**EXECUTIVE SUMMARY:**

The Board of Supervisors will hold a public hearing at 4:45 PM to discuss a proposed Zoning Ordinance Map Amendment to rezone Curtis Epling of Midwest Auto Properties, LLC's 5-acre property located on Parcel #884701200009, Government Lot 1, T88N R47W (Woodbury Township) from the Agricultural Preservation (AP) to the General Commercial (GC) Zoning District.

Following the public hearing, the Board may defer consideration of the proposal; or reject the proposal; or proceed to adopt an ordinance approving the amendment to the zoning district map.

A 60% majority of the Board of Supervisors shall be required to adopt the proposed amendment of the zoning district map if the owners of more than 20% of either, (a) the area of the subject property or (b) the area of real property lying within 500 feet of the subject property file a written objection prior to the conclusion of the public hearing.

The Board of Supervisors may impose restrictive conditions upon the approval of an amendment to the zoning district map if, before the conclusion of the public hearing, the owner agrees to the conditions in writing.

**BACKGROUND:**

Curtis Epling of Midwest Auto Properties, LLC has filed an application for a zoning ordinance map amendment (rezone) on the property as referenced as Parcel #884701200009, Government Lot 1, T88N R47W (Woodbury Township) from the Agricultural Preservation (AP) to the General Commercial (GC) Zoning District for the purpose of using the property for outdoor storage and eventually having a building for automotive repair. This proposal has been properly noticed in the Sioux City Journal Legals Section on September 29, 2022 for the Zoning Commission public hearing and on October 20, 2022 for the Board of Supervisors' public hearings. The neighbors within 1000 FT have been duly notified via a September 26, 2022 letter about the October 5, 2022 Zoning Commission public hearing and have been requested to comment. As of September 21, 2022, no comments or inquiries have been received about the proposal. Appropriate stakeholders including government agencies, utilities, and organizations have been notified and have been requested to comment. The Woodbury County Engineer has recommended for a pavement agreement to be signed as the rezone has the potential to generate traffic and the parcel should participate in the cost of any future pavement to meet the needs of traffic at a new commercial enterprise. Neil Stockfleth of the Woodbury County Soil and Water Conservation District "recommends against this rezoning proposal because a significant portion of this parcel lies in a flood zone, making it more prone to flood damages if it is developed as a business property." Based on the information received and the requirements set forth in the Zoning and Subdivision Ordinance, the proposal meets the criteria for approval. With the ability to enforce the floodplain development regulations as per Section 5.03 of the Woodbury County Zoning Ordinance, it is the recommendation of staff to approve this zoning ordinance map amendment (rezone) to the GC Zoning District with the condition that pavement agreements be signed for improvements to both 162nd Street and Charles Avenue. The Woodbury County Zoning Commission voted 5-0 to recommend approval of the rezone from the Agricultural Preservation (AP) Zoning District to the General Commercial (GC) Zoning District with the condition that pavement agreements be signed with Woodbury County as determined by the Board of Supervisors and that the applicant follow the floodplain regulations.

**RECOMMENDATION:**

If needed, a third public hearing/reading of the ordinance has been scheduled for Tuesday, 11/8/22 at 4:45 PM, respectively.

**ACTION REQUIRED / PROPOSED MOTION:**

**Public Hearing: Zoning Ordinance Map Amendment (Rezone) From AP To GC Proposal – Midwest Auto Properties, LLC (Curtis Epling) – Parcel #884701200009**

