About This Summary Plan Description

Important Information

This summary plan description describes your rights and responsibilities under your group health plan. You and your covered dependents have the right to request a copy of this summary plan description, at no cost to you, by contacting your employer or group sponsor.

Please note: Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this summary plan description at any time. Any amendment or modification will be in writing and will be as binding as this summary plan description. If your contract is terminated, you may not receive benefits.

You should familiarize yourself with the entire summary plan description because it describes your benefits, payment obligations, provider networks, claim processes, and other rights and responsibilities.

This group health plan consists of medical benefits and prescription drug benefits. The medical benefits are called Alliance Select. The prescription drug benefits are called Blue Rx Complete. This summary plan description will indicate when the service, supply or drug is considered medical benefits or drug benefits by using sections, headings, and notes when necessary.

Charts

Some sections have charts, which provide a quick reference or summary but are not a complete description of all details about a topic. A particular chart may not describe some significant factors that would help determine your coverage, payments, or other responsibilities. It is important for you to look up details and not to rely only upon a chart. It is also important to follow any references to other parts of the summary plan description. (References tell you to “see” a section or subject heading, such as, “See *Details – Covered and Not Covered*.” References may also include a page number.)

Complete Information

Very often, complete information on a subject requires you to consult more than one section of the summary plan description. For instance, most information on coverage will be found in these sections:

- At a Glance – Covered and Not Covered
- Details – Covered and Not Covered
- General Conditions of Coverage, Exclusions, and Limitations

However, coverage might be affected also by your choice of provider (information in the *Choosing a Provider* section), certain notification requirements if applicable to your group health plan (the *Notification Requirements and Care Coordination* section), and considerations of eligibility (the *Coverage Eligibility and Effective Date* section).

Even if a service is listed as covered, benefits might not be available in certain situations, and even if a service is not specifically described as being excluded, it might not be covered.

Read Thoroughly

You can use your group health plan to the best advantage by learning how this document is organized and how sections are related to each other. And whenever you look up a particular topic, follow any references, and read thoroughly.

Your coverage includes many services, treatments, supplies, devices, and drugs. Throughout the summary plan description, the words *services or supplies* refer to any services, treatments, supplies, devices, or drugs, as applicable in the context, that may be used to diagnose or treat a condition.

Grandfathered Health Plan Status

This group health plan was in effect on March 23, 2010 and is being categorized as a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the “Affordable Care Act”).

As permitted under the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when the law was enacted and does not have to include certain consumer protections that apply to non-grandfathered health plans, such as coverage of preventive health services without any cost-sharing obligation. (Certain other consumer protections such as the elimination of lifetime limits on benefits apply to all group health plans, regardless of their status as a grandfathered health plan.)

For questions regarding which consumer protections apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status contact your employer or group sponsor.

You may also contact the *U.S. Department of Health and Human Services (HHS)* at *www.hhs.gov*.

If the inpatient hospital stay is shorter, coverage includes a follow-up postpartum home visit by a registered nurse (R.N.). This nurse must be from a home health agency under contract with Wellmark or employed by the delivering physician.

Drugs that are Covered

The Wellmark Blue Rx Complete Drug List

The Wellmark Blue Rx Complete Drug List is a reference list that includes generic and brand-name prescription drugs that have been approved by the U.S. Food and Drug Administration (FDA) and are covered under your Blue Rx Complete prescription drug benefits. The Drug List is updated on a quarterly basis, or when new drugs become

available, and as discontinued drugs are removed from the marketplace.

To determine if a drug is covered, you must consult the Wellmark Blue Rx Complete Drug List. You are covered for drugs listed on the Wellmark Blue Rx Complete Drug List. If a drug is not on the Wellmark Blue Rx Complete Drug List, it is not covered.

If you need help determining if a particular drug is on the Drug List, ask your physician or pharmacist, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card and request a copy of the Drug List.

New drugs will not be added to the Drug List until they have been evaluated by Wellmark. We will periodically update the list to reflect these evaluations and to reflect the changing drug market in general.

Revisions to the list will be distributed to providers who participate with Wellmark, and pharmacies that participate with the network used by this prescription drug plan.

The Drug List is subject to change.

Specialty Drugs

Specialty drugs are high-cost injectable, infused, oral, or inhaled drugs typically used for treating or managing chronic illnesses. These drugs often require special handling (e.g., refrigeration) and administration. They are not available through the mail order drug program.

Specialty drugs may be covered under your Blue Rx Complete prescription drug benefits or under your medical benefits. To determine whether a particular specialty drug is covered under your Blue Rx Complete prescription drug benefits or under your medical benefits, consult the Wellmark Blue Rx Complete Drug List at *Wellmark.com*, check with your pharmacist or physician, or call the Customer Service number on your ID card.

Fluoride

Fluoride is covered if prescribed by a practitioner who is legally authorized to prescribe.

Vitamins

Vitamins are covered if prescribed by a practitioner who is legally authorized to prescribe.

Prescription Purchases Outside the United States

To qualify for benefits for prescription drugs purchased outside the United States, all of the following requirements must be met:

a practitioner or hospital and the practitioner or hospital prescribed the prescription drug.

Quantity Limitations

Most prescription drugs are limited to a maximum quantity you may receive in a single prescription.

Federal regulations limit the quantity that may be dispensed for certain medications. If your prescription is so regulated, it may not be available in the amount prescribed by your physician.

In addition, coverage for certain drugs is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered.

For a list of drugs with quantity limits, check with your pharmacist or physician, consult the Wellmark Blue Rx Complete Drug List at *Wellmark.com*, or call the Customer Service number on your ID card.

To qualify for refill benefits, all of the following requirements must be met:

- Sufficient time has elapsed since the last prescription was written. Sufficient time means that at least 75 percent of the medication has been taken according to the instructions given by the practitioner.

You are allowed one early refill per medication per calendar year if you will be away from home for an extended period of time.

If traveling within the United States, the refill amount will be subject to any applicable quantity limits under this coverage. If traveling outside the United States, the refill amount will not exceed a 90-day supply.

To receive authorization for an early refill, ask your pharmacist to call us.

4. General Conditions of Coverage, Exclusions, and Limitations

The provisions in this section describe general conditions of coverage and important exclusions and limitations that apply generally to all types of services or supplies.

Conditions of Coverage

Medically Necessary

A key general condition in order for you to receive benefits is that the service, supply, device, or drug must be medically necessary. Even a service, supply, device, or drug listed as otherwise covered in *Details - Covered and Not Covered* may be excluded if it is not medically necessary in the circumstances. Unless otherwise required by law, Wellmark determines whether a service, supply, device, or drug is medically necessary, and that decision is final and conclusive. Even though a provider may recommend a service or supply, it may not be medically necessary.

A medically necessary health care service is one that a provider, exercising prudent clinical judgment, provides to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and is:

- Provided in accordance with generally accepted standards of medical practice. Generally accepted standards of medical practice are based on:
 - Credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community;
 - Physician Specialty Society recommendations and the views of physicians practicing in the relevant clinical area; and
 - Any other relevant factors.
- Clinically appropriate in terms of type, frequency, extent, site and duration, and

considered effective for the patient's illness, injury or disease.

- Not provided primarily for the convenience of the patient, physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the illness, injury or disease.

An alternative service, supply, device, or drug may meet the criteria of medical necessity for a specific condition. If alternatives are substantially equal in clinical effectiveness and use similar therapeutic agents or regimens, we reserve the right to approve the least costly alternative.

If you receive services that are not medically necessary, you are responsible for the cost if:

- You receive the services from a nonparticipating provider; or
- You receive the services from a PPO or participating provider in the Wellmark service area and:
 - The provider informs you in writing before rendering the services that Wellmark determined the services to be not medically necessary; and
 - The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined are not medically necessary, the PPO or

participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from a provider outside of the Wellmark service area that Wellmark determines to be not medically necessary. This is true even if the provider does not give you any written notice before the services are rendered.

Member Eligibility

Another general condition of coverage is that the person who receives services must meet requirements for member eligibility. See *Coverage Eligibility and Effective Date*, page 55.

General Exclusions

Even if a service, supply, device, or drug is listed as otherwise covered in *Details - Covered and Not Covered*, it is not eligible for benefits if any of the following general exclusions apply.

Investigational or Experimental

You are not covered for a service, supply, device, or drug that is investigational or experimental. A treatment is considered investigational or experimental when it has progressed to limited human application but has not achieved recognition as being proven effective in clinical medicine.

To determine investigational or experimental status, we may refer to the technical criteria established by the Blue Cross and Blue Shield Association, including whether a service, supply, device, or drug meets these criteria:

- It has final approval from the appropriate governmental regulatory bodies.
- The scientific evidence must permit conclusions concerning its effect on health outcomes.
- It improves the net health outcome.
- It is as beneficial as any established alternatives.

- The health improvement is attainable outside the investigational setting.

These criteria are considered by the Blue Cross and Blue Shield Association's Medical Advisory Panel for consideration by all Blue Cross and Blue Shield member organizations. While we may rely on these criteria, the final decision remains at the discretion of our Medical Director, whose decision may include reference to, but is not controlled by, policies or decisions of other Blue Cross and Blue Shield member organizations. You may access our medical policies, with supporting information and selected medical references for a specific service, supply, device, or drug through our website, *Wellmark.com*.

If you receive services that are investigational or experimental, you are responsible for the cost if:

- You receive the services from a nonparticipating provider; or
- You receive the services from a PPO or participating provider in the Wellmark service area and:
 - The provider informs you in writing before rendering the services that Wellmark determined the services to be investigational or experimental; and
 - The provider gives you a written estimate of the cost for such services and you agree in writing, before receiving the services, to assume the payment responsibility.

If you do not receive such a written notice, and do not agree in writing to assume the payment responsibility for services that Wellmark determined to be investigational or experimental, the PPO or participating provider is responsible for these amounts.

- You are also responsible for the cost if you receive services from a provider outside of the Wellmark service area that Wellmark determines to be investigational or experimental. This is

true even if the provider does not give you any written notice before the services are rendered.

Complications of a Noncovered Service

You are not covered for a complication resulting from a noncovered service, supply, device, or drug. However, this exclusion does not apply to the treatment of complications resulting from:

- Smallpox vaccinations when payment for such treatment is not available through workers’ compensation or government-sponsored programs; or
- A noncovered abortion.

Nonmedical Services

You are not covered for telephone consultations, charges for missed appointments, charges for completion of any form, or charges for information.

Personal Convenience Items

You are not covered for items used for your personal convenience, such as:

- Items not primarily and customarily manufactured to serve a medical purpose or which can be used in the absence of illness or injury (including, but not limited to, air conditioners, dehumidifiers, ramps, home remodeling, hot tubs, swimming pools); or
- Items that do not serve a medical purpose or are not needed to serve a medical purpose.

Provider Is Family Member

You are not covered for a service or supply received from a provider who is in your immediate family (which includes yourself, parent, child, or spouse or domestic partner).

Covered by Other Programs or Laws

You are not covered for a service, supply, device, or drug if:

- You are entitled to claim benefits from a governmental program (other than Medicaid).
- Someone else has the legal obligation to pay for services or without this group health plan, you would not be charged.
- You require services or supplies for an illness or injury sustained while on active military status.

Workers’ Compensation

You are not covered for services or supplies that are compensated under workers’ compensation laws, including services or supplies applied toward satisfaction of any deductible under your employer’s workers’ compensation coverage. You are also not covered for any services or supplies that could have been compensated under workers’ compensation laws if you had complied with the legal requirements relating to notice of injury, timely filing of claims, and medical treatment authorization.

For treatment of complications resulting from smallpox vaccinations, see *Complications of a Noncovered Service* earlier in this section.

Benefit Limitations

Benefit limitations refer to amounts for which you are responsible under this group health plan. These amounts are not credited toward your out-of-pocket maximum. In addition to the exclusions and conditions described earlier, the following are examples of benefit limitations under this group health plan:

- A service or supply that is not covered under this group health plan is your responsibility.
- If a covered service or supply reaches a benefit maximum, it is no longer eligible for benefits. (A maximum may renew at the next benefit year.) See *Details – Covered and Not Covered*, page 15.

- If you receive benefits that reach a lifetime benefits maximum applicable to any specific service, then you are no longer eligible for benefits for that service under this group health plan. See *Benefits Maximums*, page 7, and *At a Glance—Covered and Not Covered*, page 11.
 - If you do not obtain precertification for certain medical services, benefits can be reduced or denied. You are responsible for benefit reductions if you receive the services from a nonparticipating provider. You are responsible for benefit denials only if you are responsible (not your provider) for notification. A PPO provider in Iowa or South Dakota will handle notification requirements for you. If you see a PPO provider outside Iowa or South Dakota, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 43.
 - If you do not obtain prior approval for certain medical services, benefits will be denied on the basis that you did not obtain prior approval. Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the *Appeals* section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, benefits for that service will be provided according to the terms of your medical benefits.
- Iowa or South Dakota, you are responsible for notification requirements. See *Notification Requirements and Care Coordination*, page 43.
- If you do not obtain prior authorization for certain prescription drugs, benefits can be reduced or denied. See *Notification Requirements and Care Coordination*, page 43.
 - The type of provider you choose can affect your benefits and what you pay. See *Choosing a Provider*, page 37, and *Factors Affecting What You Pay*, page 49. Examples of charges that depend on the type of provider include but are not limited to:
 - Any difference between the provider’s amount charged and our amount paid is your responsibility if you receive services from a nonparticipating provider.

You are responsible for these benefit denials only if you are responsible (not your provider) for notification. A PPO provider in Iowa or South Dakota will handle notification requirements for you. If you see a PPO provider outside

5. Choosing a Provider

Alliance Select

Your medical benefits are called Alliance Select.

It relies on a preferred provider organization (PPO) network, which consists of providers that participate directly with Alliance Select and providers that participate with other Blue Cross and/or Blue Shield preferred provider organizations (PPOs). These PPO providers offer services to members of contracting medical benefits plans at a reduced cost, which usually results in the least expense for you.

Non-PPO providers are either participating or nonparticipating. If you are unable to utilize a PPO provider, it is usually to your advantage to visit what we call a *participating provider*. Participating providers participate with a Blue Cross and/or Blue Shield Plan, but not with a PPO.

Other providers are considered nonparticipating, and you will usually pay the most for services you receive from them.

See *What You Pay*, page 5 and *Factors Affecting What You Pay*, page 49.

To determine if a provider participates with your medical benefits, ask your provider, refer to our online provider directory at *Wellmark.com*, or call the Customer Service number on your ID card.

