RE: Authorization to Hire

DATE: February 5, 2015

Woodbury County Human Resources is asking to go for Authorization to Hire for the Department of Emergency Services for the Emergency Management Coordinator position. This position will be posted after approval.

The County Emergency Management Coordinator is responsible and accountable for effectively and efficiently coordinating human, physical, and monetary resources in the administration of the Emergency Operations Center and Disaster Services; including development and maintenance of disaster plans, training personnel to execute said plans and the accomplishment of other areas of responsibility in accordance with Federal and State regulations as well as County goals. This position is under direct authority of the Woodbury County Board of Supervisors

Thank you.

Subject: Merville District Maintenance Foreman Position

Steve Thomas, District 2 (Merville) Maintenance Foreman, has announced his intention to retire effective February 27, 2015. I am requesting that the Board immediately authorize the position to be advertised for a new hire to allow me to replace Steve.

Since this is not a union position, there is no internal posting requirement and the position can be immediately advertised. Applicants from inside and outside our department can be considered for this position.

Please contact me to discuss starting wages for the position so that we can get the hiring process moving. The district subforeman can keep the day to day operations moving for the district, but since we are already working at a reduced staffing level, diverting the subforeman from his normal duties leaves us ever more shorthanded for both normal and snow removal operations.

Thank you for your consideration.

RE: Wage Matrix for Secondary Roads Wage Plan Employees

DATE: February 5, 2015

Human Resources, Ed Gilliland and Secondary Roads, Mark Nahra are asking for **discussion and action** for the Secondary Roads Foreman positions and Wage Matrix. Currently Wage Plan employees, employees that are not included within a union, are included in a Wage Matrix. The current Wage Matrix has employees such as the Foreman, using a six month step increase, a three year step increase, and a six year step increase. There has been discussion that a yearly increase might be more manageable. With a yearly Wage Matrix, employees could be hired in at any step within the first step, second step, third step, etc. This would give more flexibility for the County Engineer during the hiring process.

With the current Wage Matrix an employee would get a salary increase at six months, three years, and six years.

With the proposed Wage Matrix an employee would get a salary increase at six months, one year, two years, three years, four years, five years, and six years.

Thank you.

RE: Woodbury County Resolution:
Certificate of Substantial Completion for Contractors

DATE: February 5, 2015

We are before you asking for discussion and action on the Woodbury County Resolution: Certificate of Substantial Completion for Contractors with additional language included.

The language added is "When an architect is retained as project designer and manager a joint recommendation will be submitted to the Board covering their respective area."

The Certificate of Substantial Completion for Contractors under the direction of the Building Superintendent as a representative of the Board of Supervisors for Woodbury County. The Building Superintendent will be involved in understanding the scope of work, designing, directing, and interfacing with all outside contractors and submit for approval by the Board a recommendation when satisfied that personnel are trained on all equipment, warranties, and services.

We are asking for discussion and action on this item today.

Thank you

WOODBURY COUNTY RESOLUTION:

CERTIFICATE OF SUBSTANTIAL COMPLETION FOR CONTRACTORS

The success of Woodbury County government depends upon our efficient use of resources to produce a high quality product for the citizens of the County.

On all buildings owned by Woodbury County, the Building Services Department, under the direction of the Building Superintendent, shall be the representative to the Board of Supervisors in all negotiations, contracts, specifications, and designs. Furthermore, it shall be the policy that the Building Superintendent will be involved in understanding the scope of work, designing, directing, and interfacing with all outside contractors as the Board's representative. The Building Superintendent shall submit for approval to the Board, a recommendation regarding signature of certificate of substantial completion when satisfied that his or her personnel are properly trained on all equipment, manufacturers' warranties, service numbers, and service-related items. When an architect is retained as project designer and manager a joint recommendation will be submitted to the Board covering their respective areas.

The Woodbury County Board of Supervisors requires all contractors and sub-contractors working with Building Services to maintain compliance with all safety practices and training. Documentation and signature are required prior to the beginning any project.

As a contractor or sub-contractor, Woodbury County expects cooperation for compliance with OSHA, workers compensation, Title VI and with contracts, time frames, etc.

IN WITNESS WHEREOF, the parties have caused this Agreement to be signed by his/her duly-authorized representatives on the ____ day of _____, ____.

