

MAY 6 2025 PM2:47

Karen, could you please email me back that you received this request to be on the agenda for the Woodbury County Board of Supervisors. Thanks! Stee Maxwell

To Chairman Dan and the Woodbury County Board of Supervisors:

My name is Stee Maxwell and I am the President of what is called MCDAI (Moville Community Development Association Inc.), a non-profit organization here in Moville. We have been working on a possible daycare/childcare facility in Moville for over three years. We have partnered with the United Methodist Church here in Moville to utilize their Sunday school wing and are presently going over plans to remodel it to meet state regulations. We have also partnered with Crittenton Center in Sioux City and once established they will be the administrators of the facility. This would hopefully be in the fall of 2026.

We are now in the phase of procuring funds and have funds either pledged or given at the present time. The City of Moville has pledged \$20,000, MCDAI has given \$60,000, the United Methodist Church will be giving \$70,000 for a new roof, and other private donations have been given.

This is a project that will benefit Moville as well as the surrounding rural communities around it. We are planning on being able to accommodate over 60 children including babies and preschoolers.

We are approaching the Woodbury County Board to see whether you would be interested in helping with this project. This would be a great economic development project for the rural area, both in jobs and for parents needing daycare. We would like to be put in the agenda on May 13th, 2025 to give a short presentation and answer any questions.

Thank you for your interest and possible help with this project.

Stee Maxwell
MCDAI President
