ZONING COMMISSION
WOODBURY COUNTY COURTHOUSE

SIOUX CITY, IA 51101

To: Woodbury County Board of Supervisors
620 Douglas Street
Sioux City, Iowa 51101

From: Christine Zellmer Zant, Chair
Woodbury County Zoning Commission

Subject: Recommendation – Rezone from AP to AE on Portions of Parcels #894607100002 and #894607100014 for JD Legacy Farms, LLC (Dennis Bollmeyer)

Dear Board of Supervisors:

On September 28, 2026, the Zoning Commission held a public hearing on the zoning map amendment application submitted by JD Legacy Farms, LLC (Dennis Bollmeyer) to rezone approximately 17.255 gross acres (approximately 14.407 net acres) identified as portions of Parcel #894607100002 and Parcel #894607100014, located in the North Half of the Northwest Quarter of Section 7, Township 89 North, Range 46 West (Concord Township), from the Agricultural Preservation (AP) Zoning District to the Agricultural Estates (AE) Zoning District. This rezoning is proposed concurrently with the Bollmeyer Second Addition minor subdivision to accommodate residential lots consistent with Section 3.01.1 B of the Woodbury County Zoning Ordinance. The property is located along 110th Street (County Road D12) in Concord Township, in the vicinity of 1418 110th Street, Sioux City, Iowa 51108.

The rezone is required to meet the housing-density threshold under the zoning ordinance so that the additional residences contemplated by the subdivision can be authorized within the 40-acre area.

The Zoning Commission recommends that the Board of Supervisors approve the zoning ordinance map amendment from AP to AE as presented. (Vote: 5-0, unanimous.)

Please refer to the draft copy of the Zoning Commission minutes for details about the Commission's recommendation(s).

Dated this 1st day of October, 2026.

Roll Call

Roll call was conducted. All five Commissioners were present: Christine Zellmer Zant (Chair), Tom Bride (Vice Chair), Jeff Hanson, Corey Meister, and Steve Corey.

Public Comment on Matters Not on the Agenda

No public comments were received on matters not listed on the agenda, either in person or via phone.

Approval of Previous Meeting Minutes

The Commission reviewed the minutes from the previous meeting.

PUBLIC HEARING (ACTION ITEM): PROPOSED BOLLMEYER SECOND ADDITION MINOR SUBDIVISION (SEVEN LOTS PLUS TWO OUTLOTS) – PARCELS #894607100002 AND #894607100014

Zoning Coordinator Daniel Priestley presented the staff report. JD Legacy Farms, LLC (Dennis Bollmeyer) submitted an application for a seven-lot minor subdivision plus two outlots to be known as the Bollmeyer Second Addition. The applicants seek to divide approximately 17.255 gross acres (approximately 14.407 net acres) from portions of Parcel #894607100002 and Parcel #894607100014, located in the North Half of the Northwest Quarter of Section 7, Township 89 North, Range 46 West of the 5th Principal Meridian (Concord Township). The property is currently in the Agricultural Preservation (AP) Zoning District. A concurrent Zoning Ordinance Map Amendment (rezone) application has been filed to rezone the property from AP to Agricultural Estates (AE) to accommodate residential density consistent with Section 3.01.1 B of the ordinance. A portion of the property lies within or near a Special Flood Hazard Area associated with an unnamed stream. Iowa DNR has issued base flood elevation determinations; local floodplain development permits would be required prior to construction of any structures. Restrictive covenants have been prepared limiting use to single-family residential purposes, establishing dwelling-size requirements, prohibiting livestock and mobile homes, and addressing other development standards. The property is located along 110th Street (County Road D12) in Concord Township. The proposal successfully completed the Sioux City extraterritorial review process. The County Engineer reviewed the plat and found no irregularities. Staff recommended approval contingent on the public hearings and related requirements.

Dan Kriener of Kriener Farm Management appeared representing the applicant. Priestley noted for the record a telephone inquiry from Ivan Areson who asked general questions about wells, septics, and project specifics but expressed no opposition.

Commissioners inquired about floodplain implications. Priestley explained that base flood elevation data is obtained during the platting process for awareness and title purposes; individual lot owners will still be required to obtain updated BFEs and floodplain development permits prior to building, administered under the existing zoning ordinance floodplain regulations. Not all of the property is affected.

No members of the public spoke regarding the application. No further questions were raised by the Commission.

Motion to close the public hearing: Made by Jeff Hanson and seconded by Corey Meister. All in favor said "aye." Motion carried (5-0).

DRAFT

PUBLIC HEARING (ACTION ITEM): PROPOSED ZONING ORDINANCE MAP AMENDMENT (REZONE) FROM AGRICULTURAL PRESERVATION (AP) TO AGRICULTURAL ESTATES (AE) – PORTIONS OF PARCELS #894607100002 AND #894607100014 FROM JD LEGACY FARMS, LLC (DENNIS BOLLMEYER)

Zoning Coordinator Daniel Priestley presented the staff report. This public hearing concerns the same land area and footprint as the preceding Bollmeyer Second Addition subdivision item (portions of Parcel #894607100002 and Parcel #894607100014). The rezone from Agricultural Preservation (AP) to Agricultural Estates (AE) is required to meet the housing-density threshold under the zoning ordinance so that the additional residences contemplated by the subdivision can be authorized within the 40-acre area.

No questions were raised by the Commission. No members of the public spoke regarding the application.

Motion to close the public hearing: Made by Jeff Hanson and seconded by Steve Corey. All in favor said "aye." Motion carried (5-0).

Motion: A motion was made by Tom Bride to recommend to the Board of Supervisors approval of the rezone from AP to AE as presented.

Second: The motion was seconded by Steve Corey.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

PUBLIC HEARING (ACTION ITEM): PROPOSED ZONING ORDINANCE MAP AMENDMENT (REZONE) FROM AGRICULTURAL PRESERVATION (AP) TO AGRICULTURAL ESTATES (AE) – PARCEL #884703400012 FROM SAM M. PETERSON

Zoning Coordinator Daniel Priestley presented the staff report. Sam M. Peterson requested approval of a zoning district map amendment (rezone) on Parcel #884703400012 from the Agricultural Preservation (AP) Zoning District to the Agricultural Estates (AE) Zoning District. The applicant acquired the property from Uhl Turkey Farms Incorporated by warranty deed on November 13, 2025. The parcel is an irregular tract containing approximately 8.06 gross acres (approximately 7.46 net acres after road right-of-way), located in the Southwest Quarter of the Southeast Quarter of Section 3, Township 88 North, Range 47 West, with frontage and access via an existing access road connecting to 170th Street. The property address is 1555 170th Lane, Sioux City, Iowa 51106.

The AP district is intended to preserve productive agricultural land and limit non-farm residential density; the AE district accommodates low-density residential development on larger lots compatible with surrounding agricultural and rural-estate uses. The subject property is bordered by existing AE-zoned residential properties to the south and incorporated city development to the

west, with AP land remaining to the north and east. The request represents a logical extension of the established AE residential-estates pattern rather than spot zoning. The property is not in the floodplain.

Staff noted that in late July county staff discovered grading activities had commenced without permits. The owner subsequently contacted the county through a contractor to obtain a building permit, which could not proceed because the property remained in the AP district. Construction of the residence had also commenced without an authorized building permit; staff verbally instructed the owner and contractor to cease construction pending resolution of zoning and permitting. A letter dated September 23 addressed the matter. The rezone is required to address density: with existing houses to the south and at the Frank Asphalt location, the third house within the quarter-quarter section triggers the density limit under the ordinance. An earlier house associated with the Uhl Turkey Farm had been removed and was no longer reflected on assessment records, eliminating any legal nonconforming or grandfathering rights after the statutory period elapsed. A prior boundary adjustment by the Uhl's had expanded the parcel under the same-parcel-count parameters.

The applicant, Sam M. Peterson, was present and confirmed that a house and associated structures (including barns) previously existed on the site and have been demolished; the proposal essentially replaces a former house. In response to Commission inquiry, the applicant stated there are no plans for a home occupation that would change the character of the neighborhood; any outbuilding would be primarily personal, though the applicant owns a landscaping company and may occasionally store a trailer or two.

Priestley reported that several members of the public (including city residents near the unincorporated line) had contacted staff with questions about accessory structures, sheds, home-occupation standards, and observed grading for an outbuilding. A late comment from Deborah Pfeiffer asked whether AE requires permits for additional buildings/businesses and whether a permit had been applied for the graded outbuilding site. Staff noted that permits are required for such structures, that unincorporated landowners retain rights to principal and accessory structures under applicable standards, and that limited home occupations are permitted subject to the ordinance "drive-by test" and related criteria. Additional splits would require a subdivision plat. Concerns from nearby city residents about expansion are valid, as are the property rights of the unincorporated landowner.

No members of the public spoke at the hearing. Commission discussion noted the Future Land Use Map context, that AE retains substantial agricultural rights similar to AP, and that the request places housing near existing housing.

Motion to close the public hearing: Steve Corey made a motion and Jeff Hanson seconded. All in favor said "aye." Motion carried (5-0).

