**IOWA DEPARTMENT OF TRANSPORTATION  
Federal-aid Agreement  
for a County Highway Bridge Program Project**

PATRICK F. GILL  
WOODBURY COUNTY  
AUDITOR & RECORDER &  
COMM. OF ELECTIONS

Recipient: Woodbury County

2016 OCT 26 AM 8 25

Project No: BROS-C097(129)--5F-97

Iowa DOT Agreement No: 03-16-HBRRS-024

CFDA No. and Title: 20.205 Highway Planning and Construction

This is an agreement between the Board of Supervisors for Woodbury County, Iowa (hereinafter referred to as the Recipient) and the Iowa Department of Transportation (hereinafter referred to as the Department). Iowa Code Sections 306A.7 and 307.44 provide for the Recipient and the Department to enter into agreements with each other for the purpose of financing transportation improvement projects on streets and highways in Iowa with Federal funds.

The Surface Transportation Block Grant Program (STP) program makes Federal funds available for replacement or rehabilitation of highway bridges on public roads on and off the Federal-aid System. A portion of STP funds have been set-aside for this purpose and designated as the Highway Bridge Program.

Pursuant to the terms of this agreement, applicable statutes, and 761 Iowa Administrative Code (IAC) Chapter 161, the Department agrees to provide Highway Bridge Program funding to the Recipient for the authorized and approved costs for eligible items associated with the project.

Under this agreement, the parties further agree as follows:

1. The Recipient shall be the lead local governmental agency for carrying out the provisions of this agreement.
2. All notices required under this agreement shall be made in writing to the appropriate contact person. The Department's contact person will be the District 3 Local Systems Engineer. The Recipient's contact person shall be the County Engineer.
3. The Recipient shall be responsible for the development and completion of the following bridge project:
  - A. FHWA Structure Number: 353010
  - B. Location: L43 over Wright Creek
  - C. Preliminary Estimated Total Cost: \$ 600,000
4. The eligible project construction limits shall include the bridge plus grading and/or paving to reach a "touchdown point" determined by the Department. Within the eligible project construction limits, eligible project activities will be limited to the following: construction, engineering, inspection, and right-of-way acquisition. Under certain circumstances eligible activities may also include utility relocation or railroad work that is required for construction of the project. Certain activities necessary to comply with Federal or State environment or permit requirements, including studies and/or mitigation of the project's environmental impacts, are also eligible.
5. Costs associated with work outside the eligible project construction limits, routine maintenance activities, operations, and monitoring expenses are not eligible. In addition, administrative costs, and fees or interest associated with bonds or loans are not eligible.
6. The Recipient shall receive reimbursement for costs of authorized and approved eligible project activities from Highway Bridge Program funds. The portion of the eligible project costs reimbursed by Highway Bridge Program funds shall be limited to a maximum of 80% of eligible costs. Reimbursed costs will be limited to federal funds that are made available for counties through the Federal Highway Bridge Replacement Program outlined in 761 Iowa Administrative Code, Chapter 161.
7. The Recipient shall let the project for bids through the Department.
