## An Invitation to Dialogue

During my last 30 years of public service on boards and commissions, I have come to the conclusion that any board functions best when its members have open communication and are working as a team. Excuse me in advance if this seems preachy. It is not meant to, but I think I have earned the right to make a few observations and offer an invitation. I am not talking about always agreeing, that is not possible and frankly it may be harmful. Leaders sometimes need to disagree and coming to a final solution, is often tedious and messy. **That is Democracy!**

While disagreement may be healthy, individuals need not be "Disagreeable." Members of a team must feel like other team members share common goals even if the objectives are somewhat different. Specifically, team members should never feel "Ambushed," or "Threatened" by another elected official.

**To that end, I am proposing as I leave the Board, that there be a mediator appointed to facilitate a focused conversation regarding a protocol for problem solving as a team.** I envision this to be the first step in attempting not to have unanimous decisions, but to walk away from meetings knowing that methods and objectives may vary but each member has a common goal of Serving Woodbury County, and treating other team members with respect and dignity.

The County Board should be the role model for this community on how adults interact and deal with serious problems. If we are going to have future leaders understand teaming, and the value of public service we need to begin modeling it now. In short, **we need to forget campaigning and begin governing!**

I am certainly open to discussing a possible timeline and mediator, but I sincerely believe this should take place as soon as possible. Thanks for listening

PSYCHOLOGICAL VIOLENCE • EMOTIONAL ABUSE AT WORK • MOBBING

Workplace Bullying remains an American epidemic. In the absence of legal prohibitions against it, employers are failing to take responsibility for its prevention and correction. Bullied individuals pay dearly with the loss of their economic livelihood to stop it.

**PREVALENCE**

Workplace Bullying was defined as repeated mistreatment; abusive conduct that is: threatening, humiliating, or intimidating, work sabotage, or verbal abuse.

This definition is the one used in the Healthy Workplace Bill. Bullying is "abusive conduct," referring to its most serious forms only. By comparison with the rate of any disease or malady, bullying is an epidemic.

The number of U.S. workers who are affected by bullying – summing over those with direct bullying and witnessing experiences – is 65.6 million, the combined population of 15 states.

**EMPLOYERS**

Employers fail to appropriately react to abusive conduct much more frequently than they take positive steps ameliorate bullying. Denial and discounting were the most common reactions by employers.

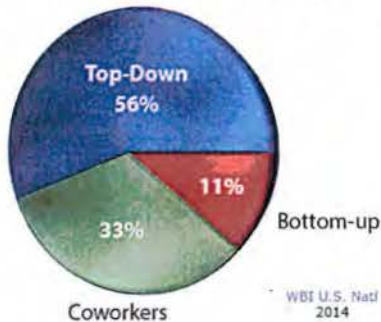

This led to 61% of the targets losing their jobs as the only way to stop the bullying.

**WHAT STOPS IT**

**BULLY'S RANK**

**KEY FINDINGS**

- 27% have current or past direct experience with abusive conduct at work
- 72% of the American public are aware of workplace bullying
- Bosses are still the majority of bullies
- 72% of employers deny, discount, encourage, rationalize, or defend it
- 93% of respondents support enactment of the Healthy Workplace Bill

If viability of the project is determined, the Preliminary Loan Application will be forwarded to the Siouxland Economic Development Corporation (SEDC). Applicant will be charged a loan review fee (\$350 non-refundable) required by SEDC. The SEDC Board meets on the third Wednesday of each month, at which time the SEDC will provide its recommendation to Woodbury County. The loan review fee is non-refundable.

Loans will not be available under this program for residential structure, or solely for the purpose of rehabilitation of existing business structures, or merely to refinance an existing loan, or for purely passive business ventures. Loans could, however, be provided to a developer who plans to build or improve a commercial structure if the developer has solid commitments from otherwise qualifying businesses to lease space in the facility.

### Hawkeye Clinic of Sergeant Bluff

#### DBA: Sergeant Bluff Eyecare

Sergeant Bluff Eyecare is a growing optometric clinic in the Pioneer Flats subdivision of Sergeant Bluff. It is a medical based eye clinic with the latest technology in advanced detection and monitoring of all ocular diseases, namely, the top three causes of blindness in the US, macular degeneration, glaucoma and diabetes. It also includes retail sales of spectacles and contact lenses. The clinic has regular patients from over 90 communities and from 11 states.

It began in 2007 and is currently owned and operated by optometrist, Ben Uhl. Besides a one year deployment to Afghanistan from 2010 through 2011, Dr. Uhl has been the sole optometrist practicing since he graduated 2008. He became the sole owner in 2014. He was honored with the Young Optometrist of the Year from the Iowa Optometric Association in 2012 and by the Northwest Iowa Area Education Agency with the Friends of Preschool award for work with Siouxland area children and their vision. He was recently named one of the Top 10 Under 40 in Siouxland by Siouxland Magazine.

There are three full time staff and two part time staff. There would be two new positions available once the new building is operational.

