**WORDING FOR AGENDA ITEM:**

Discussion on Roger Brooks Community Assessment Program

**EXECUTIVE SUMMARY:**

Roger Brooks is known as the expert on destination branding. He will be in Sioux City the week of April 4th to assess Sioux City's assets and come up with a plan that shows us what our "niche" should be in attracting more visitors to spend more dollars in our community. Community Assessments end with a presentation to all stakeholders about Roger's discoveries that include a review of 60 critical items that all determine whether our community is considered a place to invest in, move to, establish a business in, or visit for leisure purposes.

A video about Roger's Community Assessments can be found at the link here, and I have also included a brochure, attached, with more detailed information:

<http://www.rogerbrooksinternational.com/community-assessment/>

**BACKGROUND:**

**FINANCIAL IMPACT:** The price for this assessment is \$25,000. Funding mechanisms in place thus far are the Chamber (\$2,500), the Siouxland Initiative (\$2,500), Downtown Partners (\$5,000), the City (\$5,000), and a potential state tourism grant that we should hear about by August 31st (\$5,000). We are looking for another \$5,000 partner to make up the difference, and total the full \$25,000

**RECOMMENDATION:**

**ACTION REQUIRED / PROPOSED MOTION:**

*Approved by Board of Supervisors March 3, 2015. Revised May 5, 2015.*

The community assessment would take place in April 2016.

This exercise should prove extremely beneficial to this entire region, with the addition of Hard Rock and all of the entertainment and economic development growth our community is currently experiencing.

Thank you for your consideration!

**GREAT

## About Roger Brooks International

Every place has the potential of becoming an outstanding destination – for business, residents and visitors. Move beyond old-model strategic plans and feel-good generic marketing to find smart, practical solutions for success that lasts.

Roger Brooks and his team inspire people to see the possibilities. We've helped nearly 1,000 communities in North America and are masters at getting people to work together and at finding those special qualities that set places apart.

## Community Assessments

One of the most powerful features of the Roger Brooks International (RBI) Community Assessment is its fresh, objective viewpoint – a thorough review of your community through the eyes of a first-time visitor. This was made very clear to us when we were asked to perform an assessment of our own region, Thurston County (population 200,000). Having lived there seven years, CEO Roger Brooks knew he couldn't scrutinize the area objectively.

So Roger brought in Rhonda of Huntsville, Texas. Rhonda knew the value of the assessment because RBI had completed a Tourism Development Action Plan based on findings there, but she'd never been to Thurston County. Roger rode along with her as she explored the cities, getting lost, frustrated, missing attractions, and

avoiding certain areas because of their poor appearance. What Rhonda noticed, missed, and how she felt were so revealing, Roger was sometimes shocked at this new perspective of his own community.

Like Rhonda, tens of thousands of people come into communities for the first time each year. They're considering sites for business and industry or they're assessing whether this is a place where they'd like to live, work or visit. What are their perceptions? What do they see and what do they miss? Is the community doing all it can to "close the sale?" Are businesses missing chances to pull people in the door? What opportunities are passing you by?

Vibrant communities that offer great quality of life for their residents, a thriving

Crockett Street  
Beaumont, Texas

business climate, and visitor appeal don't just happen by themselves. They need careful planning based on an honest, objective foundation.

Nearly 1,000 places throughout North America have hired Roger Brooks International to complete Community Assessments – RBI's most popular program – because they want to become outstanding destinations. They know they're missing vital opportunities, but on their own they "can't see the forest for the trees."

Do you want to increase visitor spending? Encourage locals to do more shopping in their own downtown?  
Attract new business? Help existing businesses become more profitable?  
Foster a greater sense of community?

The Community Assessment does exactly this - and more - while providing a solid platform for your branding, product development and marketing efforts.

Customers have enthusiastically said they've received more benefit from RBI's Community Assessment than any other plan they've ever commissioned.

We know firsthand what a powerful tool it is. With our assistance and Rhonda's assessment, the communities of Thurston County have been implementing more than 40 suggestions, helping them increase visitor spending and become a more vibrant, successful community.

## What to Expect: Assessment Logistics

The Roger Brooks International Community Assessments can be customized to include a city or town, multiple communities, a county, or region. It can be tailored to focus on specific needs such as branding, wayfinding signage and websites, or it can be narrowed to a specific area, such as a downtown district.

The typical assessment process is as follows, but it can vary depending on the size and scope of the project.

### 1. Scheduling

The assessment process is a week-long effort, so confirming time on Roger's calendar is essential. We prefer to visit the community during the peak season but are happy to work with you to determine the best timing.

### 2. Marketing Assessment

A Review of marketing materials from various organizations: economic and community development, tourism and downtown promotion, relocation kits, visitor guides, copies of ads, and website addresses for various community organizations. We'll professionally review your collective marketing efforts, offering ideas and suggestions to make them even better at closing the sale.

### 3. Onsite Assessment & Workshop

**Day 1:** Travel to the area and see the activities, shopping, and dining available during the evening. Seventy percent of consumer spending happens after 6:00 p.m., so this is an important element of the assessment process.

The Balsams Grand Resort  
Dixville Notch, New Hampshire

**Day 2:** Roger “secret shops” the community, applying the 60 ingredients (see page 11) to his review. He starts approximately ten miles from town, gradually narrowing the focus to key spending districts and amenities, taking nearly 200 photographs along the way. This progression reveals your community through the eyes of a first-time visitor – honest and objective – whether as an investment opportunity, a place to move a business, live or visit. Roger begins processing the photos that evening.

**Day 3:** It takes about eight hours to put together the Assessment Findings & Suggestions Workshop. Roger spends the day building the presentation to showcase low-cost ideas, solutions, and things you can do today to make a difference tomorrow. Always fun, entertaining and informative, the two-and-a-half hour workshop explains how to become an even stronger destination. It can take place this evening or the following morning.

#### **4. Deliverables and Assessment Report**

Roger Brooks International will provide a comprehensive Assessment Findings & Suggestions Report which includes six printed and bound copies, plus the report in PDF form for printing additional copies.

Halifax, Nova Scotia

## About Roger Brooks

*"I've been attending this conference every year for nearly 40 years and I've never seen as good a speaker as you. That was fantastic!"*

- Travel industry professor at the University of Wisconsin talking to Roger Brooks

There are very few change-agents on the planet who have motivated more people in more places than Roger Brooks has in the travel industry. Over the past 30 years Roger has helped thousands of people transform ordinary places, businesses, and attractions into incredibly successful destinations.

One of the most recognized and frequently quoted experts in the travel industry, Roger inspires and empowers audiences around the world to achieve their highest aspirations. He is extraordinarily dynamic. He's also very

funny, combining humorous video clips and fascinating real-life stories, while providing steps, rules and ingredients – bottom line solutions – that every audience member can implement today to make a positive difference tomorrow.