Providers are independent contractors and are not agents or employees of Wellmark Blue Cross and Blue Shield of Iowa. For types of providers that may be covered under your medical benefits, see *Hospitals and Facilities*, page 20 and *Physicians and Practitioners*, page 25.

Please note: Even though a facility may be PPO or participating, particular providers within the facility may not be PPO or participating providers. Examples include nonparticipating physicians on the staff of a PPO or participating hospital, home medical equipment suppliers, and other independent providers. Therefore, when you are referred by a PPO or participating provider to another provider, or when you are admitted into a facility, always ask if the providers contract with a Blue Cross and/or Blue Shield Plan.

Always carry your ID card and present it when you receive services. Information on it, especially the ID number, is required to process your claims correctly.

Pharmacies do not participate with Alliance Select. Pharmacies typically do not provide services and supplies considered medical benefits under the plan, and are not considered participating providers for such benefits. See *Choosing a Pharmacy* and *Specialty Pharmacy Program* later in this section.

Services Outside the Wellmark Service Area

Whenever possible, before receiving services outside the Wellmark service area, you should ask the provider if he or she participates with a Blue Cross and/or Blue Shield Plan in that state. To locate PPO providers in any state, call **800-810-BLUE**, or visit www.bcbs.com.

Iowa and South Dakota comprise the Wellmark service area.

Laboratory services. You may have laboratory specimens or samples collected by a PPO provider and those laboratory specimens may be sent to another laboratory services provider for processing or testing. If that laboratory services provider does not have a contractual relationship with the Blue Plan where the specimen was drawn, that provider will be considered a nonparticipating provider and you will be responsible for any applicable nonparticipating provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

Home/durable medical equipment. If you purchase or rent home/durable medical equipment from a provider that does not have a contractual relationship with the Blue Plan where you purchased or rented

the equipment, that provider will be considered a nonparticipating provider and you will be responsible for any applicable nonparticipating provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

If you purchase or rent home/durable medical equipment and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the home/durable medical equipment provider, that provider will be considered nonparticipating and you will be responsible for any applicable nonparticipating provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service. This includes situations where you purchase or rent home/durable medical equipment and have the equipment shipped to you in Wellmark’s service area, when Wellmark does not have a contractual relationship with the home/durable medical equipment provider.

Prosthetic devices. If you purchase prosthetic devices from a provider that does not have a contractual relationship with the Blue Plan where you purchased the prosthetic devices, that provider will be considered a nonparticipating provider and you will be responsible for any applicable

nonparticipating provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service.

If you purchase prosthetic devices and have that equipment shipped to a service area of a Blue Plan that does not have a contractual relationship with the provider, that provider will be considered nonparticipating and you will be responsible for any applicable nonparticipating provider payment obligations and you may also be responsible for any difference between the amount charged and our amount paid for the covered service. This includes situations where you purchase prosthetic devices and have them shipped to you in Wellmark's service area, when Wellmark does not have a contractual relationship with the provider.

Talk to your provider. Whenever possible, before receiving laboratory services, home/durable medical equipment, or prosthetic devices, ask your provider to utilize a provider that has a contractual arrangement with the Blue Plan where you received services, purchased or rented equipment, or shipped equipment, or ask your provider to utilize a provider that has a contractual arrangement with Wellmark.

To determine if a provider has a contractual arrangement with a particular Blue Plan or with Wellmark, call the Customer Service number on your ID card or visit our website, *Wellmark.com*.

See *Nonparticipating Providers*, page 50.

BlueCard Program. We have relationships with other Blue Cross and/or Blue Shield Plans. These relationships are generally referred to as Inter-Plan Programs. Whenever you obtain services outside Iowa or South Dakota, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program. These programs ensure that members of any Blue Plan have access to the advantages of PPO providers throughout the United States.

Participating providers have a contractual agreement with the Blue Cross or Blue Shield Plan in their home state ("Host Blue"). The Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

The BlueCard Program is one of the advantages of your coverage with Wellmark Blue Cross and Blue Shield. It provides conveniences and benefits outside the Wellmark service area similar to those you would have within our service area when you obtain covered medical services from a BlueCard PPO provider. Always carry your ID card (or BlueCard) and present it to your provider when you receive care. Information on it, especially the ID number, is required to process your claims correctly.

BlueCard PPO providers may not be available in some states. In this case, when you receive covered services from a non-BlueCard PPO provider, you will receive the same advantages as when you receive covered services from a BlueCard PPO provider.

BlueCard PPO providers contract with the Blue Cross and/or Blue Shield preferred provider organization (PPO) in their home state.

When you receive covered services from BlueCard providers outside the Wellmark service area, all of the following statements are true:

- Claims are filed for you.
- These providers agree to accept payment arrangements or negotiated prices of the Blue Cross and/or Blue Shield Plan with which the provider contracts. These payment arrangements may result in savings.
- The health plan payment is sent directly to the providers.

Typically, when you receive covered services from BlueCard providers outside the Wellmark service area, you are responsible for notification requirements. See *Notification Requirements and Care*

Coordination, page 43. However, if you are admitted to a BlueCard facility outside the Wellmark service area, any BlueCard provider will handle notification requirements for you.

Care in a Foreign Country

For covered services you receive in a country other than the United States, payment level assumes the provider category is nonparticipating except for services received from providers that participate with BlueCard Worldwide.

Blue Rx Complete

Choosing a Pharmacy

Your prescription drug benefits are called Blue Rx Complete. Pharmacies that participate with the network used by Blue Rx Complete are called participating pharmacies. Pharmacies that do not participate with the network are called nonparticipating pharmacies.

To determine if a pharmacy is participating, ask the pharmacist, consult the Blue Rx directory of participating pharmacies, visit our website at *Wellmark.com*, or call the Customer Service number on your ID card. Our Blue Rx directory also is available upon request by calling the Customer Service number on your ID card.

Blue Rx Complete allows you to purchase most covered prescription drugs from almost any pharmacy you choose. However, you will usually pay more for prescription drugs when you purchase them from nonparticipating pharmacies. Remember, you are responsible for the entire cost if you purchase a drug that is not on the Wellmark Drug List. We recommend you:

- Fill your prescriptions at a participating retail pharmacy, through the specialty pharmacy program, or through the mail order drug program. See *Mail Order Drug Program* and *Specialty Pharmacy Program* later in this section.
- Advise your physician that you are covered under Blue Rx Complete.
- Always present your ID card when filling prescriptions. Your ID card enables participating pharmacists to access your benefits information.

Advantages of Visiting Participating Pharmacies

When you fill your prescription at participating pharmacies:

- You will usually pay less. If you use a nonparticipating pharmacy, you must pay the amount charged at the time of purchase, and the amount we reimburse you may be less than what you paid. You are responsible for this difference.
- The participating pharmacist can check whether your prescription is subject to prior authorization or quantity limits.
- The participating pharmacist can access your benefit information, verify your eligibility, check whether the prescription is a benefit under your Blue Rx Complete prescription drug benefits, list the amount you are expected to pay, and suggest generic alternatives.

Always Present Your ID Card

If you do not have your ID card with you when you fill a prescription at a participating pharmacy, the pharmacist may not be able to access your benefit information. In this case:

- You must pay the full amount charged at the time you receive your prescription, and the amount we reimburse you may be less than what you paid. You are responsible for this difference.
- You must file your claim to be reimbursed. See *Claims*, page 71.

Specialty Pharmacy Program

Specialty drugs are often unavailable from ordinary retail pharmacies. Specialty pharmacies deliver specialty drugs directly

to your home or to your physician's office. We recommend that you purchase specialty drugs through a participating pharmacy or through the specialty pharmacy program. You must register as a specialty pharmacy program user in order to fill your prescriptions through the specialty pharmacy program. For information on how to register, call the Customer Service number on your ID card or visit our website at *Wellmark.com*.

The specialty pharmacy program administers the distribution of specialty drugs to the home and to physicians' offices.

When you fill your prescription through the specialty pharmacy program, you will usually pay less than if you use a pharmacy outside the specialty pharmacy program. For specialty drug purchases, pharmacies outside the specialty pharmacy program are considered nonparticipating pharmacies. When you purchase covered drugs from nonparticipating pharmacies, you will usually pay more.

When you purchase covered drugs from nonparticipating pharmacies you are responsible for the amount charged for the drug at the time you fill your prescription, and then you must file a claim to be reimbursed. Once you submit a claim, you will receive credit toward your deductible or be reimbursed up to the maximum allowable fee of the drug, less your payment obligation. The maximum allowable fee may be less than the amount you paid. In other words, you are responsible for any difference in cost between what the pharmacy charges you for the drug and our reimbursement amount.

Mail Order Drug Program

When you fill your prescription through the mail order drug program, you will usually pay less than if you use a nonparticipating mail order pharmacy.

You must register as a mail service user in order to fill your prescriptions through the mail order drug program. For information

on how to register, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card.

Mail order pharmacy providers outside our mail order program are considered nonparticipating pharmacies. If you purchase covered drugs from nonparticipating mail order pharmacies, you will usually pay more.

When you purchase covered drugs from nonparticipating pharmacies you are responsible for the amount charged for the drug at the time you fill your prescription, and then you must file a claim to be reimbursed. Once you submit a claim, you will receive credit toward your deductible or be reimbursed up to the maximum allowable fee of the drug, less your payment obligation. The maximum allowable fee may be less than the amount you paid. In other words, you are responsible for any difference in cost between what the pharmacy charges you for the drug and our reimbursement amount.

See *Participating vs. Nonparticipating Pharmacies*, page 54.

6. Notification Requirements and Care Coordination

Alliance Select

Many services require a notification to us or a review by us. If you do not follow notification requirements properly, you may have to pay for services yourself, so the information in this section is critical. For a complete list of services subject to notification or review, visit Wellmark.com or call the Customer Service number on your ID card.

BlueCard Providers and Notification Requirements

Typically, only BlueCard providers in Iowa and South Dakota handle notification requirements for you. However, if you are admitted to a BlueCard facility outside Iowa or South Dakota, any BlueCard provider will handle notification requirements for you.

If you receive any other covered services (i.e., services unrelated to an inpatient admission) from a BlueCard provider outside Iowa or South Dakota, you or someone acting on your behalf are responsible for notification requirements.

More than one of the notification requirements and care coordination programs described in this section may apply to a service. Any notification or care coordination decision is based on the medical benefits in effect at the time of your request. If your coverage changes for any reason, you may be required to repeat the notification process.

You or your authorized representative, if you have designated one, may appeal a denial or reduction of benefits resulting from these notification requirements and care coordination programs. See *Appeals*, page 79. Also see *Authorized Representative*, page 83.

Precertification

Purpose	Precertification helps determine whether a service or admission to a facility is medically necessary. Precertification is required; however, it does not apply to maternity or emergency services.
Applies to	For a complete list of the services subject to precertification, visit Wellmark.com or call the Customer Service number on your ID card.
Person Responsible	PPO providers in the states of Iowa and South Dakota obtain precertification for you. However, you or someone acting on your behalf are responsible for precertification if: <ul style="list-style-type: none">■ You receive services subject to precertification (other than services you receive as an inpatient in a facility) from a provider outside Iowa or South Dakota;■ You receive services subject to precertification from a participating or nonparticipating provider.

Process	<p>When you, instead of your provider, are responsible for precertification, call the phone number on your ID card before receiving services.</p> <p>Wellmark will respond to a precertification request within:</p> <ul style="list-style-type: none"> ■ 72 hours in a medically urgent situation; ■ 15 days in a non-medically urgent situation. <p>Precertification requests must include supporting clinical information to determine medical necessity of the service or admission.</p> <p>After you receive the service(s), Wellmark may review the related medical records to confirm the records document the services subject to the approved precertification request. The medical records also must support the level of service billed and document that the services have been provided by the appropriate personnel with the appropriate level of supervision.</p>
Importance	<p>If you choose to receive services subject to precertification and we determine that the procedure was not medically necessary, you will be responsible for the charges.</p> <p>If you receive the services from a nonparticipating provider and we determine the procedure is medically necessary and otherwise covered, without precertification, benefits can be reduced by 50% of the maximum allowable fee, after which we subtract your applicable payment obligations. The maximum reduction will not exceed \$750 per admission. See <i>Maximum Allowable Fee</i>, page 51. You are subject to this benefit reduction only if you receive the services from a nonparticipating provider.</p> <p>Reduced or denied benefits that result from failure to follow notification requirements are not credited toward your out-of-pocket maximum. See <i>What You Pay</i>, page 5.</p>

Notification

Purpose	Notification of most facility admissions and certain services helps us identify and initiate discharge planning or care coordination. Notification is required.
Applies to	For a complete list of the services subject to notification, visit <i>Wellmark.com</i> or call the Customer Service number on your ID card.
Person Responsible	<p>PPO providers in the states of Iowa and South Dakota perform notification for you. However, you or someone acting on your behalf are responsible for notification if:</p> <ul style="list-style-type: none"> ■ You receive services subject to notification (other than services you receive as an inpatient in a facility) from a provider outside Iowa or South Dakota; ■ You receive services subject to notification from a participating or nonparticipating provider.

Process When you, instead of your provider, are responsible for notification, call the phone number on your ID card before receiving services, except when you are unable to do so due to a medical emergency. In the case of an emergency admission, you must notify us within one business day of the admission or the receipt of services.

Prior Approval

Purpose Prior approval helps determine whether a proposed treatment plan is medically necessary and a benefit under your medical benefits. Prior approval is required.

Applies to For a complete list of the services subject to prior approval, visit *Wellmark.com* or call the Customer Service number on your ID card.

Person Responsible PPO providers in the states of Iowa and South Dakota request prior approval for you. You are responsible for prior approval if:

- You are admitted to a facility outside Iowa or South Dakota;
- You receive services subject to prior approval from a provider outside Iowa or South Dakota;
- You receive services subject to prior approval from a participating or nonparticipating provider.

Process When you, instead of your provider, are responsible for requesting prior approval, call the number on your ID card to obtain a prior approval form and ask the provider to help you complete the form.

Wellmark will determine whether the requested service is medically necessary and eligible for benefits based on the written information submitted to us. We will respond to a prior approval request in writing to you and your provider within:

- 72 hours in a medically urgent situation.
- 15 days in a non-medically urgent situation.

Prior approval requests must include supporting clinical information to determine medical necessity of the services or supplies.

