain firm for 90 days following the deadline for submission.

State of Iowa Professional Project Management Services

Additional to be used:

Each project is different in complexity and size and project costs are not yet known so it becomes difficult to price this portion based on cost per square foot or percentage of project. We typically estimate all expenses that we will incur and base the contract amount on that. It has been our experience in past projects that the cost per square foot for the Detailed Audit has been in the \$.14 to \$.25 per square foot of building space.

In the table below are additional services available to the State of Iowa and the hourly rates for these services that may be needed at some point during the term of the contract.

Professional Billing Rates:	Hourly Rate
Design Engineer (P.E.)	\$125.00
LEED Accredited Professional (A.P.)	\$125.00
Project Manager	\$90.00
Project Engineer	\$75.00
Project Principal/Executive	\$125.00
Sheet Metal Designer/Detailer	\$80.00
Piping Designer/Detailer	\$80.00
Project Coordinator/Accounting	\$45.00
Safety Director	\$75.00
Estimating	\$75.00

Summary

Baker Group is excited to serve the needs of the State of Iowa! We have a team of skilled professionals with excellent Sustainable Facilities Solutions experience. We have the horsepower ready to serve!

Our knowledge of Sustainable Systems, facility operations best practices, LEED green sustainable initiatives, makes Baker Group your best choice. We will work hard to assure you receive the best value in long-term lifecycle operating cost. We will be there for the life of your buildings!

Baker Group's diverse in-house technical skills, will help your facilities operate smoothly, giving you the lowest cost and best environmental quality, while staying on your schedule. We will help the State of Iowa leverage their facilities investment into a competitive market advantage!

Select the Baker Group. Expect the Best!

TERMS AND CONDITIONS

Terms & Conditions Service

The parties agree to comply with the terms and conditions on the following web site which are by this reference made a part of the Agreement.

General Terms and Conditions for service contracts are posted at: http://das.gse.iowa.gov/terms_services.pdf

Attachment 3
Scope of Work, Deliverables and Pricing

The Iowa Energy Bank will work with customers to determine the type and level of service that will be most beneficial to customers. Customers of the DAS/Energy Bank that would benefit from the Baker Group's Facilities Improvement Master Plan program will be referred to the Baker Group. Generally, the Facilities Improvement Master Plan comprehensive program will provide the following services to customers:

Project Development

Step 1: Preliminary Building & Equipment Survey (No cost to customer)

- Information and Support needed from customer
- ASHRAE Level 1 Energy Audit or equivalent
- Deliverable: Preliminary Report to Customer Team

Step 2: Detailed Facility Audit

- Pre-engineering
- Project budget determined
- Financial plan determined
- Approval to proceed is required from customer
- ASHRAE Levels 2/3 Energy Audit or equivalent and Measurement & Verification Plan
- Deliverables: Detailed Facility Audit and Recommendations
- Cost to customer – varies depending on project scope and communicated before audit started

Project Implementation

Step 3: Final Pricing and Design

- Construction Management – develop implementation plan
 - Oversee preparation of construction documents, bid specifications, and installation drawings and engineering designs completed
 - Bid schedule established and provide assistance (issuing bids according to Iowa procurement rules)
 - Assisting customer with evaluation of bids and prequalification of contractors
 - Construction scheduled planned
 - Installation contracts approved
 - Commissioning plan

Step 4: Project Implementation Phase

- Construction Manager – once source of responsibility
 - On-site job superintendent
 - Equipment procurement monitoring
 - Contractor agreements and documents
 - Coordination construction schedule
 - Equipment material submittals
 - Periodic construction meetings
 - Payment application review and approval
 - Change order cost proposal review
 - Job site safety monitoring and management
 - Start-up and commissioning
 - Operation & Maintenance Manuals
- Post Project Services
 - Customer staff training, equipment operation, preventive maintenance
 - Warranty management – 10 month review
 - Operational support – planned service options, monitoring options

- o Measurement & verification of energy savings
- o Assistance with reporting to Energy Bank

Note: Energy Bank customers will be enrolled in the Iowa Energy Center's benchmarking system to provide a basic level of measurement and verification. Vendor may provide additional assistance to customers needing more comprehensive measurement and verification.

Operations and maintenance work is not part of the Master Agreement; however the customer may request the vendor to furnish operations and maintenance services for the installed projects under a separate agreement.