Priestley read the preliminary report and staff recommendation into the record. Curtis Epling of Midwest Auto Properties, LLC has filed an application for a zoning ordinance map amendment (rezone), for the parcel from Agricultural Preservation (AP) to the General Commercial (GC) Zoning District for the purpose of using the property for outdoor storage and eventually having a building for automotive repair. This proposal has been properly noticed in the Sioux City Journal Legals Section on September 29, 2022. The neighbors within 1000 FT have been duly notified via a September 26, 2022 letter about the October 5, 2022 Zoning Commission public hearing and have been requested to comment. As of September 21, 2022 no comments or inquires have been receive about the proposal. Appropriate stakeholders including government agencies, utilities, and organizations have been notified and have been requested to comment. The Woodbury County Engineer has recommended a pavement agreement be signed as the rezone has the potential to generate traffic and the parcel owner should participate in the cost of any future pavement to meet the needs of traffic at the new commercial enterprise. Neil Stockfleth of the Woodbury County Soil and Water Conservation District "recommends against this rezoning proposal because a significant portion of this parcel lies in a flood zone, making it more prone to flood damages if it is developed as a business property." Based on the information receive and the requirements set forth in the Zoning and Subdivision Ordinance, the proposal meets the criteria for approval. With the ability to enforce the floodplain development regulations as per Section 5.03 of the Woodbury County Zoning Ordinance, it is the recommendation of staff to approve this zoning ordinance map amendment (rezone) to the GC Zoning District with the condition that pavement agreements be signed for improvements to both 162<sup>nd</sup> Street and Charles Avenue. Deb Main asked how close this parcel was from the proposed pipeline. Bride stated this action pertains to a rezone of the property. Current owners are not selling the property. Motion to close public hearing: Bride. Second: O'Tool. Motion approved 5-0. Priestley offered an explanation as to how staff can enforce the floodplain regulations to address the concerns by Neil Stockfleth of the Woodbury County Soil and Water Conservation District. Although the applicant is not present at this public hearing, Priestley has had conversations with the applicant and his surveyor, and they are aware of the need to determine Base Flood Elevation (BFE) as part of meeting the floodplain development regulations. O'Tool recommended approval of zoning rezone request by Midwest Auto Properties, LLC from AP to GC with the conditions that pavement agreements be signed with Woodbury County as determined by the Board of Supervisors and requirement for an approved floodplain development permit. Second: Bride. Motion approved 5-0.

**Information/Discussion: Zoning Requirements Concerning the Permitting of Hazardous Liquid Pipelines including the Conditional Use Permit Requirements in the Zoning Ordinance and Possible Ordinances or Ordinance Amendments**

Priestley offered information about recent proposals to consider amendments for the permitting of hazardous liquid pipelines. Three possible options include continuing with the existing zoning ordinance language for a conditional use permit, adopting an amendment to the zoning ordinance to include additional criteria for consideration, and adopting a standalone ordinance where the Board of Supervisors become the permitting body. Staff has recently met with the county attorney's office and county engineer to review the proposal. Community and Economic Development staff had recommended using the existing ordinance criteria and recommending that the Board of Supervisors consider passing a resolution asking for the Zoning Commission and Board of Adjustment to ask for further information to assist with the clarification of the conditional use permit criteria. Priestley informed the commissioners that Supervisor Radig has requested for the consideration of a proposal to institute 500 FT setbacks from the pipeline. Deb Main and Gayle Palmquist addressed the board by offering concerns about the effects of

hazardous liquid pipelines. They encouraged the county to use their regulatory authority to pass an ordinance to regulate pipelines.

**Information/Discussion: Permitting of RAGBRAI Special Events for the Sales of Food, Beverages (With and Without Alcohol), Goods and Services, When RAGBRAI Selects Woodbury County as a Location for the Annual Event.**

Priestley presented a proposed Zoning Ordinance Text Amendment to allow for the sales of food, beverages, goods, and services when RAGBRAI selects Woodbury County as a location for their annual event. The proposal includes a temporary use provision and a Conditional Use Permit option if there is a desire to sell alcohol products. The temporary use provision allows for the sales of food, beverages (with no alcohol), goods, and services. A conditional use permit would be required if there is a desire to sell alcohol products.

**Information/Discussion: Permitting of Special Events**

Priestley offered information about the possible permitting of events other than RAGBRAI. He noted the concerns that the Zoning Commission had referenced at the August 22, 2022 meeting. After discussions with the County Attorney's office, there were concerns about a general special events category and the possible impacts to other uses. Thus, the RAGBRAI proposal was developed to specifically address the challenges of selling goods and services in the unincorporated area of Woodbury County during the 2022 RAGBRAI event.

**Public Comment on Matters Not on the Agenda**

None

**Commissioner Comment or Inquiry**

None

**Staff Update**

Priestley indicated that the public meeting attendance for Comp Plan 2040 has been low and public input is important for the future development of Woodbury County. Priestley stated that the Board of Supervisor meetings are also an important tool for public input and awareness of issues involving the County. Meeting schedules and agendas are posted on the Woodbury County website.