Motion: A motion was made by Jeff Hanson to recommend to the Board of Supervisors approval of the rezoning from AP to AE as presented on the property at 1555 170th Lane.

Second: The motion was seconded by Steve Corey.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

REVIEW OF CONDITIONAL USE PERMIT APPLICATION (ACTION ITEM): NORTHERN NATURAL GAS COMPANY – REPLACEMENT OF

AN EXISTING NATURAL GAS PIPELINE ON FOUR DISTINCT PARCELS IN THE SERGEANT BLUFF AREA

Zoning Coordinator Daniel Priestley presented the staff report. This item is a review session (not a public hearing); the official public hearing will be held by the Board of Adjustment on October 5, 2026. Northern Natural Gas Company, through authorized representative Andrew Hardenburger (Senior Right of Way Agent), requests approval to replace an existing 12-inch natural gas pipeline with a new 12-inch natural gas pipeline, including associated temporary construction activities and subsequent removal of the existing pipeline, on four parcels in the unincorporated Sergeant Bluff area. The new pipeline will be installed approximately 3 to 4 feet below the surface so that normal agricultural activities may continue. On three parcels the new alignment is offset approximately 25 feet east of the existing line; on one parcel the alignment is relocated several hundred feet east and/or south at the landowner's request. All disturbed areas are to be restored upon completion of construction.

The affected parcels are: Parcel #884729400003 (approx. 33.26 acres, near 7284 Lakeport Rd. / Old Lakeport Rd., Sergeant Bluff, AE Zoning District, Section 29, T88N R47W; some portions in Special Flood Hazard Area, Zone A); Parcel #884732400002 (approx. 35.20 acres, near 7374 Old Lakeport Rd., AP Zoning District, Section 32, T88N R47W); Parcel #874705300001 (approx. 38.75 acres, 2230 Banner Ave., Sergeant Bluff, AP Zoning District, Section 5, T87N R47W); and Parcel #874705300005 (approx. 37.50 acres, adjacent agricultural tract, AP Zoning District, Section 5, T87N R47W). Owners include Gladys M. Rogers et al. / Rogers trusts, Jack Cook Farms Inc., and Sharon M. Krogh Life Estate / Brenda M. Godfredson / Amiee M. Krogh.

Priestley noted the project is heavily regulated by federal and state agencies (including PHMSA) and that the conditional-use review should expect compliance with all applicable federal and state requirements. The company has worked thoroughly with staff. The project is triggered in part by the need to upgrade wall thickness and conduct pressure tests as occupancy class changes from Class 2 to Class 3 due to increased occupancy in the area.

Sam McGill (Omaha, Nebraska), representing Northern Natural Gas, explained that the replacement is driven by the class-location change requiring greater wall thickness and subsequent pressure testing; the pipeline remains 12-inch diameter. In response to Commission questions, he confirmed the thicker wall supports higher pressure/product volume and public safety. Regarding coating on the existing line, based on age it is believed to include asbestos wrap; when the coating is cut, a third-party specialist in protective suits will strip and dispose of material as hazardous waste and test it. If positive, the pipe will be stripped and taken to an authorized disposal location. All such work is regulated.

No members of the public spoke regarding the application.

Motion: A motion was made by Steve Corey to recommend approval of the conditional use permit for the Northern Natural Gas Company pipeline replacement on the identified parcels and to forward the matter to the Board of Adjustment.

Second: The motion was seconded by Corey Meister.

Vote: All those in favor said "aye." Jeff Hanson abstained due to a conflict of interest (working with a property owner that requires relocation of the pipeline). The motion carried (4-0) with one abstention.

Priestley noted that the Board of Adjustment will hold the official public hearing on October 5, 2026.

REVIEW OF CONDITIONAL USE PERMIT RENEWAL APPLICATION (ACTION ITEM): BORROW PIT FOR EARTH MATERIALS FROM STEVEN SITZMANN – PARCEL #894608100010

Zoning Coordinator Daniel Priestley presented the staff report. This is essentially the same request reviewed approximately one year earlier. Steven Sitzmann previously received Board of Adjustment approval (Resolution No. BA 452, adopted September 3, 2025) for a temporary borrow pit to extract and remove earth materials to level a sloped hill on the approximately 3.99-acre property at 1546 110th Street, Sioux City, IA 51108 (Agricultural Estates Zoning District, Concord Township, Section 8, R Jacks Subdivision Lot 2 and part of Lot 1 of the McBalt Subdivision), facilitating future development of a single-family dwelling. The one-year authorization expired in September. The applicant found timing with the contractor difficult and needs additional time to complete the work. The long-range goal remains responsible site preparation for a house and possible future split. Staff evaluated the situation and advised that the matter must again proceed through the Commission for recommendation and the Board of Adjustment for public hearing (October 5, 2026).

Mr. Sitzmann was present and had nothing further to add. In response to a staff question, Priestley reported no concrete complaints of nuisance during the prior year of operation; the only reference had been another party citing the project as an example when inquiring about a different borrow pit.

A member of the public briefly inquired about a liquor license; it was clarified that the item concerns a borrow pit and has no relation to liquor licensing.

No other public comments were received.

Motion: A motion was made by Corey Meister to recommend to the Board of Adjustment renewal of the borrow-pit conditional use permit.

Second: The motion was seconded by Steve Corey.

Vote: All those in favor said "aye." No one opposed. The motion carried 5-0 (unanimous). The matter proceeds to the Board of Adjustment.

ACTION ITEM: SELECTION OF ONE ZONING COMMISSION REPRESENTATIVE TO BE LIAISON TO THE SIOUXLAND INTERSTATE METROPOLITAN PLANNING COUNCIL (SIMPCO)

Commissioner Christine Zellmer Zant, who has served as the Commission's liaison to SIMPCO for many years, indicated it was time for another member to take the role if interested. Discussion covered SIMPCO's role as a nonprofit regional planning organization serving Woodbury County and surrounding communities (including portions of Nebraska and South Dakota), focusing on economic development, funding for codes, infrastructure, housing, and related projects. Meetings are typically monthly (sometimes more for special committees) during the lunch hour at the SIMPCO office on Highway 20 / South Lewis Boulevard. Attendance provides two-way information exchange useful to county planning.

Commissioner Steve Corey volunteered to serve as liaison for the next year, noting it would be a good learning opportunity.

DRAFT

Motion: A motion was made by Tom Bride to select Steve Corey to serve as the Zoning Commission liaison to SIMPCO for the next year.

Second: The motion was seconded by Jeff Hanson.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

ACTION ITEM: SCHEDULING DETERMINATION FOR FUTURE DATA CENTER TOWN HALL EVENTS FOR THE UNINCORPORATED AREAS OF WOODBURY COUNTY

Zoning Coordinator Daniel Priestley reviewed progress on the Board of Supervisors' directive to develop a clearer permitting framework for industrial data centers in the unincorporated areas (similar to the prior solar-energy process). A moratorium remains in place. The Commission has conducted town-hall sessions in Sloan (August 31, 2026) and Moville (September 21, 2026); the third of the initial set is scheduled for November 9, 2026, in Salix, all at 7:00 PM. The Supervisors expect engagement across different communities. Priestley recommended considering additional sessions, mindful of the holiday season, and suggested a January date (for example, the week before a regular Commission meeting) to maintain momentum. He also noted the eventual need for a work session (open to the public) to hash out ordinance elements and formal public hearings when specific language is under consideration. Emphasis was placed on careful definitions (hyperscale vs. smaller or accessory data facilities, crypto-mining, energy thresholds, etc.) to avoid unintended consequences for legitimate existing or accessory uses, and on obtaining public input on studies (water, sound, etc.) that may be required of applicants.

Commission discussion favored an eastern-county location such as Correctionville for the next town hall and agreed that scheduling too far beyond January risks losing public tracking of dates. Consensus formed around January 18, 2027 (7:00 PM) in Correctionville, subject to facility availability.

Motion: A motion was made by Steve Corey to schedule a data-center town-hall meeting for January 18, 2027, at 7:00 PM in Correctionville, Iowa (location subject to confirmation of available facilities).

Second: The motion was seconded by Jeff Hanson.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

Public Comment on Matters Not on the Agenda

No additional public comments were received on matters not listed on the agenda.

Staff Update

Zoning Coordinator Daniel Priestley provided updates related to the data-center process. Staff continues to evaluate materials and data from multiple sources. Media inquiries have occurred; Priestley stressed the importance of clearly distinguishing that the Commission's work addresses only the unincorporated areas of Woodbury County. He referenced the Moville town-hall experience, including the value of explaining the unincorporated/incorporated distinction and of informal polling by show of hands. The Supervisors' moratorium provides time to do the work thoroughly. The two rezone recommendations from tonight will proceed to the Board of Supervisors for the required readings (October 13, 20, and 27, 2026; the Board may waive

DRAFT

readings depending on public intensity). The next regular Zoning Commission meeting is expected on October 26, 2026, at 5:00 PM; the Salix town hall remains scheduled for November 9, 2026, at 7:00 PM. Corey Meister noted he will be absent on October 26.