Importance	<p>If your request is approved, the service is covered provided other contractual requirements, such as member eligibility and benefit maximums, are observed. If your request is denied, the service is not covered, and you will receive a notice with the reasons for denial.</p> <p>If you do not request prior approval for a service, the benefit for that service will be denied on the basis that you did not request prior approval.</p> <p>Upon receiving an Explanation of Benefits (EOB) indicating a denial of benefits for failure to request prior approval, you will have the opportunity to appeal (see the <i>Appeals</i> section) and provide us with medical information for our consideration in determining whether the services were medically necessary and a benefit under your medical benefits. Upon review, if we determine the service was medically necessary and a benefit under your medical benefits, the benefit for that service will be provided according to the terms of your medical benefits.</p> <p>Approved services are eligible for benefits for a limited time. Approval is based on the medical benefits in effect and the information we had as of the approval date. If your coverage changes for any reason (for example, because of a new job or new medical benefits), an approval may not be valid. If your coverage changes before the approved service is performed, a new approval is recommended.</p> <p>Note: When prior approval is required, and an admission to a facility is required for that service, the admission also may be subject to notification or precertification. See <i>Precertification</i> and <i>Notification</i> earlier in this section.</p>
-------------------	---

Concurrent Review

Purpose	<p>Concurrent review is a utilization review conducted during a member's facility stay or course of treatment at home or in a facility setting to determine whether the place or level of service is medically necessary. This care coordination program occurs without any notification required from you.</p>
Applies to	<p>For a complete list of the services subject to concurrent review, visit <i>Wellmark.com</i> or call the Customer Service number on your ID card.</p>
Person Responsible	<p>Wellmark</p>
Process	<p>Wellmark may review your case to determine whether your current level of care is medically necessary.</p> <p>Responses to Wellmark's concurrent review requests must include supporting clinical information to determine medical necessity as a condition of your coverage.</p>
Importance	<p>Wellmark may require a change in the level or place of service in order to continue providing benefits. If we determine that your current facility setting or level of care is no longer medically necessary, we will notify you, your attending physician, and the facility or agency at least 24 hours before your benefits for these services end.</p>

Case Management

Purpose	Case management is a process of considering alternative treatments for members with severe illnesses or injuries that require costly, long-term care. Depending on the individual circumstances, a hospital may not be the most appropriate setting for treatment.
Applies to	Examples where case management might be appropriate include but are not limited to: Brain or Spinal Cord Injuries Cystic Fibrosis Degenerative Muscle Disorders Hemophilia Home Health Services Pregnancy (high risk) Transplants
Person Responsible	You, your physician, and the health care facility can work with Wellmark's case managers to identify and arrange alternative treatment plans to meet special needs. Wellmark may initiate a request for case management.
Process	Wellmark's case managers try to identify alternative settings or treatment plans, provided costs do not exceed those of an inpatient facility. A benefit program is tailored to the circumstances of the case. Even if a service is not covered or is subject to a specific limitation, Wellmark may waive exclusions or limitations with the agreement of its medical director. If your current level or setting of care is no longer medically necessary, you, your attending physician, and the facility or agency will be notified at least 24 hours before benefits end.
Importance	Case management provides an opportunity to receive alternative benefits to meet special needs. Wellmark may recommend a different treatment plan that preserves coverage.

Blue Rx Complete

Prior Authorization of Drugs

Purpose	Prior authorization allows us to verify that a prescription drug is part of a specific treatment plan and is medically necessary. In some cases prior authorization may also allow a drug that is normally excluded to be covered if it is part of a specific treatment plan and medically necessary.
Applies to	Prior authorization is required for a number of particular drugs. Visit <i>Wellmark.com</i> or check with your pharmacist or practitioner to determine whether prior authorization applies to a drug that has been prescribed for you.

Person Responsible	You are responsible for prior authorization.
Process	<p>Ask your practitioner to call us with the necessary information. If your practitioner has not provided the prior authorization information, participating pharmacists usually ask for it, which may delay filling your prescription. To avoid delays, encourage your provider to complete the prior authorization process before filling your prescription. Nonparticipating pharmacists will fill a prescription without prior authorization but you will be responsible for paying the charge.</p> <p>Wellmark will respond to a prior authorization request within:</p> <ul style="list-style-type: none"> ■ 72 hours in a medically urgent situation. ■ 15 days in a non-medically urgent situation. <p>Calls received after 4:00 p.m. are considered the next business day.</p>
Importance	If you purchase a drug that requires prior authorization but do not obtain prior authorization, you are responsible for paying the entire amount charged.

Exception Process for Noncovered Drugs

Purpose	The exception process may allow a drug that is not normally covered to be covered if it meets Wellmark's medical exception criteria.
Applies to	Drugs not listed on the Wellmark Blue Rx Complete Drug List.
Process	<p>There are two exception processes depending upon whether a noncovered drug has already been purchased or not.</p> <ul style="list-style-type: none"> ■ If you have not already purchased the noncovered drug: <ul style="list-style-type: none"> — You may call the Customer Service number on your ID card; or — You may access the Member Initiated Exception Request Form for Noncovered Pharmaceuticals on our website at <i>Wellmark.com</i>; or — You or your practitioner may follow the prior authorization process described earlier in this section. ■ If you have already purchased the noncovered drug, you will need to see your practitioner for details on the medical exception process.
Importance	If you purchase a drug that is not covered, you are responsible for paying the entire amount charged.

7. Factors Affecting What You Pay

How much you pay for covered services is affected by many different factors discussed in this section.

Alliance Select

Benefit Year

A benefit year is the same as a calendar year. It begins on the effective date of the agreement between Wellmark Blue Cross and Blue Shield and your employer or group sponsor and starts over each January 1. Your benefit year continues even if your employer or group sponsor changes Wellmark group health plan benefits during the year.

If you change coverage and your Wellmark identification number is changed, a new benefit year will start under the new ID number for the rest of the calendar year. In this case, the benefit year would be less than a full year.

If you are an inpatient in a covered facility on the date of your annual benefit year renewal, your benefit limitations and payment obligations, including your deductible and out-of-pocket maximum, for facility services will renew and will be based on the benefit limitations and payment obligation amounts in effect on the date you were admitted. However, your payment obligations, including your deductible and out-of-pocket maximum, for practitioner services will be based on the payment obligation amounts in effect on the day you receive services.

The benefit year is important for calculating:

- Deductible.
- Coinsurance.
- Out-of-pocket maximum.
- Benefit maximum.

How Coinsurance is Calculated

The amount on which coinsurance is calculated depends on the state where you receive a covered service and the contracting status of the provider.

PPO Providers in the Wellmark Service Area and All Participating and Nonparticipating Providers

Coinsurance is calculated using the payment arrangement amount after the following amounts (if applicable) are subtracted from it:

- Deductible.
- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 33.

BlueCard PPO Providers Outside the Wellmark Service Area

The coinsurance for covered services is calculated on the lower of:

- The amount charged for the covered service, or
- The negotiated price that the Host Blue makes available to Wellmark after the following amounts (if applicable) are subtracted from it:
 - Deductible.
 - Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 33.

Often, the negotiated price will be a simple discount that reflects an actual price the local Host Blue paid to your provider. Sometimes, the negotiated price is an

estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges.

Occasionally, the negotiated price may be an average price based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price. Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or under-estimation of modifications of past pricing for the types of transaction modifications noted previously. However, such adjustments will not affect the price we use for your claim because they will not be applied retroactively to claims already paid.

Occasionally, claims for services you receive from a provider that participates with a Blue Cross and/or Blue Shield Plan outside of Iowa or South Dakota may need to be processed by Wellmark instead of by the BlueCard Program. In that case, coinsurance is calculated using the amount charged for covered services after the following amounts (if applicable) are subtracted from it:

- Deductible.
- Amounts representing any general exclusions and conditions. See *General Conditions of Coverage, Exclusions, and Limitations*, page 33.

Laws in a small number of states may require the Host Blue Plan to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, Wellmark will calculate your payment obligation for any covered services according to applicable law. For more information, see *BlueCard Program*, page 39.

PPO Providers

Blue Cross and Blue Shield Plans have contracting relationships with PPO

providers. When you receive services from PPO providers:

- The PPO payment obligation amounts may be waived or may be less than the participating and nonparticipating amounts for certain covered services. See *Waived Payment Obligations*, page 8.
- These providers agree to accept Wellmark's payment arrangements, or payment arrangements or negotiated prices of the Blue Cross and Blue Shield Plan with which the provider contracts. These payment arrangements may result in savings.
- The health plan payment is sent directly to the provider.

Nonparticipating Providers

Wellmark and Blue Cross and/or Blue Shield Plans do not have contracting relationships with nonparticipating providers, and they may not accept our payment arrangements. Pharmacies are considered nonparticipating providers. Therefore, when you receive services from nonparticipating providers:

- You are responsible for any difference between the amount charged and our payment for a covered service. In the case of services received outside Iowa or South Dakota, our maximum payment for services by a nonparticipating provider will generally be based on either the Host Blue's nonparticipating provider local payment or the pricing arrangements required by applicable state law. In certain situations, we may use other payment bases, such as the amount charged for a covered service, the payment we would make if the services had been obtained within Iowa or South Dakota, or a special negotiated payment, as permitted under Inter-Plan Programs policies, to determine the amount we will pay for services you receive from nonparticipating providers. See *Services Outside the Wellmark Service Area*, page 38.

- Wellmark does not make claim payments directly to these providers. You are responsible for ensuring that your provider is paid in full.
- The health plan payment for nonparticipating hospitals, M.D.s, and D.O.s in Iowa is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider (plus any billed balance you may owe).

Amount Charged and Maximum Allowable Fee

Amount Charged

The amount charged is the amount a provider charges for a service or supply, regardless of whether the services or supplies are covered under your medical benefits.

Maximum Allowable Fee

The maximum allowable fee is the amount, established by Wellmark, using various methodologies, for covered services and supplies. Wellmark's amount paid may be based on the lesser of the amount charged for a covered service or supply or the maximum allowable fee.

Payment Arrangements

Payment Arrangement Savings

Wellmark has contracting relationships with PPO providers. We use different methods to determine payment arrangements, including negotiated fees. These payment arrangements usually result in savings.

The savings from payment arrangements and other important amounts will appear on your Explanation of Benefits statement as follows:

- *Network Savings*, which reflects the amount you save on a claim by receiving services from a participating or PPO provider. For the majority of services, the savings reflects the actual amount you saved on a claim. However, depending on many factors, the amount we pay a provider could be different from the covered charge. Regardless of the amount we pay a participating or PPO provider, your payment responsibility will always be based on the lesser of the covered charge or the maximum allowable fee.
- *Amount Not Covered*, which reflects the portion of provider charges not covered under your health benefits and for which you are responsible. This amount may include services or supplies not covered; amounts in excess of a benefit maximum, benefit year maximum, or lifetime benefits maximum; reductions or denials for failure to follow a required precertification; and the difference between the amount charged and the maximum allowable fee for services from a nonparticipating provider. For general exclusions and examples of benefit limitations, see *General Conditions of Coverage, Exclusions, and Limitations*, page 33.
- *Amount Paid by Health Plan*, which reflects our payment responsibility to a provider or to you. We determine this amount by subtracting the following amounts (if applicable) from the amount charged:
 - Deductible.
 - Coinsurance.
 - Copayment.
 - Amounts representing any general exclusions and conditions.
 - Network savings.

Payment Method for Services

Provider payment arrangements are calculated using industry methods, including but not limited to fee schedules, per diems, percentage of charge, capitation, or episodes of care. Some provider payment arrangements may include an amount payable to the provider based on the provider's performance. Performance-based amounts that are not distributed are not allocated to your specific group or to your specific claims and are not considered when

determining any amounts you may owe. We reserve the right to change the methodology we use to calculate payment arrangements based on industry practice or business need. PPO and participating providers agree to accept our payment arrangements as full settlement for providing covered services, except to the extent of any amounts you may owe.

Pharmacy Benefits Manager Fees and Drug Company Rebates

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services to its accounts, such as your group. Your group is to pay a monthly fee for such services.

Drug manufacturers offer rebates to pharmacy benefits managers. After your group has had Wellmark prescription drug coverage for at least nine months, the pharmacy benefits manager contracting with Wellmark will calculate, on a quarterly basis, your group's use of drugs for which rebates have been paid. Wellmark receives these rebates. Your group will be credited with rebate amounts forwarded to us by the pharmacy benefits manager unless your group's arrangement with us requires us to reduce such rebated amounts by the amount of any fees we paid to the pharmacy benefits manager for the services rendered to your group. We will not distribute these rebate amounts to you, and rebates will not be considered when determining your payment obligations.

Blue Rx Complete

Benefit Year

A benefit year is the same as a calendar year. It begins on the effective date of the agreement between Wellmark Blue Cross and Blue Shield and your employer or group sponsor and starts over each January 1.

The benefit year is important for calculating:

- Deductible.
- Out-of-pocket maximum.

Wellmark Blue Rx Complete Drug List

Often there is more than one medication available to treat the same medical condition. The Wellmark Blue Rx Complete Drug List ("Drug List") contains drugs physicians recognize as medically effective for a wide range of health conditions.

The Drug List is maintained with the assistance of practicing physicians, pharmacists, and Wellmark's pharmacy department.

To determine if a drug is covered, you or your physician must consult the Drug List.

If a drug is not on the Drug List, it is not covered.

If you need help determining if a particular drug is on the Drug List, ask your physician or pharmacist, visit our website, *Wellmark.com*, or call the Customer Service number on your ID card.

Although only drugs listed on the Drug List are covered, physicians are not limited to prescribing only the drugs on the list. Physicians may prescribe any medication, but only medications on the Drug List are covered. **Please note:** A medication on the Drug List will not be covered if the drug is specifically excluded under your Blue Rx Complete prescription drug benefits, or other limitations apply.

If a drug is not on the Wellmark Blue Rx Complete Drug List and you believe it should be covered, refer to *Exception Process for Noncovered Drugs*, page 48.

The Wellmark Blue Rx Complete Drug List is subject to change.

Tiers

The Wellmark Blue Rx Complete Drug List also identifies which tier a drug is on:

Tier 1. Most generic drugs and some brand-name drugs that have no generic equivalent. Tier 1 drugs have the lowest payment obligation.

Tier 2. Drugs appear on this tier because they either have no generic equivalent or are considered less cost-effective than Tier 1 drugs. Tier 2 drugs have a higher payment obligation than Tier 1 drugs.

Tier 3. Drugs appear on this tier because they are less cost-effective than Tier 1 or Tier 2 drugs. Tier 3 drugs have a higher payment obligation than Tier 1 or Tier 2 drugs.

Tier 4. Drugs available as combination products or lifestyle drugs. Tier 4 drugs have the same payment obligation as Tier 3 drugs.

Generic and Brand Name Drugs**Generic Drug**

Generic drug refers to an FDA-approved “A”-rated generic drug. This is a drug with active therapeutic ingredients chemically identical to its brand name drug counterpart.

