ATTACHMENT B
General Terms and Conditions of Contract

Information Furnished by Client

- 1.1 Client represents that all information provided to Consultant are true and complete. Client will make available to Consultant all known and suspected information and documentation regarding the existing conditions which affect the work to be performed and will immediately transmit to Consultant any new information or documentation which becomes known or available.
- 1.2 Client will designate a representative to answer questions regarding site conditions and provide guidance at the job site. Consultant may request that the representative be present at the job site during Consultant's fieldwork. If the presence of the representative is required, Consultant will provide Client at least 48 hours prior notice.

Evaluation of Real Property

- 2.1 Client will be responsible for the accuracy of the property lines and markers and be responsible for determining the location of subsurface facilities and utilities on Client's property or the job site.
- 2.2 Client will, at all times, provide for right-of-entry of Consultant's personnel and equipment necessary to complete the field work and be responsible for obtaining approvals, authorizations, and permits.
- 2.3 If Client is not the owner of the job site or other property where the fieldwork is performed, Consultant will assist Client in obtaining approval and authorizations to access properties and perform the work; however, ultimate responsibility for obtaining approvals, authorizations, and permits remains the responsibility of the Client.
- 2.4 ~~While~~ Consultant will take reasonable precautions to minimize damage to property, Client understands that in the normal course of work some damage may occur. Consultant shall repair any damage to Client's property or the job site at its own cost and expense.
- 2.5 If Consultant's fieldwork requires subsurface investigation conducted by non-manual equipment, Consultant will contact Iowa One Call to determine the location of public utilities.
- 2.6 If Client or Client's contractors perform subsurface investigation or excavation and Consultant's role is observational or advisory, Client or Client's contractors will contact Iowa One Call.
- 2.7 Evaluation or assessments of property under Risk Based Corrective Action (RBCA) rules requires source area sampling. Client will approve all source area sampling locations. Consultant will determine all approved locations are free of subsurface facilities or utilities.
- 2.8 Consultant will take reasonable precautions to avoid damage or injury to subsurface facilities or utilities, ~~Client agrees to indemnify and hold Consultant harmless from and against all liabilities, claims, actions, damages, injuries, and costs arising out of damage to subsurface facilities or utilities.~~ 
- 2.9 Client is responsible for informing Consultant of all known or suspected hazardous or potentially hazardous materials or conditions which are present at the job site or in samples submitted to Consultant.

Insurance

Consultant will maintain Commercial General Liability Insurance and Workers Compensation and Employers' Liability Insurance for the duration of the project. All workers not employed by a subcontractor and directly supervised and paid by the Consultant will be employees of the Consultant and covered by the Consultant's Worker Compensation Insurance.