Supervisor Kent Carper (participating by telephone) expressed appreciation to the Commissioners for attending the town-hall meetings and for their work while he has been unavailable following surgery.

Commissioner Comment or Inquiry

No Commissioners offered additional comments or inquiries.

Adjournment

A motion was made to adjourn the meeting by Corey Meister and was seconded by Jeff Hanson. The motion passed unanimously with all Commissioners present voting "aye" (5-0). The meeting adjourned following the conclusion of the agenda.

Purpose of Zoning Ordinance Map Amendment (Rezone) Application

The applicant proposes to create a seven-lot (two-out lots) minor subdivision (Bollmeyer Second Addition) for single-family residential development. Under Section 3.01.1 B of the Woodbury County Zoning Ordinance, not more than two residences shall be allowed on any quarter-quarter section (nominally 40-acre) tract in the Agricultural Preservation (AP) district. When a property owner wishes to subdivide to create more than two parcels on a quarter-quarter section, concurrently with the platting process the zoning designation should be changed from the AP Zoning District to an appropriate classification. The Agricultural Estates (AE) district is the appropriate classification to accommodate the proposed residential lots while retaining rural character compatible with surrounding agricultural and estate uses.

This rezone is filed concurrently with the Bollmeyer Second Addition minor subdivision application. A portion of the property lies within or near a Special Flood Hazard Area; Iowa DNR Base Flood Elevation determinations have been obtained (Projects 2026-0978 and 2026-0979). Local floodplain permits will be required prior to development.

Evaluation Criteria

The Planning and Zoning Commission shall base their recommendations and the Board of Supervisors shall base their decision on any requested amendment of the zoning district map on the following criteria:

- Conformance with the goals and objectives set forth in the approved General Development Plan for Woodbury County including the Future Land Use Map;
- Compatibility and conformance with the policies and plans of other agencies with respect to the subject property;
- Consideration of the Corn Suitability Rating (CSR) of the property;
- Compatibility with adjacent land uses;
- Compatibility with other physical and economic factors affecting or affected by the proposed rezoning; and
- Any other relevant factors.

Staff Response to Criteria and Recommendation

Conformance with the goals and objectives set forth in the approved General Development Plan / Future Land Use Map

The concurrent minor subdivision and rezone support orderly rural residential development in an area already experiencing estate-style residential growth (Niles Second Addition, Bollmeyer First Addition, and surrounding AE parcels). The AE district is specifically intended to provide for residential development on larger lots in a manner compatible with agricultural surroundings. The proposal aligns with managed growth principles by utilizing land already under common ownership and adjacent to existing residential development rather than leapfrogging into prime agricultural core areas.

Future Land Use

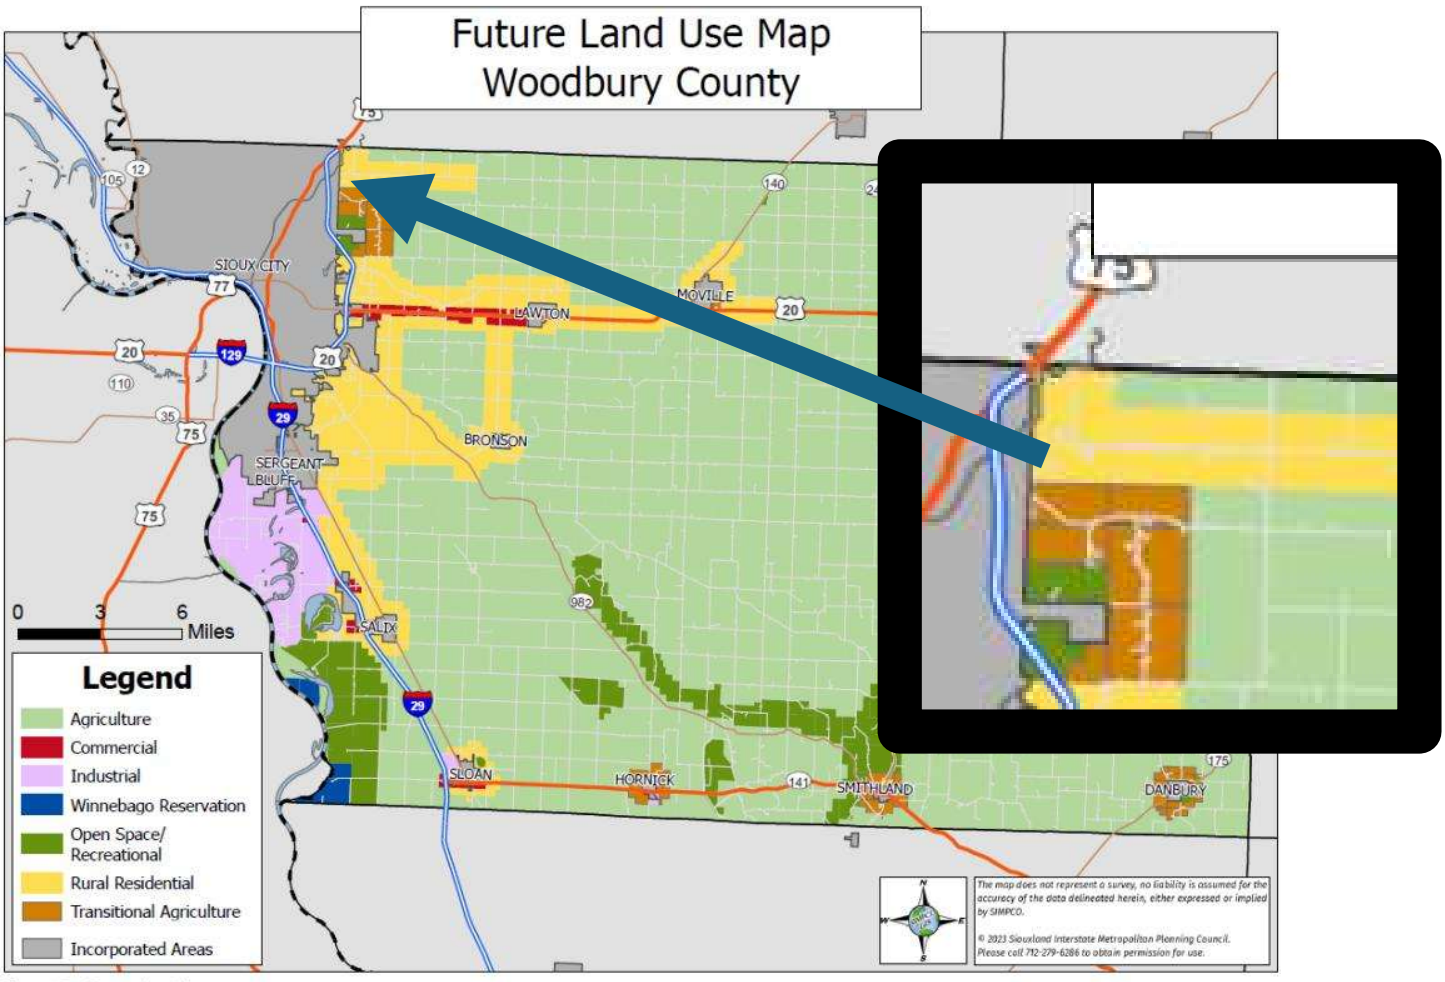

Figure 7.4 Future land use map

Compatibility and conformance with the policies and plans of other agencies

Iowa DNR has issued BFE determinations, and the City of Sioux City approved extraterritorial review of the associated Bollmeyer Second Addition final plat. The County Engineer reviewed the proposed minor subdivision and concurrent rezoning from AP to AE, noting that the property fronts paved D12, a Farm-to-Market route carrying approximately 570–1,000 vehicles daily between US 75 and K64; the seven additional lots are expected to increase residential traffic. Any proposed roadways or outlots must align directly with existing roadways. D12's 60-mph speed limit will remain unchanged as driveways are added. Prospective purchasers must be informed of traffic conditions, the speed limit, potential traffic types and volumes, and that snow removal and emergency services are provided from the Lawton area, with corresponding response expectations. Landowners must obtain applicable Woodbury County Secondary Roads access permits before working within the County right-of-way. Subject to these requirements, Secondary Roads has no objections to the subdivision or rezoning. As of September 24, 2026, no utility objections have been received.

Consideration of the Corn Suitability Rating (CSR) of the property

CSR2 values for the mapped portion average approximately 78.2 (range of individual map units roughly 32–92). While productive, the presence of an unnamed stream corridor, existing tree/vegetation areas, and the proposed lot configuration (approximately 2.3-acre lots) limit the practical agricultural scale. The AE district continues to allow agricultural uses compatible with residential estates.

Compatibility with adjacent land uses

The subject property is bordered by or near existing AE-zoned residential lots (Niles Second Addition / Pachsama Court to the north, Bollmeyer First Addition to the east) and remaining AP agricultural land. The proposal is a logical extension of the established residential estate pattern rather than a spot zone. Restrictive covenants further ensure residential character compatible with neighbors.