Brand Name Drug

Brand name drug is a prescription drug patented by the original manufacturer. Usually, after the patent expires, other manufacturers may make FDA-approved generic copies.

Sometimes, a patent holder of a brand name drug grants a license to another manufacturer to produce the drug under a generic name, though it remains subject to patent protection and has a nearly identical price. In these cases, Wellmark’s pharmacy benefits manager may treat the licensed product as a brand name drug, rather than generic, and will calculate your payment obligation accordingly.

What You Pay

In most cases, when you purchase a brand name drug that has an FDA-approved “A”-rated generic equivalent, Wellmark will pay only what it would have paid for the equivalent generic drug. You will be responsible for your payment obligation for the equivalent generic drug and any remaining cost difference up to the maximum allowed fee for the brand name drug. However, if your physician writes “dispense as written” on your prescription, you will not be responsible for this difference.

Quantity Limitations

Most prescription drugs are limited to a maximum quantity you may receive in a single prescription.

Federal regulations limit the quantity that may be dispensed for certain medications. If your prescription is so regulated, it may not be available in the amount prescribed by your physician.

In addition, coverage for certain drugs is limited to specific quantities per month, benefit year, or lifetime. Amounts in excess of quantity limitations are not covered.

For a list of drugs with quantity limits, check with your pharmacist or physician or consult the Wellmark Blue Rx Complete Drug List at *Wellmark.com*, or call the Customer Service number on your ID card.

Amount Charged and Maximum Allowable Fee**Amount Charged**

The retail price charged by a pharmacy for a covered prescription drug.

Maximum Allowable Fee

The amount, established by Wellmark using various methodologies and data (such as the average wholesale price), payable for covered drugs.

The maximum allowable fee may be less than the amount charged for the drug.

Participating vs. Nonparticipating Pharmacies

If you purchase a covered prescription drug at a nonparticipating pharmacy, you are responsible for the amount charged for the drug at the time you fill your prescription, and then you must file a claim.

Once you submit a claim, you will receive credit toward your deductible or be reimbursed up to the maximum allowable fee of the drug, less your copayment or coinsurance. The maximum allowable fee may be less than the amount you paid. In other words, you are responsible for any difference in cost between what the pharmacy charges you for the drug and our reimbursement amount.

Your payment obligation for the purchase of a covered prescription drug at a participating pharmacy is the lesser of your copayment or coinsurance, the maximum allowable fee, or the amount charged for the drug.

To determine if a pharmacy is participating, ask the pharmacist, consult the Blue Rx directory of participating pharmacies, visit our website at *Wellmark.com*, or call the Customer Service number on your ID card. Our Blue Rx directory also is available upon request by calling the Customer Service number on your ID card.

Special Programs

We evaluate and monitor changes in the pharmaceutical industry in order to determine clinically effective and cost-effective coverage options. These evaluations may prompt us to offer programs that encourage the use of reasonable alternatives. For example, we may, at our discretion, temporarily waive your payment obligation on a qualifying prescription drug purchase.

Visit our website at *Wellmark.com* or call us to determine whether your prescription qualifies.

Savings and Rebates

Payment Arrangements

The benefits manager of this prescription drug program has established payment arrangements with participating pharmacies that may result in savings.

Pharmacy Benefits Manager Fees and Drug Company Rebates

Wellmark contracts with a pharmacy benefits manager to provide pharmacy benefits management services to its accounts, such as your group. Your group is to pay a monthly fee for such services.

Drug manufacturers offer rebates to pharmacy benefits managers. After your group has had Wellmark prescription drug coverage for at least nine months, the pharmacy benefits manager contracting with Wellmark will calculate, on a quarterly basis, your group's use of drugs for which rebates have been paid. Wellmark receives these rebates. Your group will be credited with rebate amounts forwarded to us by the pharmacy benefits manager unless your group's arrangement with us requires us to reduce such rebated amounts by the amount of any fees we paid to the pharmacy benefits manager for the services rendered to your group. We will not distribute these rebate amounts to you, and rebates will not be considered when determining your payment obligations.

8. Coverage Eligibility and Effective Date

Eligible Members

You are eligible for coverage if you meet your employer's or group sponsor's eligibility requirements. Also eligible for coverage is an eligible member's spouse.

A child is eligible under the plan member's coverage if the child has any of the following relationships to the plan member or an enrolled spouse:

- A natural child.
- Legally adopted or placed for adoption (that is, you assume a legal obligation to provide full or partial support and intend to adopt the child).
- A child for whom you have legal guardianship.
- A stepchild.
- A foster child.
- A natural child a court orders to be covered.

A child who has been placed in your home for the purpose of adoption or whom you have adopted is eligible for coverage on the date of placement for adoption or the date of actual adoption, whichever occurs first.

Please note: You must notify us or your employer or group sponsor if you enter into an arrangement to provide surrogate parent services: Contact your employer or group sponsor or call the Customer Service number on your ID card.

In addition, a child must be one of the following:

- Under age 26.
- An unmarried full-time student enrolled in an accredited educational institution. Full-time student status continues during:
 - Regularly-scheduled school vacations; and
 - Medically necessary leaves of absence until the earlier of one year

from the first day of leave or the date coverage would otherwise end.

- An unmarried child who is totally and permanently disabled, physically or mentally. The disability must have existed before the child turned age 26, or while the child was a full-time student. In addition, the child must have had creditable coverage without a break of 63 days or more since turning age 26 or since becoming a full-time student.

Enrollment Requirements

Each eligible employee who began work before the effective date of this coverage is eligible to enroll for this coverage on the effective date. New, eligible employees may enroll for coverage on the first of the month following 30 days of employment (subject to any new employment probationary period your group may have). The application must be received by us no later than 31 days following eligibility.

Please note: In addition to the preceding requirements, eligibility is affected by coverage enrollment events and coverage termination events. See *Coverage Change Events*, page 59.

Eligibility Requirements

The following are eligibility requirements for participating in this health benefits plan.

Full-time Employees. A full-time employee means an employee who works a minimum of 30 hours per week, unless otherwise agreed to in the Collective Bargaining Agreement the insured's employment is covered under. If you are a full-time employee, you are eligible to apply for coverage on your effective date as a full-time employee or at an annual enrollment of the group. See your employer or group sponsor for details.

Part-time Employees. A part-time employee means an employee who works

less than 30 hours per week. If you are a part-time employee, have worked more than 30 days, and you are promoted to a benefit eligible position, the eligibility waiting period will be waived and you will be eligible for coverage on the first of the month following your promotion.

Retirees. You are eligible to continue participating under this health benefits plan until age 65 if:

- You are covered under this plan at the time you retire with this employer or group sponsor, and
- You are receiving a pension from the Iowa Public Employee Retirement System (IPERS) as a result of a disability or formal retirement, or
- You are receiving a Social Security disability benefit.

When Coverage Begins

Coverage begins on the member's effective date. If you have just started a new job, or if a coverage enrollment event allows you to add a new member, ask your employer or group sponsor about your effective date. Services received before the effective date of coverage are not eligible for benefits.

Late Enrollees

A late enrollee is a member who declines coverage when initially eligible to enroll and then later wishes to enroll for coverage. However, a member is not a late enrollee if a qualifying enrollment event allows enrollment as a special enrollee, even if the enrollment event coincides with a late enrollment opportunity. See *Coverage Change Events*, page 59.

A late enrollee may enroll for coverage at the group's next renewal or enrollment period.

Changes to Information Related to You or to Your Benefits

Wellmark may, from time to time, permit changes to information relating to you or to

your benefits. In such situations, Wellmark shall not be required to reprocess claims as a result of any such changes.

Qualified Medical Child Support Order

If you have a dependent child and you or your spouse's employer or group sponsor receives a Medical Child Support Order recognizing the child's right to enroll in this group health plan or in your spouse's benefits plan, the employer or group sponsor will promptly notify you or your spouse and the dependent that the order has been received. The employer or group sponsor also will inform you or your spouse and the dependent of its procedures for determining whether the order is a Qualified Medical Child Support Order (QMCSO). Participants and beneficiaries can obtain, without charge, a copy of such procedures from the plan administrator.

A QMCSO specifies information such as:

- Your name and last known mailing address.
- The name and mailing address of the dependent specified in the court order.
- A reasonable description of the type of coverage to be provided to the dependent or the manner in which the type of coverage will be determined.
- The period to which the order applies.

A Qualified Medical Child Support Order cannot require that a benefits plan provide any type or form of benefit or option not otherwise provided under the plan, except as necessary to meet requirements of Iowa Code Chapter 252E (2001) or Social Security Act Section 1908 with respect to group health plans.

The order and the notice given by the employer or group sponsor will provide additional information, including actions that you and the appropriate insurer must take to determine the dependent's eligibility and procedures for enrollment in the

benefits plan, which must be done within specified time limits.

If eligible, the dependent will have the same coverage as you or your spouse and will be allowed to enroll immediately. You or your spouse's employer or group sponsor will withhold any applicable share of the dependent's health care premiums from your compensation and forward this amount to us.

If you are subject to a waiting period that expires more than 90 days after the insurer receives the QMCSO, your employer or group sponsor must notify us when you become eligible for enrollment. Enrollment of the dependent will commence after you have satisfied the waiting period.

The dependent may designate another person, such as a custodial parent or legal guardian, to receive copies of explanations of benefits, checks, and other materials.

Your employer or group sponsor may not revoke enrollment or eliminate coverage for a dependent unless the employer or group sponsor receives satisfactory written evidence that:

- The court or administrative order requiring coverage in a group health plan is no longer in effect;
- The dependent's eligibility for or enrollment in a comparable benefits plan that takes effect on or before the date the dependent's enrollment in this group health plan terminates; or
- The employer eliminates dependent health coverage for all employees.

The employer or group sponsor is not required to maintain the dependent's coverage if:

- You or your spouse no longer pay premiums because the employer or group sponsor no longer owes compensation; or
- You or your spouse have terminated employment with the employer and have not elected to continue coverage.

Family and Medical Leave Act of 1993

The Family and Medical Leave Act of 1993 (FMLA), requires a covered employer to allow an employee with 12 months or more of service who has worked for 1,250 hours over the previous 12 months and who is employed at a worksite where 50 or more employees are employed by the employer within 75 miles of that worksite a total of 12 weeks of leave per fiscal year for the birth of a child, placement of a child with the employee for adoption or foster care, care for the spouse, child or parent of the employee if the individual has a serious health condition or because of a serious health condition, the employee is unable to perform any one of the essential functions of the employee's regular position. In addition, FMLA requires an employer to allow eligible employees to take up to 12 weeks of leave per 12-month period for qualifying exigencies arising out of a covered family member's active military duty in support of a contingency operation and to take up to 26 weeks of leave during a single 12-month period to care for a covered family member recovering from a serious illness or injury incurred in the line of duty during active service.

Any employee taking a leave under the FMLA shall be entitled to continue the employee's benefits during the duration of the leave. The employer must continue the benefits at the level and under the conditions of coverage that would have been provided if the employee had remained employed. **Please note:** The employee is still responsible for paying their share of the premium if applicable. If the employee for any reason fails to return from the leave, the employer may recover from the employee that premium or portion of the premium that the employer paid, provided the employee fails to return to work for any reason other than the reoccurrence of the serious health condition or circumstances beyond the control of the employee.

Leave taken under the FMLA does not constitute a qualifying event so as to trigger COBRA rights. However, a qualifying event triggering COBRA coverage may occur when it becomes known that the employee is not returning to work. Therefore, if an employee does not return at the end of the approved period of Family and Medical Leave and terminates employment with employer, the COBRA qualifying event occurs at that time.

If you have any questions regarding your eligibility or obligations under the FMLA, contact your employer or group sponsor.

9. Coverage Changes and Termination

Certain events may require or allow you to add or remove persons who are covered by this group health plan.

Coverage Change Events

Coverage Enrollment Events: The following events allow you as well as an affected spouse or eligible child to enroll for coverage. If your employer or group sponsor offers more than one group health plan, the event also allows you to move from one plan option to another.

- Birth, adoption, or placement for adoption by an approved agency.
- Marriage.
- Exhaustion of COBRA coverage.
- You or your spouse or dependent loses eligibility for creditable coverage or his or her employer or group sponsor ceases contribution to creditable coverage.
- Spouse loses coverage through his or her employer.
- You lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) (the *hawk-i* plan in Iowa).
- You become eligible for premium assistance under Medicaid or CHIP.

The following events allow you to add only the new dependent resulting from the event:

- Dependent child resumes status as a full-time student.
- Addition of a natural child by court order. See *Qualified Medical Child Support Order*, page 56.
- Appointment as a child's legal guardian.
- Placement of a foster child in your home by an approved agency.

Coverage Removal Events: The following events require you to remove the affected family member from your coverage:

- Death.

- Divorce or annulment. Legal separation, also, may result in removal from coverage. If you become legally separated, notify your employer or group sponsor.
- Medicare eligibility. If you become eligible for Medicare, you must notify your employer or group sponsor immediately. If you are eligible for this group health plan other than as a current employee or a current employee's spouse, your Medicare eligibility may terminate this coverage.

In case of the following coverage removal events, the affected child's coverage may be continued until the end of the month on or after the date of the event:

- Completion of full-time schooling if the child is age 26 or older.
- Child who is not a full-time student or permanently disabled reaches age 26.
- Marriage of a child age 26 or older.

Reinstatement of Child

Reinstatement Events. A child up to age 26 who was removed from coverage may be reinstated on his or her parent's existing coverage under any of the following conditions:

- Involuntary loss of creditable coverage (including but not limited to group or *hawk-i* coverage).
- Loss of creditable coverage due to:
 - Termination of employment or eligibility.
 - Death of spouse.
 - Divorce.
- Court ordered coverage for spouse or minor children under the parent's health insurance.
- Exhaustion of COBRA or Iowa continuation coverage.
- The plan member is employed by an employer that offers multiple health

plans and elects a different plan during an open enrollment period.

- A change in status in which the employee becomes eligible to enroll in this health plan and requests enrollment within 63 days after the date of the change in status. See *Coverage Enrollment Events* earlier in this section.

Reinstatement Requirements. A request for reinstated coverage for a child up to age 26 must be made within 31 days of the reinstatement event. In addition, the following requirements must be met:

- The child must have been covered under the parent's current coverage at the time the child left that coverage to enroll in other creditable coverage.
- The parent's coverage must be currently in effect and continuously in effect during the time the child was enrolled in other creditable coverage.