Roger began his career in the concert industry providing tour management services for international recording artists including The Eagles, Fleetwood Mac, Chicago, Earth Wind and Fire, and others, culminating in the famous Saturday Night Fever Tour with the Bee Gees.

From there he spent ten years assisting in the development and marketing of acclaimed destination resorts including Whistler Resort in British Columbia; Harbour Town on Hilton Head Island, South Carolina; Sunriver Resort in Central Oregon, and several others.

Roger has since worked with nearly a thousand communities, as well as many states, provinces, national parks, and countries in their branding, product development and marketing efforts. And beyond the public sector, Roger has worked with trade associations and businesses in the lodging, retail, and restaurant industries as well as attractions, tour operators and providers, marketing agencies, and the travel media. He is the go-to expert for anyone with ties to the travel industry or in downtown development where most travel spending takes place.

A board member of the U.S. Travel Association and author of the popular book "Your Town: A Destination – The 25 Immutable Rules of Successful Tourism," Roger has become one of the world's most popular keynote speakers and authorities in the travel industry.

There is simply no one who can get an audience pumped up and excited about making something happen as well as Roger. It's not surprising his personal motto is Ralph Waldo Emerson's statement: "Nothing great was ever achieved without enthusiasm." His enthusiasm is contagious, so let Roger empower your audience to reach new heights.

Remove and replace the exterior concrete entrance steps and plaza at the Woodbury County Law Enforcement Center.

§ 1.2 The Owner and Architect may rely on the Initial Information. Both parties, however, recognize that such information may materially change and, in that event, the Owner and the Architect shall appropriately adjust the schedule, the Architect's services and the Architect's compensation.

### ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

The Architect shall provide the professional services set forth in this Agreement consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

### ARTICLE 3 SCOPE OF ARCHITECT'S BASIC SERVICES

§ 3.1 The Architect's Basic Services consist of those described in Article 3 and include usual and customary structural, mechanical, and electrical engineering services.

§ 3.1.1 The Architect shall be entitled to rely on (1) the accuracy and completeness of the information furnished by the Owner and (2) the Owner's approvals. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware of any error, omission or inconsistency in such services or information.

§ 3.1.2 As soon as practicable after the date of this Agreement, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by the Architect or Owner. With the Owner's

approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.3 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

### § 3.2 DESIGN PHASE SERVICES

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect's services.

§ 3.2.2 The Architect shall discuss with the Owner the Owner's program, schedule, budget for the Cost of the Work, Project site, and alternative approaches to design and construction of the Project, including the feasibility of incorporating environmentally responsible design approaches. The Architect shall reach an understanding with the Owner regarding the Project requirements.

§ 3.2.3 The Architect shall consider the relative value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics in developing a design for the Project that is consistent with the Owner's schedule and budget for the Cost of the Work.

§ 3.2.4 Based on the Project requirements, the Architect shall prepare Design Documents for the Owner's approval consisting of drawings and other documents appropriate for the Project and the Architect shall prepare and submit to the Owner a preliminary estimate of the Cost of the Work.

§ 3.2.5 The Architect shall submit to the Owner an estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.2.6 The Architect shall submit the Design Documents to the Owner, and request the Owner's approval.

### § 3.3 CONSTRUCTION DOCUMENTS PHASE SERVICES

§ 3.3.1 Based on the Owner's approval of the Design Documents, the Architect shall prepare for the Owner's approval Construction Documents consisting of Drawings and Specifications setting forth in detail the requirements for the construction of the Work. The Owner and Architect acknowledge that in order to construct the Work the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.4.4.

§ 3.3.2 The Architect shall incorporate into the Construction Documents the design requirements of governmental authorities having jurisdiction over the Project.

§ 3.3.3 The Architect shall update the estimate for the Cost of the Work.

§ 3.3.4 The Architect shall submit the Construction Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, take any action required under Section 6.5, and request the Owner's approval.

§ 3.3.5 The Architect, following the Owner's approval of the Construction Documents and of the latest preliminary estimate of Construction Cost, shall assist the Owner in awarding and preparing contracts for construction.

### § 3.4 CONSTRUCTION PHASE SERVICES

#### § 3.4.1 GENERAL

§ 3.4.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A107™-2007, Standard Form of Agreement Between Owner and Contractor for a Project of Limited Scope. If the Owner and Contractor modify AIA Document A107-2007, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.4.1.2 The Architect shall advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the

Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.4.1.3 Subject to Section 4.2, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date the Architect issues the final Certificate for Payment.

#### § 3.4.2 EVALUATIONS OF THE WORK

§ 3.4.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.1, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site observations to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and report to the Owner (1) known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor, and (2) defects and deficiencies observed in the Work.

§ 3.4.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents and has the authority to require inspection or testing of the Work.

§ 3.4.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.4.2.4 When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 3.4.2.5 The Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

#### § 3.4.3 CERTIFICATES FOR PAYMENT TO CONTRACTOR

§ 3.4.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.4.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated and that the quality of the Work is in accordance with the Contract Documents.

§ 3.4.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and material suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

#### § 3.4.4 SUBMITTALS

§ 3.4.4.1 The Architect shall review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures.

§ 3.4.4.2 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials or equipment, the Architect shall specify the

appropriate performance and design criteria that such services must satisfy. The Architect shall review shop Drawings and other submittals related to the Work designed or certified by the design professional retained by the Contractor that bear such professional's seal and signature when submitted to the Architect. The Architect shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals.

§ 3.4.4.3 The Architect shall review and respond to written requests for information about the Contract Documents. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness.

#### § 3.4.5 CHANGES IN THE WORK

The Architect may authorize minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to the provisions of Section 4.2.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

#### § 3.4.6 PROJECT COMPLETION

The Architect shall conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion; receive from the Contractor and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and assembled by the Contractor; and issue a final Certificate for Payment based upon a final inspection indicating the Work complies with the requirements of the Contract Documents.

### ARTICLE 4 ADDITIONAL SERVICES

§ 4.1 Additional Services are not included in Basic Services but may be required for the Project. Such Additional Services may include programming, budget analysis, financial feasibility studies, site analysis and selection, environmental studies, civil engineering, landscape design, telecommunications/data, security, measured drawings of existing conditions, coordination of separate contractors or independent consultants, coordination of construction or project managers, detailed cost estimates, on-site project representation beyond requirements of Section 4.2.1, value analysis, quantity surveys, interior architectural design, planning of tenant or rental spaces, inventories of materials or equipment, preparation of record drawings, commissioning, environmentally responsible design beyond Basic Services, LEED® Certification, fast-track design services, and any other services not otherwise included in this Agreement.