Planning and Zoning – John Pylelo

Public Hearing, Receive Zoning Commission Recommendation, Third Reading and Adoption of Ordinance #36 for:

- a.) **The Amendment of Section 5.03:2.B of Woodbury County Floodplain Management Ordinance Re: Rescind as an Official Flood Plain Zoning Map Panel 19193C0037D dated Sept. 29, 2011.**
- b.) **The Amendment of Section 5.03:2.B of Woodbury County Floodplain Management Ordinance Re: Adopt as an Official Flood Plain Zoning Map Panel #19193C0037E dated March 2, 2015.**
- c.) **The Amendment of Section 5.03:2.B of Woodbury County Floodplain Management Ordinance Re: Adopt Woodbury County Flood Insurance Study 19193CV000B Dated March 2, 2015.**

The above actions are required as the Federal Emergency Management Agency (FEMA) has provided Woodbury County with an updated flood insurance rate mapping (FIRM) panel. Woodbury County wishes to continue participation in the National Flood Insurance Program (NFIP) and to qualify the County will be required to rescind an existing mapping panel; adopt the replacement mapping panel; and adopt a recent issued Flood Insurance Study. These actions must take place prior to March 2, 2015.

Failure to adopt the new mapping could have negative effects upon county residents and businesses who may have casualty loss exposure should a flood event occur. There is also the potential for loss of marketability of property and structures as no federally insured financial institution can loan funds without flood insurance being in place.

The Woodbury County Planning and Zoning Office; in coordination with Iowa Department of Natural Resources' personnel; has reviewed the County's Flood Plain management ordinances and is jointly recommending the text amendments and the study adoption.

Below is a copy of the proposed text changes within Section 5.03:2.B of Woodbury County Floodplain Management Ordinance. Language in **bold type** represents language addition. Language with a ~~strike through~~ represents language removal.

Amend Section 5.03:2.B of Woodbury County Floodplain Management ordinances to read:

B. Establishment of Official Floodplain Zoning Map. The FEMA Flood Insurance Rate Maps ~~19193C0037D~~, **19193C0037E**, 19193C0039D, 19193C0045D, 19193C0075D, 19193C0100D, 19193C0117D, 19193C0125D, 19193C0136D, 19193C0150D, 19193C0165D, 19193C0193D, 19193C0194D, 19193C0202, 19193C0204D; 19193C02011D through 19193C0214D; 19193C0225D; 19193C0227D, 19193C0230D, 19193C0231D, 19193C0235D, 19193C0240D, 19193C0245D, 19193C0252D, 19193C0256D, 19193C0275D, 19193C0300D, 19193C0306D, 19193C0307D, 19193C0313D, 19193C0325D, 19193C0333D, 19193C0350D, 19193C0360D, 19193C0400D, 19193C0425D, 19193C0450D, 19193C0467D, 19193C0469D, 19193C0475D, 19193C0500D, 19193C0525D, 19193C0550D, 19193C0575D through 19193C0577D, 19193C0600D, 19193C0602D, 19193C0606D, 19193C0625D, 19193C0650D through 19193C0652D and 19193C0675D for unincorporated areas of Woodbury County Iowa - Community Number 190536, dated September 29, 2011 **or March 2, 2015** are hereby adopted by reference and declared to be Woodbury County Iowa's Official Floodplain Zoning Maps.

The flood profiles and all explanatory material contained within the Flood Insurance Study **19193CV000B** dated ~~September 29, 2011~~ **March 2, 2015** are also declared to be a part of this ordinance.

ZONING COMMISSION RECOMMENDATION: On December 16, 2014 your Board considered and then referred the proposed floodplain management ordinance amendments to the Zoning Commission for recommendation.

On December 22, 2014 the Commission held a public hearing on the matter; reviewed the proposed mapping change and the floodplain study. The Commission then voted to recommend text amendments be made to: rescind Map Panel 19193C0037D dated Sept. 29, 2011; adopt Map Panel 19193C0037E dated March 2, 2015; and adopt Woodbury County Floodplain Study 19193CV000B dated March 2, 2015.

STAFF RECOMMENDATION: Subject to public hearing testimony staff supports the Commission's recommendation.

Your Board is asked to:

- 1. Hold a public hearing for the above matter.**
- 2. To then hold the third reading for the proposed Amendments of Section 5.03:2.B of Woodbury County's Floodplain Management Ordinance.**
- 3. To then vote to adopt Ordinance #36 (see attached) approving the aforementioned language and changes. When adopted the effective date of the new mapping and the ordinance's text amendments will be March 2, 2015.**

ORDINANCE NO. 36
WOODBURY COUNTY, IOWA

AN ORDINANCE AMENDING A PORTION OF SECTION 5.03 OF THE WOODBURY COUNTY, IOWA ZONING ORDINANCES ENTITLED "FLOODPLAIN MANAGEMENT ORDINANCE" BY UPDATING THE DESCRIPTION OF OFFICIAL FLOOD PLAIN ZONING MAP AND THE ADOPTION OF AN UPDATED FLOOD INSURANCE STUDY.