Requirement to Notify Group Sponsor

You must notify your employer or group sponsor of an event that changes the coverage status of members. Notify your employer or group sponsor within 60 days in case of the following events:

- A birth, adoption, or placement for adoption.
- You lose eligibility for coverage under Medicaid or the Children's Health Insurance Program (CHIP) (the *hawk-i* plan in Iowa).
- You become eligible for premium assistance under Medicaid or CHIP.

For all other events, you must notify your employer or group sponsor within 31 days of the event.

If you do not provide timely notification of an event that requires you to remove an affected family member, your coverage may be terminated.

If you do not provide timely notification of a coverage enrollment event, the affected person may not enroll until an annual group enrollment period.

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)

Your group health plan will fully comply with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). If any part of the plan conflicts with USERRA, the conflicting provision will not apply. All other benefits and exclusions of the group health plan will remain effective to the extent there is no conflict with USERRA.

USERRA provides for, among other employment rights and benefits, continuation of health care coverage to a covered employee and the employee's covered dependents during a period of the employee's active service or training with any of the uniformed services. The plan provides that a covered employee may elect to continue coverages in effect at the time the employee is called to active service. The maximum period of coverage for an employee and the covered employee's dependents under such an election shall be the lesser of:

- The 24-month period beginning on the date on which the covered employee's absence begins; or
- The period beginning on the date on which the covered employee's absence begins and ending on the day after the date on which the covered employee fails to apply for or return to a position of employment as follows:
 - For service of less than 31 days, no later than the beginning of the first full regularly scheduled work period on the first full calendar day following the completion of the period of service and the expiration of eight hours after a period allowing

for the safe transportation from the place of service to the covered employee's residence or as soon as reasonably possible after such eight hour period;

- For service of more than 30 days but less than 181 days, no later than 14 days after the completion of the period of service or as soon as reasonably possible after such period;
- For service of more than 180 days, no later than 90 days after the completion of the period of service; or
- For a covered employee who is hospitalized or convalescing from an illness or injury incurred in or aggravated during the performance of service in the uniformed services, at the end of the period that is necessary for the covered employee to recover from the illness or injury. The period of recovery may not exceed two (2) years.

A covered employee who elects to continue health plan coverage under the plan during a period of active service in the uniformed services may be required to pay no more than 102% of the full premium under the plan associated with the coverage for the employer's other employees. This is true except in the case of a covered employee who performs service in the uniformed services for less than 31 days. When this is the case, the covered employee may not be required to pay more than the employee's share, if any, for the coverage. Continuation coverage cannot be discontinued merely because activated military personnel receive health coverage as active duty members of the uniformed services and their family members are eligible to receive coverage under the TRICARE program (formerly CHAMPUS).

When a covered employee's coverage under a health plan was terminated by reason of service in the uniformed services, the preexisting condition exclusion and waiting

period may not be imposed in connection with the reinstatement of the coverage upon reemployment under USERRA. This applies to a covered employee who is reemployed and any dependent whose coverage is reinstated. The waiver of the preexisting condition exclusion shall not apply to illness or injury which occurred or was aggravated during performance of service in the uniformed services.

Uniformed services includes full-time and reserve components of the United States Army, Navy, Air Force, Marines and Coast Guard, the Army National Guard, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or emergency.

If you are a covered employee called to a period of active service in the uniformed service, you should check with the plan administrator for a more complete explanation of your rights and obligations under USERRA.

Coverage Termination

The following events terminate your coverage eligibility.

- You become unemployed when your eligibility is based on employment.
- You become ineligible under your employer's or group sponsor's eligibility requirements for reasons other than unemployment.
- Your employer or group sponsor discontinues or replaces this group health plan.
- We terminate coverage of all similar group health plans by written notice to your employer or group sponsor 90 days prior to termination.

Also see *Fraud or Intentional Misrepresentation of Material Facts*, and *Nonpayment* later in this section.

When you become unemployed and your eligibility is based on employment, your coverage will end at the end of the month

your employment ends. When your coverage terminates for all other reasons, check with your employer or group sponsor or call the Customer Service number on your ID card to verify the coverage termination date.

If you receive covered facility services as an inpatient of a hospital or a resident of a nursing facility on the date your coverage eligibility terminates, payment for the covered facility services will end on the earliest of the following:

- The end of your remaining days of coverage under this benefits plan.
- The date you are discharged from the hospital or nursing facility following termination of your coverage eligibility.
- A period not more than 60 days from the date of termination.

Only facility services will be covered under this extension of benefits provision. Benefits for professional services will end on the date of termination of your coverage eligibility.

Fraud or Intentional Misrepresentation of Material Facts

Your coverage will terminate immediately if:

- You use this group health plan fraudulently or intentionally misrepresent a material fact in your application; or
- Your employer or group sponsor commits fraud or intentionally misrepresents a material fact under the terms of this group health plan.

If your coverage is terminated for fraud or intentional misrepresentation of a material fact, then:

- We may declare this group health plan void retroactively from the effective date of coverage following a 30-day written notice. In this case, we will recover any claim payments made.
- Premiums may be retroactively adjusted as if the fraud or intentionally misrepresented material fact had been accurately disclosed in your application.

- We will retain legal rights, including the right to bring a civil action.

Nonpayment

Your coverage will terminate immediately if you or your employer or group sponsor fails to make required payments to us when due.

Coverage Continuation

When your coverage ends, you may be eligible to continue coverage under this group health plan or to convert to another Wellmark health benefits plan pursuant to certain state and federal laws.

COBRA Continuation

COBRA continuation coverage is a temporary extension of group health coverage under the plan under certain circumstances when coverage would otherwise end. The right to COBRA coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA coverage can become available when you would otherwise lose group health coverage under the plan. It can also become available to your spouse and dependent children, if they are covered under the plan, when they would otherwise lose their group health coverage under the plan. The following paragraphs generally explain COBRA coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.

The description of COBRA coverage contained here applies only to the group health plan benefits offered under the plan and not to any other benefits offered by your employer or group sponsor (such as life insurance, disability, or accidental death or dismemberment benefits). The plan provides no greater COBRA rights than what COBRA requires. Nothing in the plan is intended to expand the participant's rights beyond COBRA's requirements.

Coverage Entitlement. You, your spouse, and/or your dependent child(ren) will be entitled to elect COBRA if you lose your

group health coverage under the plan because of a life event known as a *qualifying event*. You may be entitled to continue this coverage under COBRA for a period of 18, 29, or 36 months depending on the qualifying event that causes loss of coverage under this plan. See *Length of Coverage* later in this section.

The following are recognized qualifying events that will entitle you, your spouse, and/or your dependent child(ren) for COBRA Coverage.

You will be entitled to elect COBRA:

- If you lose your group health coverage under the plan because your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

Your spouse will be entitled to elect COBRA if he/she loses his/her group health coverage under the plan because any of the following qualifying events happens:

- You die;
- Your hours of employment are reduced;
- Your employment ends for any reason other than your gross misconduct;
- You become entitled to Medicare benefits (Part A, Part B or both) prior to your qualifying event; or
- Your spouse becomes divorced or legally separated from you.

Your dependent child will be entitled to elect COBRA if he/she loses his/her group health coverage under the plan because any of the following qualifying events happens:

- You die;
- Your hours of employment are reduced;
- Your employment ends for any reason other than your gross misconduct;
- You become entitled to Medicare benefits (Part A, Part B or both);
- You and your spouse become divorced or legally separated; or

- The dependent stops being eligible for coverage under the plan as a dependent child.

A child born to, adopted by, or placed for adoption with you during a period of COBRA coverage is considered to be a qualified beneficiary provided that, if you are a qualified beneficiary, you have elected COBRA coverage for yourself. The child's COBRA coverage begins when the child is enrolled under this plan, whether through special enrollment or open enrollment, and it lasts for as long as COBRA coverage lasts for other family members of the employee. To be enrolled under this plan, the child must satisfy the otherwise applicable eligibility requirements (for example, regarding age).

Your child who is receiving benefits under this plan pursuant to a qualified medical child support order (QMCSO) received by your employer or group sponsor during your period of employment with your employer or group sponsor is entitled to the same rights to elect COBRA as your eligible dependent child.

If you take a Family and Medical Leave Act (FMLA) leave and do not return to work at the end of the leave or terminate coverage during the leave, you (and your spouse and dependent children, if any) will be entitled to elect COBRA if:

- They were covered under the plan on the day before the FMLA leave began or became covered during the FMLA leave; and
- They will lose coverage under the plan because of your failure to return to work at the end of the leave. This means that some individuals may be entitled to elect COBRA at the end of an FMLA leave even if they were not covered under the plan during the leave.

COBRA coverage elected in these circumstances will begin on the last day of the FMLA leave, with the same 18-month maximum coverage period, subject to

extension or early termination, generally applicable to the COBRA qualifying events of termination of employment and reduction of hours. For information on how long you may have COBRA coverage, see later in this section, under *Length of Coverage*.

Qualifying Events. After a qualifying event occurs and any required notice of that event is properly provided to your employer or group sponsor, COBRA coverage must be offered to each person losing coverage under the plan who is a qualified beneficiary. You, your spouse, and your dependent children could become qualified beneficiaries and would be entitled to elect COBRA if coverage under the plan is lost because of the qualifying event.

COBRA coverage is the same coverage that this plan gives to other participants or beneficiaries under the plan who are not receiving COBRA coverage. Each qualified beneficiary who elects COBRA will have the same rights under the plan as other participants or beneficiaries covered under the component or components of this plan elected by the qualified beneficiary, including open enrollment and special enrollment rights. Under this plan, qualified beneficiaries who elect COBRA must pay for COBRA coverage.

When the qualifying event is the end of your employment, your reduction of hours of employment, or your death, COBRA coverage will be offered to qualified beneficiaries. You need not notify your employer or group sponsor of any of these three qualifying events.

For the other qualifying events, a COBRA election will be available only if you notify your employer or group sponsor in writing within 60 days after the later of:

- The date of the qualifying event; and
- The date on which the qualified beneficiary loses (or would lose) coverage under the terms of the plan as a result of the qualifying event.

The written notice must include the plan name or group name, your name, your Social Security Number, your dependent's name and a description of the event.

Please note: If these procedures are not followed or if the written notice is not provided to your employer or group sponsor during the 60-day notice period, you or your dependents will lose your right to elect COBRA.

Electing Coverage. To elect COBRA, you must complete the Election form that is part of the COBRA election notice and submit it to Wellmark Blue Cross and Blue Shield. An election notice will be provided to qualified beneficiaries at the time of a qualifying event. You may also obtain a copy of the Election form from your employer or group sponsor. Under federal law, you must have 60 days after the date the qualified beneficiary coverage under the plan terminates, or, if later, 60 days after the date of the COBRA election notice provided to you at the time of the qualifying event to decide whether you want to elect COBRA under the plan.

Mail the completed Election form to:

Wellmark Blue Cross and Blue Shield
1331 Grand Avenue, Station 3W395
Des Moines, IA 50309-2901

The Election form must be completed in writing and mailed to the individual and address specified above. The following are not acceptable as COBRA elections and will not preserve COBRA rights: oral communications regarding COBRA coverage, including in-person or telephone statements about an individual's COBRA coverage; and electronic communications, including e-mail and faxed communications.

The election must be postmarked 60 days from the termination date or 60 days from the date the COBRA election notice provided at the time of the qualifying event.

Please note: If you do not submit a

completed Election form within this period, you will lose your right to elect COBRA.

If you reject COBRA before the due date, you may change your mind as long as you furnish a completed Election form before the due date. The plan will only provide continuation coverage beginning on the date the waiver of coverage is revoked.

You do not have to send any payment with your Election form when you elect COBRA. Important additional information about payment for COBRA coverage is included below.

Each qualified beneficiary will have an independent right to elect COBRA. For example, your spouse may elect COBRA even if you do not. COBRA may be elected for only one, several, or for all dependent children who are qualified beneficiaries. You and your spouse (if your spouse is a qualified beneficiary) may elect COBRA on behalf of all of the qualified beneficiaries, and parents may elect COBRA on behalf of their children. Any qualified beneficiary for whom COBRA is not elected within the 60-day election period specified in the COBRA election notice will lose his or her right to elect COBRA coverage.

When you complete the Election form, you must notify Wellmark Blue Cross and Blue Shield if any qualified beneficiary has become entitled to Medicare (Part A, Part B, or both) and, if so, the date of Medicare entitlement. If you become entitled to Medicare (or first learn that you are entitled to Medicare) after submitting the Election form, immediately notify Wellmark Blue Cross and Blue Shield of the date of the Medicare entitlement at the address specified above for delivery of the Election form.

Qualified beneficiaries may be enrolled in one or more group health components at the time of a qualifying event. If a qualified beneficiary is entitled to a COBRA election as the result of a qualifying event, he or she may elect COBRA under any or all of the group health components under which he or

she was covered on the day before the qualifying event. For example, if a qualified beneficiary was covered under the medical and vision components on the day before a qualifying event, he or she may elect COBRA under the vision component only, the medical component only, or under both medical and vision (only if both components are available as a separate election option to the active employee).

Qualified beneficiaries who are entitled to elect COBRA may do so even if they have other group health plan coverage or are entitled to Medicare benefits on or before the date on which COBRA is elected. However, a qualified beneficiary's COBRA coverage will terminate automatically if, after electing COBRA, he or she becomes entitled to Medicare benefits or becomes covered under other group health plan coverage. For information on when coverage will terminate, see later in this section, under *Termination of Coverage*.

When considering whether to elect COBRA, you should take into account that a failure to elect COBRA will affect your future rights under federal law. You should take into account that you have special enrollment rights under federal law. You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as coverage sponsored by the spouse's employer) within 30 days after your group health coverage under the plan ends because of one of the qualifying events listed above. You will also have the same special enrollment right at the end of COBRA coverage if you get COBRA coverage for the maximum time available.

Length of Coverage. When coverage is lost due to your death, your divorce or legal separation, or your dependent child losing eligibility as a dependent child, COBRA coverage can last for up to a maximum of 36 months.

When coverage is lost due to the end of your employment or reduction in hours of

employment, and you became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA coverage for qualified beneficiaries (other than you as the employee) who lose coverage as a result of the qualifying event can last a maximum of 36 months after the date of Medicare entitlement. For example, if you become entitled to Medicare eight months before the date on which your employment terminates, COBRA coverage under the plan for your spouse and children who lost coverage as a result of your termination can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus eight months). This COBRA coverage period is available only if you become entitled to Medicare within 18 months before the termination or reduction of hours.

Otherwise, when coverage is lost due to the end of your employment or reduction of hours of employment, COBRA coverage generally can last for only up to a maximum of 18 months.

