1. Rights Granted. Tyler grants to Client the non-exclusive, non-assignable limited right to use the Socrata Open Finance product on a subscription basis according to the terms of this Socrata Agreement and the SLA. Client may access updates and enhancements to the product, as described in Section C(8).
2. SaaS Fees. Client agrees to pay Tyler the SaaS Fees. Those amounts are payable in accordance with Tyler's Invoicing and Payment Policy. The SaaS Fees are based on the number of Monthly Active Users, API usage, Alerts, and the amount of Data Storage required. Client acknowledges that continued access to the SaaS Services is contingent upon your timely payment of SaaS Fees. If you fail to timely pay the SaaS Fees, we may discontinue your access to the SaaS Services. We may also terminate this Socrata Agreement if you don't cure such failure to pay within forty-five (45) days of receiving written notice of our intent to terminate.
3. Ownership.
  - 3.1 Tyler retains all ownership and intellectual property rights to the SaaS Services.
  - 3.2 When Client uploads or provides Client Data to the Socrata SaaS platform, Client grants to Tyler a perpetual non-exclusive, worldwide, royalty-free, sub-licensable, and transferable license to use, reproduce, publicly display, distribute, modify, create derivative works of, and translate the Client Data as needed in response to a Monthly Active User's use of the SaaS Services.
  - 3.3 The SaaS Services provide you with functionality to make all or part of Client Data available to the general public through one or more public facing websites. Client determines which Client Data is shared publicly, and Client is solely responsible for determining the online terms of use and licenses relative to the use by public users ("Public User") of Client Data, and the enforcement thereof. Once an internal user makes Client Data publicly available using the SaaS Services, Tyler has no control over a Public User's use, distribution, or misuse of Client Data. Tyler has no liability or obligation to indemnify for such usage. Users have the ability within the SaaS Services to remove the public permissions applied to Client Data.
  - 3.4 Tyler reserves the right to develop derivative data assets based on Client's publicly available data. These uses might include but aren't necessarily limited to: aggregating and summarizing data; normalizing, standardizing and concatenating data to create new regional or national data assets; and developing key performance indicators and benchmarks.
  - 3.5 While Tyler agrees to never commercially sell data Client makes publicly available, we reserve the right to commercially sell derivative data assets we create based on Client's public data.
  - 3.6 Tyler may develop derivative data assets and insights based on aggregated, anonymized views of Client's internally accessible private data for the purposes of the enhancement of the SaaS Services, aggregated statistical analysis, technical support and other internal business purposes.
  - 3.7 Client retains all ownership and intellectual property rights to the Client Data. Client expressly recognizes that except to the extent necessary to carry out our obligations contained in this Socrata Agreement, Tyler does not create or endorse any data used in connection with the SaaS Services. During the term of the Socrata Agreement, Client may export Client Data as allowed by the functionality within the SaaS Services.
  - 3.8 If Client provides feedback, information, and/or or suggestions about the SaaS Services, or any other services provided hereunder, then Tyler (and those it allows to use its technology) may use such feedback, information, and/or suggestions under a royalty-free, paid-up, and irrevocable license without obligation to Client.
4. Restrictions.

- 4.1 You may not: (a) except as explicitly provided for herein, make the SaaS Services or Documentation resulting from the SaaS Services available in any manner to any third party for use in the third party's business operations; (b) modify, make derivative works of, disassemble, reverse compile, or reverse engineer any part of the SaaS Services; (c) access or use the SaaS Services in order to build or support, and/or assist a third party in building or supporting, products or services competitive to us; (d) license, sell, rent, lease, transfer, assign, distribute, display, host, outsource, disclose, permit timesharing or service bureau use, or otherwise commercially exploit or make the SaaS Services or Documentation available to any third party other than as expressly permitted by this Socrata Agreement; (e) use the SaaS Services to store or transmit infringing, unsolicited marketing emails, libelous, or otherwise objectionable, unlawful or tortious material, or to store or transmit material in violation of third party rights; (f) interfere with or disrupt the integrity or performance of the SaaS Services (including without limitation, vulnerability scanning, penetration testing or other manual or automated simulations of adversarial actions, without Tyler's prior written consent); or (g) attempt to gain unauthorized access to the SaaS Services or its related systems or networks.
- 4.2 Client acknowledges and understands that the Socrata SaaS Services are not designed to serve as the system of record and shall not be used in a manner where the interruption of the SaaS Services could cause personal injury (including death) or property damage. The SaaS Services are not designed to process or store CJIS, PHI or other sensitive data, and by using the Socrata SaaS Services, you acknowledge and agree that you are using the Socrata SaaS Services at your own risk and that you are solely responsible for use of data with the SaaS Services in any manner that is contrary to the uses for which the Socrata SaaS Services are designed and offered for use in this Agreement.
- 4.3 Although we have no obligation to screen, edit or monitor the Client Data or Public User content posted on SaaS Services, if, in our reasonable judgment, we discover your use of the SaaS Services threatens the security, integrity, stability, or availability of the SaaS Services, or is otherwise in violation of this Socrata Agreement, we may temporarily suspend the SaaS Services, or Monthly Active Users' access thereto. Unless Client has conducted penetration testing or unscheduled performance testing, Tyler will use commercially reasonable efforts to provide Client with notice and an opportunity to remedy such violation or threat prior to such suspension. Any penetration testing or unscheduled performance testing conducted by Client will result in immediate suspension of the SaaS Services.
5. Reservation of Rights. The SaaS Services, other services, workflow processes, user interface, designs, and other technologies provided by Tyler pursuant to this Socrata Agreement are the proprietary property of Tyler and its licensors. All right, title and interest in and to such items, including all associated intellectual property rights, remain only with Tyler. Client may not remove or modify any proprietary marking or restrictive legends from items or services provided under this Socrata Agreement. Tyler reserves all rights unless otherwise expressly granted in this Socrata Agreement.
6. Access and Usage by Internal Client Users and Contractors. You may allow your internal users and third party contractors to access the SaaS Services and any technical or policy controls, in compliance with the terms of this Socrata Agreement, which access must be for your sole benefit. You are responsible for the compliance with this Socrata Agreement by your internal users and contractors.
7. Your Responsibilities. Client (a) must keep its passwords secure and confidential; (b) is solely responsible for all activity occurring under its account; (c) must use commercially reasonable efforts to prevent unauthorized access to its account and notify Tyler promptly of any such unauthorized access; (d) may use the SaaS Services only in accordance with the Documentation; and (e) shall comply with all federal, state and local laws, regulations and policies of Client, as to its use of the SaaS Services, Client Data, and instructions to Tyler regarding the same.
8. Client Data Backup. Client is providing Socrata a copy of Client Data. Any laws and regulations governing Client for retention of Client Data remains Client's responsibility. CLIENT IS SOLELY RESPONSIBLE FOR BACKING UP CLIENT DATA unless otherwise specially agreed in writing between Tyler and Client.