*(Insert a description of each Additional Service the Architect shall provide, if not further described in an exhibit attached to this document.)*

§ 4.2 Additional Services may be provided after execution of this Agreement, without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3.

§ 4.2.1 The Architect has included in Basic Services Four ( 4 ) site visits over the duration of the Project during construction. The Architect shall conduct site visits in excess of that amount as an Additional Service.

§ 4.2.2 The Architect shall review and evaluate Contractor's proposals, and if necessary, prepare Drawings, Specifications and other documentation and data, and provide any other services made necessary by Change Orders and Construction Change Directives prepared by the Architect as an Additional Service.

§ 4.2.3 If the services covered by this Agreement have not been completed within twelve ( 12 ) months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

### ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner

regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner's objectives, schedule, constraints and criteria, including space requirements and relationships, flexibility, expandability, special equipment, systems and site requirements. Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of or enforce lien rights.

§ 5.2 The Owner shall establish and periodically update the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, a written legal description of the site, and services of geotechnical engineers or other consultants when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project.

§ 5.4 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall require that its consultants maintain professional liability insurance as appropriate to the services provided.

§ 5.5 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.6 The Owner shall furnish all legal, insurance and accounting services, including auditing services that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.7 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.8 The Owner shall endeavor to communicate with the Contractor through the Architect about matters arising out of or relating to the Contract Documents.

§ 5.9 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

## ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work does not include the compensation of the Architect, the costs of the land, rights-of-way, financing, contingencies for changes in the Work or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and may be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work or from any estimate of the Cost of the Work or evaluation prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding and price escalation; to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents, to make reasonable adjustments in the program and scope of the Project and to include in the Contract Documents alternate bids as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget for the Cost of the Work. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner

requests detailed cost estimating services, the Architect shall provide such services as an Additional Service under Article 4.

§ 6.4 If the bidding has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, through no fault of the Architect, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's current budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect, without additional compensation, shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. The Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

## ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project. If the Owner and Architect intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 Upon execution of this Agreement, the Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations, including prompt payment of all sums when due, under this Agreement. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining author of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

## ARTICLE 8 CLAIMS AND DISPUTES

### § 8.1 GENERAL

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to this Agreement in accordance with the requirements of the method of binding dispute resolution selected in this Agreement within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A107-2007, Standard Form of Agreement Between Owner and Contractor for a Project of Limited Scope. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents and employees of any of them similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.6.

### § 8.2 MEDIATION

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 Mediation, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.3 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

*(Check the appropriate box. If the Owner and Architect do not select a method of binding dispute resolution below, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.)*

- Arbitration pursuant to Section 8.3 of this Agreement
- Litigation in a court of competent jurisdiction
- Other *(Specify)*

### § 8.3 ARBITRATION

§ 8.3.1 If the parties have selected arbitration as the method for binding dispute resolution in this Agreement any claim, dispute or other matter in question arising out of or related to this Agreement subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement.

§ 8.3.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the claim, dispute or other matter in question.

§ 8.3.2 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.

§ 8.3.3 The award rendered by the arbitrator(s) shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

#### § 8.3.4 CONSOLIDATION OR JOINDER

§ 8.3.4.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 8.3.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 8.3.4.3 The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section 8.3, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Architect under this Agreement.

#### ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Architect shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 In the event of termination not the fault of the Architect, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due and all Termination Expenses as defined in Section 9.7.

§ 9.7 Termination Expenses are in addition to compensation for the Architect's services and include expenses directly attributable to termination for which the Architect is not otherwise compensated, plus an amount for the Architect's anticipated profit on the value of the services not performed by the Architect.

#### ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, except that if the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8.3.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A107-2007, Standard Form of Agreement Between Owner and Contractor for a Project of Limited Scope.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement.

§ 10.4 If the Owner requests the Architect to execute certificates or consents, the proposed language of such certificates or consents shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Owner or Architect.

§ 10.6 The Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of or exposure of persons to hazardous materials or toxic substances in any form at the Project site.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. However, the Architect's materials shall not include information the Owner has identified in writing as confidential or proprietary.

#### ARTICLE 11 COMPENSATION

§ 11.1 For the Architect's Basic Services as described under Article 3, the Owner shall compensate the Architect as follows:

*(Insert amount of, or basis for, compensation.)*

At normal hourly rates with a maximum of \$22,500 plus reimbursable expenses. See attached schedule of hourly rates.

§ 11.2 For Additional Services designated in Section 4.1, the Owner shall compensate the Architect as follows:

*(Insert amount of, or basis for, compensation. If necessary, list specific services to which particular methods of compensation apply.)*

At the Architect's normal hourly rates. A copy of which is attached hereto.

§ 11.3 For Additional Services that may arise during the course of the Project, including those under Section 4.2, the Owner shall compensate the Architect as follows:

*(Insert amount of, or basis for, compensation.)*

At the Architect's normal hourly rates. A copy of which is attached hereto.

§ 11.4 Compensation for Additional Services of the Architect's consultants when not included in Section 11.2 or 11.3, shall be the amount invoiced to the Architect plus **Fifteen** percent ( **15** %), or as otherwise stated below:

§ 11.5 Where compensation for Basic Services is based on a stipulated sum or percentage of the Cost of the Work, the compensation for each phase of services shall be as follows:

Design Development Phase:	percent (	%)
Construction Documents Phase:	percent (	%)
Construction Phase:	percent (	%)
Total Basic Compensation	one hundred percent (	100.00%)

§ 11.6 When compensation is based on a percentage of the Cost of the Work and any portions of the Project are deleted or otherwise not constructed, compensation for those portions of the Project shall be payable to the extent services are performed on those portions, in accordance with the schedule set forth in Section 11.5 based on (1) the lowest bona fide bid or negotiated proposal, or (2) if no such bid or proposal is received, the most recent estimate of the Cost of the Work for such portions of the Project. The Architect shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.

§ 11.7 The hourly billing rates for services of the Architect and the Architect's consultants, if any, are set forth below. The rates shall be adjusted in accordance with the Architect's and Architect's consultants' normal review practices.

*(If applicable, attach an exhibit of hourly billing rates or insert them below.)*

See attached

Update the equipment and controls for the two passenger elevators at the Woodbury County Courthouse. Coordinate this update with the state of Iowa Historical Architects.

§ 1.2 The Owner and Architect may rely on the Initial Information. Both parties, however, recognize that such information may materially change and, in that event, the Owner and the Architect shall appropriately adjust the schedule, the Architect's services and the Architect's compensation.

### ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

The Architect shall provide the professional services set forth in this Agreement consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

### ARTICLE 3 SCOPE OF ARCHITECT'S BASIC SERVICES

§ 3.1 The Architect's Basic Services consist of those described in Article 3 and include usual and customary structural, mechanical, and electrical engineering services.