Extending Coverage. If the qualifying event that resulted in your COBRA election was your termination of employment or reduction of hours, an extension of the maximum period of coverage may be available if a qualified beneficiary is disabled or a second qualifying event occurs. You must notify your employer or group sponsor of a disability or a second qualifying event in order to extend the period of COBRA coverage. Failure to provide notice of a disability or second qualifying event will eliminate the right to extend the period of COBRA coverage. Along with the notice of a disability, the qualified beneficiary must also supply a copy of the Social Security Administration disability determination.

If a qualified beneficiary is determined by the Social Security Administration to be disabled and you notify your employer or group sponsor in a timely fashion, all of the qualified beneficiaries in your family may be

entitled to receive up to an additional 11 months of COBRA coverage, for a total maximum of 29 months. This extension is available only for qualified beneficiaries who are receiving COBRA coverage because of a qualifying event that was your termination of employment or reduction of hours. The qualified beneficiary must be determined disabled at any time during the first 60 days of COBRA coverage. Each qualified beneficiary will be entitled to the disability extension if one of them qualifies.

The disability extension is available only if you notify your employer or group sponsor in writing of the Social Security Administration's determination of disability within 60 days after the latest of:

- The date of the Social Security Administration's disability determination;
- The date of your termination of employment or reduction of hours; or
- The date on which the qualified beneficiary loses (or would lose) coverage under the terms of the plan as a result of your termination of employment or reduction of hours.

The written notice must include the plan name or group name, your name, your Social Security Number, your dependent's name and a description of the event.

You must also provide this notice within 60 days after your termination of employment or reduction of hours in order to be entitled to a disability extension.

If these procedures are not followed or if the written notice is not provided to your employer or group sponsor during the 60-day notice period, then there will be no disability extension of COBRA coverage.

An extension of coverage will be available to your spouse and dependent children who are receiving COBRA coverage if a second qualifying event occurs during the 60 days (or, in the case of a disability extension, the 29 months) following your termination of employment or reduction of hours. The

maximum amount of COBRA coverage available when a second qualifying event occurs is 36 months. Such second qualifying events may include your death, your divorce or legal separation, or a dependent child's ceasing to be eligible for coverage as a dependent under this plan. These events can be a second qualifying event only if they would have caused the qualified beneficiary to lose coverage under the plan if the first qualifying event had not occurred. (This extension is not available under this plan when you become entitled to Medicare.)

This extension due to a second qualifying event is available only if the participant notifies your employer or group sponsor in writing of the second qualifying event within 60 days after the later of:

- The date of the second qualifying event; and
- The date on which the qualified beneficiary would lose coverage under the terms of this plan as a result of the second qualifying event (if it had occurred while the qualified beneficiary was still covered under this plan).

If these procedures are not followed or if the written notice is not provided to your employer or group sponsor during the 60-day notice period, there will be no extension of COBRA coverage due to a second qualifying event.

In addition to the regular COBRA termination events specified later in this section, the disability extension period will end the first of the month beginning more than 30 days following recovery.

For example, if disability ends June 10, coverage will continue through the month of July (7/31).

Termination of Coverage. Coverage under COBRA will end when you meet the maximum period for your qualifying event, as indicated earlier under *Length of Coverage*.

COBRA coverage will automatically terminate before the end of the maximum period if:

- Any required premium is not paid in full on time;
- A qualified beneficiary becomes covered, after electing COBRA, under another group health plan;
- A qualified beneficiary becomes entitled to Medicare benefits (under Part A, Part B, or both) after electing COBRA;
- The employer ceases to provide any group health plan for its employees; or
- During a disability extension period, the disabled qualified beneficiary is determined by the Social Security Administration to be no longer disabled. For more information about the disability extension period, see *Extending Coverage*, earlier in this section.
- COBRA coverage may also be terminated for any reason this plan would terminate your coverage or coverage of a beneficiary not receiving COBRA coverage, such as fraud.

You must notify your employer or group sponsor in writing within 30 days if, after electing COBRA, a qualified beneficiary becomes entitled to Medicare (Part A, Part B, or both) or becomes covered under other group health plan coverage.

COBRA coverage will terminate (retroactively if applicable) as of the date of Medicare entitlement or as of the beginning date of the other group health coverage. Your employer or group sponsor will require repayment of all benefits paid after the termination date, regardless of whether or when you provide notice to your employer or group sponsor of Medicare entitlement or other group health plan coverage.

If a disabled qualified beneficiary is determined by the Social Security Administration to no longer be disabled, you must notify your employer or group sponsor of that fact within 30 days after the

Social Security Administration's determination.

If the Social Security Administration's determination that the qualified beneficiary is no longer disabled occurs during a disability extension period, COBRA coverage for all qualified beneficiaries will terminate (retroactively if applicable) as of the first day of the month that is more than 30 days after the Social Security Administration's determination that the qualified beneficiary is no longer disabled. Your employer or group sponsor will require repayment of all benefits paid after the termination date, regardless of whether or when you provide notice to your employer or group sponsor that the disabled qualified beneficiary is no longer disabled. For more information about the disability extension period, see *Extending Coverage*, earlier in this section.

Coverage Cost and Payment. Each qualified beneficiary is required to pay the entire cost of COBRA coverage. The amount a qualified beneficiary may be required to pay may not exceed 102 percent (or, in the case of an extension of COBRA coverage due to a disability, 150 percent) of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated plan participant or beneficiary who is not receiving COBRA coverage. The amount of the COBRA premiums may change from time to time during the period of COBRA coverage and will most likely increase over time. You will be notified of COBRA premium changes.

All COBRA premiums must be paid by check or money order.

Your first payment and all monthly payments for COBRA coverage must be made payable to Wellmark Blue Cross and Blue Shield and mailed to:

Wellmark Blue Cross and Blue Shield
1331 Grand Avenue, Station 3W395
Des Moines, IA 50309-2901

The payment is considered to have been made on the date that it is postmarked. You will not be considered to have made any payment by mailing a check if your check is returned due to insufficient funds or otherwise.

If you elect COBRA, you do not have to send any payment with the Election form. However, you must make your first payment for COBRA coverage not later than 45 days after the date of election. This is the date the Election form is postmarked, if mailed, or the date the Election form is received by the individual at the address specified for delivery of the Election form, if hand-delivered. For more information on electing coverage, see *Electing Coverage* earlier in this section.

The first payment must cover the cost of COBRA coverage from the time coverage under the plan would have otherwise terminated up through the end of the month before the month in which you make your first payment.

For example, Sue's employment terminated on September 30, and she loses coverage on September 30. Sue elects COBRA on November 15. Her initial premium payment equals the premiums for October and November and is due on or before December 30, the 45th day after the date of her COBRA election.

You are responsible for making sure that the amount of your first payment is correct. You may contact the plan administrator to confirm the correct amount of the first payment.

Claims for reimbursement will not be processed and paid until you have elected COBRA and make the first payment for it.

If you do not make the first payment for COBRA coverage in full within 45 days after the date of your election, you will lose all COBRA rights under this plan.

After you make your first payment for COBRA coverage, you will be required to make monthly payments for each

subsequent month of COBRA coverage. The amount due for each month for each qualified beneficiary will be disclosed in the election notice provided at the time of the qualifying event. Under the plan, each of these monthly payments for COBRA coverage is due on the first day of the month for that month's COBRA coverage. If you make a monthly payment on or before the first day of the month to which it applies, your COBRA coverage under this plan will continue for that month without any break.

Although monthly payments are due on the first day of each month of COBRA coverage, you will be given a grace period of 30 days after the first day of the month to make each monthly payment. COBRA coverage will be provided for each month as long as payment for that month is made before the end of the grace period for that payment. However, if you pay a monthly payment later than the first day of the month to which it applies, but before the end of the grace period for the month, your coverage under this plan will be suspended as of the first day of the month and then retroactively reinstated (going back to the first day of the month) when the monthly payment is received. This means that any claim submitted for benefits while coverage is suspended may be denied and may have to be resubmitted once coverage is reinstated.

If you fail to make a monthly payment before the end of the grace period for that month, you will lose all rights to COBRA coverage under the plan.

Assistance With Questions. Questions concerning the plan or your COBRA rights should be addressed to the contact or contacts identified below. For more information about *COBRA*, the *Health Insurance Portability and Accountability Act (HIPAA)*, and other laws affecting group health plans, contact the nearest Regional Office of the U.S. Department of Health and Human Services (HHS) or visit the HHS website at www.hhs.gov. Addresses and phone numbers of Regional HHS Offices are also available through HHS's website.

Notification of Changes. In order to protect your family's rights, you should keep Wellmark Blue Cross and Blue Shield informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices sent by your employer or group sponsor.

Plan Contact Information. For additional information about you and your dependents' rights and obligations under the plan and under federal law, you should contact your employer or group sponsor, the plan administrator. You may obtain information about COBRA coverage on request from:

Wellmark Blue Cross and Blue Shield
1331 Grand Avenue, Station 3W395
Des Moines, IA 50309-2901

The contact information for the plan may change from time to time. The most recent information will be included in the most recent plan documents (if you are not sure whether this is the most recent plan document, you may request the most recent one from the plan administrator or your employer or group sponsor).

Continuation for Public Group

Iowa Code Sections 509A.7 and 509A.13 may apply if you are an employee of the State, an Iowa school district, or other public entity supported by public funds. If this law applies to you, you may be entitled to continue participation in this medical benefits plan when you retire.

Continuation Under Iowa Law

Under Iowa Code Chapter 509B, you may be eligible to continue your medical care coverage for up to nine months if:

- You lose the coverage you have been receiving through your employer or group sponsor; and
- You have been covered by your medical benefits plan continuously for the last three months.

Your employer or group sponsor must provide written notice of your right to

continue coverage within 10 days of the last day you are considered employed or your coverage ends. You will then have 10 days to give your employer or group sponsor written notice that you want to continue coverage.

Your right to continue coverage ends 31 days after the date of your employment termination or the date you were given notice of your continuation right, whichever is later.

If you lose your coverage because of divorce, annulment, or death of the employee, you must notify the employer or group sponsor providing the coverage within 31 days.

Benefits provided by continuation coverage may not be identical to the benefits that active employees have and will be subject to different premium rates. You will be responsible for paying any premiums to your employer or group sponsor for continuation coverage.

If you believe the Iowa continuation law applies to you, you may contact your employer or group sponsor for information on premiums and any necessary paperwork.

If you are eligible for coverage continuation under both Iowa law and COBRA, your employer can comply with Iowa law by offering only COBRA continuation.

10. Claims

Once you receive medical services or purchase prescription drugs from a nonparticipating pharmacy we must receive a claim to determine the amount of your benefits. The claim lets us know the services or prescription drugs you received, when you received them, and from which provider.

When to File a Claim

You need to file a claim if you:

- Use a provider who does not file claims for you. Participating and PPO providers file claims for you.
- Purchase prescription drugs from a nonparticipating pharmacy.
- Purchase prescription drugs from a participating pharmacy but do not present your ID card.
- Pay in full for a drug that you believe should have been covered.

Your submission of a prescription to a participating pharmacy is not a filed claim and therefore is not subject to appeal procedures as described in the *Appeals* section. However, you may file a claim with us for a prescription drug purchase you think should have been a covered benefit.

Wellmark must receive claims within 365 days following the date of service of the claim. Effective January 1, 2015, Wellmark must receive claims within 180 days following the date of service of the claim.

How to File a Claim

All claims must be submitted in writing.

1. Get a Claim Form

Forms are available at *Wellmark.com* or by calling the Customer Service number on your ID card or from your personnel department.

2. Fill Out the Claim Form

Follow the same claim filing procedure regardless of where you received services. Directions are printed on the back of the claim form. Complete all sections of the claim form. For more efficient processing, all claims (including those completed out-of-country) should be written in English.

If you need assistance completing the claim form, call the Customer Service number on your ID card.

Medical Claim Form. Follow these steps to complete a medical claim form:

- Use a separate claim form for each covered family member and each provider.
- Attach a copy of an itemized statement prepared by your provider. We cannot accept statements you prepare, cash register receipts, receipt of payment notices, or balance due notices. In order for a claim request to qualify for processing, the itemized statement must be on the provider's stationery, and include at least the following:
 - Identification of provider: full name, address, tax or license ID numbers, and provider numbers.
 - Patient information: first and last name, date of birth, gender, relationship to plan member, and daytime phone number.
 - Date(s) of service.
 - Charge for each service.
 - Place of service (office, hospital, etc).
 - For injury or illness: date and diagnosis.
 - For inpatient claims: admission date, patient status, attending physician ID.
 - Days or units of service.
 - Revenue, diagnosis, and procedure codes.

- Description of each service.

Prescription Drugs Covered Under Your Medical Benefits Claim Form.

For prescription drugs covered under your medical benefits (not covered under your Blue Rx Complete prescription drug benefits), use a separate prescription drug claim form and include the following information:

- Pharmacy name and address.
- Patient information: first and last name, date of birth, gender, and relationship to plan member.
- Date(s) of service.
- Description and quantity of drug.
- Original pharmacy receipt or cash receipt with the pharmacist's signature on it.

Blue Rx Complete Prescription Drug Claim Form.

For prescription drugs covered under your Blue Rx Complete prescription drug benefits, complete the following steps:

- Use a separate claim form for each covered family member and each pharmacy.
- Complete all sections of the claim form. Include your daytime telephone number.
- Submit up to three prescriptions for the same family member and the same pharmacy on a single claim form. Use additional claim forms for claims that exceed three prescriptions or if the prescriptions are for more than one family member or pharmacy.
- Attach receipts to the back of the claim form in the space provided.

3. Sign the Claim Form

We may require additional information from you or your provider before a claim can be considered complete and ready for processing.

Notification of Decision

We will send an Explanation of Benefits (EOB) following your claim. The EOB is a statement outlining how we applied benefits to a submitted claim. It details amounts that providers charged, network savings, our paid amounts, and amounts for which you are responsible.

In case of an adverse decision, the notice will be sent within 30 days of receipt of the claim. We may extend this time by up to 15 days if the claim determination is delayed for reasons beyond our control. If we do not send an explanation of benefits statement or a notice of extension within the 30-day period, you have the right to begin an appeal. We will notify you of the circumstances requiring an extension and the date by which we expect to render a decision.

If an extension is necessary because we require additional information from you,

the notice will describe the specific information needed. You have 45 days from receipt of the notice to provide the information. Without complete information, your claim will be denied.

If you have other insurance coverage, our processing of your claim may utilize coordination of benefits guidelines. See *Coordination of Benefits*, page 75.