Compatibility with other physical and economic factors

Physical: Minimum lot size in AE is consistent with rural residential scale. Floodplain constraints are identified and will be managed through required permits and freeboard. Access is directly to County Road D12 / 110th Street; driveway locations subject to County Engineer approval. Economic: The rezone enables development of additional rural housing supply while the concurrent covenants and AE standards protect neighboring property values and agricultural operations.

Any other relevant factors

The rezone is the required legal mechanism under Section 3.01.1 B of the Zoning Ordinance to allow more than two residences per quarter-quarter section. Concurrent processing with the minor subdivision ensures coordinated review. Public notice to 1,000-foot owners and stakeholders provides opportunity for input.

Staff Recommendation

Based on the information provided in the application, the concurrent Bollmeyer Second Addition minor subdivision, the Woodbury County Zoning Ordinance (particularly §3.01.1 B), soil/CSR2 data, floodplain information, and surrounding land-use pattern, staff recommends approval of the request to rezone the subject property from Agricultural Preservation (AP) to Agricultural Estates (AE). This recommendation is contingent upon public input received during the Planning and Zoning Commission and Board of Supervisors public hearings, City of Sioux City extraterritorial approval, and any conditions deemed appropriate by the Commission or Board.

Staff recommends that the Zoning Commission forward a recommendation of approval to the Board of Supervisors.

Planning and Zoning Commission Recommendation

The planning and zoning commission shall review and make a recommendation on any proposed amendment to the zoning district map as follows:

Hearing required

The planning and zoning commission shall conduct a public hearing on the proposed zoning district map amendment in accordance with subsection 2.02-1. B.

The Zoning Commission Public Hearing is/was on September 28, 2026 at 5:00 PM.

Public notification of the planning and zoning commission hearing on the proposed amendment of the official zoning map shall be as required by subsection 2.02-1. B(1). The area property owners within 1000 feet were contacted with a notification letter dated September 14, 2026 about the scheduled Zoning Commission public hearing.

Time limit for recommendation

A recommendation to the Board of Supervisors for approval, approval with conditions or disapproval on the proposal, shall be made within 35 days of the conclusion of the public hearing unless the petitioner consents to an extension of time. If no recommendation is made within 35 days from the conclusion of the public hearing, the issue will be forwarded to the Board of Supervisors with no recommendation.

The Zoning Commission may make a recommendation to the Board of Supervisors following their public hearing or they may conduct an additional public meeting to render their recommendation.

Board of Supervisors' Action

Following receipt of the recommendation of the planning and zoning commission, the Board of Supervisors shall consider and act upon a proposed amendment to the zoning district map as follows:

Date: September 11, 2026

Subject: Bollmeyer Second Addition (Minor Subdivision) and Concurrent Rezone

The Woodbury County Secondary Roads Department has reviewed the proposed Bollmeyer Second Addition (Minor Subdivision) and concurrent rezone from AP to AE.

The proposed subdivision is located along paved D12, a Farm-to-Market route. Traffic volumes on D12 currently average approximately 1,000, 570, and 800 vehicles per day on various sections between US 75 and K64. The development of seven additional lots will result in increased residential traffic along D12.

Any proposed roadways or outlots shall be located directly across from existing roadways to provide for appropriate access and alignment.

The current posted speed limit on D12 is 60 mph and will remain 60 mph as additional driveways are established along the roadway. Prospective purchasers of the parcels should be made aware of the existing traffic conditions and the posted speed limit and should understand the type and volume of traffic that may be present along their properties.

Snow removal and emergency response services for this area are provided from the Lawton area. Prospective purchasers should also be made aware of these service arrangements and the associated response expectations.

The landowners will be required to obtain the appropriate Woodbury County Secondary Roads access permits prior to performing any work within the County right-of-way.

Based on the information provided, Secondary Roads has no objections to the proposed Minor Subdivision and concurrent rezone, subject to the above requirements and considerations.

WOODBURY COUNTY
ZONING COMMISSION
WOODBURY COUNTY COURTHOUSE
620 DOUGLAS STREET
SIOUX CITY, IA 51101

To: Woodbury County Board of Supervisors
620 Douglas Street
Sioux City, Iowa 51101

From: Christine Zellmer Zant, Chair
Woodbury County Zoning Commission

Subject: Recommendation – Rezone from AP to AE on Parcel #884703400012 for Sam M. Peterson

Dear Board of Supervisors:

On September 28, 2026, the Zoning Commission held a public hearing on the zoning map amendment application submitted by Sam M. Peterson to rezone Parcel #884703400012 (1555 170th Lane, Sioux City, Iowa 51106), an irregular tract containing approximately 8.06 gross acres (approximately 7.46 net acres after road right-of-way), located in the Southwest Quarter of the Southeast Quarter of Section 3, Township 88 North, Range 47 West, from the Agricultural Preservation (AP) Zoning District to the Agricultural Estates (AE) Zoning District. The applicant acquired the property from Yule Turkey Farms Incorporated by warranty deed on November 13, 2025. The property is bordered by existing AE-zoned residential properties to the south and incorporated city development to the west, with AP land remaining to the north and east.

The rezone is required due to density limits under Zoning Ordinance Section 3.01.1 B (with existing houses to the south and at the Frank Asphalt location, a third house within the quarter-quarter section triggers the density limit). An earlier house associated with the Uhl Turkey Farm had been removed and was no longer reflected on assessment records. The request represents a logical extension of the established AE residential-estates pattern rather than spot zoning, places housing near existing housing, and the property is not in the floodplain. The Future Land Use Map context supports the request, and AE retains substantial agricultural rights similar to AP.

The Zoning Commission recommends that the Board of Supervisors approve the zoning ordinance map amendment from AP to AE as presented on the property at 1555 170th Lane. (Vote: 5-0, unanimous.)

Please refer to the draft copy of the Zoning Commission minutes for details about the Commission's recommendation(s).

Dated this 1st day of October, 2026.

PUBLIC HEARING (ACTION ITEM): PROPOSED BOLLMEYER SECOND ADDITION MINOR SUBDIVISION (SEVEN LOTS PLUS TWO OUTLOTS) – PARCELS #894607100002 AND #894607100014

Zoning Coordinator Daniel Priestley presented the staff report. JD Legacy Farms, LLC (Dennis Bollmeyer) submitted an application for a seven-lot minor subdivision plus two outlots to be known as the Bollmeyer Second Addition. The applicants seek to divide approximately 17.255 gross acres (approximately 14.407 net acres) from portions of Parcel #894607100002 and Parcel #894607100014, located in the North Half of the Northwest Quarter of Section 7, Township 89 North, Range 46 West of the 5th Principal Meridian (Concord Township). The property is currently in the Agricultural Preservation (AP) Zoning District. A concurrent Zoning Ordinance Map Amendment (rezone) application has been filed to rezone the property from AP to Agricultural Estates (AE) to accommodate residential density consistent with Section 3.01.1 B of the ordinance. A portion of the property lies within or near a Special Flood Hazard Area associated with an unnamed stream. Iowa DNR has issued base flood elevation determinations; local floodplain development permits would be required prior to construction of any structures. Restrictive covenants have been prepared limiting use to single-family residential purposes, establishing dwelling-size requirements, prohibiting livestock and mobile homes, and addressing other development standards. The property is located along 110th Street (County Road D12) in Concord Township. The proposal successfully completed the Sioux City extraterritorial review process. The County Engineer reviewed the plat and found no irregularities. Staff recommended approval contingent on the public hearings and related requirements.

Dan Kriener of Kriener Farm Management appeared representing the applicant. Priestley noted for the record a telephone inquiry from Ivan Areson who asked general questions about wells, septics, and project specifics but expressed no opposition.

Commissioners inquired about floodplain implications. Priestley explained that base flood elevation data is obtained during the platting process for awareness and title purposes; individual lot owners will still be required to obtain updated BFEs and floodplain development permits prior to building, administered under the existing zoning ordinance floodplain regulations. Not all of the property is affected.

No members of the public spoke regarding the application. No further questions were raised by the Commission.

Motion to close the public hearing: Made by Jeff Hanson and seconded by Corey Meister. All in favor said "aye." Motion carried (5-0).

Motion: A motion was made by Jeff Hanson to recommend to the Board of Supervisors approval of the proposed Bollmeyer Second Addition minor subdivision as presented.

Second: The motion was seconded by Tom Bride.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

PUBLIC HEARING (ACTION ITEM): PROPOSED ZONING ORDINANCE MAP AMENDMENT (REZONE) FROM AGRICULTURAL PRESERVATION (AP) TO AGRICULTURAL ESTATES (AE) – PORTIONS OF PARCELS #894607100002 AND #894607100014 FROM JD LEGACY FARMS, LLC (DENNIS BOLLMEYER)

Zoning Coordinator Daniel Priestley presented the staff report. This public hearing concerns the same land area and footprint as the preceding Bollmeyer Second Addition subdivision item (portions of Parcel #894607100002 and Parcel #894607100014). The rezone from Agricultural Preservation (AP) to Agricultural Estates (AE) is required to meet the housing-density threshold under the zoning ordinance so that the additional residences contemplated by the subdivision can be authorized within the 40-acre area.

