Minutes March 11, 2015

The March 11, 2015 regular meeting of the Woodbury County E-911 Service Board was called to order by Chairman Gary Merkel at 6:30 p.m. on March 11, 2015 at the Sheriff's substation in Climbing Hill. The cities, towns and agencies represented were: Anthon, Bronson, Correctionville, Cushing, Danbury, Hornick, Lawton Oto, Pierson, Salix, Sloan, EOC, Sheriff and the Secretary.

Approve Minutes of the January 14, 2015 Regular Meeting

Hornick made a motion to approve the minutes, Oto seconded the motion, and all were in favor.

Approve any Outstanding Claims

No Outstanding

Treasurer's Report

Ending fund balance as of February 28, 2015 is \$55,265.28 with a current radio loan payoff amount of \$227,653.50 with a net difference of \$326,611.78

Pierson made a motion to accept the Treasurer's report, Anthon seconded the motion, and all were in favor.

Wireless Surcharge Legislative update

Glenn Sedivy and Gary Brown explained that there has been some Legislative bills introduced in the State Senate to change the formula that the E-911 Service Boards receive wireless 911 funds from 46% to 81%. The Governor also introduced the Governors bill to use the 911 funds to build a State wide radio system and this bill has a lot of controversy as a State wide radio system for the State will be used by State agencies such as the D.O.T. that are not considered emergency responders, it is agreed that the State needs a new radio system but should not take 911 funds away from the local 911 Service Boards to accomplish it.

Fire paging at Salix site, issues with water tower removal, review possible tower purchase.

Glenn Sedivy explained that the Salix water tower is going to be torn down in November of 2015. This is the primary paging site for the southwestern portion of Woodbury County. Glenn advised during the last meeting it was discussed that if the 911 Service Board paid for a used tower at \$9,000.00 plus \$1,000.00 delivery that Siouxland Wireless would pay \$24,406.25 for installation. Glenn advised that Siouxland Wireless decided not to participate. He explained after having some preliminary engineering done on the site that the proposed tower might not be the best solution anyway. Glenn is working with Electronic Engineering to determine the best location for the site as it may be in Sloan or remain in Salix but he will wait to see what is recommended and continue to determine the best solution and bring it back to the Board.

Open items

911 Trunks

Glenn Sedivy explained he would like to have a study done on the wireline E911 trunks that come into the Comm center to see if we need to continue to pay for all 5 of these trunks or can they be reduced to save us some monthly operating costs. He is working with the 911 phone system vendor and Centurylink to complete a activity study and Glenn will bring a recommendation back to this Baord in the May meeting.

Generator

Glenn Sedivy advised that the 911 Service Baord owns a 15 KW generator, automatic transfer switch and a propne tank that was taken out of service from the North High tower about 7 years ago and placed into storage. Glenn recommended that we try to sell this equipment and it was determined to sell it with sealed bids with a minimum amount to be determined by the Executive Board. The sealed bids will be opened during the May 13, 2015 meeting.

ADJOURN Pierson made a motion to adjourn, Hornick seconded the motion, and all were in favor.