§ 3.1.1 The Architect shall be entitled to rely on (1) the accuracy and completeness of the information furnished by the Owner and (2) the Owner's approvals. The Architect shall provide prompt written notice to the Owner if the Architect becomes aware of any error, omission or inconsistency in such services or information.

§ 3.1.2 As soon as practicable after the date of this Agreement, the Architect shall submit for the Owner's approval a schedule for the performance of the Architect's services. Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by the Architect or Owner. With the Owner's

approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

§ 3.1.3 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.

### § 3.2 DESIGN PHASE SERVICES

§ 3.2.1 The Architect shall review the program and other information furnished by the Owner, and shall review laws, codes, and regulations applicable to the Architect's services.

§ 3.2.2 The Architect shall discuss with the Owner the Owner's program, schedule, budget for the Cost of the Work, Project site, and alternative approaches to design and construction of the Project, including the feasibility of incorporating environmentally responsible design approaches. The Architect shall reach an understanding with the Owner regarding the Project requirements.

§ 3.2.3 The Architect shall consider the relative value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics in developing a design for the Project that is consistent with the Owner's schedule and budget for the Cost of the Work.

§ 3.2.4 Based on the Project requirements, the Architect shall prepare Design Documents for the Owner's approval consisting of drawings and other documents appropriate for the Project and the Architect shall prepare and submit to the Owner a preliminary estimate of the Cost of the Work.

§ 3.2.5 The Architect shall submit to the Owner an estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.2.6 The Architect shall submit the Design Documents to the Owner, and request the Owner's approval.

### § 3.3 CONSTRUCTION DOCUMENTS PHASE SERVICES

§ 3.3.1 Based on the Owner's approval of the Design Documents, the Architect shall prepare for the Owner's approval Construction Documents consisting of Drawings and Specifications setting forth in detail the requirements for the construction of the Work. The Owner and Architect acknowledge that in order to construct the Work the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.4.4.

§ 3.3.2 The Architect shall incorporate into the Construction Documents the design requirements of governmental authorities having jurisdiction over the Project.

§ 3.3.3 The Architect shall update the estimate for the Cost of the Work.

§ 3.3.4 The Architect shall submit the Construction Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, take any action required under Section 6.5, and request the Owner's approval.

§ 3.3.5 The Architect, following the Owner's approval of the Construction Documents and of the latest preliminary estimate of Construction Cost, shall assist the Owner in awarding and preparing contracts for construction.

### § 3.4 CONSTRUCTION PHASE SERVICES

#### § 3.4.1 GENERAL

§ 3.4.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A107™-2007, Standard Form of Agreement Between Owner and Contractor for a Project of Limited Scope. If the Owner and Contractor modify AIA Document A107-2007, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.4.1.2 The Architect shall advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the

Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.4.1.3 Subject to Section 4.2, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date the Architect issues the final Certificate for Payment.

#### § 3.4.2 EVALUATIONS OF THE WORK

§ 3.4.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.1, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site observations to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and report to the Owner (1) known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor, and (2) defects and deficiencies observed in the Work.

§ 3.4.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents and has the authority to require inspection or testing of the Work.

§ 3.4.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.4.2.4 When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith.

§ 3.4.2.5 The Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

#### § 3.4.3 CERTIFICATES FOR PAYMENT TO CONTRACTOR

§ 3.4.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.4.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated and that the quality of the Work is in accordance with the Contract Documents.

§ 3.4.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and material suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

#### § 3.4.4 SUBMITTALS

§ 3.4.4.1 The Architect shall review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures.

§ 3.4.4.2 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials or equipment, the Architect shall specify the

appropriate performance and design criteria that such services must satisfy. The Architect shall review shop Drawings and other submittals related to the Work designed or certified by the design professional retained by the Contractor that bear such professional's seal and signature when submitted to the Architect. The Architect shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications and approvals performed or provided by such design professionals.

§ 3.4.4.3 The Architect shall review and respond to written requests for information about the Contract Documents. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness.

#### § 3.4.5 CHANGES IN THE WORK

The Architect may authorize minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to the provisions of Section 4.2.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

#### § 3.4.6 PROJECT COMPLETION

The Architect shall conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion; receive from the Contractor and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and assembled by the Contractor; and issue a final Certificate for Payment based upon a final inspection indicating the Work complies with the requirements of the Contract Documents.

### ARTICLE 4 ADDITIONAL SERVICES

§ 4.1 Additional Services are not included in Basic Services but may be required for the Project. Such Additional Services may include programming, budget analysis, financial feasibility studies, site analysis and selection, environmental studies, civil engineering, landscape design, telecommunications/data, security, measured drawings of existing conditions, coordination of separate contractors or independent consultants, coordination of construction or project managers, detailed cost estimates, on-site project representation beyond requirements of Section 4.2.1, value analysis, quantity surveys, interior architectural design, planning of tenant or rental spaces, inventories of materials or equipment, preparation of record drawings, commissioning, environmentally responsible design beyond Basic Services, LEED® Certification, fast-track design services, and any other services not otherwise included in this Agreement.

*(Insert a description of each Additional Service the Architect shall provide, if not further described in an exhibit attached to this document.)*

§ 4.2 Additional Services may be provided after execution of this Agreement, without invalidating the Agreement. Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3.

§ 4.2.1 The Architect has included in Basic Services Four ( 4 ) site visits over the duration of the Project during construction. The Architect shall conduct site visits in excess of that amount as an Additional Service.

§ 4.2.2 The Architect shall review and evaluate Contractor's proposals, and if necessary, prepare Drawings, Specifications and other documentation and data, and provide any other services made necessary by Change Orders and Construction Change Directives prepared by the Architect as an Additional Service.

§ 4.2.3 If the services covered by this Agreement have not been completed within Twelve ( 12 ) months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

### ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner

regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner's objectives, schedule, constraints and criteria, including space requirements and relationships, flexibility, expandability, special equipment, systems and site requirements. Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of or enforce lien rights.

§ 5.2 The Owner shall establish and periodically update the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, a written legal description of the site, and services of geotechnical engineers or other consultants when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project.

§ 5.4 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall require that its consultants maintain professional liability insurance as appropriate to the services provided.

§ 5.5 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.6 The Owner shall furnish all legal, insurance and accounting services, including auditing services that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.7 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.8 The Owner shall endeavor to communicate with the Contractor through the Architect about matters arising out of or relating to the Contract Documents.

§ 5.9 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

## ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work does not include the compensation of the Architect, the costs of the land, rights-of-way, financing, contingencies for changes in the Work or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and may be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work or from any estimate of the Cost of the Work or evaluation prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding and price escalation; to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents, to make reasonable adjustments in the program and scope of the Project and to include in the Contract Documents alternate bids as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget for the Cost of the Work. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner

requests detailed cost estimating services, the Architect shall provide such services as an Additional Service under Article 4.