WHEREAS, the Federal Emergency Management Agency (FEMA) has completed an updated Flood Insurance Study and Flood Insurance Rate Map (FIRM) for the unincorporated area of Woodbury County, Iowa which will be in effect March 2, 2015; and

County Purchasing of Gas or Diesel by County Departments

Administered by: Voyager

Program: Finish Line Fleet

Bank Processor: U. S. Bank

Following will be a presentation on a program to assist the county in relationship to the purchase of gas and diesel products for county vehicles. It can also be used for oil changes and maintenance of county vehicles.

Following is how the program works:

- (1) Each department would sign-up for the program. Processing usually takes a week.
- (2) Every county vehicle would have a credit card assigned to each vehicle.
- (3) Each eligible driver (determined by the Elected Official or Department Head) of that vehicle would have a pin number assigned. Each individual pin number could work on one or more vehicles.
- (4) Driver of the county vehicle would pull up to the gas pump, swipe the card, enter your pin number and the vehicle's odometer reading, pump your gas and then go about your county business.
- (5) Almost every service station uses the Voyager program. It will show on the cash pump.

Advantages to the County:

- (1) There is **no cost** to the County. The service stations pay a fee for having the opportunity to have this program available.
- (2) There is total accountability. The invoice will show each county vehicle by department, who charged the gas or diesel, the odometer reading, miles per gallon consumed and the federal tax deduction on each purchase.
- (3) When purchasing gas or diesel, the full price is recorded at the pump, but when the purchase is processed by Finish Line Fleet the federal Tax is deducted. State gas tax is not deductible. The Federal Gas Tax in Iowa is 18.3 cents per gallon and diesel is 24.3 cents per gallon. Attached is a sample monthly invoice.
- (4) This service is provided by over 316,000 service stations.
- (5) If a card is lost or broken, Voyager is contacted and a new card will be sent within three days by overnight mail.
- (6) Control of the pin numbers are at the control of the Elected Official or Department Head discretion.
- (7) The card can also be used for oil changes and vehicle maintenance.

I would like to recommend that this program be considered by the Woodbury County Board of Supervisors at a future board meeting and adopted.

RE: Phoenix Program Budget Proposal

Dear Ms. James:

I am writing to provide the latest information on the costs of the Phoenix Program to assist the County in budgeting for the next year.

I have attached a budget for next year which reduces the staffing and services in place for the County relative to the FY 2014-2015 budget. Specifically, we are seeking continued support for the therapy program at the Prairie Hills facility but propose to eliminate county funding for the outpatient component of the program. We do, however, believe that the outpatient programming will continue to be available on a low cost basis to most patients.

For County FY 2015-2016, Jackson is requesting a total of \$76,550 or \$6,379 per month, to operate the in-jail component of the Phoenix program. This amount represents a reduction of \$54,353 from our current budget. While it is our goal to operate the program as efficiently as possible, any further reduction in funding would necessitate a complete closure of the program.

Jackson appreciates Woodbury County's ongoing support of this important program, and we pledge to keep you informed of any developments in the future. Please do not hesitate to contact me at 234-2349 if the Board has any questions or other issues I can address.

Sincerely,

JACKSON RECOVERY CENTERS, INC.

RE: Completed FY 2014 Cost Allocation Plan

Dear Board Members:

We have completed the Woodbury County cost allocation plan based on actual expenditures for the year ended June 30, 2014. One bound copy of the plan is enclosed for your files. Additional copies of the plan are being provided to the County Auditor. Also enclosed herein is a standard federal Certification Statement that is required where reimbursement is claimed from federal grant programs. The statement says that to the best of the County's knowledge, the cost allocation plan is correct and was prepared in accordance with the federal cost principles contained in OMB Circular A-87. Please have the Board Chairperson sign the statement, retain a copy on file and return the original to me. A copy of the plan will also be placed on file at the central office of the Iowa Department of Human Services (DHS).

The FY 2014 cost allocation plan will result in the following indirect cost recoveries during **FY 2016**:

DHS Local Administrative Expenses

This category relates to the indirect costs that the county incurs for the local DHS office. These indirect costs include expense items such as audit fees, liability and property insurance, un-billed building space costs, accounting services and legal services. The total indirect costs to be claimed on quarterly Local Administrative Expense (LAE) reports for FY 2016 is \$765,751. This amount includes the required carry-forward adjustment to reconcile actual and projected costs for FY 2014 and is shown on Exhibit B near the beginning of the cost allocation plan. Your actual reimbursement will depend upon the FFP (Federal Financial Participation) rate that is in effect for each quarter. We estimate that about 34 percent of the total claims for the year will be reimbursed to the County from federal funds. Accordingly, the total reimbursement for the year should be about \$260,355. We will track these payments each quarter and report the actual results to you after the close of the year. A copy of our correspondence to the local office of DHS which provides guidance for claiming these costs on the LAE reports is also enclosed herein for your reference.