No questions were raised by the Commission. No members of the public spoke regarding the application.

Motion to close the public hearing: Made by Jeff Hanson and seconded by Steve Corey. All in favor said "aye." Motion carried (5-0).

Motion: A motion was made by Tom Bride to recommend to the Board of Supervisors approval of the rezone from AP to AE as presented.

Second: The motion was seconded by Steve Corey.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

PUBLIC HEARING (ACTION ITEM): PROPOSED ZONING ORDINANCE MAP AMENDMENT (REZONE) FROM AGRICULTURAL PRESERVATION (AP) TO AGRICULTURAL ESTATES (AE) – PARCEL #884703400012 FROM SAM M. PETERSON

Zoning Coordinator Daniel Priestley presented the staff report. Sam M. Peterson requested approval of a zoning district map amendment (rezone) on Parcel #884703400012 from the Agricultural Preservation (AP) Zoning District to the Agricultural Estates (AE) Zoning District. The applicant acquired the property from Uhl Turkey Farms Incorporated by warranty deed on November 13, 2025. The parcel is an irregular tract containing approximately 8.06 gross acres (approximately 7.46 net acres after road right-of-way), located in the Southwest Quarter of the Southeast Quarter of Section 3, Township 88 North, Range 47 West, with frontage and access via an existing access road connecting to 170th Street. The property address is 1555 170th Lane, Sioux City, Iowa 51106.

The AP district is intended to preserve productive agricultural land and limit non-farm residential density; the AE district accommodates low-density residential development on larger lots compatible with surrounding agricultural and rural-estate uses. The subject property is bordered by existing AE-zoned residential properties to the south and incorporated city development to the

DRAFT

west, with AP land remaining to the north and east. The request represents a logical extension of the established AE residential-estates pattern rather than spot zoning. The property is not in the floodplain.

Staff noted that in late July county staff discovered grading activities had commenced without permits. The owner subsequently contacted the county through a contractor to obtain a building permit, which could not proceed because the property remained in the AP district. Construction of the residence had also commenced without an authorized building permit; staff verbally instructed the owner and contractor to cease construction pending resolution of zoning and permitting. A letter dated September 23 addressed the matter. The rezone is required to address density: with existing houses to the south and at the Frank Asphalt location, the third house within the quarter-quarter section triggers the density limit under the ordinance. An earlier house associated with the Uhl Turkey Farm had been removed and was no longer reflected on assessment records, eliminating any legal nonconforming or grandfathering rights after the statutory period elapsed. A prior boundary adjustment by the Uhl's had expanded the parcel under the same-parcel-count parameters.

The applicant, Sam M. Peterson, was present and confirmed that a house and associated structures (including barns) previously existed on the site and have been demolished; the proposal essentially replaces a former house. In response to Commission inquiry, the applicant stated there are no plans for a home occupation that would change the character of the neighborhood; any outbuilding would be primarily personal, though the applicant owns a landscaping company and may occasionally store a trailer or two.

Priestley reported that several members of the public (including city residents near the unincorporated line) had contacted staff with questions about accessory structures, sheds, home-occupation standards, and observed grading for an outbuilding. A late comment from Deborah Pfeiffer asked whether AE requires permits for additional buildings/businesses and whether a permit had been applied for the graded outbuilding site. Staff noted that permits are required for such structures, that unincorporated landowners retain rights to principal and accessory structures under applicable standards, and that limited home occupations are permitted subject to the ordinance "drive-by test" and related criteria. Additional splits would require a subdivision plat. Concerns from nearby city residents about expansion are valid, as are the property rights of the unincorporated landowner.

No members of the public spoke at the hearing. Commission discussion noted the Future Land Use Map context, that AE retains substantial agricultural rights similar to AP, and that the request places housing near existing housing.

Motion to close the public hearing: Steve Corey made a motion and Jeff Hanson seconded. All in favor said "aye." Motion carried (5-0).

Motion: A motion was made by Jeff Hanson to recommend to the Board of Supervisors approval of the rezoning from AP to AE as presented on the property at 1555 170th Lane.

Second: The motion was seconded by Steve Corey.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

REVIEW OF CONDITIONAL USE PERMIT APPLICATION (ACTION ITEM): NORTHERN NATURAL GAS COMPANY – REPLACEMENT OF

AN EXISTING NATURAL GAS PIPELINE ON FOUR DISTINCT PARCELS IN THE SERGEANT BLUFF AREA

Zoning Coordinator Daniel Priestley presented the staff report. This item is a review session (not a public hearing); the official public hearing will be held by the Board of Adjustment on October 5, 2026. Northern Natural Gas Company, through authorized representative Andrew Hardenburger (Senior Right of Way Agent), requests approval to replace an existing 12-inch natural gas pipeline with a new 12-inch natural gas pipeline, including associated temporary construction activities and subsequent removal of the existing pipeline, on four parcels in the unincorporated Sergeant Bluff area. The new pipeline will be installed approximately 3 to 4 feet below the surface so that normal agricultural activities may continue. On three parcels the new alignment is offset approximately 25 feet east of the existing line; on one parcel the alignment is relocated several hundred feet east and/or south at the landowner's request. All disturbed areas are to be restored upon completion of construction.

The affected parcels are: Parcel #884729400003 (approx. 33.26 acres, near 7284 Lakeport Rd. / Old Lakeport Rd., Sergeant Bluff, AE Zoning District, Section 29, T88N R47W; some portions in Special Flood Hazard Area, Zone A); Parcel #884732400002 (approx. 35.20 acres, near 7374 Old Lakeport Rd., AP Zoning District, Section 32, T88N R47W); Parcel #874705300001 (approx. 38.75 acres, 2230 Banner Ave., Sergeant Bluff, AP Zoning District, Section 5, T87N R47W); and Parcel #874705300005 (approx. 37.50 acres, adjacent agricultural tract, AP Zoning District, Section 5, T87N R47W). Owners include Gladys M. Rogers et al. / Rogers trusts, Jack Cook Farms Inc., and Sharon M. Krogh Life Estate / Brenda M. Godfredson / Amiee M. Krogh.

Priestley noted the project is heavily regulated by federal and state agencies (including PHMSA) and that the conditional-use review should expect compliance with all applicable federal and state requirements. The company has worked thoroughly with staff. The project is triggered in part by the need to upgrade wall thickness and conduct pressure tests as occupancy class changes from Class 2 to Class 3 due to increased occupancy in the area.

Sam McGill (Omaha, Nebraska), representing Northern Natural Gas, explained that the replacement is driven by the class-location change requiring greater wall thickness and subsequent pressure testing; the pipeline remains 12-inch diameter. In response to Commission questions, he confirmed the thicker wall supports higher pressure/product volume and public safety. Regarding coating on the existing line, based on age it is believed to include asbestos wrap; when the coating is cut, a third-party specialist in protective suits will strip and dispose of material as hazardous waste and test it. If positive, the pipe will be stripped and taken to an authorized disposal location. All such work is regulated.

No members of the public spoke regarding the application.

Motion: A motion was made by Steve Corey to recommend approval of the conditional use permit for the Northern Natural Gas Company pipeline replacement on the identified parcels and to forward the matter to the Board of Adjustment.

Second: The motion was seconded by Corey Meister.

Vote: All those in favor said "aye." Jeff Hanson abstained due to a conflict of interest (working with a property owner that requires relocation of the pipeline). The motion carried (4-0) with one abstention.

Priestley noted that the Board of Adjustment will hold the official public hearing on October 5, 2026.

REVIEW OF CONDITIONAL USE PERMIT RENEWAL APPLICATION (ACTION ITEM): BORROW PIT FOR EARTH MATERIALS FROM STEVEN SITZMANN – PARCEL #894608100010

Zoning Coordinator Daniel Priestley presented the staff report. This is essentially the same request reviewed approximately one year earlier. Steven Sitzmann previously received Board of Adjustment approval (Resolution No. BA 452, adopted September 3, 2025) for a temporary borrow pit to extract and remove earth materials to level a sloped hill on the approximately 3.99-acre property at 1546 110th Street, Sioux City, IA 51108 (Agricultural Estates Zoning District, Concord Township, Section 8, R Jacks Subdivision Lot 2 and part of Lot 1 of the McBalt Subdivision), facilitating future development of a single-family dwelling. The one-year authorization expired in September. The applicant found timing with the contractor difficult and needs additional time to complete the work. The long-range goal remains responsible site preparation for a house and possible future split. Staff evaluated the situation and advised that the matter must again proceed through the Commission for recommendation and the Board of Adjustment for public hearing (October 5, 2026).

Mr. Sitzmann was present and had nothing further to add. In response to a staff question, Priestley reported no concrete complaints of nuisance during the prior year of operation; the only reference had been another party citing the project as an example when inquiring about a different borrow pit.

A member of the public briefly inquired about a liquor license; it was clarified that the item concerns a borrow pit and has no relation to liquor licensing.

No other public comments were received.

Motion: A motion was made by Corey Meister to recommend to the Board of Adjustment renewal of the borrow-pit conditional use permit.