§ 6.4 If the bidding has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, through no fault of the Architect, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's current budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect, without additional compensation, shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. The Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

#### ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project. If the Owner and Architect intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 Upon execution of this Agreement, the Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations, including prompt payment of all sums when due, under this Agreement. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining author of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

## ARTICLE 8 CLAIMS AND DISPUTES

### § 8.1 GENERAL

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to this Agreement in accordance with the requirements of the method of binding dispute resolution selected in this Agreement within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A107-2007, Standard Form of Agreement Between Owner and Contractor for a Project of Limited Scope. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents and employees of any of them similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.6.

### § 8.2 MEDIATION

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 Mediation, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.3 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

*(Check the appropriate box. If the Owner and Architect do not select a method of binding dispute resolution below, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.)*

- Arbitration pursuant to Section 8.3 of this Agreement
- Litigation in a court of competent jurisdiction
- Other *(Specify)*

### § 8.3 ARBITRATION

§ 8.3.1 If the parties have selected arbitration as the method for binding dispute resolution in this Agreement any claim, dispute or other matter in question arising out of or related to this Agreement subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement.

§ 8.3.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the claim, dispute or other matter in question would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the claim, dispute or other matter in question.

§ 8.3.2 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to this Agreement shall be specifically enforceable in accordance with applicable law in any court having jurisdiction thereof.

§ 8.3.3 The award rendered by the arbitrator(s) shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

#### § 8.3.4 CONSOLIDATION OR JOINDER

§ 8.3.4.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 8.3.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 8.3.4.3 The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section 8.3, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Architect under this Agreement.

#### ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Architect shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

**WORDING FOR AGENDA TIME:**

Informational discussion on the placement of a contaminant mitigation shed behind the Law Enforcement Center for removal of soil and water pollutant from beneath and near the LEC.

**EXECUTIVE SUMMARY:**

A meeting is scheduled with DNR, Cunningham Lindsay, and the contractor for August 27, 2015. Final plans should be approved at that time for the mitigation process. The purpose is to rid the soil and ground water of enough contaminant so that it no longer poses potential for harm. If the plan is approved the shed and needed equipment would occupy the two parking stalls in the northwest corner of the LEC. The sidewalk on the west side of the LEC would be torn up for 1 to 2 weeks for piping to be placed under the sidewalk that would carry the recovered pollutant from the southwest corner of the LEC to the mitigation shed in the northwest corner of the LEC parking lot. While the sidewalk is open to bury the needed piping an optic fiber tube will be placed to create needed IT redundancy for the LEC. The projected start date is August 31, 2015 with the loss of the parking spaces in late September or October. For 1 to 2 weeks at the beginning of the project foot traffic will be routed from the east side of Douglas between 7<sup>th</sup> and 8<sup>th</sup> to the west side of Douglas. The west entrance to the LEC would be closed during most, if not all, of the time they are working on the sidewalk. The hope is for all the sidewalk work to be completed in 7 working days or less.

**BACKGROUND:**

LEC is built on the site of multiple old Gas Stations including the Dividend station. There has been detection of contaminant in the soil and identified air quality issues in the LEC. DNR is monitoring the situation. DNR required the placement of an air detection system paired with an air exchange system to ensure the proper exhaust of contaminated air and intake of fresh air. Monitoring wells were placed in and around the building to detect soil contaminant. Continuous monitoring has been done for approximately 20 years.

**FINANCIAL IMPACT:**

The DNR will be responsible for the financial impact on the project.

**RECOMMENDATION:**

Information and discussion.

**ACTION REQUIRED/PROPOSED MOTION:**

Information and discussion.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) is entered into this \_\_\_ day of July, 2015 by and among Woodbury County, the Woodbury County Sheriff's Department ("the Department"), and Communications Workers of America, AFL-CIO, Correctional Officers – CWA 7177 ("CWA 7177") in order to memorialize the understanding of the parties with respect to the use of part-time correctional officers ("COs") within the Woodbury County Jail Division ("Jail Division"). This MOU shall be effective from July 1, 2015 until terminated upon mutual agreement of the parties or by any party at any time, with or without cause, upon thirty (30) days advance written notice to the other parties. The parties agree that they will review the terms and conditions of this MOU every six (6) months in order to assess whether it continues to reflect the shared objectives of the parties.

During the term of this MOU, the parties agree to work cooperatively to increase staffing levels within the Jail Division as economically as possible through the utilization of part-time COs, with the understanding that all such staffing increases will be budget-neutral and will not result in a request for an increase in the Department's budget. The parties agree that all available work will first be offered to full-time COs and Sheriff's Deputies through CWA before part-time COs are utilized.

The parties agree that part-time COs will not be subject to the terms of the current contract between Woodbury County and CWA 7177. Accordingly, part-time COs will be paid at the rate of fifteen dollars (\$15.00) per hour; will not be eligible or entitled to receive benefits; will not be required to receive or maintain the same or comparable training and certification required of and/or afforded to full-time CWA 7177 members; and will not exceed twenty-four (24) hours of work in a forty (40) hour work period. The specific tasks assigned to part-time COs will be determined by the lieutenant and sergeant on duty and will reflect the training and experience of the part-time CO assigned to perform said tasks. CWA expressly acknowledges and agrees that the use of part-time COs to provide correctional services to the Jail Division on the terms set forth in this MOU is not a Prohibited Practice in violation of the terms of the contract between Woodbury County and CWA 7177 while under this agreement.

It is understood and agreed by the parties that the use of part-time COs is a short term approach intended to alleviate current staffing concerns. Woodbury County and the Department agree that they will work in good faith to maintain appropriate CO staffing levels within the Jail Division and CWA 7177 agrees that it will work in good faith to decrease the use of overtime and sick time by full-time COs.

<b>Consideration X</b>		

**WORDING FOR AGENDA ITEM:** Consideration of reapproval of the plans for project number ER-CO97(124)-58-97, repairs to storm damaged areas on various federal aid county highways.

**EXECUTIVE SUMMARY:** This project is for repairs to county routes D38, D54, and K64 that were damaged during storms which occurred between June 15-18, 2014. The engineer's office has been working with FHWA to recover funds to pay for repairs to these routes. This is the second project being let to repair damage from that storm. Plans were originally approved in October 2014, but the project was delayed by completion of the necessary environmental and historic surveys. The original plan sheet required updating and reauthorization to reflect changes in membership of the Board of Supervisors, updated specifications, and the county engineer's license renewal.