Targeted Case Management

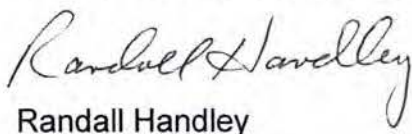

The cost allocation plan documents **\$96,846** of indirect costs that the County incurred on behalf of the in-house Targeted Case Management program in FY 2014. This amount does not include an allocation of Workers Compensation insurance expenses. Due largely to limitations imposed in FY 2014 by Iowa DHS on the amount of total administrative expenses that can be charged to the program, no indirect costs were claimed by the county for that year. It is therefore no longer necessary for us to compute an indirect cost rate for this program. If this circumstance changes in the future, we will be happy to assist the county in re-implementing indirect cost recoveries for the program.

Sheriff Department Indirect Cost Rate

We have prepared an indirect cost rate proposal for the Sheriff's Department which may be used to recover indirect costs from eligible grant programs. A copy of the rate proposal is included with this letter for your reference. Please contact the Sheriff's office if you have any questions in this regard.

Please contact us if you have any questions relating to the cost allocation plan. We are pleased for the confidence that you have placed in us and look forward to being of continuing service to you.

Sincerely,
Cost Advisory Services, Inc.

RE: Woodbury County LAE Reports – FY 2016

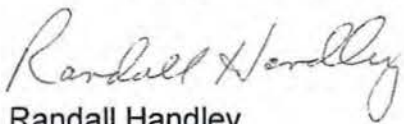

Dear Shelly:

We have completed the Woodbury County Cost Allocation Plan based on actual costs for the year ended June 30, 2014. The results of this plan (shown on the enclosed Exhibit B) will be used in FY 2016 to claim indirect costs that the County incurred for Social Services administration. Copies of the plan are now being provided to the Board of Supervisors and the County Auditor. The plan will also be placed on file at the central office of DHS prior to September 30, 2015.

For the four quarters beginning with the quarter ending September 30, 2015, please include a line item on the County's Local Administrative Expense reports to claim one-fourth of the annual indirect cost amount, or \$191,437.75 per quarter. If you wish, a copy of this letter can be attached to the report in support of this claim. We also ask that you provide us with a copy of all future LAE reports as they are submitted. If it is easier for you, the reports can be e-mailed to us. A signed copy is not required.

Please contact me anytime you have a question regarding indirect costs or if we can otherwise be of assistance to you.

Sincerely,
Cost Advisory Services, Inc.

Dear Michelle:

Enclosed is the Woodbury County Sheriff's Department indirect cost rate proposal based on actual FY 2014 expenditures. The rate for non-jail programs is intended for use in recovering indirect costs from grant programs during FY 2016. The "Rate Summary and Methodology" section at the beginning of the proposal further explains the methodology used in preparing the proposal.

Please note that the Certification Statement that is included with the proposal should be signed and retained on file at the County. I will appreciate it if you will return a copy of only that one page to me.

Please contact us if you have any questions in this regard. We are pleased to provide this additional service to Woodbury County.

**WOODBURY COUNTY, IOWA
SHERIFF'S DEPARTMENT
INDIRECT COST RATE PROPOSAL
BASED ON ACTUAL FY 2014 EXPENDITURES**

RATE SUMMARY AND METHODOLOGY

Cost Advisory Services, Inc. (CASI) has prepared an indirect cost rate proposal for the Woodbury County Sheriff's Department. The proposal has been developed as a component of CASI's contract to provide cost allocation services to the County. The proposal incorporates two levels of indirect costs: (1) County central services as documented in the Woodbury County cost allocation plan (see proposal schedule No. 2) and (2) Sheriff's Department Administration (see proposal schedule No. 3). Both levels of indirect costs conform to the Federal cost principles contained in OMB Circular A-87. This proposal is based on actual expenditures for the year ended June 30, 2014, and is intended for use in FY 2016, and until subsequently amended.