Second: The motion was seconded by Steve Corey.

Vote: All those in favor said "aye." No one opposed. The motion carried 5-0 (unanimous). The matter proceeds to the Board of Adjustment.

ACTION ITEM: SELECTION OF ONE ZONING COMMISSION REPRESENTATIVE TO BE LIAISON TO THE SIOUXLAND INTERSTATE METROPOLITAN PLANNING COUNCIL (SIMPCO)

Commissioner Christine Zellmer Zant, who has served as the Commission's liaison to SIMPCO for many years, indicated it was time for another member to take the role if interested. Discussion covered SIMPCO's role as a nonprofit regional planning organization serving Woodbury County and surrounding communities (including portions of Nebraska and South Dakota), focusing on economic development, funding for codes, infrastructure, housing, and related projects. Meetings are typically monthly (sometimes more for special committees) during the lunch hour at the SIMPCO office on Highway 20 / South Lewis Boulevard. Attendance provides two-way information exchange useful to county planning.

Commissioner Steve Corey volunteered to serve as liaison for the next year, noting it would be a good learning opportunity.

Motion: A motion was made by Tom Bride to select Steve Corey to serve as the Zoning Commission liaison to SIMPCO for the next year.

Second: The motion was seconded by Jeff Hanson.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

ACTION ITEM: SCHEDULING DETERMINATION FOR FUTURE DATA CENTER TOWN HALL EVENTS FOR THE UNINCORPORATED AREAS OF WOODBURY COUNTY

Zoning Coordinator Daniel Priestley reviewed progress on the Board of Supervisors' directive to develop a clearer permitting framework for industrial data centers in the unincorporated areas (similar to the prior solar-energy process). A moratorium remains in place. The Commission has conducted town-hall sessions in Sloan (August 31, 2026) and Moville (September 21, 2026); the third of the initial set is scheduled for November 9, 2026, in Salix, all at 7:00 PM. The Supervisors expect engagement across different communities. Priestley recommended considering additional sessions, mindful of the holiday season, and suggested a January date (for example, the week before a regular Commission meeting) to maintain momentum. He also noted the eventual need for a work session (open to the public) to hash out ordinance elements and formal public hearings when specific language is under consideration. Emphasis was placed on careful definitions (hyperscale vs. smaller or accessory data facilities, crypto-mining, energy thresholds, etc.) to avoid unintended consequences for legitimate existing or accessory uses, and on obtaining public input on studies (water, sound, etc.) that may be required of applicants.

Commission discussion favored an eastern-county location such as Correctionville for the next town hall and agreed that scheduling too far beyond January risks losing public tracking of dates. Consensus formed around January 18, 2027 (7:00 PM) in Correctionville, subject to facility availability.

Motion: A motion was made by Steve Corey to schedule a data-center town-hall meeting for January 18, 2027, at 7:00 PM in Correctionville, Iowa (location subject to confirmation of available facilities).

Second: The motion was seconded by Jeff Hanson.

Vote: All those in favor said "aye." No one opposed. The motion carried unanimously (5-0).

Public Comment on Matters Not on the Agenda

No additional public comments were received on matters not listed on the agenda.

Staff Update

Zoning Coordinator Daniel Priestley provided updates related to the data-center process. Staff continues to evaluate materials and data from multiple sources. Media inquiries have occurred; Priestley stressed the importance of clearly distinguishing that the Commission's work addresses only the unincorporated areas of Woodbury County. He referenced the Moville town-hall experience, including the value of explaining the unincorporated/incorporated distinction and of informal polling by show of hands. The Supervisors' moratorium provides time to do the work thoroughly. The two rezone recommendations from tonight will proceed to the Board of Supervisors for the required readings (October 13, 20, and 27, 2026; the Board may waive

readings depending on public intensity). The next regular Zoning Commission meeting is expected on October 26, 2026, at 5:00 PM; the Salix town hall remains scheduled for November 9, 2026, at 7:00 PM. Corey Meister noted he will be absent on October 26.

Supervisor Kent Carper (participating by telephone) expressed appreciation to the Commissioners for attending the town-hall meetings and for their work while he has been unavailable following surgery.

Commissioner Comment or Inquiry

No Commissioners offered additional comments or inquiries.

Adjournment

A motion was made to adjourn the meeting by Corey Meister and was seconded by Jeff Hanson. The motion passed unanimously with all Commissioners present voting "aye" (5-0). The meeting adjourned following the conclusion of the agenda.

Purpose of Zoning Ordinance Map Amendment (Rezone) Application

The applicant, Sam M. Peterson, requests approval of a zoning district map amendment to rezone Parcel No. 884703400012 from the Agricultural Preservation (AP) Zoning District to the Agricultural Estates (AE) Zoning District. The applicant acquired the property from Uhl Turkey Farms, Inc., by Warranty Deed recorded as Document No. 2025-12016 on November 13, 2025. The parcel is an irregular tract containing approximately 8.06 gross acres, located in the SW¼ of the SE¼ of Section 3-88-47. The property has frontage and access via an existing access road connecting to 170th Street.

