Re: LEC Update for Supervisor Nelson

It has been the LEC Authority's commitment since the beginning of the project to provide information, once we had the information ourselves, and to otherwise be transparent.

The Sheriff's Office correctional staff is being trained on the detention door controls this week.

Five of the six elevators are turned on and operational.

Elevator 6 will be operational next week from the lower level to second floor of the jail.

Back walks have been completed in the County Attorney's space, Sheriff's Office space and Courts space and the corrective work is on-going.

The second-floor of the jail and corridors have been punched.

Lower A has been punched and the corrective work is being completed in that space.

Delbert Longley, State Jail Inspector is scheduled for March 11, 12, and 13, 2024, to complete a final inspection.