Once we pay your claim, whether our payment is sent to you or to your provider, our obligation to pay benefits for the claim is discharged. However, we may adjust a claim due to overpayment or underpayment for up to 18 months after we first process the claim. In the case of nonparticipating hospitals, M.D.s, and D.O.s located in Iowa, the health plan payment is made payable to the provider, but the check is sent to you. You are responsible for forwarding the check to the provider, plus any difference between the amount charged and our payment.

11. Coordination of Benefits

Coordination of benefits applies when you have more than one insurance policy or group health plan that provides the same or similar benefits as this plan. Benefits payable under this plan, when combined with those paid under your other coverage, will not be more than 100 percent of either our payment arrangement amount or the other plan's payment arrangement amount.

The method we use to calculate the payment arrangement amount may be different from your other plan's method.

Other Coverage

When you receive services, you must inform us that you have other coverage, and inform your health care provider about your other coverage. Other coverage includes any of the following:

- Group and nongroup insurance contracts and subscriber contracts.
- HMO contracts.
- Uninsured arrangements of group or group-type coverage.
- Group and nongroup coverage through closed panel plans.
- Group-type contracts.
- The medical care components of long-term contracts, such as skilled nursing care.
- Medicare or other governmental benefits (not including Medicaid).
- The medical benefits coverage of your auto insurance (whether issued on a fault or no-fault basis).

Coverage that is not subject to coordination of benefits includes the following:

- Hospital indemnity coverage or other fixed indemnity coverage.
- Accident-only coverage.
- Specified disease or specified accident coverage.

- Limited benefit health coverage, as defined by Iowa law.
- School accident-type coverage.
- Benefits for non-medical components of long-term care policies.
- Medicare supplement policies.
- Medicaid policies.
- Coverage under other governmental plans, unless permitted by law.

You must cooperate with Wellmark and provide requested information about other coverage. Failure to provide information can result in a denied claim. We may get the facts we need from or give them to other organizations or persons for the purpose of applying the following rules and determining the benefits payable under this plan and other plans covering you. We need not tell, or get the consent of, any person to do this.

Your participating or PPO provider will forward your coverage information to us. If you have a nonparticipating provider, you are responsible for informing us about your other coverage.

Claim Filing

If you know that your other coverage has primary responsibility for payment, after you receive services or obtain a covered prescription drug, a claim should be submitted to your other insurance carrier first. If that claim is processed with an unpaid balance for benefits eligible under this group health plan, you or your provider should submit a claim to us and attach the other carrier's explanation of benefit payment. We may contact your provider or the other carrier for further information.

Rules of Coordination

We follow certain rules to determine which health plan or coverage pays first (as the primary plan) when other coverage provides

the same or similar benefits as this group health plan. Here are some of those rules:

- The primary plan pays or provides benefits according to its terms of coverage and without regard to the benefits under any other plan. Except as provided below, a plan that does not contain a coordination of benefits provision that is consistent with applicable regulations is always primary unless the provisions of both plans state that the complying plan is primary.
- Coverage that is obtained by membership in a group and is designed to supplement a part of a basic package of benefits is excess to any other parts of the plan provided by the contract holder. (Examples of such supplementary coverage are major medical coverage that is superimposed over base plan hospital and surgical benefits and insurance-type coverage written in connection with a closed panel plan to provide out-of-network benefits.)

The following rules are to be applied in order. The first rule that applies to your situation is used to determine the primary plan.

- The coverage that you have as an employee, plan member, subscriber, policyholder, or retiree pays before coverage that you have as a spouse or dependent. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan covering the person as a dependent and primary to the plan covering the person as other than a dependent (e.g., a retired employee), then the order of benefits between the two plans is reversed, so that the plan covering the person as the employee, plan member, subscriber, policyholder or retiree is the secondary plan and the other plan is the primary plan.
- The coverage that you have as the result of active employment (not laid off or

retired) pays before coverage that you have as a laid-off or retired employee. The same would be true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.

- If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another plan, the plan covering the person as an employee, plan member, subscriber, policyholder or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the primary plan and the COBRA or state or other federal continuation coverage is the secondary plan. If the other plan does not have this rule and, as a result, the plans do not agree on the order of benefits, this rule is ignored.
- The coverage with the earliest continuous effective date pays first if none of the rules above apply.
- Notwithstanding the preceding rules, when you present your Blue Rx Complete ID card to a pharmacy as the primary payer, your Blue Rx Complete prescription drug benefits are primary for prescription drugs purchased at the pharmacy. If, under the preceding rules, your Blue Rx Complete prescription drug benefits are secondary and you present your Blue Rx Complete ID card to a pharmacy as the secondary payer, your Blue Rx Complete prescription drug benefits are secondary for prescription drugs purchased at the pharmacy.
- If the preceding rules do not determine the order of benefits, the benefits payable will be shared equally between the plans. In addition, this plan will not pay more than it would have paid had it been the primary plan.

Dependent Children

To coordinate benefits for a dependent child, the following rules apply (unless there is a court decree stating otherwise):

- If the child is covered by both parents who are married (and not separated) or who are living together, whether or not they have been married, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
- For a child covered by separated or divorced parents or parents who are not living together, whether or not they have been married:
 - If a court decree states that one of the parents is responsible for the child’s health care expenses or coverage and the plan of that parent has actual knowledge of those terms, then that parent’s coverage pays first. If the parent with responsibility has no health care coverage for the dependent child’s health care expenses, but that parent’s spouse does, that parent’s spouse’s coverage pays first. This item does not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - If a court decree states that both parents are responsible for the child’s health care expense or health care coverage or if a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the dependent child, then the coverage of the parent whose birthday occurs first in a calendar year pays first. If both parents have the same birthday, the plan that has covered the parent the longest is the primary plan.
 - If a court decree does not specify which parent has financial or insurance responsibility, then the coverage of the parent with custody pays first. The payment order for the child is as follows: custodial parent, spouse of custodial parent, other parent, spouse of other parent. A custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one-half of the calendar year excluding any temporary visitation.

If none of these rules apply to your situation, we will follow the Iowa Insurance Division’s Coordination of Benefits guidelines to determine this health plan payment.

Effects on the Benefits of this Plan

In determining the amount to be paid for any claim, the secondary plan will calculate the benefits it would have paid in the absence of other coverage and apply the calculated amount to any allowable expense under its plan that is unpaid by the primary plan. The secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the primary plan, total benefits paid or provided by all plans for the claim do not exceed the total allowable expense for that claim. In addition, the secondary plan will credit to its applicable deductible any amounts it would have credited to its deductible in the absence of other coverage.

Right of Recovery

If the amount of payments made by us is more than we should have paid under these coordination of benefits provisions, we may recover the excess from any of the persons to or for whom we paid, or from any other person or organization that may be responsible for the benefits or services provided for the covered person. The amount of payments made includes the

reasonable cash value of any benefits provided in the form of services.

Coordination with Medicare

For medical claims only, Medicare is by law the secondary coverage to group health plans in a variety of situations. **Please note:** For a member covered by Medicare Part A, benefits under this medical benefits plan will be coordinated with benefits available under Medicare Part A and Part B, even if the member is not enrolled in Medicare Part B. Therefore, a member enrolled in Medicare Part A should also consider enrolling in Medicare Part B.

The following provisions apply only if you have both Medicare and employer group health coverage under this medical benefits plan and your employer has the required minimum number of employees.

Working Aged

If you are a member of a group health plan of an employer with at least 20 employees for each working day for at least 20 calendar weeks in the current or preceding year, then Medicare is the secondary payer if the beneficiary is:

- Age 65 or older; and
- A current employee or spouse of a current employee covered by an employer group health plan.

Working Disabled

If you are a member of a group health plan of an employer with at least 100 full-time, part-time, or leased employees on at least 50 percent of regular business days during the preceding calendar year, then Medicare is the secondary payer if the beneficiary is:

- Under age 65;
- A recipient of Medicare disability benefits; and
- A current employee or a spouse or dependent of a current employee, covered by an employer group health plan.

End-Stage Renal Disease (ESRD)

The ESRD requirements apply to group health plans of all employers, regardless of the number of employees. Under these requirements, Medicare is the secondary payer during the first 30 months of Medicare coverage if both of the following are true:

- The beneficiary has Medicare coverage as an ESRD patient; and
- The beneficiary is covered by an employer group health plan.

If the beneficiary is already covered by Medicare due to age or disability and the beneficiary becomes eligible for Medicare ESRD coverage, Medicare generally is the secondary payer during the first 30 months of ESRD eligibility. However, if the group health plan is secondary to Medicare (based on other Medicare secondary-payer requirements) at the time the beneficiary becomes covered for ESRD, the group health plan remains secondary to Medicare.

This is only a general summary of the laws, which may change from time to time. For more information, contact your employer or the Social Security Administration.

12. Appeals

Right of Appeal

You have the right to one full and fair review in the case of an adverse benefit determination that denies, reduces, or terminates benefits, or fails to provide payment in whole or in part. Adverse benefit determinations include a denied or reduced claim or an adverse benefit determination concerning a pre-service notification requirement. Pre-service notification requirements are:

- A precertification request.
- A notification of admission or services.
- A prior approval request.
- A prior authorization request for prescription drugs.

How to Request an Internal Appeal

You or your authorized representative, if you have designated one, may appeal an adverse benefit determination within 180 days from the date you are notified of our adverse benefit determination by submitting a written appeal. Appeal forms are available at our website, *Wellmark.com*. See *Authorized Representative*, page 83.

Medically Urgent Appeal

To appeal an adverse benefit determination involving a medically urgent situation, you may request an expedited appeal, either orally or in writing. Medically urgent generally means a situation in which your health may be in serious jeopardy or, in the opinion of your physician, you may experience severe pain that cannot be adequately controlled while you wait for a decision.

Non-Medically Urgent Appeal

To appeal an adverse benefit determination that is not medically urgent, you must make your request for a review in writing.

What to Include in Your Internal Appeal

You must submit all relevant information with your appeal, including the reason for your appeal. This includes written comments, documents, or other information in support of your appeal. You must also submit:

- Date of your request.
- Your name (please type or print), address, and if applicable, the name and address of your authorized representative.
- Member identification number.
- Claim number from your Explanation of Benefits, if applicable.
- Date of service in question.

For a prescription drug appeal, you also must submit:

- Name and phone number of the pharmacy.
- Name and phone number of the practitioner who wrote the prescription.
- A copy of the prescription.
- A brief description of your medical reason for needing the prescription.

If you have difficulty obtaining this information, ask your provider or pharmacist to assist you.

Where to Send Internal Appeal

Wellmark Blue Cross and Blue Shield
Special Inquiries
P.O. Box 9232, Station 5W189
Des Moines, IA 50306-9232
Fax: 515-376-9073

Review of Internal Appeal

Your request for an internal appeal will be reviewed only once. The review will take into account all information regarding the

adverse benefit determination whether or not the information was presented or available at the initial determination. Upon request, and free of charge, you will be provided reasonable access to and copies of all relevant records used in making the initial determination.

The review will not be conducted by the original decision makers or any of their subordinates. The review will be conducted without regard to the original decision. If a decision requires medical judgment, we will consult an appropriate medical expert who was not previously involved in the original decision and who has no conflict of interest in making the decision. If we deny your appeal, in whole or in part, you may request, in writing, the identity of the medical expert we consulted.

Decision on Internal Appeal

The decision on appeal is the final internal determination. Once a decision on internal appeal is reached, your right to internal appeal is exhausted.

Medically Urgent Appeal

For a medically urgent appeal, you will be notified (by telephone, e-mail, fax or another prompt method) of our decision as soon as possible, based on the medical situation, but no later than 72 hours after your expedited appeal request is received. If the decision is adverse, a written notification will be sent.

All Other Appeals

For all other appeals, you will be notified in writing of our decision. Most appeal requests will be determined within 30 days and all appeal requests will be determined within 60 days.

External Review

You have the right to request an external review of a final adverse determination involving a covered service when the determination involved:

- Medical necessity.

- Appropriateness of services or supplies, including health care setting, level of care, or effectiveness of treatment.
- Investigational or experimental services or supplies.
- Concurrent review or admission to a facility. See *Notification Requirements and Care Coordination*, page 43.

An adverse determination eligible for external review does not include a denial of coverage for a service or treatment specifically excluded under this plan.

The external review will be conducted by independent health care professionals who have no association with us and who have no conflict of interest with respect to the benefit determination.

Have you exhausted the appeal process?

Before you can request an external review, you must first exhaust the internal appeal process described earlier in this section. However, if you have not received a decision regarding the adverse benefit determination within 30 days following the date of your request for an appeal, you are considered to have exhausted the internal appeal process.

Requesting an external review. You or your authorized representative may request an external review through the Iowa Insurance Division by completing an External Review Request Form and submitting the form as described in this section. You may obtain this request form by calling the Customer Service number on your ID card, by visiting our website at *Wellmark.com*, by contacting the Iowa Insurance Division, or by visiting the Iowa Insurance Division's website at *www.iid.state.ia.us*.

You will be required to authorize the release of any medical records that may be required to be reviewed for the purpose of reaching a decision on your request for external review.

Requests must be filed in writing at the following address, no later than four months

after you receive notice of the final adverse benefit determination:

Iowa Insurance Division
 Two Ruan Center
 601 Locust, 4th Floor
 Des Moines, IA 50309-3738
 Fax: 515-281-3059
 E-mail:
 iid.marketregulation@iid.iowa.gov

How the review works. Upon notification that an external review request has been filed, Wellmark will make a preliminary review of the request to determine whether the request may proceed to external review. Following that review, the Iowa Insurance Division will decide whether your request is eligible for an external review, and if it is, the Iowa Insurance Division will assign an independent review organization (IRO) to conduct the external review. You will be advised of the name of the IRO and will then have five business days to provide new information to the IRO. The IRO will make a decision within 45 days of the date the Iowa Insurance Division receives your request for an external review.

Need help? You may contact the Iowa Insurance Division at **877-955-1212** at any time for assistance with the external review process.

Expedited External Review

You do not need to exhaust the internal appeal process to request an external review of an adverse determination or a final adverse determination if you have a medical condition for which the time frame for completing an internal appeal or for completing a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function.

You may also have the right to request an expedited external review of a final adverse determination that concerns an admission, availability of care, concurrent review, or service for which you received emergency

services, and you have not been discharged from a facility.

If our adverse benefit determination is that the service or treatment is experimental or investigational and your treating physician has certified in writing that delaying the service or treatment would render it significantly less effective, you may also have the right to request an expedited external review.

You or your authorized representative may submit an oral or written expedited external review request to the Iowa Insurance Division by contacting the Iowa Insurance Division at **877-955-1212**.