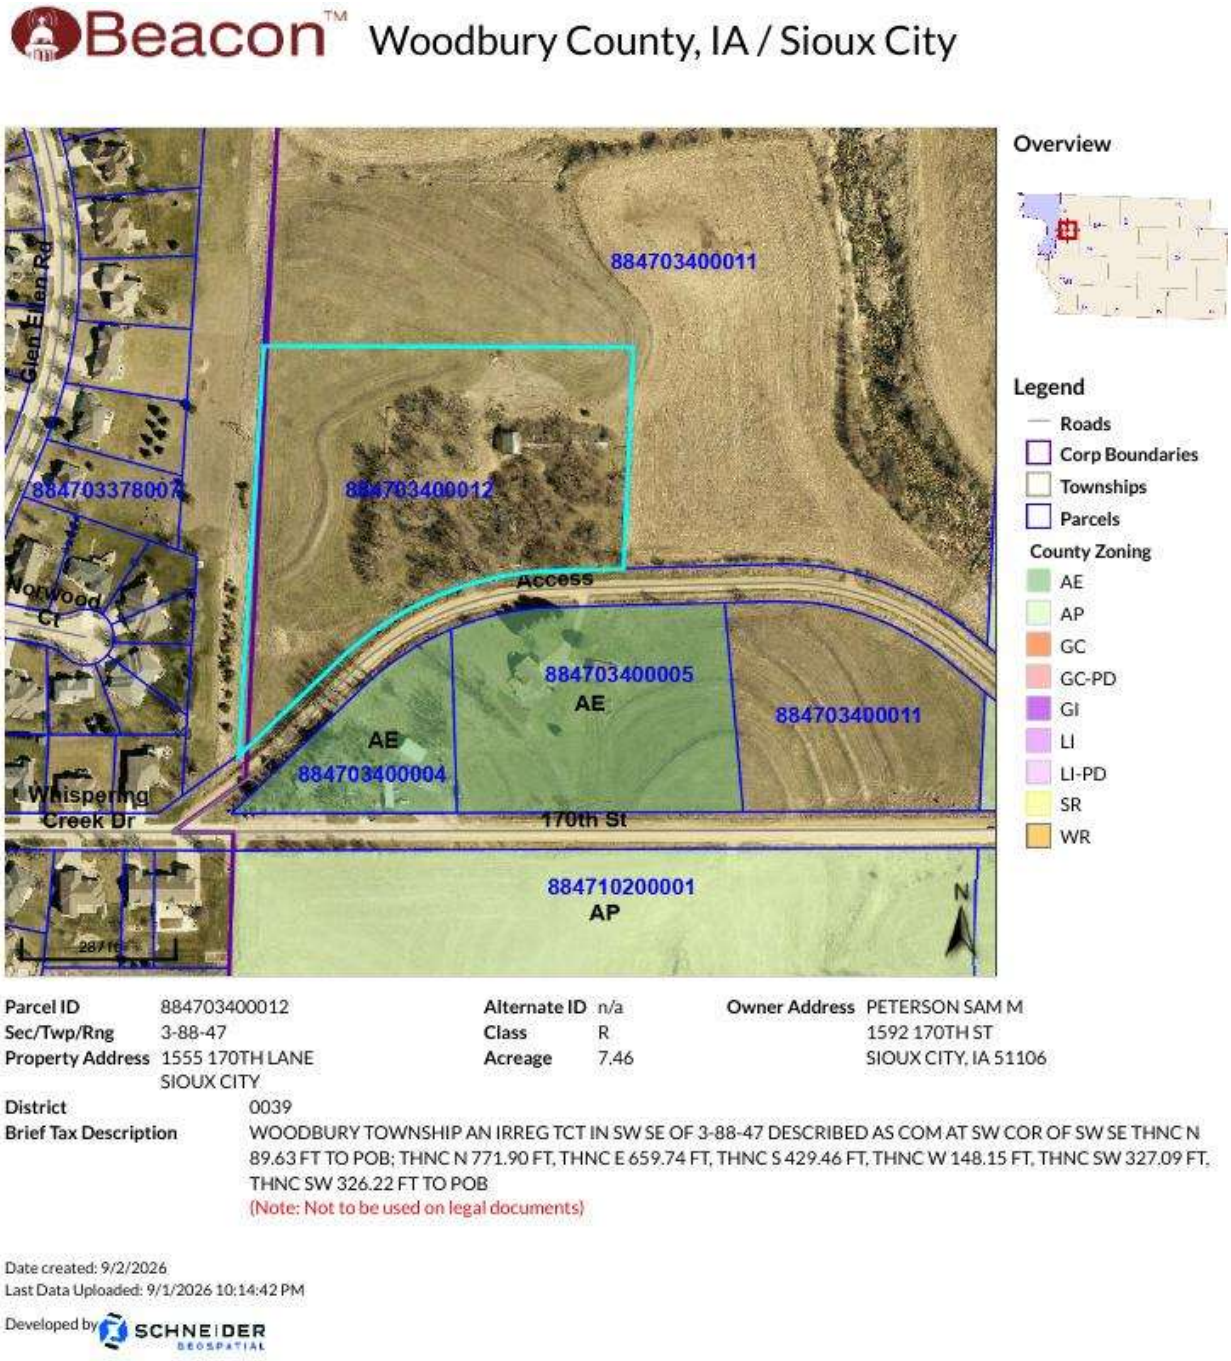

Under the Woodbury County Zoning Ordinance, the AP District is intended to preserve productive agricultural land and limit nonfarm residential density. The AE District is intended to accommodate low-density residential development on larger lots in a manner compatible with surrounding agricultural and rural estate uses. The subject property is bordered by existing AE-zoned residential properties to the south and a city development to the west. AP-zoned agricultural land remains to the north and east. Accordingly, the requested rezoning represents a logical extension of the established AE residential-estate development pattern rather than the introduction of a spot zone into a predominantly agricultural area. The property is located within an Area of Minimal Flood Hazard, according to FEMA and Beacon mapping. No Special Flood Hazard Area is mapped on the subject parcel. Any future residential development would remain subject to all applicable building, setback, driveway, utility, and other county requirements.

In late July, county staff discovered that the property owner had commenced grading activities without addressing the matter with county staff. The owner subsequently contacted the County to obtain a building permit; however, the permit application could not proceed because the property was located in the AP Zoning District. The property owner was then instructed to submit this rezoning application to address the zoning

issue. It was later discovered that the property owner and contractor had commenced construction of a residence without building permit approval. County staff verbally instructed the property owner and contractor to cease construction activities pending resolution of the zoning and permitting issues. County staff subsequently issued a letter dated September 23, 2026 addressing the matter.

Location Map

See attached Beacon GIS Zoning Map, Soil/Floodplain Map, and Parcel Report for Parcel #884703400012. The property is located south of Whispering Creek Drive / Glen Ellen Road residential areas, north of 170th Street agricultural lands, with access via a private/access road off 170th Street. Adjacent parcels to the west and nearby are zoned AE; parcel immediately south (884710200001) is AP.

Evaluation Criteria

The Planning and Zoning Commission shall base their recommendations and the Board of Supervisors shall base their decision on any requested amendment of the zoning district map on the following criteria (per Woodbury County Zoning Ordinance):

- Conformance with the goals and objectives set forth in the approved General Development Plan / Comprehensive Plan for Woodbury County including the Future Land Use Map;

- Compatibility and conformance with the policies and plans of other agencies with respect to the subject property;
- Consideration of the Corn Suitability Rating (CSR) / CSR2 of the property;
- Compatibility with adjacent land uses;
- Compatibility with other physical and economic factors affecting or affected by the proposed rezoning; and
- Any other relevant factors.

Staff Response to Criteria and Recommendation

Conformance with the goals and objectives set forth in the approved Comprehensive Plan / Future Land Use Map

The Woodbury County Comprehensive Plan 2040 (adopted May 7, 2024) emphasizes managed growth, protection of productive agricultural lands where appropriate, and accommodation of rural residential development in locations that are logical extensions of existing patterns rather than leapfrog development into prime agricultural cores.

The subject property is already partially developed and is surrounded on multiple sides by established AE-zoned residential estate subdivisions (Whispering Creek, Glen Ellen, Norwood Court, Canterbury Court, and related areas). Rezoning this 7.46-net-acre parcel to AE supports orderly rural residential / estate development consistent with the surrounding land-use pattern and the AE district's purpose of providing residential opportunities on larger lots compatible with agricultural surroundings.

The proposal aligns with Comprehensive Plan principles of utilizing land already under private ownership adjacent to existing residential development and avoiding unnecessary fragmentation of larger contiguous agricultural tracts further from the urban fringe.

Compatibility and conformance with the policies and plans of other agencies

The property is mapped as an Area of Minimal Flood Hazard. No Iowa DNR Base Flood Elevation determination is required for the subject parcel based on current mapping. County Engineer review of any future driveway or access improvements would be required. No known major utility corridor conflicts that cannot be addressed through standard easements and setbacks have been identified.

Consideration of the Corn Suitability Rating (CSR) of the property

USDA Web Soil Survey data for the Area of Interest (Parcel #884703400012) shows the following estimated CSR2 values:

- 1E3 (Ida silt loam, 14–20% slopes, severely eroded): CSR2 18 — 1.5 acres (18.3%)
- 10D2 (Monona silt loam, 9–14% slopes, eroded): CSR2 60 — 3.9 acres (46.2%)
- 10C2 (Monona silt loam, 5–9% slopes, eroded): CSR2 86 — 0.7 acres (8.8%)
- 12C (Napier silt loam, 5–9% slopes): CSR2 89 — 2.2 acres (26.7%)

Total AOI: 8.4 acres. The weighted average CSR2 is approximately 61.5.

While portions of the parcel contain higher-productivity soils (CSR2 86 and 89), nearly half the acreage is rated only 60 and almost one-fifth is severely limited (CSR2 18). Combined with the irregular parcel configuration, existing access road, residual agricultural buildings, and immediate adjacency to residential estate lots, these factors significantly limit the practicality of continued commercial-scale agricultural operations. The AE district continues to permit agricultural uses compatible with residential estates.

Description

This attribute is only applicable to soils in the state of Iowa. Corn suitability ratings (CSR2) provide a relative ranking of all soils mapped in the State of Iowa according to their potential for the intensive production of row crops. The CSR2 is an index that can be used to rate the potential yield of one soil against that of another over a period of time. Considered in the ratings are average weather conditions and frequency of use of the soil for row crops. Ratings range from 100 for soils that have no physical limitations, occur on minimal slopes, and can be continuously row cropped to as low as 5 for soils that are severely limited for the production of row crops.

When the soils are rated, the following assumptions are made: a) adequate management, b) natural weather conditions (no irrigation), c) artificial drainage where required, d) no frequent flooding on the lower lying soils, and e) no land leveling or terracing. The weighted CSR2 for a given field can be modified by the occurrence of sandy spots, local deposits, rock and gravel outcrops, field boundaries, and noncrossable drainageways. Even though predicted average yields will change with time, the CSR2 values are expected to remain relatively constant in relation to one another over time.

Rating Options

Aggregation Method: No Aggregation Necessary

Aggregation is the process by which a set of component attribute values is reduced to a single value that represents the map unit as a whole.

A map unit is typically composed of one or more "components". A component is either some type of soil or some nonsoil entity, e.g., rock outcrop. For the attribute being aggregated, the first step of the aggregation process is to derive one attribute value for each of a map unit's components. From this set of component attributes, the next step of the aggregation process derives a single value that represents the map unit as a whole. Once a single value for each map unit is derived, a thematic map for soil map units can be rendered. Aggregation must be done because, on any soil map, map units are delineated but components are not.