**Adjourn**

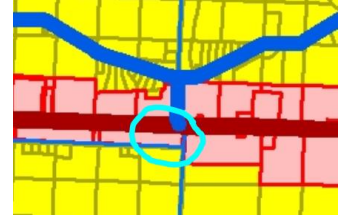

Motion by O'Tool. Second: O'Tool. 5-0. The meeting adjourned at 7:50 PM.

## EVALUATION CRITERIA

The Zoning Commission shall base their recommendations and the Board of Supervisors shall base their decision on any requested amendment of the zoning district map on the following criteria:

### Conformance with the goals and objectives set forth in the approved general development plan for Woodbury County including the future land use map.

The 2005 Future Land Use Map shows this area as General Commercial (GC). The parcel is currently zoned Agricultural Preservation (AP) and the request is to change to GC for the purpose of using the property for outdoor storage and eventually having a building for automotive repair.. The request conforms to the goals and objectives of the general development plan as it relates to the following land use goals:

- **Land Use Goal 1.1:** Adopt a land use plan that designates areas for anticipated future population and business growth needs of the County.
- **Land Use Goal 1.2:** Adopt development regulations that promote efficient, stable land uses with minimum conflicts and provision of public infrastructure.
- **Land Use Goal 1.3:** Encourage development near cities by discouraging leap-frog development outside municipalities.
- **Economic Development Goal 2.2:** Support existing, growing businesses in Woodbury County.

### Compatibility and conformance with the policies and plans of other agencies with respect to the subject property.

There are no conflicts with the policies and plans of other agencies.

### Consideration of the Corn Suitability (CSR) of the property.

The CSR2 rating for this property includes ratings of 71.38. The agricultural goal of the Woodbury County General Plan is to protect prime farmland as determined by a high corn suitability rating (e.g. over 65 CSR) from conversion to other land uses.

### Compatibility with adjacent land uses.

The rezone proposal to GC comports with the Woodbury County Future Land Use Map (2005) as this parcel is designated as a future GC parcel. The area adjacent to this property includes mixed uses including a residential dwelling approximately 330 FT to the southwest on an AP parcel. The area also includes commercially zoned property to the east, northeast and north as well as agricultural to the south, southwest and northwest. This property abuts Highway 20, Charles Avenue, and 162<sup>nd</sup> Street.

**Compatibility with other physical and economic factors affecting or affected by the proposed rezoning.**

This property abuts Highway 20, Charles Avenue, and 162<sup>nd</sup> Street. If any commercial development were to proceed in this area, the eventual paving of Charles Avenue and 162<sup>nd</sup> Street may be required. Thus, the property owner should be required to sign pavement agreements to address Charles Avenue and 162<sup>nd</sup> Streets.

**Any other relevant factors.**

This property is located in the Special Flood Hazard Area (SFHA – floodplain). The property owner(s) must elevate any structures as required by the Woodbury County Zoning Ordinance or seek a Letter of Map Amendment for Areas that could possibly be outside of the floodplain if found by a surveyor and FEMA.

The property is known as GIS Parcel #884701200009 and is described as

BASED UPON LINEAL LOT FRONTAGE**

The undersigned, *Curtis Epling of Midwest Auto Properties, LLC*, the owner(s) of the real estate legally described as follows:

The East 5 acres of a parcel of land described as follows: Government Lot 1, excluding therefrom all roads and easements, in Section 1, Township 88 North, Range 47 West of the 5th P.M., Woodbury County, Iowa, subject to and together with any and all easements.

In consideration of the approval of the Zoning Ordinance Map Amendment Proposal from the Agricultural Preservation (AP) Zoning District to the General Commercial (GC) Zoning District I/we agree as follows:

The centerline to be fifty percent (50%) of the total Improvement of said roadways, therefore, the effective collective assessment against the Parcel of Land will be a maximum of forty percent (40%) of the total actual cost of the improvements abutting said parcel.
3. The collective assessment shall be individually prorated to the Parcel of Land on the basis of the number of lineal feet on which the Parcel of Land abuts the said roadway(s) and the respective Parcel owner(s) shall have the responsibility for the assessment only on the lot within the Parcel of Land he/she or it may own.
4. In the event that statutes or ordinances existing at the time of the Improvements results in an overall lower assessment against the Parcel of Land, then the lower amount shall be assessed against said Parcel of Land.
5. This Agreement to Impose Covenant shall be binding upon the respective successors, heirs, administrators, executors and assigns of the parties.
