EXECUTIVE SUMMARY:

Recent audit required by FBI showed our computers were out of compliance to be able to access the NCIC data base. Working with WCICC they informed us are computers needed to be updated.

BACKGROUND:

When we got computers for our law enforcement officers over 6 years ago WCICC was unable to take them under their wing for maintenance etc. A current audit required 2 step authentication, a key, new software and a bunch of other things we didnt know of or about. We were struggling and unable to meet requirements and asked WCICC if they could help. They said yes but our computers were out of date

FINANCIAL IMPACT:

We need 8 ccomputers so each officer would have their own but the cost is higher now and WCICC suggests we go to a tablet like the Sheriffs office that they maintain. Cost for 6 computers is \$34,680 dollars. I would request \$36,000 to cover any incidentals or software needed.

IF THERE IS A CONTRACT INVOLVED IN THE AGENDA ITEM, HAS THE CONTRACT BEEN SUBMITTED AT LEAST ONE WEEK PRIOR AND ANSWERED WITH A REVIEW BY THE COUNTY ATTORNEY'S OFFICE?

Yes No

RECOMMENDATION:

Fund 6 of the 8 computers to save money and the Director and Deputy Director will share one that was recently purchased to save money since they are not in the field working evryday like our officers. Cost is \$5,780.16 per computer for a total of \$34,680, requesting \$36,000 to cover any incidentals not know about currently.

ACTION REQUIRED / PROPOSED MOTION:

To use Gaming Funds to purchase law enforcement computers for the County Conservation Departments officers.