Service Agreement

Vendor will enter into an agreement or contract with Energy Bank customers for participation in the Facilities Improvement Master Plan program outlined in this Master Agreement. Vendor must provide a copy of any customer agreements or contracts to DAS for review and approval upon execution of this Master Agreement.

Vendor will not provide services to Energy Bank customers under this Master Agreement until an agreement or contract has been executed by both parties. Fees associated with the services provided under this Master Agreement shall not exceed the fee structure outlined in this Master Agreement.

Fee Structure

Vendor will enter into service agreements with customers who would like to utilize the services outlined in this scope of work according to the following fee schedule:

Detailed Facility Audit: determined based on complexity of project

<u>Project Size</u>	<u>Cost Range</u>
Under 50,000 sq. ft.	\$.20 to \$.25
50,000 to 100,000 sq. ft.	\$.15 to \$.20
100,000 to 250,000 sq. ft.	\$.10 to \$.15
Over 250,000 sq. ft.	\$.08 to \$.10

Final Fee:

<u>Project Size</u>	<u>Total Fee</u>
Under \$1,000,000	20%
\$1,000,000 to \$3,000,000	17% to 20%
\$3,000,000 to \$5,000,000	15% to 17%
Over \$5,000,000	13% to 15%

WOODBURY COUNTY BOARD OF SUPERVISORS AGENDA ITEM(S) REQUEST

Date: April 2, 2015

Weekly Agenda Date: April 7, 2015

DEPARTMENT HEAD / CITIZEN: Supervisor Jeremy Taylor

SUBJECT:

ACTION REQUIRED:

Approve Ordinance Approve Resolution Approve Motion

Give Direction Other: Informational Attachments

WORDING FOR AGENDA ITEM: Community Service Recognition

EXECUTIVE SUMMARY: At a previous Board meeting, Supervisors approved recognizing an outstanding individual in the community. I did so in March, and Supervisor Monson has requested to do so in May.

BACKGROUND: The Board honored Lonnie Gustafson in March and has an "open window" for an honoree in April.

FINANCIAL IMPACT: None

RECOMMENDATION: That we establish a rotation (with the option to pass) and designate a once per month basis as this seems more realistic in order to make this recognition special.

ACTION REQUIRED: Informal consensus and action if necessary.

WOODBURY COUNTY BOARD OF SUPERVISORS AGENDA ITEM(S) RE

Date: April 2, 2015

Weekly Agenda Date: April 7, 2015

DEPARTMENT HEAD / CITIZEN: Supervisor Jeremy Taylor

SUBJECT:

ACTION REQUIRED:

Approve Ordinance Approve Resolution Approve Motion

Give Direction Other: Informational Attachments

WORDING FOR AGENDA ITEM: Action on Polling Woodbury County Employees and Spouses Concerning Wellness Scans

EXECUTIVE SUMMARY: Last week's item asked that the Human Resources Department and Budget Analyst poll (by way of e-mail or other communication) all county employees concerning a cost of \$50 for all three screens given by Mercy (reduced from \$99) and that the *potential* exists that this could be reduced by \$25 through those in a matching county contribution for those in a high-risk category, over the age 40. This was requested in discussion during the March 17 meeting and is brought back as an action item.

BACKGROUND: Claims are at approximately \$4.5 million in the current fiscal year. In order to mitigate increased insurance claims, the Health and Wellness Committee heard a presentation that Mercy is offering on-site testing and the impact of one preventative test identifying a serious aortic aneurysm could prevent claims costs, not to mention the impact on the physical and emotional well-being of an employee or spouse covered by county health insurance who might otherwise experience a catastrophic health event.

FINANCIAL IMPACT: The financial impact will be predicated upon the number of employees taking advantage of non-invasive and painless tests to include Stroke and Artery Screening, Abdominal Aortic Aneurysm Screening, and Peripheral Arterial Disease Screening. Given the preventative nature of claims, the fiscal impact could potentially be off-set by no time lost at work and a minor cost rather than an exorbitant claim later on. According to the HR Director, there were 75 employees and 30 spouses who showed interest not including employees who have little access to computer usage, e.g. Secondary Roads, Jail Staff, Building Services. I asked if the Human Resources Director to work with Department Heads to poll this cost. Current costs are estimated at \$2,625 but could be slightly higher depending on participation.