9. **Return of Client Data.** Upon request, Tyler will make the SaaS Services available to Client to export Client Data for a period of sixty (60) days following the termination of this Socrata Agreement. After such sixty (60) day period has expired, we have no obligation to maintain Client Data and may destroy the Client Data.
10. **APIs.** Tyler will provide access to the applicable application-programming interface ("API") as part of the SaaS Services under the terms of this Socrata Agreement. Subject to the other terms of this Socrata Agreement, Tyler grants Client a non-exclusive, nontransferable, terminable license to interact only with the SaaS Services as allowed by the current APIs.
  - a. Client may not use the APIs in a manner--as reasonably determined by Tyler--that exceeds the purposes defined in the Investment Summary, constitutes excessive or abusive usage, or fails to comply with any part of the APIs. If any of these occur, Tyler can suspend or terminate Client's access to the APIs on a temporary or permanent basis.
  - b. Tyler may change or remove existing endpoints or fields in API results upon at least 30 days' notice to Client, but Tyler will use commercially reasonable efforts to support the previous version of the APIs for at least 6 months from deprecation notice. Tyler may add new endpoints or fields in API results without prior notice to Client.
  - c. The APIs may be used to connect the SaaS Services to certain hosted or on premise software applications not provided by Tyler ("Non-Tyler Applications"). Client is solely responsible for development, license, access to and support of Non-Tyler Applications, and Client's obligations under this Socrata Agreement are not contingent on access to or availability of any Non-Tyler Application.
  - d. Any open source code provided is provided as a convenience to you. Such open source code is provided AS IS and is governed by the applicable open source license that applies to such code; provided, however, that any such open source licenses will not materially interfere or prohibit Client's limited right to use the SaaS Services for its internal business purposes.
11. **Data Security Measures.** In order to protect your Confidential Information, we will: (a) implement and maintain all reasonable security measures appropriate to the nature of the Confidential Information including without limitation, technical, physical, administrative and organizational controls, and will maintain the confidentiality, security and integrity of such Confidential Information; (b) implement and maintain industry standard systems and procedures for detecting, mitigating, and responding to attacks, intrusions, or other systems failures and regularly test or otherwise monitor the effectiveness of the safeguards' key controls, systems, and procedures; (c) designate an employee or employees to coordinate implementation and maintenance of its Security Measures (as defined below); and (d) identify reasonably foreseeable internal and external risks to the security, availability, confidentiality, and integrity of Confidential Information that could result in the unauthorized disclosure, misuse, alteration, destruction or other compromise of such information, and assess the sufficiency of any safeguards in place to control these risks (collectively, Security Measures). Client acknowledges and agrees that Tyler's obligations with respect to Security Measures is subject to Section B(4.2) above.
12. **Notice of Data Breach.** If Tyler knows that Confidential Information has been accessed, disclosed, or acquired without proper authorization and contrary to the terms of this Socrata Agreement, we will alert Client of any such data breach in accordance with applicable law, and take such actions as may be necessary to preserve forensic evidence and return the SaaS Services to standard operability. If so required, Tyler will provide notice in accordance with applicable federal or State data breach notification laws.
13. **Confidentiality.** Both parties recognize that their respective employees and agents, in the course of performance of this Socrata Agreement, may be exposed to Confidential Information and that disclosure of such

information could violate rights to private individuals and entities, including the parties. Confidential Information is nonpublic information that a reasonable person would believe to be confidential and includes, without limitation, personal identifying information (e.g., Social Security numbers) and trade secrets, each as defined by applicable state law ("Confidential Information"). Each party agrees that it will not disclose any Confidential Information of the other party and further agrees to take all reasonable and appropriate action to prevent such disclosure by its employees or agents. The confidentiality covenants contained herein will survive the termination or cancellation of this Socrata Agreement. This obligation of confidentiality will not apply to information that:

- (a) is in the public domain, either at the time of disclosure or afterwards, except by breach of this Socrata Agreement by a party or its employees or agents;
- (b) a party can establish by reasonable proof was in that party's possession at the time of initial disclosure;
- (c) a party receives from a third party who has a right to disclose it to the receiving party; or
