Re: Permit request for use of County Highway right-of-way for underground tile line facility

Applicant: Jeff Barthole
(Name of Individual or Company)

Address: _____

Applicant hereby requests use of county highway right-of-way to install, operate, and maintain a buried tile line facility. The facility consists of a 6" tile road crossing between SW 23 Rutland & NW 26 Rutland, across 140th St.

The above named applicant is hereby granted permission and authority to lay, construct, operate, and maintain the above described facility in County road right-of-way at said location and as set forth in Exhibit "A" attached hereto and made a part of this permit as fully as if set out in length herein.

AGREEMENT: The applicant agrees that the following stipulations shall govern under this permit.

1. The applicant will at any time subsequent to placing said facility agree to relay, replace, reconstruct, or relocate said facility and appurtenances thereto as may become necessary to conform to new grades, alignment or widening of right-of-way resulting from maintenance or construction operations by the Board of Supervisors irrespective of whether or not additional right-of-way is acquired in connection with such highway improvement. The applicant agrees to do this promptly on order by the Board of Supervisors. If the applicant is unable to comply promptly, the Board of Supervisors may cause the work to be done.
2. The Board of Supervisors will endeavor to give the applicant sufficient notice of any proposed construction or maintenance work on either existing or newly acquired right-of-way that is likely to expose, cover-up, or disturb any part of the facility belonging to the applicant in order that the applicant may arrange to protect the facility. The Board of Supervisors will inform contractors and others working on the right-of-way of the location of the facility so that reasonable care may be taken to avoid damaging the facility. The County and the Board of Supervisors assume no responsibility, however, for failure to give such notice.
3. The County and the Board of Supervisors assume no responsibility for damages to the applicant's property occasioned by any construction or maintenance operations on said highways, including new or additional right-of-way acquired in connection therewith, subsequent to the building of the applicant's facility.
4. The applicant shall take all reasonable precaution during the construction of said facility to protect and safeguard the lives and property of the traveling public and adjacent property owners and shall indemnify and hold the County and the Board of Supervisors harmless of any damage or losses that may be sustained by the traveling public or adjacent property owners on account of such construction operations.