RECOMMENDATION: The Board approve a cost from the Health Insurance Fund under preventative services. The Budget Analyst reports \$2,690,613 in this fund. This cost would more than pay for itself if it prevented one catastrophic event.

ACTION REQUIRED: Approved above recommendation by motion.

#16

WOODBURY COUNTY BOARD OF SUPERVISORS AGENDA ITEM(S) REQUEST FORM

Date: 4-2-15

Weekly Agenda Date: 4-7-15

DEPARTMENT HEAD / CITIZEN: Mark Monson

SUBJECT: Door openers for the front doors on the LEC

ACTION REQUIRED:

Approve Ordinance

Approve Resolution

Approve Motion

Give Direction

Other: Informational

Attachments

WORDING FOR AGENDA ITEM: We have had a complaint by a disabled person who was not able to get in the LEC with her wheelchair. She is requesting door openers be placed on the doors entering the LEC

EXECUTIVE SUMMARY: The County is obligated to make buildings accessible to all persons.

BACKGROUND:

FINANCIAL IMPACT: Estimate = \$5,000

RECOMMENDATION:

ACTION REQUIRED: Building Services will be given permission to install openers on the front doors.

Approved by Board of Supervisors March 3, 2015.

#17a

WOODBURY COUNTY BOARD OF SUPERVISORS AGENDA ITEM(S) RE

Date: April 1, 2015

Weekly Agenda Date: April 7, 2015

DEPARTMENT HEAD / CITIZEN: Dennis Butler, Finance/Operations Controller

SUBJECT: LEC Step Replacement at Entry

ACTION REQUIRED:

Approve Ordinance <input type="checkbox"/>	Approve Resolution <input type="checkbox"/>	Approve Motion <input checked="" type="checkbox"/>
Give Direction <input type="checkbox"/>	Other: Informational <input type="checkbox"/>	Attachments <input type="checkbox"/>

WORDING FOR AGENDA ITEM: Discussion and action on replacement of stairs of the main entry to the LEC.

EXECUTIVE SUMMARY: The front steps have decayed to a point that it is a potential safety hazard. Also the top steps are undermined.

BACKGROUND: The main entry steps are 28 years old. As the building has settled since construction, there has been an undermining of the entry. A couple months ago, mud jacking was done on the top steps, a temporary fix.

FINANCIAL IMPACT: Move the CIP for FY 16 to the current FY 15. Estimate of replacement is \$115,000.

RECOMMENDATION: Hire an architect to design a new entry to the LEC building. The architect recommended is Doug Rose from Bacon Creek.

ACTION REQUIRED: Motion to approve the hiring of an architect to draw up plans for new steps to the LEC building.

Approved by Board of Supervisors March 3, 2015.

WOODBURY COUNTY BOARD OF SUPERVISORS AGENDA ITEM(S) REQUEST

Date: April 1, 2015

Weekly Agenda Date: April 7, 2015

DEPARTMENT HEAD / CITIZEN: Dennis Butler, Finance/Operations Controller

SUBJECT: RFP with City

ACTION REQUIRED:

Approve Ordinance

Approve Resolution

Approve Motion

Give Direction

Other: Informational

Attachments

WORDING FOR AGENDA ITEM: Discussion and action on working with City of Sioux City on RFP for garbage collection services.

EXECUTIVE SUMMARY: The County currently has 6 different garbage collection companies that serve Woodbury County. The County would like to jointly bid out our collection services with City of Sioux City.

BACKGROUND: Garbage collection services have price differentials on containers by as much as 47% and multiple contract renewal dates.

FINANCIAL IMPACT: By bidding collection services with the City of Sioux City could result in a cost savings to the taxpayers.

RECOMMENDATION: Approve to participate with the City of Sioux City to do a joint RFP in regards to garbage collection services.

ACTION REQUIRED: Motion to authorize the County to participate in a joint RFP with the City of Sioux City for garbage collection services.

Approved by Board of Supervisors March 3, 2015.

March 30, 2015	18	

The Center averaged 18.4 residents per day during the 6:00 a.m. head count and 18.1 during the 6:00 p.m. count for a weekly average of 18.3 residents per day during the above week.

Of the eighteen residents detained on March 30, 2015, ten or fifty six percent were identified gang members. Of the ten, five or fifty percent were identified as hard-core members.

We are currently detaining three juveniles from the Dakota County and four from the BIA.