Sergeant Bluff Eyecare currently leases space in a strip mall and requires more space for exams, medical equipment rooms, frame displays and storage. The need stems from the rapid growth of both retail sales and medical eye care. The "Invest in Woodbury County" loan would provide funds to build a stand-alone 7,000 square foot building nearby and would more than double the size of the current clinic and provide separate lease space of 3,000-4,000 square feet. This space could potentially serve as future expansion if necessary. There will be dedicated rooms for additional technology Patient capacity will expand from two exam rooms to six in anticipation of adding a second optometrist in the near future.

There currently are two local businesses that have shown interest in relocating to the new lease space. We are in the process of determining the details of the lease, but an initial estimate would be \$1.00 per square foot. The total investment for the building alone will be about \$1.2 million and about \$100,000 in medical equipment to furnish it.

Sergeant Bluff Eyecare is important to the community because of the support it provides to local organizations and positive impact it has on its residents. This loan is important for the Sergeant Bluff community because, as one of two medical clinics in Sergeant Bluff, it will provide incentive to keep a growing optometric practice local to Sergeant Bluff.

**RE: ZENITH DRIVE IMPROVEMENT PROJECT**

West of Hamilton: The I-29 Section 1 Zenith Drive project will consist of full reconstruction and utility relocations beginning at the west end of Zenith Drive and continuing east to Hamilton Boulevard. The full reconstruction will include new sanitary sewer, storm sewer, water main, street pavement, curb, and gutter within the City right-of-way. The project is expected to bid in November or December 2014 and be completed by late fall 2015. A temporary access road will be provided for access to the west end of Zenith Drive and trenchless construction methods for the sanitary sewer will be used to keep various commercial access drives open during construction.

East of Hamilton: The I-29 Section 1 Zenith Drive project will consist of full reconstruction of Zenith Drive west of Hamilton, but also includes new water main north of Tri-View along the east side of Hamilton and sliplining of a smaller water main within the existing water main south of Tri View along the east side of Hamilton. The work will occur in the area of the existing water main. The project is expected to bid in November or December 2014 and be completed by late fall 2015. The construction will not detour traffic on Tri View Avenue.

In connection with the Zenith Drive Improvements Project, it is necessary for the City to acquire a Temporary Construction Easement and a Permanent Utility Easement on the property located at 1211 Tri View Avenue AND 1221 Tri View Avenue. Copies of the easement plats showing the areas of the easements are enclosed. The Temporary Construction Easements are needed for installation of a proposed City utility and associated construction activities. The Permanent Utility Easement is needed to cover existing and proposed City utilities (water main).

The City is offering \$2,244.52 as payment for the property rights we are acquiring. I have enclosed a copy of our Compensation Estimate showing the basis for arriving at this amount. Dear Friends,

Did you know that in 2014 New Perspectives, Inc. (NPI) has provided services to more than 100 people with disabilities? NPI serves individuals with Down Syndrome, autism, cerebral palsy, mental illness and visual or hearing impairments. While many of us take our independence for granted, those we serve depend on others - family, friends, community and NPI to assist them to "Discover Their Potential".

How do people in Siouxland with intellectual and developmental disabilities discover independence and opportunities that enhance their lives? They discover these opportunities with NPI. For nearly 90 years, NPI has been a visionary provider of employment services and innovative programs for those in our community with disabilities.

*Meet Tommy, he enjoys a variety of activities at the LEC center.*

*One of our members, Tommy, has been with NPI for almost 30 years. Born with Down Syndrome, Tommy worked in nearly all of our offered work settings up until a few years ago when he was diagnosed with Alzheimer's. He then began participating in our Life Enrichment Center (LEC) program. Tommy, with his ever present smile and good sense of humor, continually brightens the day of everyone with whom he interacts. At the LEC, Tommy enjoys social interaction, activities, and especially community outings with his peers. The cost of providing these services, including the one-on-one supervision that Tommy increasingly needs, has been escalating. Therefore, we are asking for your help to ensure NPI's continued success.*

*Tommy and a friend enjoy the day at Chris Larson Park.*

*Tommy and the LEC group on a tour.*

In 2012 new Iowa legislation required us to invest over \$700,000 on facilities to allow us to meet the needs of our members. In 2014 NEW legislation from Federal and State agencies was handed down and AGAIN are changing the "choices" available for persons with Intellectual Disabilities. The Employment First legislation is written with the intention of closing all facility-based services within the next 3-5 years. What does that mean you ask? In short, a person's choice will be a "competitive" job in the community or stay at home. Some choice, HUH?

Your generous tax deductible donation will enable us to continue providing services in our Life Enrichment Center, while working toward expanding our Progressive Employment services in order to meet the Employment First philosophy.

#### **WHAT YOUR SUPPORT CAN DO!**

- \$50 will provide two people with enough provisions for two cooking classes in the newly renovated kitchen
- \$75 provides a month worth of art supplies for four people
- \$100 will provide one tank of gas for a handicap shuttle bus that will cover 8 community outings for 10 people
- \$250 will provide supervision for 4 people to volunteer for 16 hours within the Siouxland community
- \$500 will go toward the purchase of several pieces of exercise equipment for the new activities area
- \$750 will provide funds for a variety of new educational software programs

Please contact us directly if you are interested in making a larger donation or if you have items that you would like to donate, such as computers, TVs or electronics, office supplies, educational and household items.

In advance, we thank you so much for your charitable contribution that will enable NPI to continue our vital mission of assisting people with disabilities to "*Discover Their Potential*".