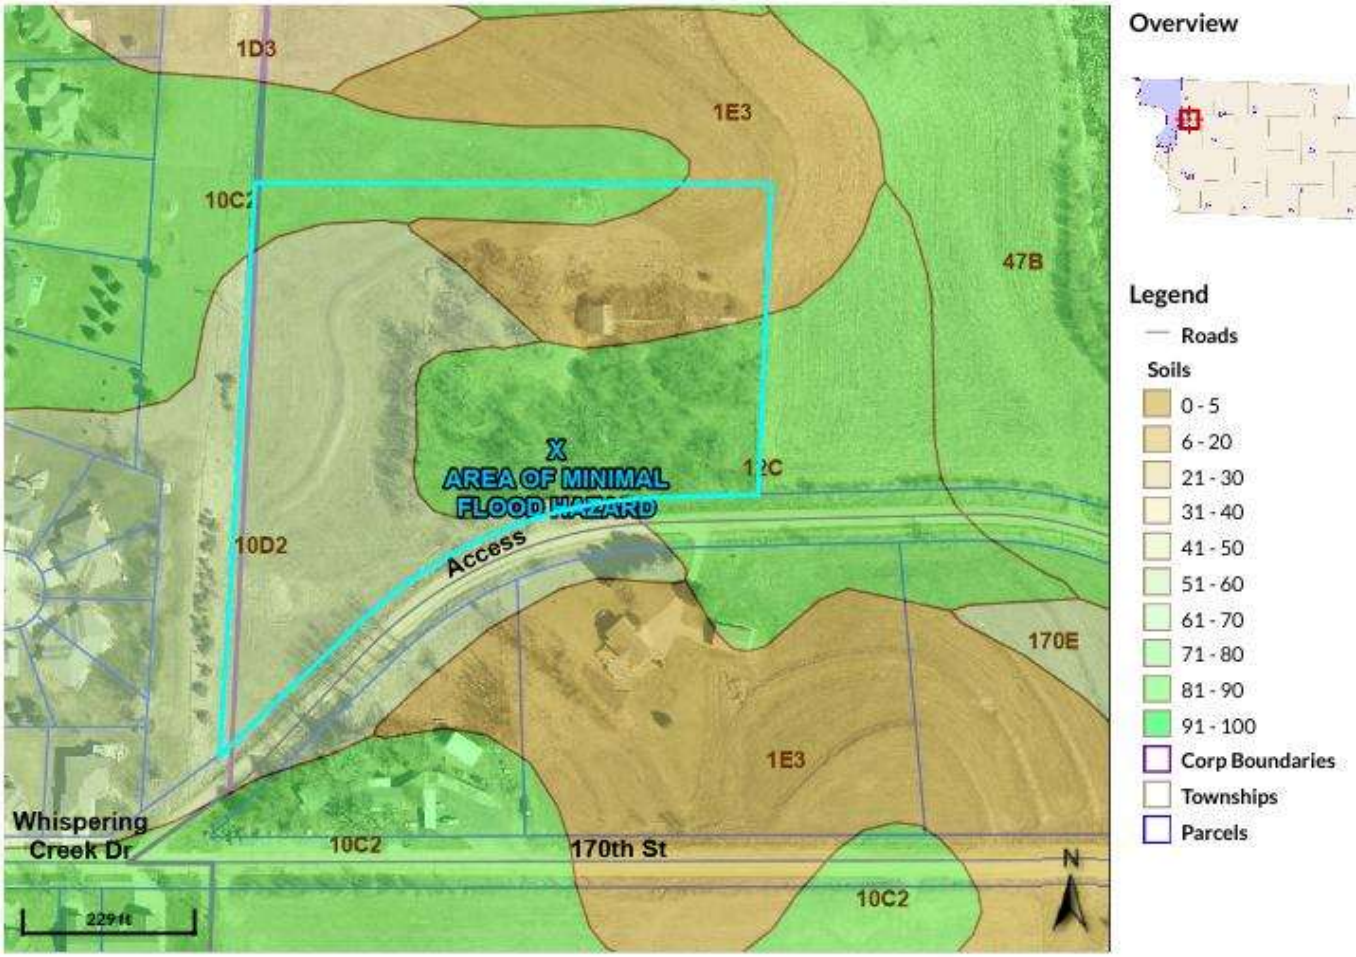

For each of a map unit's components, a corresponding percent composition is recorded. A percent composition of 60 indicates that the corresponding component typically makes up approximately 60% of the map unit. Percent composition is a critical factor in some, but not all, aggregation methods.

The majority of soil attributes are associated with a component of a map unit, and such an attribute has to be aggregated to the map unit level before a thematic map can be rendered. Map units, however, also have their own attributes. An attribute of a map unit does not have to be aggregated in order to render a corresponding thematic map. Therefore, the "aggregation method" for any attribute of a map unit is referred to as "No Aggregation Necessary".

Tie-break Rule: Higher

The tie-break rule indicates which value should be selected from a set of multiple candidate values, or which value should be selected in the event of a percent composition tie.

Beacon Soil / Floodplain Map — Area of Minimal Flood Hazard; CSR2 predominantly 61–100

Compatibility with adjacent land uses

The subject property is bordered by or near existing AE-zoned residential lots and subdivisions to the west and north (Whispering Creek Drive, Glen Ellen Road, Norwood Court, Canterbury Court areas). Remaining AP agricultural land lies primarily to the south. The proposed AE zoning is a logical and compatible extension of the established residential estate pattern rather than a spot zone. The ~7.46-acre net size is consistent with larger rural estate lots. Restrictive covenants or building standards typical of the area further support residential character compatible with neighbors.

Compatibility with other physical and economic factors

Physical: Minimum lot size and dimensional standards of the AE district are consistent with rural residential / estate scale. Floodplain constraints are minimal (Area of Minimal Flood Hazard). Access is via existing access road to 170th Street; any new driveway locations would be subject to County Engineer approval.

Economic: The rezone enables potential rural housing / estate use on a parcel already separated from larger farm operations.

Any other relevant factors

The property was recently created by split/division from Uhl Turkey Farms, Inc. (Deed 2025-12016, recorded November 13, 2025). Public notice to property owners within the notification distance and to stakeholders provides opportunity for input. The rezone is the appropriate zoning mechanism to align the district designation with the surrounding AE residential estate pattern and the intended use of the parcel.

Staff Recommendation

Based on the information provided in the application materials, the Woodbury County Zoning Ordinance (particularly provisions governing AP and AE districts and map amendment criteria), soil/CSR2 mapping, floodplain information, and the surrounding land-use pattern of existing AE residential estates, staff recommends approval of the request to rezone Parcel #884703400012 from Agricultural Preservation (AP) to Agricultural Estates (AE).

This recommendation is contingent upon public input received during the Planning and Zoning Commission and Board of Supervisors public hearings, and any conditions deemed appropriate by the Commission or Board.

Staff recommends that the Zoning Commission forward a recommendation of approval to the Board of Supervisors.

Planning and Zoning Commission Recommendation

The planning and zoning commission shall review and make a recommendation on any proposed amendment to the zoning district map as follows:

Hearing required.

The planning and zoning commission shall conduct a public hearing on the proposed zoning district map amendment in accordance with subsection 2.02-1. B of the Zoning Ordinance.

The Zoning Commission Public Hearing is/was on September 28, 2026 at 5:00 PM.

Notification.

Public notification of the planning and zoning commission hearing on the proposed amendment of the official zoning map shall be as required by subsection 2.02-1. B(1). Such notices shall provide information on the time, date and location of the hearing and a brief description of the proposed change in zoning district classification.

The area property owners within 1000 feet were contacted with a notification letter dated September 14, 2026 about the scheduled Zoning Commission public hearing.

Time limit for recommendation.

A recommendation to the Board of Supervisors for approval, approval with conditions or disapproval on the proposal, shall be made within 35 days of the conclusion of the public hearing unless the petitioner consents to an extension of time. If no recommendation is made within 35 days from the conclusion of the public hearing, the issue will be forwarded to the Board of Supervisors with no recommendation.

The Zoning Commission is scheduled to conduct a public hearing and may make a recommendation to the Board of Supervisors on September 28, 2026, or may conduct an additional public meeting to render their recommendation.

Board of Supervisors' Action

Following receipt of the recommendation of the planning and zoning commission, the Board of Supervisors shall consider and act upon a proposed amendment to the zoning district map as follows:

Hearing required.

The Board of Supervisors shall conduct a public hearing on the proposed zoning district map amendment in accordance with the procedure outlined at subsection 2.02-1. B.

Up to three public hearings before the Board of Supervisors are scheduled for October 13, 20, and 27, all at 4:45 PM.

Notification

Public notification of the Board of Supervisors hearing on the proposal shall be as required by subsection 2.02-1. B(1).

A legal notice is scheduled to be published to cover the three public hearings on October 8, 2026 in the Sioux City Journal.

AMENDMENT

WHEREAS, Woodbury County participated in preparing the 2026 Regional Hazard Mitigation Plan (for Cherokee, Ida, Monona, Plymouth, and Woodbury Counties, including their unincorporated and incorporated areas, in Iowa) which has been prepared in accordance with FEMA requirements at 44C.F.R.201.6; and,

WHEREAS, the Woodbury County Board of Supervisors is a local unit of government that has afforded its residents an opportunity to comment on and provide input in the Plan and the actions in the Plan; and

The Woodbury County Board of Supervisors HEREBY Amends the Plan, under its jurisdiction profile and the list of Region Projects by inclusion of the following Action, Strategy, or Project, and

ACTION/STRATEGY/PROJECT Detail

Work to be done: The proposed project will stabilize the Little Sioux Riverbank using a combination of longitudinal peaked stone toe protection (LPSTP), slope revetment, bendway weirs, live pole plantings, and bank shaping. These improvements are designed to address the hydraulic forces contributing to erosion and slope instability. LPSTP will protect the bank toe from scour, while bendway weirs will redirect high-velocity flows away from the eroding bank. Bank shaping and vegetative stabilization will promote natural revegetation and long-term slope stability. Sediment deposition behind the LPSTP and between bendway weirs will further support vegetation and create a more resilient riverbank over time. The project will reduce the impacts of flooding, heavy precipitation, and rapid snowmelt; decrease ongoing maintenance costs; and help maintain the existing course of the Little Sioux River. By reducing erosion and channel meandering, the project will minimize the potential for future damage or loss of adjacent property and structures.