**BACKGROUND:** The sites addressed by this project required additional right of way acquisition prior to conducting repairs. The first project was at sites that could be repaired within the existing right of way. This project is to repair sites that required additional right of way to be purchased to accommodate permanent repairs to each location. Prior to right of way acquisition, the county was required to perform archaeological and environmental reviews of each location and submit reports on each site to FHWA and other agencies for review and approval. Our final approvals were received July 12, 2015. The county engineer has obtained permission to let this project locally to get the work under contract for completion prior to the onset of winter.

**FINANCIAL IMPACT:** This project is funded with FHWA ER (Emergency Relief) funds designated for repair of federal aid routes in counties declared as disaster areas. FHWA will reimburse the county 85% of the cost of the project. The remaining 15% will be paid by the secondary road fund.

**RECOMMENDATION:** Recommend that the Board approve the plans for letting.

**ACTION REQUIRED/MOTION PROPOSED:** Motion to reapprove the construction plans for project number ER-CO97(124)-58-97

**Consideration X**

**WORDING FOR AGENDA ITEM:** Consideration of approval of the plans for project number L-C(N48)--73-97, Precast Concrete Box Culvert replacement of an existing structure.

**EXECUTIVE SUMMARY:** This project is funded increased funding from the new \$0.10 fuel tax. The project is to replace an existing timber structure with a new 10' x 5' precast concrete box culvert on 240<sup>th</sup> Street south of Anthon. This is a dead end road and the precast box allows for a quicker replacement of the existing structure. The existing bridge has two piling on the east abutment that failed this spring resulting in load restrictions on the bridge. Since it is a dead end road, the property owner has no other access alternatives to reach their property.

**BACKGROUND:** This project is part of our five year construction program. It is a project added to the accomplishment year due to the rapid deterioration of the existing structure. It is being paid for with secondary road funds. No changes in the planned 2016 program were needed to add this structure to the program thanks to the increased road use tax fund receipts from the new \$0.10 fuel tax increase.

**FINANCIAL IMPACT:** This project is funded from within the secondary road budget culvert construction item of our budget. It is a budgeted project.

**RECOMMENDATION:** Recommend that the Board approve the plans for letting.

**ACTION REQUIRED/MOTION PROPOSED:** Motion to approve the construction plans for project number L-C(N48)--73-97

Permit Provisions and Conditions of Issuance

1. The County and/or the County Board of Supervisors will not be charged with any responsibility for damages to the Applicant's property occasioned by any construction or maintenance operations on said county roads, including new or additional right-of-way acquired in connection therewith, subsequent to the building of the Applicant's facilities. The Board will endeavor to give the Applicant sufficient notice of any proposed construction or maintenance work, on either existing or newly acquired right-of-way that is likely to expose, cover up, or disturb any facilities belonging to the Applicant, in order that the Applicant may arrange to protect the facilities. The Board will inform contractors, and others working on the job of the location of the facilities so that reasonable care may be taken to avoid damaging the facilities, however the County and the Board of Supervisors will assume no responsibility for failure to give such notice.

2. The Applicant shall take all reasonable precaution during the construction of said facilities to protect and safeguard the lives and property of the adjacent property owners and the traveling public and shall save the County and the Board of Supervisors harmless of any damages or losses that may be sustained by adjacent property owners and the traveling public on account of such construction operations.
3. Operations in the construction and maintenance of said facilities shall be carried on in such a way as to not interfere with, or interrupt traffic on said roads. However, should the performance of work called for in this permit in any way interfere with or obstruct traffic on said roads, the Applicant shall provide the necessary flagmen as required by the Statutes when one-way traffic is involved and/or otherwise mark said work so as to protect the traveling public.
4. The Applicant shall hold the County and the Board of Supervisors harmless from any damages that may result to said highway because of the construction or maintenance of said facilities and shall reimburse the County or the Board of Supervisors for any expenditures that the County or the Board of Supervisors may have to make on said roads on account of replacement of surfacing gravel and bridge and culvert repairs.
5. Applicant shall lay, construct, operate and maintain said facilities so as not to interfere with natural drainage of the road and so as not to interfere with the construction or maintenance of said roads. When buried cable or wire lines are to be placed lengthwise with the roadway, they shall be placed in the County road shoulder or ditch near the toe of the fore-slope and parallel to centerline of roadbed at a depth of three (3) to four (4) feet by using specially designed plows or by trenching, whichever is appropriate. Plow slots and trenches shall be repacked as necessary to restore the disturbed area to its original condition. For buried line crossings of roadways not paved, an open trench may be dug and the lines placed therein, and the trench back-filled over the lines. Buried line crossings on paved roadways, lines may be placed through the sub-grade by jacking, or by boring a hole just large enough to take the lines; or if the County Engineer approves, a tunnel may be dug through and the cable or wire lines placed therein. All backfill of tunnels and trenches shall be thoroughly compacted in layers of 6" or less in depth. Back-filling of trenches within the right-of-way by not under the traveled roadway shall be tamped sufficiently to avoid settlement. When crossing an existing roadway, all buried facilities shall be placed a minimum of three (3) to four (4) below the bottom of the existing adjacent ditches. Overhead lines, where practical, shall be placed adjacent to and with two (2) feet of the Road/Highway Right-of-Way Line.
6. The Applicant will at any time subsequent to placing the facilities, and at the Applicant's expense, relay, replace, alter, change, reconstruct, or relocate its overhead and/or buried facilities and appurtenances thereto as may become necessary to conform to new grades, alignment, or widening right-of-way, resulting from maintenance or construction operations by the County Board of Supervisors irrespective of whether or not additional right-of-way is acquired in connection with such road improvements. The Applicant agrees to do this within ninety (90) days written notice from the Board of Supervisors, and without cost to the County. If the Applicant is unable to comply within said ninety (90) days, the Board of Supervisors may cause the work to be done and the Applicant will pay the cost thereof upon receipt of statement.
7. All work shall be done in a workmanlike manner; the surrounding ground, slopes, and ditch bottoms shall be reshaped to conform to the area and left in a neat condition satisfactory to the County Engineer. All areas where sod has been damaged or destroyed shall be re-seeded.
8. The Applicant shall notify the County Board of Supervisors at least forty-eight (48) hours in advance of the Applicant's intention of starting work covered by this permit on the road right-of-way. Said notice shall be in writing to the County Engineer.
9. Applicant, its' successors, grantees and assigns shall and hereby agrees to assume all responsibility, risks and liabilities for all accidents and damages that may occur to persons and/or property on account of the work done under this permit, and to this end, indemnify and hold the County and all authorized representatives thereof harmless from any and all claims, damages, losses, and expense including judgements, costs and including attorney's fees, for personal injuries (including death) or property damage arising or resulting from the activities of the Applicant in connection herewith, now and at all times in the future.
10. It is understood that this permit is issued only insofar as Woodbury County has jurisdiction and does not presume to release the Applicant from fulfilling any existing statutes relating to the installation, construction and operation of said facilities.
11. It is further understood that the facilities covered by this permit shall be constructed or installed within one (1) year after the date of approval of this permit, unless otherwise extended in writing by Woodbury County.
12. Engagement in the operations as herein applied for by the Applicant shall be considered and constitute an acceptance of all the terms and conditions herein set forth.