If the Insurance Division determines the request is eligible for an expedited external review, the Division will immediately assign an IRO to conduct the review and a decision will be made expeditiously, but in no event more than 72 hours after the IRO receives the request for an expedited external review.

Legal Action

You shall not start legal action against us until you have exhausted the appeal procedure described in this section.

13. General Provisions

Contract

The conditions of your coverage are defined in your contract. Your contract includes:

- Any application you submitted to us or to your employer or group sponsor.
- Any agreement or group policy we have with your employer or group sponsor.
- Any application completed by your employer or group sponsor.
- This summary plan description and any riders or amendments.

All of the statements made by you or your employer or group sponsor in any of these materials will be treated by us as representations, not warranties.

Interpreting this Summary Plan Description

We will interpret the provisions of this summary plan description and determine the answer to all questions that arise under it. We have the administrative discretion to determine whether you meet our written eligibility requirements, or to interpret any other term in this summary plan description. If any benefit described in this summary plan description is subject to a determination of medical necessity, unless otherwise required by law, we will make that factual determination. Our interpretations and determinations are final and conclusive.

There are certain rules you must follow in order for us to properly administer your benefits. Different rules appear in different sections of your summary plan description. You should become familiar with the entire document.

Authority to Terminate, Amend, or Modify

Your employer or group sponsor has the authority to terminate, amend, or modify the coverage described in this summary

plan description at any time. Any amendment or modification will be in writing and will be as binding as this summary plan description. If your contract is terminated, you may not receive benefits.

Authorized Group Benefits Plan Changes

No agent, employee, or representative of ours is authorized to vary, add to, change, modify, waive, or alter any of the provisions described in this summary plan description. This summary plan description cannot be changed except by one of the following:

- Written amendment signed by an authorized officer and accepted by you or your employer or group sponsor.
- Our receipt of proper notification that an event has changed your spouse or dependent's eligibility for coverage. See *Coverage Changes and Termination*, page 59.

Authorized Representative

You may authorize another person to represent you and with whom you want us to communicate regarding specific claims or an appeal. This authorization must be in writing, signed by you, and include all the information required in our Authorized Representative Form. This form is available at *Wellmark.com* or by calling the Customer Service number on your ID card.

In a medically urgent situation your treating health care practitioner may act as your authorized representative without completion of the Authorized Representative Form.

An assignment of benefits, release of information, or other similar form that you may sign at the request of your health care provider does not make your provider an authorized representative. You may authorize only one person as your

representative at a time. You may revoke the authorized representative at any time.

Release of Information

You have agreed in your application (or in documents kept by us or your employer or group sponsor) to release any necessary information requested about you so we can process claims for benefits.

You must allow any provider, facility, or their employee to give us information about a treatment or condition. If we do not receive the information requested, or if you withhold information in your application, your benefits may be denied. If you fraudulently use your coverage or misrepresent or conceal material facts in your application, then we may terminate your coverage under this group health plan.

Privacy of Information

Your employer or group sponsor is required to protect the privacy of your health information. It is required to request, use, or disclose your health information only as permitted or required by law. For example, your employer or group sponsor has contracted with Wellmark to administer this group health plan and Wellmark will use or disclose your health information for treatment, payment, and health care operations according to the standards and specifications of the federal privacy regulations.

Treatment

We may disclose your health information to a physician or other health care provider in order for such health care provider to provide treatment to you.

Payment

We may use and disclose your health information to pay for covered services from physicians, hospitals, and other providers, to determine your eligibility for benefits, to coordinate benefits, to determine medical necessity, to obtain payment from your employer or group sponsor, to issue explanations of benefits to the person

enrolled in the group health plan in which you participate, and the like. We may disclose your health information to a health care provider or entity subject to the federal privacy rules so they can obtain payment or engage in these payment activities.

Health Care Operations

We may use and disclose your health information in connection with health care operations. Health care operations include, but are not limited to, determining payment and rates for your group health plan; quality assessment and improvement activities; reviewing the competence or qualifications of health care practitioners, evaluating provider performance, conducting training programs, accreditation, certification, licensing, or credentialing activities; medical review, legal services, and auditing, including fraud and abuse detection and compliance; business planning and development; and business management and general administrative activities.

Other Disclosures

Your employer or group sponsor or Wellmark is required to obtain your explicit authorization for any use or disclosure of your health information that is not permitted or required by law. For example, we may release claim payment information to a friend or family member to act on your behalf during a hospitalization if you submit an authorization to release information to that person.

Member Health Support Services

Wellmark may from time to time make available to you certain health support services (such as disease management), for a fee or for no fee. Wellmark may offer financial and other incentives to you to use such services. As a part of the provision of these services, Wellmark may:

- Use your personal health information (including, but not limited to, substance abuse, mental health, and HIV/AIDS information); and

- Disclose such information to your health care providers and Wellmark's health support service vendors, for purposes of providing such services to you.

Wellmark will use and disclose information according to the terms of our Privacy Practices Notice, which is available upon request or at *Wellmark.com*.

Value Added or Innovative Benefits

Wellmark may, from time to time, make available to you certain value added or innovative benefits for a fee or for no fee. Examples include discounts on alternative/preventive therapies, fitness, exercise and diet assistance, and elective procedures as well as resources to help you make more informed health decisions.

Value-Based Programs

Value-based programs involve local health care organizations that are held accountable for the quality and cost of care delivered to a defined population. Value-based programs can include accountable care organizations (ACOs), patient centered medical homes (PCMHs), and other programs developed by Wellmark, Blue Cross Blue Shield Association, or other Blue Cross Blue Shield health plans ("Blue Plans"). Wellmark and Blue Plans have entered into collaborative arrangements with value-based programs under which the health care providers participating in them are eligible for financial incentives relating to quality and cost-effective care of Wellmark members. Your claims information may be used by the value-based program and any providers involved in such value-based program.

Nonassignment

Benefits for covered services under this group health plan are for your personal benefit and cannot be transferred or assigned to anyone else without our consent. You are prohibited from assigning any claim or cause of action arising out of or relating to this group health plan. Any

attempt to assign this group health plan or rights to payment will be void.

Governing Law

To the extent not superseded by the laws of the United States, the group health plan will be construed in accordance with and governed by the laws of the state of Iowa. Any action brought because of a claim under this plan will be litigated in the state or federal courts located in the state of Iowa and in no other.

Legal Action

You shall not start any legal action against us unless you have exhausted the applicable appeal process and the external review process described in the *Appeals* section.

You shall not bring any legal or equitable action against us because of a claim under this group health plan, or because of the alleged breach of this plan, more than two years after the end of the calendar year in which the services or supplies were provided.

Medicaid Enrollment and Payments to Medicaid

Assignment of Rights

This group health plan will provide payment of benefits for covered services to you, your beneficiary, or any other person who has been legally assigned the right to receive such benefits pursuant to Title XIX of the Social Security Act (Medicaid).

Enrollment Without Regard to Medicaid

Your receipt or eligibility for benefits under Medicaid will not affect your enrollment as a participant or beneficiary of this group health plan, nor will it affect our determination of benefits.

Acquisition by States of Rights of Third Parties

If payment has been made by Medicaid and Wellmark has a legal obligation to provide benefits for those services, Wellmark will make payment of those benefits in

accordance with any state law under which a state acquires the right to such payments.

Medicaid Reimbursement

When a PPO or participating provider submits a claim to a state Medicaid program for a covered service and Wellmark reimburses the state Medicaid program for the service, Wellmark's total payment for the service will be limited to the amount paid to the state Medicaid program. No additional payments will be made to the provider or to you.

Subrogation

Right of Subrogation

If you or your legal representative have a claim to recover money from a third party and this claim relates to an illness or injury for which this group health plan provides benefits, we, on behalf of your employer or group sponsor, will be subrogated to you and your legal representative's rights to recover from the third party as a condition to your receipt of benefits.

Right of Reimbursement

If you are injured as a result of the act of a third party and you or your legal representative files a claim under this group health plan, as a condition of receipt of benefits, you or your legal representative must reimburse us for all benefits paid for the injury from money received from the third party or its insurer, to the extent of the amount paid by this group health plan on the claim.

Once you receive benefits under this group health plan arising from an illness or injury, we will assume any legal rights you have to collect compensation, damages, or any other payment related to the illness or injury from any of the following:

- The responsible person or that person's insurer.
- Uninsured motorist coverage.
- Underinsured motorist coverage.

- Other insurance coverage, including but not limited to homeowner's, motor vehicle, or medical payments insurance.

You agree to recognize our rights under this group health plan to subrogation and reimbursement. These rights provide us with a priority over any money paid by a third party to you relative to the amount paid by this group health plan, including priority over any claim for non-medical charges, or other costs and expenses. We will assume all rights of recovery, to the extent of payment made under this group health plan, regardless of whether payment is made before or after settlement of a third party claim, and regardless of whether you have received full or complete compensation for an illness or injury.

Procedures for Subrogation and Reimbursement

You or your legal representative must do whatever we request with respect to the exercise of our subrogation and reimbursement rights, and you agree to do nothing to prejudice those rights. In addition, at the time of making a claim for benefits, you or your legal representative must inform us in writing if you were injured by a third party. You or your legal representative must provide the following information, by registered mail, within seven (7) days of such injury to us as a condition to receipt of benefits:

- The name, address, and telephone number of the third party that in any way caused the injury, and of the attorney representing the third party;
- The name, address and telephone number of the third party's insurer and any insurer of you;
- The name, address and telephone number of your attorney with respect to the third party's act;
- Prior to the meeting, the date, time and location of any meeting between the third party or his attorney and you, or your attorney;

- All terms of any settlement offer made by the third party or his insurer or your insurer;
- All information discovered by you or your attorney concerning the insurance coverage of the third party;
- The amount and location of any money that is recovered by you from the third party or his insurer or your insurer, and the date that the money was received;
- Prior to settlement, all information related to any oral or written settlement agreement between you and the third party or his insurer or your insurer;
- All information regarding any legal action that has been brought on your behalf against the third party or his insurer; and
- All other information requested by us.

Send this information to:

Wellmark Blue Cross and Blue Shield
 1331 Grand Avenue, Station 5E151
 Des Moines, IA 50309-2901

You also agree to all of the following:

- You will immediately let us know about any potential claims or rights of recovery related to the illness or injury.
- You will furnish any information and assistance that we determine we will need to enforce our rights under this group health plan.
- You will do nothing to prejudice our rights and interests including, but not limited to, signing any release or waiver (or otherwise releasing) our rights, without obtaining our written permission.
- You will not compromise, settle, surrender, or release any claim or right of recovery described above, without obtaining our written permission.
- If payment is received from the other party or parties, you must reimburse us to the extent of benefit payments made under this group health plan.
- In the event you or your attorney receive any funds in compensation for your

illness or injury, you or your attorney will hold those funds (up to and including the amount of benefits paid under this group health plan in connection with the illness or injury) in trust for the benefit of this group health plan as trustee(s) for us until the extent of our right to reimbursement or subrogation has been resolved.

- In the event you invoke your rights of recovery against a third-party related to the illness or injury, you will not seek an advancement of costs or fees from us.
- The amount of our subrogation interest shall be paid first from any funds recovered on your behalf from any source, without regard to whether you have been made whole or fully compensated for your losses, and the “make whole” rule is specifically rejected and inapplicable under this group health plan.
- We will not be liable for payment of any share of attorneys’ fees or other expenses incurred in obtaining any recovery, except as expressly agreed in writing, and the “common fund” rule is specifically rejected and inapplicable under this group health plan.

It is further agreed that in the event that you fail to take the necessary legal action to recover from the responsible party, we shall have the option to do so and may proceed in its name or your name against the responsible party and shall be entitled to the recovery of the amount of benefits paid under this group health plan and shall be entitled to recover its expenses, including reasonable attorney fees and costs, incurred for such recovery.

In the event we deem it necessary to institute legal action against you if you fail to repay us as required in this group health plan, you shall be liable for the amount of such payments made by us as well as all of our costs of collection, including reasonable attorney fees and costs.

You hereby authorize the deduction of any excess benefit received or benefits that should not have been paid, from any present or future compensation payments.

You and your covered family member(s) must notify us if you have the potential right to receive payment from someone else. You must cooperate with us to ensure that our rights to subrogation are protected.

Our right of subrogation and reimbursement under this group health plan applies to all rights of recovery, and not only to your right to compensation for medical expenses. A settlement or judgment structured in any manner not to include medical expenses, or an action brought by you or on your behalf which fails to state a claim for recovery of medical expenses, shall not defeat our rights of subrogation and reimbursement if there is any recovery on your claim.

We reserve the right to offset any amounts owed to us against any future claim payments.

Workers' Compensation

If you have received benefits under this benefits plan for an injury or condition that is the subject or basis of a workers' compensation claim (whether litigated or not), we are entitled to reimbursement to the extent of benefits paid under this plan from your employer, your employer's workers' compensation carrier, or you in the event that your claim is accepted or adjudged to be covered under workers' compensation.

Furthermore, we are entitled to reimbursement from you to the full extent of benefits paid out of any proceeds you receive from any workers' compensation claim, regardless of whether you have been made whole or fully compensated for your losses, regardless of whether the proceeds represent a compromise or disputed settlement, and regardless of any characterization of the settlement proceeds by the parties to the settlement. We will not

be liable for any attorney's fees or other expenses incurred in obtaining any proceeds for any workers' compensation claim.

We utilize industry standard methods to identify claims that may be work-related. This may result in initial payment of some claims that are work-related. We reserve the right to seek reimbursement of any such claim or to waive reimbursement of any claim, at our discretion.

Payment in Error

If for any reason we make payment in error, we may recover the amount we paid.

Any notice from Wellmark to you is acceptable when sent to your address as it appears on Wellmark's records or the address of the group through which you are enrolled.

Medically Urgent Situation. A situation where a longer, non-urgent response time to a pre-service notification could seriously jeopardize the life or health of the benefits plan member seeking services or, in the opinion of a physician with knowledge of the member's medical condition, would subject the member to severe pain that cannot be managed without the services in question.

Medicare. The federal government health insurance program established under Title XVIII of the Social Security Act for people age 65 and older and for individuals of any age entitled to monthly disability benefits under Social Security or the Railroad Retirement Program. It is also for those with chronic renal disease who require hemodialysis or kidney transplant.

We, Our, Us. Wellmark Blue Cross and Blue Shield.

X-ray and Lab Services. Tests, screenings, imagings, and evaluation procedures identified in the American Medical Association's Current Procedural Terminology (CPT) manual, Standard Edition, under *Radiology Guidelines* and *Pathology and Laboratory Guidelines*.
