On March 25, 2024, the Woodbury County Zoning Commission voted to recommend the draft Woodbury County Comprehensive Plan 2040 to the Board of Supervisors. Three public hearings are required for the consideration of the plan. The Board may consider approving the plan through "Resolution" at the end of the process.

The Woodbury County Comprehensive Plan 2020 is intended to serve as an advisory document that outlines the county's vision. The purpose of this comprehensive plan is to provide a current inventory of community services and resources and a thoughtful statement of the community's vision and goals for the future. This comprehensive plan includes analysis of the following planning topics: Housing, Economic Development, Transportation, Public Infrastructure and Utilities, Community Facilities and Services, Land Use and Natural Resources, and Disaster Response, Recovery and Resiliency. The plan can inform grant applications and leverage funding for community projects. Funding agencies look to the plan to learn about the community resources and needs. County Staff can utilize the comprehensive plan as a guide in their work on behalf of the community. The comprehensive plan document provides legal justification for community decisions and ensures that local policies are in step with those of state, regional, and federal planning best practices. The plan process incorporated public participation and facilitated intergovernmental collaboration through review and consideration of neighboring jurisdictions policy and plans.