1. *Failure to Meet Job Obligations by Project Completion Date.* If the Recipient does not meet its Job Obligations as detailed in Exhibit D, Job Obligations, by the Project Completion Date, Recipient shall repay a portion of the direct financial assistance received. The amount to be repaid is calculated based on the number of jobs that are at or above the Qualifying Wage Threshold Requirement. Repayment of any amounts due will be at the rate of \$4,000.00 per unfilled job. This per job rate is calculated as follows: \$76,000 Forgivable Loan Award Amount divided by 19 jobs to be created.

For example, if the Recipient is short by 10 jobs the amount to be repaid is \$4,000.00 per job multiplied by 10, for a total due of \$40,000.00. Penalty interest shall apply as described in paragraph 9.1(e).

Upon repayment of the amount due, IEDA will reduce the Recipient's Employment Base. This reduced Employment Base must be maintained through the Maintenance Period Completion Date.

2. *Job shortfall at Maintenance Period Completion Date.* If the Recipient does not maintain its adjusted Employment Base through the Maintenance Period Completion Date, Recipient shall repay an additional portion of the direct financial assistance received for the number of jobs it failed to maintain. The amount to be repaid will be calculated as described in subsection 1 above.

3. *Less than Total Project Cost at Project Completion Date.* If the Recipient does not complete the Project with a Total Project Cost as stated in Exhibit C, Description of Project and Award Budget, by the Project Completion Date Recipient shall repay a portion of the direct financial assistance received. For example, if the Recipient's required Total Project Cost is 10% less than pledged, 10% of the Award amount received must be repaid (plus 6% interest calculated from the date of first disbursement of Award Funds).

4. *Repayment Amount If Both Shortfall In Job Obligations and Less Than Total Project Cost.* If the Recipient experiences a shortfall in its Job Obligations and the Total Project Cost is less than required, IEDA will calculate the amount owing for the job shortfall and for investment of the Recipient of less than the Total Project Cost. The higher of these two amounts shall be the amount Recipient shall repay to IEDA.

(e) *Default Interest Rate.* If an Event of Default occurs and remains uncured, a default interest rate of 6% shall apply to repayment of amounts due under this Contract. The default interest rate shall accrue from the first date Award Funds are disbursed or Tax Incentives are received.

(f) *Expenses.* The Recipient agrees to pay to the IEDA all expenses reasonably incurred or paid by IEDA including reasonable attorneys' fees and court costs, in connection with any Default or Event of Default by the Recipient or in connection with the enforcement of any of the terms of this Contract.

**9.2 Default by Community.** An unremedied Event of Default can result in termination of this Contract and repayment by Community of all or a portion of the pledged local match, plus applicable default interest and costs.

(a) *Events of Default.* Any one or more of the following shall constitute an "Event of Default by Community" under this Contract:

1. *Noncompliance with Covenants.* Default in the observance or performance of any covenants of the Community set forth in Article 8, for more than five (5) business days; or

2. *Material Misrepresentation.* Any representation or warranty made by the Community in this Contract or in any statement or certificate furnished by it pursuant to this Contract, or made by Community in Exhibit A, Recipient's Financial Assistance Application, or in connection with any of the above, proves untrue in any material respect as of the date of the issuance or making thereof; or

(b) *Notice of Default and Opportunity to Cure.* If IEDA has reasonable cause to believe that an Event of Default has occurred under this Contract, IEDA shall issue a written Notice of Default to the Community, setting forth the nature of the alleged default in reasonable specificity, and providing therein a reasonable period time, which shall not be fewer than thirty (30) days from the date of the Notice of Default, in which the Community shall have an opportunity to cure, provided that cure is possible and feasible.

(c) *Remedies Available to IEDA.* When an Event of Default by Community has occurred and is not cured within the required time period, IEDA may, after written notice to Community:

1. Suspend or reduce pending and future disbursements to Community.

2. Require repayment by Community for the amount of local financial assistance pledged to the Project but not provided.

(d) *Expenses.* The Community agrees to pay to the IEDA all expenses reasonably incurred or paid by IEDA including reasonable attorneys' fees and court costs, in connection with any Default or Event of Default by the Community or in connection with the enforcement of any of the terms of this Contract.

**3.3 Provide Sufficient Benefits.** The Recipient shall provide all employees included as part of the job and wage obligations with Sufficient Benefits.

#### **SECTION 4: ADDITIONAL DEFAULT PROVISIONS**

In addition to the default provisions included in Article 9 of the Contract, the following additional default provisions shall apply:

**4.1 Repayment of Tax Benefits Received - High Quality Jobs Program.** IDR is the state agency responsible for collecting the value of any Tax Benefits received in violation of the terms of this Contract. The Community is the party responsible for collecting the value of the local tax benefits received in violation of this Contract. IEDA will determine if the Recipient has met the terms of this Contract. If there is an unremedied Event of Default, IEDA will provide written notice to IDR and the Community. Calculation of the amount owed may be based on a sliding scale in certain circumstances and may include interest assessed by IDR. Those circumstances are as follows:

(a) *Failure to Meet Job Obligations by Project Completion Date.* If the Recipient does not meet its Job Obligations as detailed in Exhibit D, Job Obligations by the Project Completion Date, Recipient shall repay a percentage of the Tax Benefits it has received. The repayment percentage will be equal to the percentage of jobs short of its Job Obligations.

The percentage to be repaid is calculated based on the number of jobs that are at or above the Qualifying Wage Threshold. For example, if the Recipient meets 90% of its Job Obligations, the amount to be repaid is 10% of the value of Tax Benefits taken (plus any interest assessed by IDR).

Upon repayment of the amount due, IEDA will reduce the Recipient's Employment Base. This reduced employment base must be maintained through the Maintenance Period Completion Date.

(b) *Job shortfall at Maintenance Period Completion Date.* If the Recipient does not maintain its adjusted Employment Base through the Maintenance Period Completion Date, Recipient shall repay an

additional percentage of the Tax Benefits it has received. The repayment percentage will be equal to the percentage of jobs that the Recipient failed to maintain. The amount to be repaid will be calculated as described in subsection (a) above.

(c) *Less than Total Project Cost at Project Completion Date.* If the Recipient does not complete the Project with a Total Project Cost as stated in Exhibit C, Project Description and Award Budget, by the Project Completion Date Recipient shall repay a portion of the Tax Benefits received.