The Woodbury County jail facilities generate significantly higher levels of indirect costs compared to other Sheriff Department operating divisions and programs. Accordingly, it was necessary to compute a separate indirect cost rate for jail operations. The rate computations are shown on Schedule 1 of the proposal and result in the following rates:

Jail	-	34.81% of direct salaries
Non-Jail Divisions	-	24.42% of direct salaries

The rates are based on direct salaries and wages, excluding all employee benefits, and should be applied on a "provisional-final" basis to the same base. For each fiscal year in which indirect costs are recovered through use of a rate, an indirect cost rate proposal based on actual costs will be required after the close of the year. Retroactive adjustments to the indirect cost claims will be required to adjust the claims to actual

costs incurred. If a higher final rate results compared to the provisional rate for a given year, there is no guarantee that additional grant funds will be available for that year.

The proposal includes a standard Certification Statement that is required by the Federal government. That statement should be signed by the County Sheriff or his designee and should be retained on file at the County.

Where indirect costs are reimbursable from Federal or state programs, a budget line item should be included to request reimbursement of those costs. The entire rate proposal, including the Certification Statement, should also be submitted to any awarding agency that requests it. CASI will be happy to explain and defend the rate proposal to awarding agencies and other parties and can be contacted at:

CERTIFICATION OF INDIRECT COSTS

This is to certify that I have reviewed the indirect cost rate proposal submitted herewith and to the best of my knowledge and belief:

(1) All costs included in this proposal based on actual costs for the year ended June 30, 2014, to establish a provisional billing rate for FY 2016 until amended, are allowable in accordance with the requirements of the Federal award(s) to which they apply and OMB Circular A-87, "Cost Principles for State, Local, and Indian Tribal Governments." Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.

(2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the agreements to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently and the Federal Government will be notified of any accounting changes that would affect the indirect cost rate.

I declare the foregoing is true and correct.

Woodbury County Teen Court

In 2008, Woodbury County Teen Court was created under the direction of The Woodbury County Board of Supervisors as a pro-active approach to decrease the number of teens and minority students in detention. This program merged into a subsidiary of the Dakota County Teen Court and over the course of 2 years, 48 students total were presented from both Counties (with approximately 10 students from Woodbury County seen in 2 years). A 79% success rate was stated statistically for both counties. Attached is the original overview of this program and job duties.

In late 2013, this dual-county program was disbanded due to a number of factors including the low impact on Woodbury County children, the emphasis on punitive consequences for the defendant and a classroom style civics lesson for the teen court participants. Some positive aspects of the program were retained, and some of the measured negative aspects of the program were discarded to better serve the children of Woodbury County. The Teen Court Coordinator, in consultation with The Woodbury County Juvenile Detention Director, a Woodbury County Board member, 3rd Judicial District Chief and Juvenile Court representatives began a focus on providing a Restorative Justice Teen Court using a peer panel model with emphasis on building accountability, skill development and community connection. The program goals focus *exclusively on the children and families of Woodbury County* allowing for them to be the sole beneficiaries of the Woodbury County tax dollars. To this end, the program broke with Dakota County, Nebraska, moving all services into Woodbury County.

The position of Teen Court Coordinator is a departmental position, and as such, the coordinator is also responsible for the caseload of the Mental Health Coordinator during their absence. In early 2014, the Mental Health Coordinator was absent for many weeks from work and this position became reactive to the urgent mental health needs of children, setting aside the proactive and preventive measures of Teen Court. During his absence, the Teen Court Coordinator was responsible for over 30 mental health commitments, hearings and follow-up services. In total, 10 weeks of coverage out of fifty work weeks were provided by the Teen Court coordinator (22% of the total mental health commitments for the year of 2014.) During this time, The Teen court coordinator continued to build the program, meeting with law enforcement, 3rd Judicial District representatives including a Woodbury County Board member, school officials, court administrators and Judges.

Many of the *on-going* duties were begun such as interviewing and choosing panelists, meeting with parents and prospective defendants for their suitability for the program. Court rooms, locations and available times were coordinated with the Court Administrator and Judges to work around the children's, parents and Court's schedules. Court security was also set up with Sheriff Dave Drew.

The program is now set for every two weeks as opposed to one time per month. This increases the number of students seen and still allows for this expanded program to actively ensure the implementation and follow-through by the families and defendant, a service not previously offered in a Dakota County program.

To date, there are currently 24 teen panelists involved in the program. There are currently 6 students and families receiving on going supervision and services. Four new delinquent referrals are scheduled for interviews in the next week. In total 14 clients have successfully completed the program with a 100% non-recidivism rate.

Additional Services offered in addition to original job duties (see attached)-

- Community Based skill building enrichment programs
- 24 hour access to Coordinator to assist struggling families
- Problem-solving school meetings
- Peer mentoring
- Family Mediation services by Teen Court Coordinator
- Community Service for Woodbury County residents
- School attendance checks
- Drug testing
- In-Home evaluations
