- B. Appointment and membership.
 - (1) The members of the Board of Adjustment shall be appointed by the Board of Supervisors for terms of five years. Terms of the Board shall be staggered so that no more than two memberships expire on December 31 of any year. Vacancies shall be filled in the same manner for the remainder of an unexpired term.
 - (2) Members of the Board of Adjustment shall consist of eligible electors, as defined by Iowa Code section 39.3, who reside within the area regulated by the County Zoning Ordinance and shall not be officers or employees of any agency or department of the County. Iowa law requires all appointive boards, commissions, committees, and councils of a political subdivision to be gender balanced by using a fair and unbiased method of selecting the best qualified applicants. The Board of Supervisors may appoint any qualified applicant, regardless of gender, after making a three-month good faith effort to appoint a gender balanced Board.

- C. Rules of Procedure. The Board of Adjustment shall organize itself and shall adopt and maintain, subject to the approval of the Board of Supervisors, rules of procedure in conformance with the provisions of this ordinance and the Iowa Code to govern the conduct of its business.
- D. Powers and Duties. The Board of Adjustment shall have the following powers and it shall be its duty:
 - (1) To hear and decide appeals where it is alleged there is an error in any order, requirement, decision, or determination made by an administrative official in the enforcement of Iowa Code Chapter 335, or of any ordinance adopted pursuant thereto.
 - (2) To hear and decide special exceptions to the terms of the ordinance upon which such Board is required to pass under such ordinance.
 - (3) To authorize upon appeal, in specific cases, such variance from the terms of the ordinance as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed, and substantial justice done.

Employment:

Currently I have been retired and helping my 20 year old son as a beginning farmer take over the family farm. I was the CFO for Interstate Powder Coatings and College Products, both of Sioux City. I farmed and was an Ag Loan Officer for Firststar Bank, Sioux City and Cooperative Credit Company, Sioux Center. At Firststar my primary responsibility were large cattle feeding accounts. My first loan was \$3 million on up to \$30 million. At Cooperative Credit my partner and I started and managed a finance company for originally 6 cooperatives, in 2 years I was asked to present our company to 60 different Coop Board of Directors and 40 of those Coops became members of Cooperative Credit, which is currently over \$100 million in assets. Cooperative Credit loans money directly to farmers for short and intermediate-term farm financing needs through member cooperatives. I went through banking backwards, starting with large loans and then going to smaller loans. Prior to that I worked as a cattle agent for a firm at The Sioux City Stockards and I was the night Safety Director for Direct Transit, responsible for accidents, overages/shortages, license and permit issues for 1500 trucks.

Interest in Appointment:

While working for Cooperative Credit, my territory was essentially everything west of I35 in Iowa. That opportunity put me in a lot of different communities with many different dynamics, working with both community leaders, businesses, and farmers. Many times I was negotiating between other lenders, the borrower and our member cooperatives. This experience gives me a working knowledge of what other communities have tried, what works, what doesn't work, but most of all, it made me appreciate my home community that much more. We are very fortunate in Woodbury County to have such a diversity of people, industries, geography, and opportunities. Two counties to the north of us we have one of the wealthiest counties in the state, they have the smallest average farm size in the state and they are a large net importer of corn. One county south of us we have one of the poorest counties in the state with the largest average farm size. It is one of the largest corn exporting counties in the state and the county seat which sits on I29 has the distinction as the poorest town in the state. The people are always the key to success but good local government can be a vital partner in success as well.

My goal is to continue and hopefully expand the relationship between the citizens and the government of Woodbury County. Our citizens need to know that their opinions are always heard, considered and valued. When people feel that their voices are heard, they are more willing to engage in both government and business within our county. They are more willing to start businesses or expand existing businesses when they feel confident that the local government is intent on fairly representing all citizens.

Contributions you feel you can make to the Board/Commission:

I feel that I can bring the common sense that comes with farming my entire life, building my own shop, moving 2 houses, doing my own dirt work and laying my own drainage tile, water pipes and electrical. Also, my banking experience will help me know what types of things are feasible

and practical from a lender's perspective. In general I am very good at engaging with people who have opposing views and finding common ground.

Direction/role you perceive of this Board/Commission:

I see the Board of Adjustments as both a judicial role and as a mediator role. Judicial in the fact that it makes sure that zoning regulations are followed, but also a mediator in that each case can be looked at individually to come to an agreement between neighbors and/or the community to arrive at solutions that best represent all parties involved.