For example, if the Recipient's required Total Project Cost is 10% less than pledged, 10% of the value of the tax benefits received (plus any interest assessed by IDR) must be repaid.

(d) *Repayment Amount If Both Shortfall in Job Obligations and Less Than Total Project Cost.* If the Recipient experiences a shortfall in its Job Obligations and the Total Project Cost is less than required, IEDA will calculate the percentage owing for the job shortfall and for less than the Total Project Cost. The higher of these two amounts shall be the amount Recipient shall repay to IDR.

(e) *Selling, Disposing, or Razing of Property.* If, within five years of purchase, the Recipient sells, disposes of, razes, or otherwise renders unusable all or a part of the land, building, or other existing structures for which an investment tax credit was claimed, the income tax liability of the Recipient for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts plus any interest assessed by IDR:

1. 100% of the tax credit claimed if the property ceases to be approved for the tax credit within one full year after being placed in service.
2. 80% of the tax credit claimed if the property ceases to be approved for the tax credit within two full years after being placed in service.
3. 60% of the tax credit claimed if the property ceases to be approved for the tax credit within three full years after being placed in service.
4. 40% of the tax credit claimed if the property ceases to be approved for the tax credit within four full years after being placed in service.
5. 20% of the tax credit claimed if the property ceases to be approved for the tax credit within five full years after being placed in service.

(f) *Qualifying Investment.* If the Business does not meet its Qualifying Investment requirement as defined in Section 2 of this Exhibit, Recipient shall repay all or a portion of the value of Tax Benefits received. Repayment shall be calculated as follows plus any interest assessed by IDR:

1. If the Recipient has met 50 percent or less of the Qualifying Investment requirement, Recipient shall repay the same percentage in Tax Benefits as the Recipient failed to invest.
2. If the Recipient has met more than 50 percent but not more than 75 percent of the Qualifying Investment requirement, the Recipient shall repay one-half of the percentage in Tax Benefits as the Recipient failed to invest.
3. If the Recipient has met more than 75 percent but not more than 90 percent of the Qualifying Investment requirement, the Recipient shall repay one-quarter of the percentage in benefits as the Recipient failed to invest.

**WORDING FOR AGENDA ITEM:** Approval of a resolution urging the Sioux Rivers Regional MHDS Governance Board to amend recent changes to the 28E agreement forming the region to comport with Iowa law

**EXECUTIVE SUMMARY:** I have drafted this resolution with the assistance of Asst. County Attorney Joshua Widman and with recommendation by Chairman Monson. This concerns a profound issue that deals with representative taxation. Although most parties to this agreement have referenced a "gentleman's agreement" that they would never infringe on a county's right to levy their own taxes, the legal wording of this agreement clearly states to the contrary. The present board of the mental health region cannot obligate future boards to abide by their so-called "gentleman's agreement," therefore Woodbury County must advocate this issue be fixed before that theory can be tested by future boards who may read the legal document as a statement of fact. If approved, this resolution will be presented to the Sioux Rivers MDHS Governance Board.

**BACKGROUND:** This has been an issue since May 2015 and I am certain all alternatives have been exhausted before this step. In the time since Woodbury County accepted the amended agreement, the Woodbury County Attorney's Office and the General Counsel of Iowa State Association of Counties have legitimized my suspicions that the changes to the financing section do not comport with Iowa law.

**FINANCIAL IMPACT:** None short-term, but profound long-term.

**RECOMMENDATION.** Approve the resolution.

**ACTION REQUIRED / PROPOSED MOTION:** "I move to approve the resolution."

*Approved by Board of Supervisors March 3, 2015. Revised May 5, 2015.*

RESOLUTION NO \_\_\_\_\_

**A RESOLUTION URGING THE SIOUX RIVERS REGIONAL MHDS GOVERNANCE BOARD TO AMEND RECENT CHANGES TO THE 28E AGREEMENT FORMING THE REGION TO COMPORT WITH IOWA LAW**

**WHEREAS**, Sioux Rivers Regional Mental Health & Disability Services Governance Board (“Sioux Rivers”) promulgated changes to the 28E agreement between Woodbury, Plymouth, and Sioux counties, including section 7.1 which adds "and said Governing Board shall determine the amount of mental health dollars levied by individual counties on behalf of the Region, up to the state levy cap, on an annual basis"; and

**WHEREAS**, the member counties each approved this change, with a divided vote in Woodbury County May 19, 2015; and

**WHEREAS**, the power to levy a tax is not inherent and must be explicitly granted by the legislature; and

**WHEREAS** the Iowa legislature has not granted regional mental health entities the power to certify or levy a tax. Rather, Iowa Code § 331.424A grants that power to the individual counties (“For each fiscal year, the county shall certify a levy for payment of services.” Iowa Code § 331.424A(6)); and

**WHEREAS** Chapter 24 of the Code of Iowa requires governmental entities that either certify or levy a tax to hold a public hearing and to comply with certain procedural and public notice requirements when setting and adopting a budget;

**WHEREAS** the Sioux Rivers region does not hold a public hearing on its budget or otherwise comply with Chapter 24. The recent changes to the 28E agreement would leave Woodbury County taxpayers without a forum to be heard concerning the amount of the mental health levy or the mental health budget process; and

**WHEREAS**, Woodbury County Supervisor and Sioux Rivers Board member Matthew Ung brought these concerns to the regular, public meeting of Sioux Rivers on May 26, 2015, and Sioux Rivers admitted possible illegality but refused to immediately address the illegality; and

**WHEREAS**, Woodbury County believes that failure to amend the 28E Agreement to comport with Iowa law could jeopardize the ability to levy and collect funds for mental health services;

**NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF WOODBURY COUNTY, IOWA** that the undersigned members of the Board object to setting this precedent that could

later allow counties to set levies in other counties without support from a single elected official of the other county; and

**BE IT FURTHER RESOLVED** that the Woodbury County Board of Supervisors request that the 28E Agreement be amended to comport with Iowa law.

**BE IT SO RESOLVED** this 18th day of August, 2015.

RE: Anthon Meeting

Dear Supervisors and Staff:

Thank you for holding the July 23, 2015 meeting for the Anthon community. We were pleased with the attendance (over 70 people) and questions that were asked. I do however, have some suggestions for future rural community meetings.

I felt our meeting ran to long and that Public Input was somewhat less than may have occurred. With the exception of Sgt Bluff, information on TIF and CF Industries needs to be very brief (5 minutes for each topic). Questions to the County Engineer were good and the answers were informative as this was a topic many rural residents were interested in. Sheriff Drew's comments on 28E agreements were good. David Geisler's information on future economic development and the necessity for communities to be prepared by having a Comprehensive Plan in place was helpful.

Thank you again for coming to Anthon and please feel free to come again anytime.

Respectfully,

Allan Pithan  
Mayor
